The purpose of this memorandum is to transmit the guidance document entitled: "A Guide to Preparing Superfund Proposed Plans, Records of Decision, and Other Remedy Selection Decision Documents" for your immediate use. This guidance updates and clarifies our expectations for the content and procedures for developing decision documents in the Superfund remedy selection process. This guidance supersedes our July 1989 interim final guidance on the same subject (EPA 540-G-89-007) and four separate fact sheets that were based on that guidance and published in May 1990 (OSWER 9335.3-02FS-1 and 9335.3-02FS-2) and April 1991 (OSWER 9355.3-02FS-3 and 9355.3-02FS-4).
