Move from Channing Lab to Peth Israel Hosp. Let him give presentation to executive meeting. Dr. Coutran, pathologist was attached by Harvard Students. He is doing nothing more than getting his animal models adjusted - Chronic inhalation of smoke. Heart removal - effect on heart muscle - thus far no effect. Working on the smoke aerosol. Huber is trying to do the work himself. His staff is up to 10 or 11 MDs & PHDs. Duplication to some extent. Particularly relative to the Hospital. Prevent stress to animals. Staff Chair. Expenditures are under budget. Chronic studies - Steroid, pollution & alcohol, lungs natural defenses. Bill Lehman likes his attitude & approach. What about long range effect. Ability of the lung to defend itself. Work underway in lung defense. Harvard medical school student attacks. Huber is not running scared. Took time to learn about smoking machines. The work is moving forward & he is stuppery up the work.

Huber at 2:30 on Jan 31, 1974 at Regency. Plan an hours presentation [illegible]

probably will not appear during anniversary.
Parade Magazine – had interview with TI.
TI has issued news release – reflection on past 10 yrs. SG Report raised more questions than answers. Genetics, environment, Virus, Statement was mailed yesterday. Release laundered by KC group.
FTC Report also due. Have become repetitious & not newsworthy. Not a factor in Anniversary.

Kornegg
NC State D. – tobacco agronomy research on Tobacco. Dr. Keller – flue cured plant with lower "tar". 7.5 mg less tar plant can be developed over a five year period. He needs $15,000 per year over five (5) years. Total of $75,000.00
Rey B&W + PM. Our copy sent to Bill Dates. Something to have in the stable. "Lamina" necessary to do the test. PMI Inst. Particular Measurement Indicator. Another means of measuring.
Query? Proprietary Rights? Direct Co. contribution? Competitive factor? TI should have nothing to do with it.
