Please find enclosed an interim report from Dr. Theodor Sterling to CTR regarding his current project. Tom Hoyt told me last week that Dr. Gardner and others at CTR are quite impressed by Dr. Sterling's work.

You may also be interested in the enclosed list of reprint requests received by Dr. Sterling for his American Journal of Public Health review. There were a number of other requests that were filled before he commenced making a list of the inquiries. Dr. Sterling characterized the number of reprint requests as "unusually large."

Sincerely,

Bill Shinn
