In looking over the transcript of a program called "Crossfire" broadcast June 16, 1974, on WMAL TV in Washington, I noted the following comment by John Banzhaf:

> "I'll bet you one of these days we're going to hold one of these cigarette companies liable for the death they caused, and then all heck is going to break lose."

On another subject, we would like to hear from those of you who have not already responded concerning the Ogura project mentioned in Dave Hardy's letter of June 25, 1974.

Best personal regards.

Sincerely,

Bill
