Dear Mr. Horan:

We have decided to assemble material on air pollution in a completely separate binder and are therefore, sending you herewith a binder containing the first of the complete reports devoted to this subject.

This is a report by Dr. Clarence A. Mills of Cincinnati, who in all probability will be one of our witnesses on air pollution in the various cases Reynolds will be defending. Whether we use Dr. Mills in the laryngeal cancer case has not been decided.

Very truly yours,

A. Grant Clarke
Director
