DECLARATION OF CONDITIONS AND POLICY

§ 601. Declaration of conditions.

It is declared that the disruption of the orderly exchange of commodities in interstate commerce impairs the purchasing power of farmers and destroys the value of agricultural assets which support the national credit structure and that these conditions affect transactions in agricultural commodities with a national public interest, and burden and obstruct the normal channels of interstate commerce. Act June 3, 1937, affirmed and validated, and reenacted without change the provisions of this section. See note to section 601 of this title.

§ 608c. Orders regulating handling of commodity—(1) Issuance by Secretary.

The Secretary of Agriculture shall, subject to the provisions of this section, issue, and from time to time amend, orders applicable to processors, associations of producers, and others engaged in the handling of any agricultural commodity or product thereof specified in subsection (2) of this section. Such persons are referred

to in sections 601-608, 608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title as "handlers." Such orders shall regulate, in the manner hereinafter in this section provided, only such handling of such agricultural commodity, or product thereof, as is in the current of interstate or foreign commerce, or which directly burdens, obstructs, or affects, interstate or foreign commerce in such commodity or product thereof.

(2) Commodities to which applicable.

Orders issued pursuant to this section shall be applicable only to the following agricultural commodities and the products thereof (except canned or frozen grapefruit, the products of naval stores, and the products of honeybees), or to any regional, or market classification of any such commodity or product: Milk, fruits (including filberts, almonds, pecans and walnuts but not including apples, other than apples produced in the States of Washington, Oregon, and Idaho, and not including fruits, other than olives and grapefruit, for canning or freezing), tobacco, vegetables (not including vegetables, other than asparagus, for canning or freezing), soybeans, hops, honeybees and naval stores as included in the Naval Stores Act and standards established thereunder (including refined or partially refined oleoresin): *Provided*, That no order issued pursuant to this section shall be effective as to any grapefruit for canning or freezing unless the Secretary of Agriculture determines, in addition to other findings and determinations required by sections 601-608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title, that the issuance of such order is approved or favored by the processors who, during a representative period determined by the Secretary, have been engaged in canning or freezing such commodity for market and have canned or frozen for market more than 50 percentum of the total volume of such commodity canned or frozen for market during such representative period.

(3) Notice and hearing.

Whenever the Secretary of Agriculture has reason to believe that the issuance of an order will tend to effectuate the declared policy of sections 601-608, 608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title with respect to any commodity or product thereof specified in subsection (2) of this section, he shall give due notice of and an opportunity for a hearing upon a proposed order.

(4) Finding and issuance of order.

After such notice and opportunity for hearing, the Secretary of Agriculture shall issue an order if he finds, and sets forth in such order, upon the evidence introduced at such hearing (in addition to such other findings as may be specifically required by this section) that the issuance of such order and all of the terms and conditions thereof will tend to effectuate the declared policy of sections 601-608, 608a, 608b, 608c, 608d-612, 613-619, 620, 623, and 624 of this title with respect to such commodity.

(5) Milk and its products; terms and conditions of orders.

In the case of milk and its products, orders issued pursuant to this section shall contain one or more of the following terms and conditions, and (except as provided in subsection (7) of this section) no others:

(A) Classifying milk in accordance with the form in which or the purpose for which it is used, and fixing, or providing a method for fixing, minimum prices for each such use classification which all handlers shall pay, and the time when payments shall be made, for milk purchased from producers or associations of producers. Such prices shall be uniform as to all handlers, subject only to adjustments for (1) volume, market, and production differentials customarily applied by the handlers subject to such order, (2) the grade or quality of the milk purchased, and (3) the locations at which delivery of such milk, or any use classification thereof, is made to such handlers.

(B) Providing:

(i) for the payment to all producers and associations of producers delivering milk to the same handler of uniform prices for all milk delivered by them: *Provided*, That, except in the case of orders covering milk products only, such provision is approved or favored by at least three-fourths of the producers who, during a representative period determined by the Secretary of Agriculture, have been engaged in the production for market of milk covered in such order or by producers who, during such representative period, have produced at least three-fourths of the volume of such milk, produced for market during such period; the approval required hereunder shall be separate and apart from any other approval or disapproval provided for by this section; or

(ii) for the payment to all producers and associations of producers delivering milk to all handlers of uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered;

subject, in either case, only to adjustments for (a) volume, market, and production differentials customarily applied by the handlers subject to such order, (b) the grade or quality of the milk delivered, (c) the locations at which delivery of such milk is made, and (d) a further adjustment, equitably to apportion the total value of the milk purchased by any handler, or by all handlers, among producers and associations of producers, on the basis of their marketings of milk during a representative period of time.

(C) In order to accomplish the purposes set forth in paragraphs (A) and (B) of this subsection, providing a method for making adjustments in payments, as among handlers (including producers who are also handlers), to the end that the total sums paid by each handler shall equal the value of the milk purchased by him at the prices fixed in accordance with paragraph (A) of this subsection.

(D) Providing that, in the case of all milk purchased by handlers from any producer who did not regularly sell milk during a period of 30 days next preceding the effective date of such order for consumption in the area covered thereby, payments to such producer, for the period beginning with the first regular delivery by such producer and continuing until the end of two full calendar months following the first day of

the next succeeding calendar month, shall be made at the price for the lowest use classification specified in such order, subject to the adjustments specified in paragraph (B) of this subsection.

(E) Providing (i) except as to producers for whom such services are being rendered by a cooperative marketing association, qualified as provided in paragraph (F) of this subsection, for market information to producers and for the verification of weights, sampling, and testing of milk purchased from producers, and for making appropriate deductions therefor from payments to producers, and (ii) for assurance of, and security for, the payment by handlers for milk purchased.

(F) Nothing contained in this subsection is intended or shall be construed to prevent a cooperative marketing association qualified under the provisions of sections 291 and 292 of this title, engaged in making collective sales or marketing of milk or its products for the producers thereof, from blending the net proceeds of all of its sales in all markets in all use classifications, and making distribution thereof to its producers in accordance with the contract between the association and its producers: *Provided*, That it shall not sell milk or its products to any handler for use or consumption in any market at prices less than the prices fixed pursuant to paragraph (A) of this subsection for such milk.

(G) No marketing agreement or order applicable to milk and its products in any marketing area shall prohibit or in any manner limit, in the case of the products of milk, the marketing in that area of any milk or product thereof produced in any production area in the United States.

(6) Other commodities; terms and conditions of orders.

In the case of the agricultural commodities and the products thereof, other than milk and its products, specified in subsection (2) of this section orders issued pursuant to this section shall contain one or more of the following terms and conditions, and (except as provided in subsection (7) of this section), no others:

(A) Limiting, or providing methods for the limitation of, the total quantity of any such commodity or product, or of any grade, size, or quality thereof, produced during any specified period or periods, which may be marketed in or transported to any or all markets in the current of interstate or foreign commerce or so as directly to burden, obstruct, or affect interstate or foreign commerce in such commodity or product thereof, during any specified period or periods by all handlers thereof.

(B) Allotting, or providing methods for allotting, the amount of such commodity or product, or any grade, size, or quality thereof, which each handler may purchase from or handle on behalf of any and all producers thereof, during any specified period or periods, under a uniform rule based upon the amounts sold by such producers in such prior period as the Secretary determines to be representative, or upon the current quantities available for sale by such producers, or both, to the end that the total quantity thereof to be purchased, or handled during any specified period or periods shall be apportioned equitably among producers.

(C) Allotting, or providing methods for allotting, the amount of any such commodity or product, or any grade, size, or quality

thereof, which each handler may market in or transport to any or all markets in the current of interstate or foreign commerce or so as directly to burden, obstruct, or affect interstate or foreign commerce in such commodity or product thereof, under a uniform rule based upon the amounts which each such handler has available for current shipment, or upon the amounts shipped by each such handler in such prior period as the Secretary determines to be representative, or both, to the end that the total quantity of such commodity or product, or any grade, size, or quality thereof, to be marketed in or transported to any or all markets in the current of interstate or foreign commerce or so as directly to burden, obstruct, or affect interstate or foreign commerce in such commodity or product thereof, during any specified period or periods shall be equitably apportioned among all of the handlers thereof.

(D) Determining, or providing methods for determining, the existence and extent of the surplus of any such commodity or product, or of any grade, size, or quality thereof, and providing for the control and disposition of such surplus, and for equalizing the burden of such surplus elimination or control among the producers and handlers thereof.

(E) Establishing or providing for the establishment of reserve pools of any such commodity or product, or of any grade, size, or quality thereof, and providing for the equitable distribution of the net return derived from the sale thereof among the persons beneficially interested therein.

(F) Requiring or providing for the requirement of inspection of any such commodity or product produced during specified periods and marketed by handlers.

(G) In the case of hops and their products, in addition to, or in lieu of, the foregoing terms and conditions, orders may contain one or more of the following:

(i) Limiting, or providing methods for the limitation of, the total quantity thereof, or of any grade, type, or variety thereof, produced during any specified period or periods, which all handlers may handle in the current of or so as directly to burden, obstruct, or affect interstate or foreign commerce in hops or any product thereof.

(ii) Apportioning, or providing methods for apportioning, the total quantity of hops of the production of the then current calendar year permitted to be handled equitably among all producers in the production area to which the order applies upon the basis of one or more or a combination of the following: The total quantity of hops available or estimated will become available for market by each producer from his production during such period; the normal production of the acreage of hops operated by each producer during such period upon the basis of the number of acres of hops in production, and average yield of that acreage during such period as the Secretary determines to be representative, with adjustments determined by the Secretary to be proper for age of plantings or abnormal conditions affecting yield; such normal production or historical record of any acreage for which data as to yield of hops are not available or which had no yield during such period shall be determined by the Secretary on the basis of the yields of other acreage of hops of similar characteristics as to productivity, subject to adjustment as just provided for.

(iii) Allotting, or providing methods for allotting, the quantity of hops which any handler may handle so that the allotment fixed for that handler shall be limited to the quantity of hops apportioned under preceding section (ii) to each respective producer of hops; such allotment shall constitute an allotment fixed for that handler within the meaning of subsection (5) of section 608c of this title.

(H) Providing a method for fixing the size, capacity, weight, dimensions, or pack of the container, or containers, which may be used in the packaging, transportation, sale, shipment, or handling of any fresh or dried fruits, vegetables, or tree nuts: *Provided, however,* That no action taken hereunder shall conflict with the Standard Containers Act of 1916 and the Standard Containers Act of 1928;

(10) Manner of regulation and applicability.

No order shall be issued under this section unless it regulates the handling of the commodity or product covered thereby in the same manner as, and is made applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held. No order shall be issued under sections 601-608, 608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title prohibiting, regulating, or restricting the advertising of any commodity or product covered thereby, nor shall any marketing agreement contain any provision prohibiting, regulating, or restricting the advertising of any commodity or product covered by such marketing agreement.

(11) Regional application.

(A) No order shall be issued under this section which is applicable to all production areas or marketing areas, or both, of any commodity or product thereof unless the Secretary finds that the issuance of several orders applicable to the respective regional production areas or regional marketing areas, or both, as the case may be, of the commodity or product would not effectively carry out the

declared policy of sections 601-608, 608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title.

(B) Except in the case of milk and its products, orders issued under this section shall be limited in their application to the smallest regional production areas or regional marketing areas, or both, as the case may be, which the Secretary finds practicable, consistently with carrying out such declared policy.

(C) All orders issued under this section which are applicable to the same commodity or product thereof shall, so far as practicable, prescribe such different terms, applicable to different production areas and marketing areas, as the Secretary finds necessary to give due recognition to the differences in production and marketing of such commodity or product in such areas.

(12) Approval of cooperative association as approval of producers.

Whenever, pursuant to the provisions of this section, the Secretary is required to determine the approval or disapproval of producers with respect to the issuance of any order, or any term or condition thereof, or the termination thereof, the Secretary shall consider the approval or disapproval by any cooperative association of producers, bona fide engaged in marketing the commodity or product thereof covered by such order, or in rendering services for or advancing the interests of the producers of such commodity, as the approval or disapproval of the producers who are members of, stockholders in, or under contract with, such cooperative association of producers.

(13) Retailer and producer exemption.

(A) No order issued under subsection (9) of this section shall be applicable to any person who sells agricultural commodities or products thereof at retail in his capacity as such retailer, except to a retailer in his capacity as a retailer of milk and its products.

(B) No order issued under sections 601-608, 608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title shall be applicable to any producer in his capacity as a producer.

(14) Violation of order; penalty.

Any handler subject to an order issued under this section, or any officer, director, agent, or employee of such handler, who violates any provision of such order (other than a provision calling for payment of a pro rata share of expenses) shall, on conviction, be fined not less than \$50 or more than \$500 for each such violation, and each day during which such violation continues shall be deemed a separate violation: *Provided*, That if the court finds that a petition pursuant to subsection (15) of this section was filed and prosecuted by the defendant in good faith and not for delay, no penalty shall be imposed under this subsection for such violations as occurred between the date upon which the defendant's petition was filed with the Secretary, and the date upon which notice of the Secretary's ruling thereon was given to the defendant in accordance with regulations prescribed pursuant to subsection (15) of this section.

(15) Petition by handler for modification of order or exemption; court review of ruling of Secretary.

(A) Any handler subject to an order may file a written petition with the Secretary of Agriculture, stating that any such order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. He shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Secretary of Agriculture, with the approval of the President. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(B) The District Courts of the United States in any district in which such handler is an inhabitant, or has his principal place of business, are vested with jurisdiction in equity to review such ruling, provided a bill in equity for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such proceedings may be had upon the Secretary by delivering to him a copy of the bill of complaint. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to this subsection shall not impede, hinder, or delay the United States or the Secretary of Agriculture from obtaining relief pursuant to section 608a (6) of this title. Any proceedings brought pursuant to section 608a (6) of this title (except where brought by way of counterclaim in proceedings instituted pursuant to this subsection) shall abate whenever a final decree has been rendered in proceedings between the same parties, and covering the same subject matter, instituted pursuant to this subsection.

(16) Termination of orders and marketing agreements.

(A) The Secretary of Agriculture shall, whenever he finds that any order issued under this section, or any provision thereof, obstructs or does not tend to effectuate the declared policy of sections 601-608, 608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title, terminate or suspend the operation of such order or such provision thereof.

(B) The Secretary shall terminate any marketing agreement entered into under section 608b of this title, or order issued under this section, at the end of the then current marketing period for such commodity, specified in such marketing agreement or order, whenever he finds that such termination is favored by a majority of the producers who, during a representative period determined by the Secretary, have been engaged in the production for market of the commodity specified in such marketing agreement or order, within the production area specified in such marketing agreement or order, or who, during such representative period, have been engaged in the production of such commodity for sale within the marketing area specified in such

marketing agreement or order: *Provided*, That such majority have, during such representative period, produced for market more than 50 per centum of the volume of such commodity produced for market within the production area specified in such marketing agreement or order, or have, during such representative period, produced more than 50 per centum of the volume of such commodity sold in the marketing area specified in such marketing agreement or order, but such termination shall be effective only if announced on or before such date (prior to the end of the then current marketing period) as may be specified in such marketing agreement or order.

(C) The termination or suspension of any order or amendment thereto or provision thereof, shall not be considered an order within the meaning of this section.

(17) Provisions applicable to amendments.

The provisions of this section and section 608d of this title applicable to orders shall be applicable to amendments to orders: *Provided*, That notice of a hearing upon a proposed amendment to any order issued pursuant to this section, given not less than three days prior to the date fixed for such hearing, shall be deemed due notice thereof.

(18) Milk prices.

The Secretary of Agriculture, prior to prescribing any term in any marketing agreement or order, or amendment thereto, relating to milk or its products, if such term is to fix minimum prices to be paid to producers or associations of producers, or prior to modifying the price fixed in any such term, shall ascertain the parity prices of such commodities. The prices which it is declared to be the policy of Congress to establish in section 602 of this title shall, for the purpose of such agreement, order, or amendment, be adjusted to reflect the price of feeds, the available supplies of feeds and other economic conditions which affect market supply and demand for milk or its products in the marketing area to which the contemplated marketing agreement, order, or amendment relates. Whenever the Secretary finds, upon the basis of the evidence adduced at the hearing required by section 608b of this title or this section, as the case may be, that the parity prices of such commodities are not reasonable in view of the price of feeds, the available supplies of feeds, and other economic conditions which affect market supply and demand for milk and its products in the marketing area to which the contemplated agreement, order, or amendment relates, he shall fix such prices as he finds will reflect such factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest. Thereafter, as the Secretary finds necessary on account of changed circumstances, he shall, after due notice and opportunity for hearing, make adjustments in such prices.

(19) Producer referendum for approving order.

For the purpose of ascertaining whether the issuance of an order is approved or favored by producers, as required under the applicable provisions of sections 601-608, 608a, 608b, 608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title, the Secretary may conduct a referendum among producers. The requirements of approval or favor

under any such provision shall be held to be complied with if, of the total number of producers, or the total volume of production, as the case may be, represented in such referendum, the percentage approving or favoring is equal to or in excess of the percentage required under such provision. Nothing in this subsection shall be construed as limiting representation by cooperative associations as provided in subsection (12) of this section. In determining the amount of notice that is reasonable in the case of tomatoes the Secretary of Agriculture shall give due consideration to the time required for their transportation and entry into the United States after picking. Whenever the Secretary of Agriculture finds that the application of the restrictions under a marketing order to an imported commodity is not practicable because of variations in characteristics between the domestic and imported commodity he shall establish with respect to the imported commodity such grade, size, quality, and maturity restrictions by varieties, types, or other classifications as he finds will be equivalent or comparable to those imposed upon the domestic commodity under such order. The Secretary of Agriculture may promulgate such rules and regulations as he deems necessary, to carry out the provisions of this section. The Secretary, in the administration of said sections, shall accord such recognition and encouragement to producer-owned and producer-controlled cooperative associations as will be in harmony with the policy toward cooperative associations set forth in existing Acts of Congress, and as will tend to promote efficient methods of marketing and distribution.

(2) (i) Each order relating to milk and its products issued by the Secretary under sections 601–608, 608a, 608b, 608c, 608d–612, 613–619, 620, 623, and 624 of this title shall provide that each handler subject thereto shall pay to any authority or agency established under such order such handler's pro rata share (as approved by the Secretary) of such expenses as the Secretary may find will necessarily be incurred by such authority or agency, during any period specified by him, for the maintenance and functioning of such authority or agency, other than expenses incurred in receiving, handling, holding, or disposing of any quantity of milk or products thereof received, handled, held, or disposed of by such authority or agency for the benefit or account of persons other than handlers subject to such order. The pro rata share of the expenses payable by a cooperative association of producers shall be computed on the basis of the quantity of milk or product thereof covered by such order which is distributed, processed, or shipped by such cooperative association of producers.

(iii) Any authority or agency established under an order may maintain in its own name, or in the name of its members, a suit against any handler subject to an order for the collection of such handler's pro rata share of expenses. The several district courts of the United States are hereby vested with jurisdiction to entertain such suits regardless of the amount in controversy.

§ 624. Limitation on imports; authority of President.

(a) Whenever the Secretary of Agriculture has reason to believe that any article or articles are being or are practically certain to be imported into the United States under such conditions and in such quantities as to render or tend to render ineffective, or materially interfere with, any program or operation undertaken under sections 601-608, 608a-608c, 608d-612, 613, 614-619, 620, 623, and 624 of this title, or the Soil Conservation and Domestic Allotment Act, as amended, or section 612c of this title, or any loan, purchase, or other program or operation undertaken by the Department of Agriculture, or any agency operating under its direction, with respect to any agricultural commodity or product thereof, or to reduce substantially the amount of any product processed in the United States from any agricultural commodity or product thereof with respect to which any such program or operation is being undertaken, he shall so advise the President, and, if the President agrees that there is reason for such belief, the President shall cause an immediate investigation to be made by the United States Tariff Commission, which shall give precedence to investigations under this section to determine such facts. Such investigation shall be made after due notice and opportunity for hearing to interested parties, and shall be conducted subject to such regulations as the President shall specify.

(b) If, on the basis of such investigation and report to him of findings and recommendations made in connection therewith, the President finds the existence of such facts, he shall by proclamation impose such fees not in excess of 50 per centum ad valorem or such quantitative limitations on any article or articles which may be

entered, or withdrawn from warehouse, for consumption as he finds and declares shown by such investigation to be necessary in order that the entry of such article or articles will not render or tend to render ineffective, or materially interfere with, any program or operation referred to in subsection (a) of this section, or reduce substantially the amount of any product processed in the United States from any such agricultural commodity or product thereof with respect to which any such program or operation is being undertaken: *Provided*, That no proclamation under this section shall impose any limitation on the total quantity of any article or articles which may be entered, or withdrawn from warehouse, for consumption which reduces such permissible total quantity to proportionately less than 50 per centum of the total quantity of such article or articles which was entered, or withdrawn from warehouse, for consumption during a representative period as determined by the President: *And provided further*, That in designating any article or articles, the President may describe them by physical qualities, value, use, or upon such other bases as he shall determine.

In any case where the Secretary of Agriculture determines and reports to the President with regard to any article or articles that a condition exists requiring emergency treatment, the President may take immediate action under this section without awaiting the recommendations of the Tariff Commission, such action to continue in effect pending the report and recommendations of the Tariff Commission and action thereon by the President.

(c) The fees and limitations imposed by the President by proclamation under this section and any revocation, suspension, or modification thereof, shall become effective on such date as shall be therein specified, and such fees shall be treated for administrative purposes and for the purposes of section 612c of this title, as duties imposed by the Tariff Act of 1930, but such fees shall not be considered as duties for the purpose of granting any preferential concession under any international obligation of the United States.

(d) After investigation, report, finding, and declaration in the manner provided in the case of a proclamation issued pursuant to subsection (b) of this section, any proclamation or provision of such proclamation may be suspended or terminated by the President whenever he finds and proclaims that the circumstances requiring the proclamation or provision thereof no longer exist or may be modified by the President whenever he finds and proclaims that changed circumstances require such modification to carry out the purposes of this section.

(e) Any decision of the President as to facts under this section shall be final.

(f) No trade agreement or other international agreement heretofore or hereafter entered into by the United States shall be applied in a manner inconsistent with the requirements of this section. (May 12, 1933, ch. 25, title I, § 22, as added Aug. 24, 1935, ch. 641, § 31, 49 Stat. 773, and amended Feb. 29, 1936, ch. 104, § 5, 49 Stat. 1152; June 3, 1937, ch. 296, § 1, 50 Stat. 246; Jan. 25, 1940, ch. 13, 54 Stat. 17; July 3, 1948, ch. 827, title I, § 3, 62 Stat. 1248; June 28, 1950, ch. 381, § 3, 64 Stat. 261; June 16, 1951, ch. 141, § 8 (b), 65 Stat. 75; Aug. 7, 1953, ch. 348, title I, § 104, 67 Stat. 472.)
