

You Can Help Preserve and Protect Yellowstone

In our increasingly crowded and developed world, Yellowstone National Park provides a source of refuge and renewal for those who enter its quiet places. The park's magnificent wilderness areas offer a glimpse of what our continent was like when humans first gazed in wonder upon its steaming geysers, thundering waterfalls, and abundant wildlife. However, Yellowstone exists today only because generations who came before us understood its value and made its preservation a priority.

Because so many visitors who love Yellowstone want to help ensure that it stands wild and unimpaired for our future, two separate organizations have been established. The Yellowstone Park Foundation and the Yellowstone Association work in partnership with the National Park Service and each other to provide a means for visitors to contribute to Yellowstone's preservation. Please help us protect and preserve this national treasure. Your contribution to either organization will designate you as a true friend of Yellowstone; contributors of \$1,000 or more will have their names displayed on the park's Honor Wall at Old Faithful, receiving special recognition as stewards and benefactors of Yellowstone National Park. Yellowstone will exist tomorrow as one of America's most treasured places only if our generation understands its value and makes its preservation our priority.

Yellowstone Park Foundation

You Can Help Protect the Wonders & Wildlife of Yellowstone National Park

The Yellowstone Park Foundation works in cooperation with the National Park Service to fund projects and programs that protect, preserve, and enhance the natural and cultural resources and the visitor experience of Yellowstone National Park.

With the help of generous Friends of Yellowstone, the Yellowstone Park Foundation has successfully funded more than 135 projects that directly enhance your family's visit to the Park.

- Funded projects include:
- wildlife conservation
 - trail reconstruction
 - historic preservation
 - new educational exhibits

Yellowstone continues to need *your* help! Please join us in protecting the wonders and wildlife of Yellowstone. With a donation of \$25 or more, you will become a Friend of Yellowstone and you'll receive our newsletters, annual report, a static window decal and other great benefits. Learn more at www.ypf.org.

"Greening" Yellowstone

Autumn 2006

11

Yellowstone National Park, its concessioners, and its partners are leaders in sustainable practices that keep Yellowstone clean and "green."

Annual Recycling

Every year Yellowstone National Park recycles:

- ◆ 207 tons of newspapers, office paper, and magazines
- ◆ 197 tons of aluminum/steel
- ◆ 97 tons of glass
- ◆ 6 tons of plastic containers
- ◆ 150 tons of cardboard
- ◆ 4,000 used tires
- ◆ 60% of the park's solid waste (into compost)

Below: Old Faithful Geyser viewers stand on a plastic boardwalk made from the equivalent of three million plastic milk jugs. Unilever Corporation has donated more than 60,000 square feet of 100% recycled plastic lumber for boardwalks and viewing areas in Yellowstone.

Clean & Efficient Travel

Rangers use donated Toyota Prius hybrid cars when responding to traffic jams caused by bears and other wildlife.

Renovating the Old Faithful Inn

The Old Faithful Inn is undergoing a major three-year renovation, which will enable guests and visitors to experience the hotel much as it was 100 years ago. The primary goal is preserving a treasured National Historic Landmark and updating it to meet safety standards and provide more accessibility.

Because the Inn sits in one of the country's most active seismic zones, it will be fitted with new structural steel components providing additional strength and resilience to the structure. They will be encased in wood/log sleeves to blend with the historic features. Steel reinforced concrete foundations will strengthen the existing stone foundations. The comprehensive infrastructure upgrade will also include new fire protection systems and upgraded mechanical, plumbing, and electrical systems.

All photos this page: NPS

The renovation is expected to be completed in 2008. During this time, the Old Faithful Inn will have a shortened operating season. Please see page 15 for specific visitor services available in the area.

After the Inn closes to the public for the season, it is a construction site and significant hazards exist. View the work from a safe distance, and do not enter the construction area.

Building to Yellowstone and the Environment

The U.S. Green Building Council (USGBC), a building industry group, developed national standards for environmentally-sound buildings. Called LEED (Leadership in Energy and Environmental Design) Green Building Rating System®, these standards are being applied in new Yellowstone National Park building projects such as the Old Faithful Visitor Education Center (see page 8) and the West Entrance Station.

- ◆ Toyota Motor Sales U.S.A. Inc. donated four Prius hybrid vehicles to Yellowstone National Park through the Yellowstone Park Foundation. The Prius hybrid (photo at left) combines a highly efficient gasoline engine with an electric motor that, when braking, captures energy to charge its batteries. The Prius has 90% lower emissions than the average car, better fuel efficiency, and runs quietly when using only the electric motor.
- ◆ The National Park Service, Montana Department of Environmental Quality, and the University of Idaho are taking advantage of Yellowstone's extremely cold winters to test alternative fuels in harsh conditions.
- ◆ Dodge Truck, Inc. donated a three-quarter ton 4x4 pickup to test 100% biodiesel fuel. It averages 17 miles per gallon with less smoke,

hydrocarbons, nitrogen oxides, and carbon monoxides emitted in the exhaust.

- ◆ All diesel-powered vehicles used by park employees plus many used by concessioners use a 20% blend of industrial-grade vegetable oil and diesel.
- ◆ Yellowstone uses an ethanol blend in all unleaded park vehicles and is the first national park to sell ethanol blended fuel to visitors at public service stations.
- ◆ More than 40 employees participate in a Ride-share program, commuting in a park-sponsored bus.

Save With the National Parks Pass

The National Parks Pass saves you money when visiting national parks. For one annual fee of \$50, you can enter all National Park areas. You receive a great value while supporting national parks. A full 80% of the proceeds from the sales of passes at Yellowstone go directly to projects that help visitors experience the area. The remaining proceeds go to a national fund supporting projects at any of the national parks in the system.

Purchase your pass at one of Yellowstone's entrance stations, or purchase it online at www.nationalparks.org or call toll-free: 1-888-GO-PARKS (1-888-467-2757). For an additional \$15, you can upgrade your National Park Pass to a Golden Eagle Pass, which provides admission to all national parks, national wildlife refuges, and other federal fee areas. (Neither pass is good for user or parking fees, such as at Mount Rushmore.)

Private, noncommercial automobile	\$25 (7 days, both Yellowstone and Grand Teton)
Individual motorcycle	\$20 (7 days, both parks)
Single entry (foot, bike, ski, etc.)	\$12 (7 days, both parks)
Annual Pass, both parks	\$40 (valid one year from date of purchase)
National Parks Pass	\$50 (valid one year from date of purchase for entrance fees at National Park Service areas)
Golden Eagle Pass	\$65 (valid one year from date of purchase at most federal fee collection areas)
Golden Age Passport	\$10 (one-time fee for lifetime pass—available to those citizens or permanent residents of the U.S. 62 years of age and older)
Golden Access Passport	Free (available to those citizens or permanent residents of the U.S. who have been determined to be blind or permanently disabled)

Remember to keep your admission receipt to re-enter the park.

MEDICAL SERVICES AT YELLOWSTONE

Emergencies

Dial "911" or contact any National Park Service ranger within the park boundaries. Specially trained rangers provide rescue, emergency medical care, and ambulance service.

Medical Clinics

Medcor operates three urgent-care clinics within the park. The clinic at Mammoth is open year round, staffed by a board-certified physician and a team of experienced RN's. The clinics at Lake and Old Faithful are open seasonally (see below for schedules).

All of these clinics are open to the public and are staffed and equipped for most medical emergencies as well as for routine care. Services include injury and illness treatment, x-rays, and some lab and pharmacy services.

If in-patient care or advanced services are required, the clinic staff can stabilize patients and arrange for appropriate transfer to a hospital outside the park.

Stay Safe & Healthy at Yellowstone

Yellowstone is a large wilderness area with many natural hazards, including wild animals, scalding hydro-thermal features, freezing temperatures, blinding snow, thin ice, deep and running water, and high altitude. Please follow all national park regulations and common-sense precautions to stay safe and healthy while enjoying your visit to Yellowstone.

Yellowstone General Stores

Yellowstone General Stores (YGS) is a division of Delaware North Companies Parks and Resorts, a leading hospitality company managing concession operations in Yosemite National Park, Grand Canyon National Park, Sequoia National Park, and numerous other unique locations in North America. Yellowstone General Stores operates 12 general merchandise stores located throughout Yellowstone National Park.

YGS makes every attempt to cater to all of your needs while in Yellowstone National Park. Many YGS stores offer a book section that carries volumes about geothermal features, geology, Old Faithful, and the park itself, as well as themed postcards, posters, and other items that let you take away more than a memory. Personal memories can be preserved at photo centers, which offer film processing, digital card downloads, and photographic supplies for documenting your trip on film.

YGS' apparel departments provide numerous items bearing designs relating to the themes of the park. Guests can find articles to wear now or give later. Collectors will want to explore the wide spectrum of collectibles and novelties in our souvenir sections.

Campers can find everything needed for the evening's cookout to a snack for the road. YGS fountains provide a variety of foods to satisfy any wilderness hunger. Fisherman will find what fly is hot this week, or a great backpack for their next outing.

Visitors can enjoy a nice respite from travels. Settle down in sitting areas and relax with a nice cup of coffee and read about Yellowstone National Park. Visitors will find our staff to be very helpful in assisting with scenic stops or the latest wildlife sightings.

Yellowstone Adventures, previously known as Canyon Nature, is located in Canyon Village. Yellowstone Adventures offers all the latest in outdoor gear and apparel. Find the top brand gear to keep comfortable in Yellowstone's constantly changing weather.

Yellowstone General Stores is grateful for the opportunity to operate within the wonders of Yellowstone National Park, and feels an obligation to safeguard the beauty for future generations. Help us in walking the "GreenPath." Ask how when you visit any of Yellowstone General Stores locations and visit www.delawarenorthgreenpath.com.

XANTERRA'S LONG TERM COMMITMENT TO SUSTAINABILITY

As an environmental leader in the hospitality industry, we serve as a role model for others. We take this role seriously. The days of recycling being “the single measure” of environmental responsibility are long gone. Today Xanterra, through our environmental management system called *Ecologix*, is incorporating sustainable practices in all aspects of our operations, from food to fuel, and from emissions reduction to renewable energy.

Our Sustainability Report is our environmental report card!

Our Sustainability Report details the environmental impacts related to our operations throughout the U.S. To do this we use our *Ecometrix*, data that specifically measure our energy and resource consumption, emissions, waste management, recycling, pollution prevention and overall sustainability efforts. To validate our findings, we enlisted a third-party environmental auditing firm. Their assessment confirms the accuracy.

Our Environmental Vision Goals chart our course!

Because we have accurate metrics in place, we have established our *2015 Environmental Vision Goals*. These include:

- 1) decrease fossil fuel usage by 30% based on year 2000 usage
- 2) increase usage of renewable energy to provide 7% of total electricity consumed
- 3) decrease greenhouse gas emissions by 30% based on year 2000
- 4) divert from landfill 50% of all solid waste generated
- 5) increase purchase of sustainable food items to 50% of all companywide food expenditures
- 6) achieve companywide average fuel economy standard of 35 mpg for all passenger vehicles (under 10 persons) purchased annually
- 7) generate zero hazardous waste
- 8) decrease water usage by 25% based on year 2003

For more information on Xanterra's commitment to sustainability and social performance, we invite you to review our *Sustainability Report*, located in guest rooms and lodging front desks. The information is also available at www.Xanterra.com.

YPSS Celebrates Yellowstone Explorers of Yesteryear and Today

One of the most interesting visitors to the Yellowstone area in 1865 was Father Francis Xavier Kuppens, a Belgian priest of the Jesuit Order, who offered this recollection 32 years later:

About the years 1865-66 I was stationed at the old Mission of St. Peter's on the Missouri River near the mouth of Sun River. A great part of that winter and spring I spent with the Pigeon [Piegan] Indians roaming from place to place south . . . It was while leading this nomad life that I first heard of the Yellowstone. Many an evening in the tent of Baptiste Champagne or Chief Big Lake the conversation, what little there was of it, turned on the beauties of that wonderful spot. I do not know that the narrator always adhered strictly to facts, but making allowance for fervid imagination there was

sufficient in the tale to excite my curiosity and awaken in me a strong desire to see for myself this enchanted if not enchanting land. In the spring with a small party of Indians hunting buffalo, I persuaded a few young men to show me the wonderland of which they had talked so much. Thus I got my first sight of the Yellowstone. I shall not attempt to describe it, that has been done by many abler pens than mine; but you may be sure that before leaving I saw the chief attraction—the Grand Cañon, hot and cold geysers, variegated layers of rock, the Fire Hole, etc. I was very much impressed with the wild grandeur of the scenery.

May your wanderings in and reflections of Yellowstone bring you the simple peace and lasting memories experienced and recorded by Father Kuppens.
