Letter to Our Readers

Like most issues of Commercial News USA, the March/April issue features several outstanding trade shows located in the United States that are promoted by the U.S. Commercial Service. These shows were competitively selected by the Commercial Service for worldwide promotion with you, the customer, in mind.

The International Buyer Program works with major U.S. trade shows to introduce and support international attendees at each of its nearly 40 events annually. Each event selected for the program is one of the leading world-class trade shows in its industry. As such, it provides attendees with an opportunity to see the latest and most competitive products and services available from the United States. In many countries, the Commercial Service organizes delegations of business executives to travel to the show where they receive a range of value-added counseling and practical assistance to help them achieve their business objectives.

Each event features an international business center including interpreters, communication facilities, and trade counselors to help international business visitors find prospective U.S. suppliers and business partners. An export interest

directory of the exhibiting U.S. firms is prepared for each event and features contact information for U.S. companies seeking overseas distributors, agents, and partners. If you are looking to grow your business, find solutions for your clients, or meet new business partners from the United States, consider joining a delegation or attending an International Buyer Program-supported trade show.

We hope you enjoy this issue of Commercial News USA – a great source of information about U.S. products and services, and U.S. companies interested in doing business abroad. If you would like more information about the shows promoted in this magazine, or other shows promoted by the U.S. Commercial Service, please log on to www.export.gov/tradeevents.html

Sincerely,

Rhonda N. Keenum

Assistant Secretary for Trade Promotion and Director General of the U.S. Commercial Service

Latest Technology and Equipment Expected at Gear Expo 2005

Why should you exhibit in GEAR EXPO 2005? Are you involved in any part of the gear manufacturing process? Do you want to reach many high-quality buyers at a modest cost? Are you interested in introducing new products and technology?

If so, Detroit, Michigan is the place to be Oct. 16-19, 2005, to profit from the international audience that attends "The Worldwide Gear Industry Event." Your colleagues, competitors, customers and prospects will be there – so make the best marketing decision you can for 2005. Send in your exhibit contract now!

"GEAR EXPO brings together all facets of the gear industry from around the globe," says Joe T. Franklin Jr., president of the American Gear Manufacturers Association. "That's why GEAR EXPO is 'the' trade show for equipment manufacturers, gear manufacturers and suppliers to the gear industry. It is also the best networking opportunity of the year. Connect with customers and potential customers who are looking for the newest in technology, equipment and services."

Exhibiting companies include the full range of manufacturing capabilities. Manufacturers of gear blanks, bearings,

machine tools, companies that provide components, as well as suppliers of critical processes such as heat treating, coating and

shot peening exhibit. Gear manufacturers include those making the full range from small to large as well as special purpose.

GEAR EXPO visitors are CEOs, CFOs, senior engineers and purchasing agents for major manufacturing companies around the world – the people who play vital roles in the buying process: evaluating, recommending and purchasing products, equipment and services.

Mr. Tumee Vitamins Prove Popular with Kuwaiti Children and Their Parents

Mr. Tumee vitamins are gaining market share in Kuwait thanks to the efforts of Ali Abdul Wahab Sons & Co. The company is its Kuwaiti distributor of the vegan, no gelatin, all-natural children's vitamin line from Vitamec USA Inc., a subsidiary of Moba Inc. in California.

Alamaldin Adi, general sales manager of Ali Abdul Wahab Sons & Co., learned about an opportunity to distribute the Mr. Tumee product line after reading about the products in Commercial News USA, the official export promotion magazine of the U.S. Commerce Department.

"Thanks to the magazine, Mr. Tumee has now been introduced to Kuwaiti children by a renowned distributor in Kuwait," said Joe Schlah, vice president of Moba Inc. "Sales of Mr. Tumee have been increasing tremendously since its introduction in Kuwait in 2002. In 2005, we expect export sales of more than \$200,000 to our partners in Kuwait."

Adi said that the Mr. Tumee line has proven successful in Kuwait because it is an all-natural, gelatin free vegetarian product. "The delicious fruit flavors, combined with vitamins and minerals, have proven to be irresistible to the children of Kuwait," said Adi. "It has also made life easier for parents who want their children to take vitamin supplements every day."

At the Kuwait Child Expo held in November 2004, the Mr. Tumee booth was a shining star in the exhibition hall. Children and their parents sampled the company's vitamins at the Expo, and were treated to Mr. Tumee promotional items, such as tattoos, balloons and autographed posters.

The Mr. Tumee dietary supplement for children and adults was developed by Los Angeles-based Vitamec USA, Inc. Thanks primarily to the worldwide visibility it receives in Commercial News USA, Vitamec is now selling its patented vitamin products in over 40 countries worldwide. "More than 80% of our annual sales are now coming from export markets we have developed as the result of using Commercial News USA as our exclusive global marketing tool," said Schlah.

Since the early 90's, the Vitamec USA R&D team has been manufacturing and distributing natural products worldwide under the Vitamec label. The Vitamec vitamin line is available in a vast variety of formulas for adults, and is available for private label as well.

Joe Schlah, vice president of Moba Inc. (right), with Alamaldin Adi, general sales manager of Ali Abdul Wahab Sons & Co.

"We are dedicated to providing supplements that kids love," said Schlah. "Our research team has recently come up with a new multivitamin and mineral antioxidant, fruit and vegetable with fiber product. This is considered a breakthrough by all standards in the children's vitamin industry. Since the gelatin-free gumees contains no animal products, it is ideal for vegetarian families."

With new innovative products in the pipeline, Vitamec continues to seek new distribution partners worldwide. For more information, visit the following Web sites: www.mrtumees.com or www.vitamec.com

More information about Ali Abdul Wahab Sons & Co. is available by sending e-mail to alam@3cwe.com or online at www.aaw1.com. More information about the Mr. Tumees product line and Vitamec USA Inc. is available by sending e-mail to info@MrTumees.com or online at www.mrtumees.com

Reduce Facial Lines and Wrinkles

Wrinkle Redox combines revolutionary new anti-aging weapons into a two-step approach to fight the appearance of fine lines and wrinkles. The first weapon works similar to Botox® by reducing the appearance of wrinkles caused by muscle contractions during normal facial expressions. While the first step helps prevent new wrinkles, the second weapon, our patented Regenetrol Complex®, reduces the appearance of the wrinkle itself and makes the skin appear tighter. Other patented products available, including proven cellulite cream.

The global community needs the business community.

United Nations photo library.

As the hard work of rebuilding from the devastation of the Asian tsunami begins, the United Nations is once again on the front lines, working with local and global partners to provide critical assistance.

But in times of crisis, it's even more important that we all pitch in, in our own way. Businesses around the world are making vital contributions—leveraging their expertise, reach, and resources.

The world needs the UN, and the UN needs you. Please join us in helping the hundreds of thousands of people still reeling from the tsunami as they recover and rebuild their lives.
