INTRODUCTION

This highly selective bibliography was prepared for use at the Fifth Military History Symposium on "The Military **and** Society," held at the United States Air Force Academy, 5-6 October 1972, and for cadets enrolled in History 495, "Special Topics." The materials were selected primarily for their direct relationship to social issues. Therefore, other related topics such as strategy, defense policy, war, and military policy are not included. Suggested reference sources for further study are located on the final pages.

In coordination with the Department of History, this bibliography was compiled by Donald J. Barrett, Betsy *Coxe*, and Betty Fogler of the Reference Branch of the Air Force Academy Library. The manuscript was prepared for the printer by B. Jean Alvord,
