Instructions for Bid Form (2004)

EPA Allowance Auctions (40 CFR 73.70 - 73.71)

EPA will hold auctions for spot and 7-year advance SO₂ emission allowances on March 22, 2004. In the spot auction, EPA will sell allowances first useable for compliance in 2004. In the 7-year advance auction, EPA will sell allowances first useable for compliance in 2011. The Chicago Board of Trade (CBOT) will administer the auctions on EPA's behalf. Any person may participate in the auctions by opening an account in the Allowance Tracking System (ATS) and submitting a Bid form. Affected utility units automatically receive a unit account in the ATS.

Type or complete the form in black ink. You may photocopy this form to make multiple bids, but must sign each form individually. Under 40 CFR 72.21 and 73.33, you must notify the persons you represent, either the owners or operators of the affected source and units or persons with an ownership interest with respect to the allowances held, of all Acid Rain Program submissions.

EPA will accept Acid Rain Program submissions from either the authorized account representative (AAR) or the alternate AAR. (For unit accounts the designated representative (DR) is the AAR and the alternate DR is the alternate AAR.)

If you need assistance or additional forms to make this submission complete, call the Acid Rain Hotline at (202) 363-9620.

STEP 1 If you do not have an Allowance Tracking System (ATS) account number you must submit an Allowance Account Information form prior to or with this Bid form.
