

All Federal Facilities on the RCRA GPRA Cleanup Baseline

Most of these facilities were identified in the early 1990's when EPA and the states were prioritizing their corrective action workload, and were identified as facilities where early cleanup progress would be appropriate. Today, many of these facilities have already made substantial progress in their cleanup efforts. Some of these facilities have met the environmental indicator (EI) measures and at some of these facilities cleanup is complete. Many of the facilities that have not yet met the EI measures have still made substantial progress by stabilizing the problems or in some cases beginning final remedies. Some percentage of these facilities have not yet been assessed by EPA or the states for EI determinations. When assessed, it may be determined that some of these facilities currently meet EI measures. EPA will be focusing resources on meeting the environmental indicators for the facilities on this Baseline. The company names found on this list are the current facility owners. There may be companies on this baseline that are the current property owner but did not cause the contamination. There may also be cases where the former owners have entered an agreement to be responsible for cleanup. Unfortunately, the database is unable to track and identify these instances.

<p>Human Exposure Environmental Indicator CA725 (Status Code)</p> <p>YE - "Current Human Exposures Under Control" has been verified.</p> <p>NO - "Current Human Exposures" are NOT "Under Control."</p> <p>IN - More information is needed to make a determination.</p> <p>No Status - No status has been recorded for this facility.</p>		<p>Groundwater Environmental Indicator CA750 (Status Code)</p> <p>YE - Yes, "Migration of Contaminated Groundwater Under Control" has been verified.</p> <p>NO - Unacceptable migration of contaminated groundwater is observed or expected.</p> <p>IN - More Information is needed to make a determination.</p> <p>No Status - No status has been recorded for this facility.</p>			
<p>Under Control for Both EIs</p> <p>85</p>		<p>Under Control for Only CA725 (Human)</p> <p>38</p>		<p>Under Control for Only CA750 (Groundwater)</p> <p>7</p>
