

The Lead Pre-Renovation Education (PRE) Rule

In general, the Lead PRE Rule applies to:
Renovations performed in pre-1978 housing

- Removal/modification of painted surfaces, components, or structures
- Surface preparation activities (sanding/scraping/ other activities that may create paint dust)
- Window replacement.

“**Compensation**” is the receipt of anything of value (not only money), and may include:

- Exchanges of money, goods, or services
- Payment of rent to landlords/property managers.

Renovation Examples:

- Demolition of painted walls or ceilings
- Large surface replastering
- Major plumbing repairs or improvements
- Any other activities which disturb more than 2 square feet of painted surfaces

Are there exemptions from these requirements? YES...

- Renovation of certified lead-based paint free components
- Minor repair/maintenance activities which disturb less than 2 square feet of painted surfaces

In owner-occupied housing you must:

- Provide an EPA-approved lead information pamphlet to owner and get written acknowledgment or receipt from owner, OR
- Mail the pamphlet to owner 7 days prior to renovation and document with certificate of mailing.

In tenant-occupied housing you must:

- Provide an EPA-approved pamphlet to both building owner and an adult occupant by one of above methods.
- If attempted delivery to adult occupant fails, you may comply by leaving the pamphlet at unit and preparing certification describing delivery attempts for your files.

For renovations in “common areas” in multi-family housing (more than 4 units), you must:

- Provide an EPA-approved pamphlet by one of the methods listed under owner-occupied housing above.
- Provide notice to each tenant in the building describing:
 - Nature/location/timing of renovation.
 - Availability of the EPA-approved pamphlet (free upon request).
