COVERAGE:

Limited to the United States. Written for use in providing an introduction to EPA regulations. The training modules were developed under contract 69-WO-0039 as a training tool for Hotline specialists and do not represent a statement of EPA policy. The information in these documents is not by any means a complete representation of EPA's regulations or policies. These documents are used only in the capacity of the Hotline training and are not used as reference tools on Hotline calls. The Hotline revises and updates these documents as program areas change. The information in these documents are not intended and cannot be relied upon to create any rights, substantive or procedural, enforceable by any party in litigation with the United States.
