PREFACE

This publication lists the changes made to the publication *Dairy Plants Surveyed and Approved for USDA Grading Service* since the last quarterly printing. Only the codes that have been added or deleted are included in this list. Plants listed in this publication are identified by State-assigned code numbers (where available) in accordance with the national uniform coding system known as FIPS (Federal Information Processing Standards). This State-assigned identification precedes the plant name listing. Each State has also been assigned a two-digit number which appears in this publication before the name of the State.
