Merrifield, VA 22116-1030

To whom it might concern:

I fully agree with your idea FACTA Prescreened Rule, Project No. R411010 of having a choice against certain company's solicitations. This is a choice America needs so the citizens may avoid company's solicitations that they do not want sent to them. I also agree with this choice because you do not have to worry about fraud credit cards or insurance. I hope this passes, for I believe this would be better for the United States of America.

Sincerely,

Carla McLendon
