To Whom It May Concern:

I agree with the FACTA Prescreened Rule Project No. R411010, "opt-out" box. I think it would make it easier to avoid credit card and insurance companies. My parents, Grandmother, and friends need an easier way to stop the companies from mailing us (as we call it) "junk mail" and the "opt-out" box is the perfect way! Please help us with our issues by simply giving us the "opt-out" box.

Thank you for your time.

Sincerely,
