FACTS

About Voting in Federal Elections

From registering to vote through casting a ballot on election day, informed voters are empowered voters. Here are answers to 14 common questions from citizens about voting in Federal elections.

1. Am I Eligible To Vote?

You are eligible to vote if—
■ You are a U.S. citizen.
■ You meet your State’s residency requirements.
■ You are 18 years old. Some States allow 17-year-olds to vote in primaries and/or register to vote if they will be 18 before the general election.

2. How Do I Register To Vote?

You may choose to apply for voter registration by mail, in person, or online.

By Mail
■ Download the National Mail Voter Registration Form (NMVRF) from http://www.eac.gov/NVRA. You can also find NMVRF and State voter registration forms at libraries, public schools, and city and county clerks’ offices.
■ Complete the form and submit it by mail according to the instructions. The NMVRF has a “State Instructions” section that lists the requirements for each State.
■ North Dakota, Wyoming, and the U.S. territories American Samoa, Guam, Puerto Rico, and the U.S. Virgin Islands do not accept the NMVRF. New Hampshire accepts the form only as a request for a State absentee voter mail-in registration form.

In Person
Apply to register to vote at—
■ State or local voter registration or election offices.
■ The department of motor vehicles.
■ Public assistance agencies.
■ Armed services recruitment centers.
■ State-funded programs that serve people with disabilities.
■ Any public facility that a State has designated as a voter registration agency.

Online
■ To learn if your State offers online voter registration, contact your State or local election office.

3. When Should I Register To Vote?

Find out your State’s registration deadline—
■ Access the “State Instructions” section of the NMVRF, at http://www.eac.gov/NVRA.
■ Contact your State or local election office.
■ Many States have online tools where you can check your registration status.

**Remember**

For more information about State-specific requirements and eligibility, contact your State or local election offices or consult The National Mail Voter Registration Form. See the Voter’s Resources section at the end of this guide for contact and other information.
4. **Are There Special Requirements the First Time I Vote?**

If you registered by mail, you might have to show proof of identification the first time you vote. This proof of identification includes—

- A current and valid photo identification.
- A current utility bill, bank statement, government check, paycheck, or government document that shows your name and address.

You may not have to show proof of identification if—

- You provided copies of the proof of identification with your voter registration form.
- Your State or local election official matched the driver’s license number or Social Security information on your application with a Federal or State identification record bearing the same number, name, and date of birth.
- You are entitled by Federal law to vote by absentee ballot.

5. **What Is Early Voting?**

Some States might allow you to cast a ballot before election day at—

- A jurisdiction’s election office.
- Another designated polling place.
- A ballot drop site.

6. **What Is Absentee Voting?**

If you cannot go to your polling place on election day, you may qualify to cast an absentee ballot.

Some States allow you to cast an absentee ballot only if you cannot vote at the polling place for a reason outlined in State law, such as illness or physical absence from the jurisdiction for a certain number of hours on election day.

Other States offer “no-excuse” absentee voting, which allows any eligible citizen to cast an absentee ballot.

States also have different deadlines for requesting and submitting absentee ballots. Contact your State or local election office.

You are entitled by Federal law to vote by absentee ballot in Federal elections if you meet qualifications outlined in the Voting Rights Act, Uniformed and Overseas Citizens Absentee Voting Act, and Voting Accessibility for the Elderly and Handicapped Act.

7. **Where Do I Vote—Where Is My Polling Place?**

You are assigned to a polling place based on the home address on your voter registration record.

8. **What Is Provisional Voting?**

If your eligibility to vote in a Federal election is in question, you must be offered a provisional ballot at the polling place. The possible reasons include—

- Your name does not appear on the official voter list at your polling place.
- Your eligibility is challenged in accordance with State law.
- You did not provide the required identification to register or at the polling place on election day.
- A court order requires provisional ballots.
- A court order extends polling place hours.
- State law mandates provisional ballots.

You have a right to cast a provisional ballot if you declare you are eligible and registered to vote in that jurisdiction. Your provisional ballot will be counted if the State or local election official later determines that you were eligible and registered to vote under State law.

---

**REMEMBER**

- Early voting dates and times vary among States. For information, contact your State or local election office.
- Some States have ballot drop sites instead of polling places.
- To find out the location of your polling place or ballot drop sites, contact your State or local election office.
- Update your voter registration information each time you move.
- Federal law requires States to provide a “free access system” by toll-free number and/or the Internet for you to check the status of your provisional ballot. Contact your State or local election office for more information about your State’s system.
9 How Do I Vote if I am a Uniformed or Overseas Citizen?

To register to vote or request a ballot as a member of the military or overseas citizen, use the Federal Post Card Application (FPCA).

- The FPCA is available at http://www.fvap.gov.
- All States and territories accept the FPCA as a simultaneous application for registration and request for an absentee ballot.
- Depending on your State of residence, return the completed FPCA by e-mail, fax, or mail.
- Printed copies of the FPCA are available at U.S. embassies, military bases, and consular offices. Voting Assistance Officers at those sites can provide any information or assistance you may need to complete the form.
- You may also request the electronic transmission of blank voting materials.

REMEmBER

If you have questions about the accessibility of your polling place or voting equipment, contact your State or local election office.

- Clearly marked parking spaces.
- Entrances with ramps.
- Well-marked routes and signage to voting locations.
- Voting equipment that is accessible for individuals with disabilities, including the blind and visually impaired.

10 Is Voting Accessible if I Have a Disability?

Most polling places are designed to make the voting process accessible to all voters, including voters with disabilities, by including—

REMEmBER

If you need help with absentee voting, visit http://www.fvap.gov, contact FVAP at (703) 588–1584 (toll free at [800] 438–VOTE; also available toll free from 70 countries at http://www.fvap.gov/contact/tollfreephone.html), or e-mail vote@fvap.gov.

11 Is Language Assistance Provided?

The Voting Rights Act requires some jurisdictions to provide voting materials in languages other than English. Other jurisdictions voluntarily offer such assistance. Language assistance may include—

- Equipping polling places with ballots and voting instructions in other languages.
- Staffing polling places with bilingual poll workers.
- Providing voting information online in languages other than English.

Contact your State or local election office to learn more about language assistance in your area.

REMEmBER

Some States offer “curbside voting,” in which a poll worker brings all voting materials to your car if you cannot leave your car easily. Check with your State or local election office to see if curbside voting is available in your jurisdiction and for additional provisions about voting assistance.

12 May I Request Assistance To Vote?

Under Federal law, you may bring an individual to assist you in voting for reasons of—

- Blindness.
- Disability.
- Inability to read or write.

Federal law prohibits you from receiving voting assistance from your employer or an agent of your employer, or from an officer or agent of the voter’s union. A poll worker can provide voting assistance to—

- First-time voters.
- Voters with disabilities.
- Voters at polling places with new voting equipment.

REMEmBER

If you have questions about the accessibility of your polling place or voting equipment, contact your State or local election office.

- Contact your State or local election office for information on complaint procedures.
- Register a complaint with the U.S. Department of Justice at (800) 253–3931 or voting.section@usdoj.gov.
14 Facts About Voting in Federal Elections

How Can I Become a Poll Worker?
Poll workers are essential to ensuring smooth, fair, and accurate elections. Poll workers—

- Set up voting equipment.
- Verify voter registrations.
- Provide voters with appropriate ballots or instruct them on the use of voting systems.
- Close the polling place at the end of the day.
- Prepare election materials for delivery to the central election office.
- Submit polling place results.

To be a poll worker, you typically must be registered to vote in the county or State where you wish to serve. Some States, however, allow college and high school students to work at polls near their school, even if they are not registered to vote in that jurisdiction. To find out more about how to become a poll worker, contact your State or local election office.

About the U.S. Election Assistance Commission (EAC)
The U.S. Election Assistance Commission (EAC) is an independent bipartisan commission created by the Help America Vote Act of 2002 (HAVA). EAC is charged with administering payments to states, adopting voluntary voting system guidelines, accrediting voting system test laboratories and certifying voting equipment, maintaining the National Voter Registration form, conducting election data research, and administering a national clearinghouse for information on election practices.
