Prospective Contractors will not be authorized use for any other purpose if they are not awarded a Contract. The Prospective Contractors also will be legally bound not to retransfer the export-controlled Information to a prospective subcontractor unless that prospective subcontractor has been legally bound to limit use of the export-controlled Information for the purpose of responding to the solicitation. Export-controlled Information furnished by one Participant under this MOU may only be retransferred by the other Participant to its Prospective Contractors if the legal arrangements required by this paragraph have been established. Upon request by the furnishing Participant, the receiving Participant will identify its Prospective Contractors and prospective subcontractors receiving such export-controlled Information.

- 6.9 Each Participant's SC representative will promptly advise the other Participant's representative of any anticipated or actual cost growth, schedule changes, delay, or performance problems under any Contract for which its Contracting Agency is responsible.

The receiving Participant of the Equipment and Material will provide to the other Participant without charge, a final report.
- 7.3 The receiving Participant will maintain any such Equipment and Material in good order, repair, and operable condition. Unless the providing Participant has authorized the Equipment and Material to be expended or otherwise consumed without reimbursement to the providing Participant, the receiving Participant will return the Equipment and Material to the providing Participant in as good condition as received, normal wear and tear excepted, or return the Equipment and Material and pay the cost to restore it. If the Equipment and Material is damaged beyond economical repair, the receiving Participant will return the Equipment and Material to the providing Participant (unless otherwise specified in writing by the providing Participant) and pay the replacement value specified in the PA or E&MTA to this MOU, which will be computed pursuant to the providing Participant's national laws and regulations. If the Equipment and Material is lost while in the custody of the receiving Participant, the receiving Participant will issue a certificate of loss to the providing Participant and pay the replacement value as computed pursuant to the providing Participant's national laws, regulations, and procedures. If known at the time of entry into effect, the replacement value of the Equipment and Material will be specified in the PA or E&MTA.
- 7.4 The providing Participant will deliver Equipment and Material to the receiving Participant at a mutually determined location. Possession of the Equipment and Material will pass from the providing Participant to the receiving Participant at the

time of receipt of the Equipment and Material. Any further transportation is the responsibility of the receiving Participant.

- 7.5 All Equipment and Material that is transferred will be used by the receiving Participant only for the purposes of carrying out the respective PA or E&MTA, unless otherwise consented to in writing by the providing Participant. In addition, in accordance with Section XII (THIRD PARTY SALES AND TRANSFERS) of this MOU, Equipment and Material will not be re-transferred or sold to a Third Party without the prior written consent of the providing Participant.
- 7.6 Except as provided for in paragraphs 7.7 and 7.8 of this Section, Equipment and Material transferred to one Participant under a PA or E&MTA will be returned to the providing Participant prior to the termination or expiration of that PA or E&MTA.
- 7.7 Any Equipment and Material that is jointly acquired on behalf of both Participants for use under a PA will be disposed of during the PA or when the PA ceases, as determined by the PMs.
- 7.8 Disposal of jointly acquired Equipment and Material may include a transfer of the interest of one of the Participants in such Equipment and Material to the other Participant, or the sale of such Equipment and Material to a Third Party, in accordance with Section XII (THIRD PARTY SALES AND TRANSFERS) of this MOU. The Participants will share the consideration from jointly acquired Equipment and Material transferred or sold to a Third Party in the same ratio as costs are shared under that PA.
- 7.9 The receiving Participant will provide written notice of consumption or expenditure of Equipment and Material approved for such consumption or expenditure. In the event the intended consumption or expenditure does not occur, the receiving Participant will, unless otherwise determined by the providing Participant, return the Equipment and Material, at its expense, to the providing Participant to the location mutually determined in the PA or E&MTA. Any further transportation is the responsibility of the providing Participant.

8.10 Patents.

- 8.10.1 Each Participant will include in all its Contracts for any FFI Activity a provision governing the disposition of rights in regard to Project Inventions and Patent rights relating thereto, which either:
 - 8.10.1.1. Provides that the Participant will hold title to all such Project Inventions together with the right to make Patent applications for the same, free of encumbrance from the Contractor concerned; or

- 8.10.1.2 Provides that the Contractor will hold title (or may elect to retain title) for such Project Inventions together with the right to make Patent applications for the same, while securing for the Participants a license for the Project Inventions, and any Patents thereto, on terms in compliance with the provisions of subparagraph 8.9.2 of this Section.
- 8.10.2 In the event that a Contractor owns title (or elects to retain title) to any Project Invention, the Contracting Participant will secure for the other Participant a non-exclusive, irrevocable, royalty-free license under all Patents secured for that invention, to practice or have practiced the patented Project Invention throughout the world for Defense Purposes.
- 8.10.3 The provisions of subparagraphs 8.10.4 through 8.10.7 of this Section will apply in regard to Patent rights for all Project Inventions made by each Participant's military or civilian employees, including those within government-owned facilities, and for all Project Inventions made by Contractors for which the Contracting Participant holds title or is entitled to acquire title.

Insofar as possible, the other Participant will provide Information available to it that may assist in defending such claims. Each Participant will be responsible for handling such Intellectual Property infringement claims brought against it, and will consult with the other Participant during the handling, and prior to any settlement, of such claims. The Participants will share the costs of resolving such Intellectual Property infringement claims in proportion to their financial contributions for that work specified in Section V (FINANCIAL PROVISIONS) of this MOU or the relevant PA.
- 8.12 The Participants will, as permitted by their national laws, regulations, policies, and procedures, give their authorization and consent to the other Participant for all use and manufacture in the course of work performed under the FFI Activity of any invention covered by Patent, or as determined to be necessary for work under FFI Activities, authorization and consent for copyright, granted or otherwise provided by their respective countries.

SECTION IX

 - 9.1.3 Each Participant will take all lawful steps available to it, including national classification, to keep such Information free from further disclosure (including requests under any legislative provisions), except as provided in subparagraph 9.1.2 of this Section, unless the originating Participant consents in writing to such disclosure. In the event of unauthorized disclosure, or if it becomes probable that the Information may have to be further disclosed under any legislative provisions, immediate notification will be given to the originating Participant.
- 9.2 To assist in providing the appropriate controls, the originating Participant will ensure that Controlled Unclassified Information is appropriately marked to ensure its "in confidence" nature. The Participants export-controlled Information will be marked in accordance with the applicable Participant's export control markings as documented in the SCG. The Participants will also decide, in advance and in writing, on the markings to be placed on any other types of Controlled Unclassified Information and describe such markings in the PSI.

- 9.4 Prior to authorizing the release of Controlled Unclassified Information to Contractors, the Participants will ensure the Contractors are legally bound to control such Information in accordance with the provisions of this Section.

SECTION X

VISITS TO ESTABLISHMENTS

- 10.1 Each Participant will permit visits to its Government establishments, agencies and laboratories, and Contractor industrial facilities by employees of the other Participant or by employees of the other Participant's Contractor(s), provided that the visit is authorized by both Participants and the employees have any necessary and appropriate security clearances and a need-to-know.
- 10.2 All visiting personnel will be required to comply with the security regulations of the hosting Participant. Any Information disclosed or made available to visitors will be treated as if supplied to the Participant sponsoring the visiting personnel, and will be subject to the provisions of this MOU.

- 11.2 Classified Information will be transferred only through official government-to-government channels approved by the DSAs of the Participants. Such Classified Information will bear the level of classification and denote the country of origin, the provisions for release, and the fact that the Information relates to this MOU and the applicable FFI Activity.
- 11.3 Each Participant will take all lawful steps available to it to ensure that Classified Information provided or generated pursuant to this MOU is protected from further disclosure, except as permitted by paragraph 11.8 of this Section, unless the other Participant consents to such disclosure. Accordingly, each Participant will ensure that the recipient:
 - 11.3.1 Will not release the Classified Information to any government, national, organization, or any other entity of a Third Party without the prior written consent of the originating Participant in accordance with the procedures set forth in Section XII (THIRD PARTY SALES AND TRANSFERS) of this MOU;

 - 11.3.3 Will comply with any distribution and access restrictions on Classified Information that are provided under this MOU.
- 11.4 The Participants will investigate all cases in which it is known or where there are grounds for suspecting that Classified Information provided or generated pursuant to this MOU has been lost or disclosed to unauthorized persons. Each Participant also will promptly and fully inform the other Participant of the details of any such occurrence, and of the final results of the investigation, and of the corrective action taken to preclude recurrence.
- 11.5 The PM will prepare a PSI and an SCG for the MOU. The PSI and the SCG will describe the methods by which Information will be classified, marked, used, transmitted, and safeguarded and will require that markings for all export-controlled Classified Information will include the applicable export control markings identified in the PSI in accordance with paragraph 9.2 of Section IX (CONTROLLED UNCLASSIFIED INFORMATION) of this MOU. The PSI and SCG will be developed by the PM within three months after this MOU enters into effect. They

will be reviewed and forwarded to the Participant's respective DSAs for approval and will be applicable to all government and Contractor personnel participating in the Project. The SCG will be subject to regular review and revision with the aim of downgrading the classification whenever this is appropriate. The PSI and the SCG will be approved by the appropriate DSA prior to the transfer of any Classified Information or Controlled Unclassified Information.

- 11.6 The DSA of the Participant that awards a classified Contract pursuant to FFI Activities of this MOU will assume responsibility for administering within its territory security measures for the protection of the Classified Information, in accordance with its national laws and regulations.  - 11.6.5 Carry out periodic security inspections of cleared facilities to ensure that the Classified Information is properly protected.
 - 11.6.6 Ensure that access to the Classified Information is limited to those persons who have a need to know for the purposes of the MOU.
- 11.7 Contractors, Prospective Contractors, subcontractors, or prospective sub-contractors who are determined by DSAs to be under financial, administrative, policy, or management control of nationals or entities of a Third Party, may participate in a Contract or subcontract requiring access to Classified Information provided or generated pursuant to this MOU only when enforceable measures are in effect to ensure that nationals or other entities of a Third Party will not have access to Classified Information. If enforceable measures are not in effect to preclude access by nationals or other entities of a Third Party, the other Participant will be consulted for approval prior to permitting such access.
- 11.8 For any facility wherein Classified Information is to be used, the responsible Participant or Contractor will approve the appointment of a person or persons to

exercise effectively the responsibilities for safeguarding at such facility the Information pertaining to this MOU. These officials will be responsible for limiting access to Classified Information involved in this MOU to those persons who have been properly approved for access and have a need-to-know.

- 11.9 Each Participant will ensure that access to the Classified Information is limited to those persons who possess requisite security clearances and have a specific need for access to the Classified Information in order to participate in this MOU.

- 12.1 Except to the extent permitted in paragraph 12.2 of this Section, the Participants will not sell, transfer title to, disclose, or transfer possession of Foreground Information, jointly acquired or produced Equipment and Material, or any item produced either wholly or in part from Foreground Information to any Third Party without the prior written consent of the Government of the other Participant. Furthermore, neither Participant will permit any such sale, disclosure, or transfer, including by the owner of the item, without the prior written consent of the Government of the other Participant. Such consent will not be given unless the Government of the intended recipient consents in writing with the other Participant that it will:
- 12.1.1 Not retransfer, or permit the further retransfer of, any Equipment and Material or Information provided.
 - 12.1.2 Use, or permit the use of, the Equipment and Material or Information provided only for the purposes specified by the Participants.
- 12.2 Each Participant will retain the right to sell, transfer title to, disclose, or transfer possession of Foreground Information, or any item produced wholly from Foreground Information:
- 12.2.1 That is generated solely by either that Participant or that Participant's Contractors in the performance of that Participant's work allocation under Section III (SCOPE OF WORK) of this MOU.
 - 12.2.2 That does not include any Foreground Information or Background Information of the other Participant, and whose generation, test, or evaluation has not relied on the use of Equipment and Material of the other Participant.
- 12.3 In the event questions arise as to whether the Foreground Information (or any item produced either wholly or in part from the Foreground Information) that a Participant intends to sell, transfer title to, disclose, or transfer possession of to a Third Party is within the scope of paragraph 12.2 of this Section, the matter will be brought to the immediate attention of the other Participant. The Participants will resolve the matter prior to any sale or other transfer of such Foreground Information (or any item produced either wholly or in part from the Foreground Information) to a Third Party.
- 12.4 A Participant will not sell, transfer title to, disclose, transfer possession, grant, donate, or transfer usage rights of Equipment and Material or Background Information provided by the other Participant to any Third Party without the prior

written consent of the Government of the Participant that provided such Equipment and Material or Background Information. The providing Participant's Government will be solely responsible for authorizing such transfers and, as applicable, specifying the method and provisions for implementing such transfers.

SECTION XIII

LIABILITY AND CLAIMS

- 13.1 Claims arising under this MOU and any PA will be dealt with under paragraph 1 of the Chapeau Agreement.
- 13.2 Claims arising under any Equipment and Material transfers will be dealt with under paragraph 4 of the Chapeau Agreement.

SECTION XIV

PARTICIPATION OF ADDITIONAL NATIONS

- 14.1 The Participants recognize that other national defense organizations may wish to join this MOU.
- 14.2 The mutual consent of the Participants will be required to conduct discussions with potential additional Participants. The Participants will discuss the arrangements under which another Participant might join, including the furnishing of releasable Information for evaluation prior to joining. If the disclosure of Information is necessary to conduct discussions, such disclosure will be in accordance with Section VIII (DISCLOSURE AND USE OF INFORMATION), Section IX (CONTROLLED UNCLASSIFIED INFORMATION), Section XI (SECURITY), and Section XII (THIRD PARTY SALES AND TRANSFERS) of this MOU.
- 14.3 The Participants will jointly formulate the provisions under which additional Participants might join this MOU. The addition of new Participants to the MOU will require amendment of this MOU.

SECTION XV

CUSTOMS DUTIES, TAXES, AND SIMILAR CHARGES

- 15.1 Customs duties, import and export taxes, and similar charges will be administered in accordance with each Participant's respective laws and regulations. Insofar as existing national laws and regulations permit, the Participants will endeavor to ensure that such readily identifiable customs duties, import and export taxes, and similar charges, as well as quantitative or other restrictions on imports and exports, are not imposed in connection with work carried out under this MOU.
- 15.2 Each Participant will use its best efforts to ensure that customs duties, import and export taxes, and similar charges are administered in a manner favorable to the efficient and economical conduct of the work on all FFI Activities. If any such customs duties, import and export taxes, or similar charges are levied, the Participant in whose country they are levied will bear such costs over and above that Participant's shared costs of the respective FFI Activity contribution under this MOU.

SECTION XVI

SETTLEMENT OF DISPUTES

16.1 Disputes between the Participants arising under or relating to this MOU will be resolved only by consultation between the Participants and will not be referred to a national court, to an international tribunal, or to any other person or entity for settlement.

SECTION XVII

AMENDMENT, TERMINATION, ENTRY INTO EFFECT, AND DURATION

- 17.1 All activities of the Participants under this MOU will be carried out in accordance with their respective national laws and regulations, including their respective export control laws and regulations. The responsibilities of the Participants will be subject to the availability of funds for such purposes.
- 17.2 No requirement will be imposed by either Participant for work sharing or other industrial or commercial compensation in connection with this MOU that is not in accordance with this MOU or the applicable PA.
- 17.3 In the event of a conflict between a Section of this MOU, and any Annex to this MOU, or PA or E&MTA under this MOU, the Section of the MOU will control.
- 17.4 Except as otherwise provided, this MOU and any Annex to this MOU, or PA or E&MTA under this MOU, may be amended by the mutual written consent of the Participants. Annex A, and the models in Annexes B, C, D and E to this MOU, may also be amended with the approval of the SC, provided that any such amendment is consistent with this MOU.
- 17.5 This MOU, and any PA or E&MTA under this MOU, may be terminated at any time upon the mutual written consent of the Participants. In the event both Participants consent to terminate this MOU or any arrangement under this MOU, the Participants will consult prior to the date of termination to ensure termination in the most economical and equitable manner.
- 17.6 Either Participant may terminate this MOU, or any PA or E&MTA under this MOU, upon 180 days written notification of its intent to terminate to the other Participant. Such notice will be the subject of immediate consultation by the SC to decide upon the appropriate course of action to conclude the activities under this MOU or the relevant PAs or E&MTAs. In the event of such termination, the following rules apply:
- 17.6.1 The Participant terminating this MOU, or any PA or E&MTA under this MOU, and the other Participant, will continue participation, financial or otherwise, up to the effective date of termination.
- 17.6.2 Except as to Contracts awarded on behalf of both Participants, each Participant will be responsible for its own project-related costs associated with termination of this MOU or any PA or E&MTA under this MOU. For Contracts awarded on behalf of both Participants, the Participant terminating this MOU, or any PA or E&MTA under this MOU, will pay all Contract modification or termination costs that would not otherwise have been incurred but for the decision to terminate; in no event, however, will a terminating Participant's total financial contribution, including Contract termination costs, exceed that Participant's

total financial contribution for the MOU or the PA or E&MTA being terminated, as applicable.

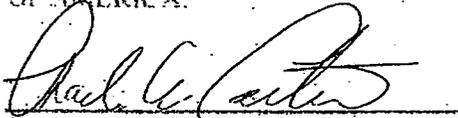

- 17.6.3 All Information and rights therein received under the provision of this MOU and any PA or E&MTA under this MOU prior to the termination of this MOU or any PA or E&MTA will be retained by the Participants, subject to the provisions of this MOU and any PA or E&MTA. Each Participant will make available to the other Participant all Foreground Information generated prior to termination and that has not been provided to the other Participant prior to the termination.
- 17.6.4 Additional termination provisions consistent with this Section may be established in a PA or E&MTA under this MOU.
- 17.7 Termination of this MOU will result in the termination of all arrangements under this MOU.
- 17.8 The respective benefits and responsibilities of the Participants regarding Section VII (EQUIPMENT AND MATERIAL TRANSFERS), Section VIII (DISCLOSURE AND USE OF INFORMATION), Section IX (CONTROLLED UNCLASSIFIED INFORMATION), Section XI (SECURITY), Section XII (THIRD PARTY SALES AND TRANSFERS), Section XIII (LIABILITY AND CLAIMS), Section XVI (SETTLEMENT OF DISPUTES), and this Section XVII (AMENDMENT, TERMINATION, ENTRY INTO EFFECT, AND DURATION) of this MOU will continue to apply notwithstanding termination or expiration of this MOU or any PA or E&MTA under this MOU.
- 17.9 This MOU, which consists of seventeen (17) Sections and five (5) Annexes, will enter into effect on the date of last signature and will remain in effect for twenty (20) years, unless terminated. It may be extended by the written concurrence of the Participants.

1.1.2 CPP will be assigned to work on a specific FFI Activity and will report to a supervisor to be identified by the Host Participant. CPP will not act as liaison officers for their Parent Participant. CPP may act from time to time on behalf of their respective SC member if the latter so authorizes in writing.

1.1.3 CPP will not be assigned to command or other positions that would require them to exercise responsibilities that are reserved by law or regulation to an officer or employee of the Host Participant's Government.

2.1 Security:

2.1.1 The Host Participant will establish the level of security clearance required, if any, to permit CPP to have access to Classified Information and facilities in which Classified Information is used in accordance with the PSI and SCGs. Access to Classified Information and facilities in which Classified Information is used will be limited by the scope of the relevant FFI Activity under this MOU.

2.1.2 The Parent Participant will file visit requests for the CPP through prescribed channels in compliance with the Host Participant's procedures. The Participants will cause security assurances to be filed, through their respective embassies, specifying the security clearances for the CPP being assigned. The security assurances will be prepared and forwarded through prescribed channels in compliance with established procedures.
