AMERICAN BATTLE MONUMENTS COMMISSION

American Overseas Commemorative Cemeteries and Memorials

“Time will not dim the glory of their deeds.”
—GENERAL OF THE ARMIES JOHN J. PERSHING

OVERVIEW

The American Battle Monuments Commission (ABMC)—guardian of America’s overseas commemorative cemeteries and memorials—honors the service, achievements and sacrifices of U.S. armed forces. Established by Congress on March 4, 1923, ABMC’s mission includes:

★ Designing, constructing, operating, and maintaining permanent American military cemeteries in foreign countries;

★ Building and maintaining monuments, memorials and markers overseas, where American forces have served since April 6, 1917, and in the U.S. when directed by public law;

★ Controlling the design and construction of U.S. military memorials, monuments, and markers overseas created by U.S. citizens and organizations, both public and private, and encouraging their maintenance.
ABMC administers, operates, and maintains 25 permanent American military cemeteries, and 26 federal memorials, monuments, and markers, which are located in 16 foreign countries, the U.S. Commonwealth of the Northern Mariana Islands, and the British dependency of Gibraltar; three of the memorials are located within the U.S. These cemeteries and memorials are among the most beautiful and meticulously maintained shrines in the world.

In addition to grave sites, the World War I and II cemeteries, together with the three memorials on U.S. soil, also commemorate by name those U.S. service members who were missing in action, or lost or buried at sea during World War I, World War II, the Korean War, and the Vietnam War.

There are 207,590 U.S. war dead from World War I and World War II commemorated at ABMC sites; this includes 30,922 interments and 4,452 memorializations for World War I, and 93,233 interments and 78,983 memorializations for World War II. Additionally, the names of 8,200 individuals listed as missing from the Korean War and 2,504 individuals from the Vietnam War are memorialized at ABMC’s Honolulu Memorial.

ABMC also administers Mexico City National Cemetery, Corozal American Cemetery in Panama, and Clark Veterans Cemetery in the Philippines. More than 13,500 members of the armed forces, veterans, and others are interred in these sites.

ABMC HISTORY
Recognizing the need for a federal agency to be responsible for honoring American armed forces where they had served overseas and for controlling military cemeteries, monuments and markers on foreign soil, Congress created the ABMC. General of the Armies John J. Pershing was appointed to ABMC’s Board of Commissioners in 1923, and was elected chairman by the other members. He served in that capacity until his death in 1948. Eight additional chairmen have since served in this position.

Following World War I, the government recognized a need for a burial and repatriation policy for America’s war dead. Over the course of the conflict, more than 116,000 Americans lost their lives in Europe. Understanding the need to acknowledge America’s contribution to the war in Europe through commemorative cemeteries and memorials overseas, the government also respected the desires of many Americans to have their fallen family members returned to the U.S. Under provisions of the law, families were entitled to select permanent interment of a loved one’s remains in an American military cemetery on foreign soil or repatriation of the remains to the U.S. for interment in a national or private cemetery. The majority of families chose repatriation. Approximately 30 percent chose permanent interment in an ABMC cemetery.

WORLD WAR I AND WORLD WAR II COMMEMORATIVE PROGRAMS
ABMC’s World War I commemorative program consisted of constructing eight permanent American cemeteries in Europe and erecting 13 separate memorials and markers through the course of the 1920’s and 1930’s. Each cemetery was accented with nonsectarian chapels, sculptures, battle maps depicting the course of the war in the region, and visitor reception facilities. Additionally, ABMC endeavored to docu-
ment America’s efforts in World War I by compiling divisional operational summaries and publishing “American Armies and Battlefields in Europe,” a guidebook that provides detailed descriptions of and directions to the European battlefields where Americans served. Serving with ABMC as part of this documentation process was a young U.S. Army Major, Dwight D. Eisenhower.

By the end of World War II, several hundred temporary burial grounds had been established by the U.S. Army on battlefields around the world. In 1947, 14 sites overseas were selected to become permanent cemeteries by the Secretary of the Army and ABMC. Similar to the policy following World War I, families of the deceased were once again offered an option for permanent interment overseas or repatriation. The majority of Americans chose repatriation with approximately 23 percent selecting interment in an ABMC cemetery. In a few instances, next of kin directed that isolated burials be left undisturbed, meaning the dead remained where they fell or were recovered. These graves continue to be maintained to this day by local communities.

Use of both the World War I and World War II sites as permanent military burial grounds was granted in perpetuity by the host country free of charge or taxation. Except in the case of the Philippine Scouts, burial in these cemeteries is limited by the agreements with the host countries to members of the U.S. armed forces who died overseas during the war. U.S. civilian technicians, Red Cross workers and entertainers serving the military were treated as members of the armed forces for burial entitlement. All of ABMC’s World War I and II cemeteries are closed to burials, except in cases when remains of American war dead are recovered today. ABMC’s World War II commemorative program consisted of 14 permanent American military cemeteries, 10 monuments on foreign soil, and three memorials in the U.S. Similar to the World War I cemeteries, each of the World War II cemeteries include nonsectarian chapels, sculptures, battle maps and narratives depicting the course of the war in the region, and visitor reception facilities.

Each grave site in the overseas American World War I and II cemeteries is marked by a headstone of pristine white marble. Headstones of those of the Jewish faith are marked by Stars of David; Latin crosses mark all others. Annotated on the headstones of the World War I servicemen who could not be identified is: “HERE RESTS IN HONORED GLORY AN AMERICAN SOLDIER KNOWN BUT TO GOD.” The phrase “AMERICAN SOLDIER” was replaced with the phrase “COMRADE IN ARMS” on the headstones of servicemen who could not be identified from World War II.

Individuals who are recorded as missing in action, or lost or buried at sea are memorialized by name on Walls of the Missing at the cemeteries or the three domestic ABMC memorials.

ABMC’s policy-making body consists of a board of commissioners comprised of up to 11 members appointed by the president of the United States for an indefinite term and who serve without pay. The commissioners establish policy and ensure proper staff functioning to carry out the mission of ABMC. Daily operations are directed by an executive level secretary, who is appointed by the president.

ABMC headquarters is located in Arlington, Va. and an Overseas Support Office is located in Garches, France, just outside Paris.

Doric column is surmounted by a statue symbolic of liberty, which towers more than 200 feet above the ruins of the former village. It commemorates the Meuse-Argonne Offensive in which, during 47 days of fighting between September 26 and November 11, 1918, the American First Army forced the German Army into a general retreat that contributed to the armistice that ended hostilities. In the rooms at the ends of the loggias are white marble figures in memory of those who lost their lives in these two wars. Inscribed on the walls of the loggias is a summary of the loss of life in our armed forces in each war, together with the location of all ABMC cemeteries.
The Tours Monument commemorates the efforts of the 650,000 men who served during World War I in the Services of Supply of the American Expeditionary Forces and whose work behind the battle lines made possible the achievements of the American armies in the field. It consists of a fountain of white stone and bronze with sculpture.
“If ever proof were needed that we fought for a cause and not for conquest, it could be found in these cemeteries. Here was our only conquest: all we asked ... was enough ... soil in which to bury our gallant dead.”

“Our debt to the heroic men and valiant women in the service of our country can never be repaid. They have earned our undying gratitude. America will never forget their sacrifices.”

—PRESIDENT HARRY S. TRUMAN
Traditionally, ABMC's commemorative program has focused on World War I and World War II. Over time, ABMC's mission expanded to include three cemeteries and one memorial which were passed to ABMC by executive order or through legislation. As ABMC's World War II commemorative program started in the 1950's, the agency quickly recognized the need to commemorate the Korean and Vietnam Wars as well. The Honolulu Memorial, for example, commemorates not only World War II, but also the achievements and sacrifice of America's armed forces in both Korea and Vietnam. On Veterans Day 2012, ABMC dedicated the Vietnam War Pavilion at the Honolulu memorial to further commemorate the Vietnam War. In addition, a new orientation pavilion was added to describe America's efforts in the Pacific over the 20th Century and ABMC's memorial program in the region.

**CLARK VETERANS CEMETERY** is located north of Angeles City in the Republic of the Philippines just off the SCTEX. GPS Coordinates: N15 10.066 E120 34.454

In January 2013, President Barack Obama signed into law the Dignified Burial and Other Veterans' benefits Improvement Act (Public Law 112-260) directing ABMC to operate and maintain Clark Veterans Cemetery following an agreement between the Republic of the Philippines and the U.S. That agreement was signed in December of 2013 making Clark ABMC's 25th cemetery. Clark Veterans Cemetery holds the remains of U.S. veterans and civilians. There are more than 8,500 burials in the cemetery, including more than 2,100 unknowns.

While sources differ as to the earliest burial, interments date at least to the Philippine-American War (1899-1902). During that conflict and after, the U.S. operated a series of military installations in the Philippines with military post cemeteries. The construction of Manila American Cemetery in 1948 led to disinterment and consolidation of the non-World War II dead from four military post cemeteries onto Clark Air Force Base (AFB). The eruption of Mount Pinatubo in June 1991 led the U.S. Air Force to evacuate and Clark AFB was formally transferred to the Philippines in November 1991. The cemetery continued to be open for burials after the transfer, but it had been damaged in the eruption, and fell into disrepair. Between 1994 and 2013, the Philippine Government allowed members of the VFW Post 2485 to operate and maintain the cemetery.
COROZAL AMERICAN CEMETERY

Taxi and bus service to the cemetery are available from Panama City. GPS Coordinates: N8 59.356 W79 34.351

ABMC assumed responsibility for the care and maintenance of the cemetery in perpetuity in 1982. At this 16-acre cemetery, there are more than 5,400 burials. A small memorial sits atop a knoll overlooking the graves area. It consists of a paved plaza with a 12-foot rectangular granite obelisk flanked by two flagpoles from which fly the U.S. and Panamanian flags. Engraved in Spanish and English upon the obelisk is the following inscription:

“THIS MEMORIAL HAS BEEN ERECTED BY THE UNITED STATES OF AMERICA IN HUMBLE TRIBUTE TO ALL INTERRED HERE WHO SERVED IN ITS ARMED FORCES OR CONTRIBUTED TO THE CONSTRUCTION, OPERATION, AND SECURITY OF THE PANAMA CANAL.”

The memorial was approved by the ABMC in October 2010 to honor the sacrifices and achievements of the American armed forces during the Korean War. The memorial was officially dedicated on July 28, 2013 in the only United Nations cemetery in existence.

The memorial consists of a polished slab of dark gray Vermont granite that is 8 feet 10 inches tall, 4 feet wide and 1 foot thick. The granite slab serves as a “witness stone” in tribute to those Americans who served during the Korean War including the 36,574 Americans who died in Korea between 1950-1953. Engraved upon the memorial are the words “Honor Freedom Peace,” representing the principles which the U.S. fought to preserve during the Korean War.

SANTIAGO SURRENDER TREE is located in Santiago, Cuba.

The monument marks the site at which Spanish forces surrendered Santiago de Cuba to U.S. forces on July 17, 1898 during the Spanish American War. On July 1, 1898 U.S. and Cuban troops had taken El Viso Fort, the town of El Caney and San Juan Heights, and San Juan Hill, with the help of the Rough Riders under Teddy Roosevelt. These victories opened the way to Santiago de Cuba. Clara Barton, founder of the American Red Cross, was among those who cared for the wounded at Santiago. By an Act of Congress, the Santiago Surrender Tree became the responsibility of ABMC on July 1, 1958. The tree has since died, but the cannon and plaques continue to mark the surrender site.
Memorials Constructed by ABMC now under the care of the National Park Service

At the direction of Congress, ABMC established an American Expeditionary Forces (WWI) Memorial, a Korean War Veterans Memorial, and a World War II Memorial in Washington, D.C. that now are operated and maintained by the National Park Service.

During its relatively short duration, June 25, 1950 to July 27, 1953, 36,574 Americans died while serving in Korea during the war. Of those, 8,200 were classified as missing in action and are commemorated in the Korean War Courts of the Missing at ABMC’s Honolulu Memorial.

**WORLD WAR II MEMORIAL,** located on the central axis of the National Mall, between the Lincoln Memorial and the Washington Monument, honors the more than 400,000 Americans who gave their lives for freedom, the 16 million who served in uniform, and all who contributed to the war effort on the home front.
