Rocky Mountain Arsenal
National Wildlife Refuge

Wildlife Drive

- The Wildlife Drive is open to motorized vehicles and closed to bicycles and foot travel. Motorcycles and scooters are not recommended. The Drive is 11 miles long and takes about 45 - 60 minutes to drive.
- Please take a Wildlife Drive/Hiking Trail Map with you and follow all Wildlife Drive symbols and directional arrows. Do not drive on or walk on staff area roads.
- Maximum speed limit is 30 miles per hour on the Wildlife Drive.
- Wildlife Drive surfaces are paved or gravel.
- Stay in your vehicle while driving through the bison area. Signs and cattle guards mark entrance and exit of bison area. Bison are wild, unpredictable animals – do not try to attract their attention.
- Keep at least a 50 to 100 yard distance between your vehicle and the bison. If bison are blocking the road, wait until they move.
- The U.S. Fish and Wildlife Service is not responsible for damage to vehicles caused by wildlife.

Wildlife Viewing

- Best viewing times are at dawn and at dusk.
- Practice good wildlife viewing ethics by observing wildlife from a safe distance. Use binoculars or a camera for close up viewing.
- Park in designated areas shown on the map.
- Quietly observe wildlife.
- Assistance dogs are welcome and must be under leash control.
- Avoid stopping under birds and bird nests - this is stressful to hawks, owls, and young or nesting birds.

Wildlife to Watch for Along the Way

- Resident Wildlife -- Bison, mule and white-tailed deer, red-tailed hawks, prairie dogs, and rabbits.
- Migratory Wildlife -- Waterfowl, shorebirds, wintering bald eagles, ferruginous and Swainson’s hawks, and burrowing owls.

Hiking Trails

The Refuge has 10 miles of trails open year-round for hiking, cross country skiing, and snowshoeing. Trail surfaces are crushed gravel or dirt, and are accessible, except for the Prairie Switchback and Woodland Trails.
- Stay on marked trails and observe all posted signs and regulations.
- Hiking trails are for foot travel only.

Grassland Trails

Explore the trails that meander through native shortgrass prairie habitat. Throughout the seasons you may observe mule and white-tailed deer, prairie dogs, migrating songbirds, and coyotes.
- Army Historic Trail (0.3 mi)
- Bluestem Loop Trail (1.3 mi)
- Bluestem Southwest Loop Trail (0.5 mi)
- Discovery Trail (0.4 mi)
- Gateway Trail (0.3 mi)
- Legacy Trail (1.0 mi)
- Locust Loop Trail (0.8 mi)
- Prairie Trail (1.0 mi)
- Rattlesnake Hill (1.5 mi)

Wetland Trails

Stroll along lakes, marshes, and ponds, and walk on a floating boardwalk at Lake Mary or Lake Ladora to catch a closer glimpse of wildlife. These trails provide excellent opportunities to see migrating waterfowl, shorebirds, white pelicans, double-crested cormorants, and amphibians.

Migratory Wildlife -- Waterfowl, shorebirds, wintering bald eagles, ferruginous and Swainson’s hawks, and burrowing owls.

Woodland Trails

Wander through scenic trails lined with cottonwoods, willows, and locust thickets, which provide shade and habitat for wildlife. Watch for hawks, eagles, and owls perched in the branches, while deer can be found browsing under the trees.
- Rod and Gun Club Trail and Wildlife Viewing Blind (1.2 mi)
- Woodland Trail (0.4 mi)
