FOREWARD

Laws are not masters but servants, and he rules them who obeys them.
~Henry Ward Beecher

No organic law can ever be framed with a provision specifically applicable to every question which may occur in practical administration. No foresight can anticipate, nor any document of reasonable length contain, express provisions for all possible questions.
~Abraham Lincoln

The minute you read something that you can’t understand, you can almost be sure that it was drawn up by a lawyer.
~Will Rogers

As a former attorney with the Office of the General Counsel and the current Regional Lands Program Manager, I’ve been asked to find, interpret, and explain many statutes for employees in the last twenty years. This first edition of Public Land Laws Affecting National Forests in Alaska is compiled to help Alaska Region employees understand the laws that apply to the lands and resources they manage so they are more effective stewards and public servants. I hope you will find this a useful reference. Clearly, not every law that applies to National Forest System lands in Alaska is included in this edition, but included are those I’ve referred employees to most frequently and a few that are simply difficult to find.

It’s not surprising that I receive the most questions from employees about the Alaska National Interest Lands Conservation Act (ANILCA). This first edition is published to commemorate ANILCA’s enactment thirty years ago.

Sometimes it does take a lawyer to understand the law, but the answers are here (mostly) and now you know where to find them.

BY THE PRESIDENT OF THE UNITED STATE OF AMERICA,

A PROCLAMATION

Whereas a treaty between the United States of America and his Majesty the Emperor of all the Russias was concluded and signed by their respective plenipotentiaries at the city of Washington, on the thirtieth day of March, last, which treaty, being in English languages is, word for word as follows:

The United States of America and His Majesty the Emperor of all the Russias, being desirous of strengthening, if possible, the good understanding which exists between them, have, for that purpose, appointed as their Plenipotentiaries: the President of the United States, William H. Seward, Secretary of State; and His Majesty the Emperor of all the Russias, the Privy Councillor Edward de Stoeckl, his Envoy Extraordinary and Minister Plenipotentiary to the United States.

And the said Plenipotentiaries, having exchanged their full powers, which were found to be in due form, have agreed upon and signed the following articles:

Article I

His Majesty the Emperor of all the Russias agrees to cede to the United States, by this convention, immediately upon the exchange of the ratifications thereof, all the territory and dominion now possessed by his said Majesty on the continent of America and in the adjacent islands, the same being contained within the geographical limits herein set forth, to wit: The eastern limit is the line of demarcation between the Russian and the British possessions in North America, as established by the convention between Russia and Great Britain, of February 28 - 16, 1825, and described in Articles III and IV of said convention, in the following terms:

“Commencing from the southernmost point of the island called Prince of Wales Island, which point lies in the parallel of 54 degrees 40 minutes north latitude, and between the 131st and the 133d degree of west longitude, (meridian of Greenwich,) the said line shall ascend to the north along the channel called Portland channel, as far as the point of the continent where it strikes the 56th degree of north latitude; from this last-mentioned point, the line of demarcation shall follow the summit of the mountains situated parallel to the coast as far as the point of intersection of the 141st degree of west longitude, (of the same meridian;) and finally, from the said point of intersection, the said meridian line of the 141st degree, in its prolongation as far as the Frozen ocean. “IV. With reference to the line of demarcation laid down in the preceding article, it is understood -

1st. That the island called Prince of Wales Island shall belong wholly to Russia,”

(now, by this cession, to the United States.)

2d. That whenever the summit of the mountains which extend in a direction parallel to the coast from the 56th degree of north latitude to the point of intersection of the 141st degree of west longitude shall prove to be at the distance of more than ten marine
leagues from the ocean, the limit between the British possessions and the line of coast which is to belong to Russia as above mentioned (that is to say, the limit to the possessions ceded by this convention) shall be formed by a line parallel to the winding of the coast, and which shall never exceed the distance of ten marine leagues therefrom.”

The western limit within which the territories and dominion conveyed, are contained, passes through a point in Behring’s straits on the parallel of sixty-five degrees thirty minutes north latitude, at its intersection by the meridian which passes midway between the islands of Krusenstern, or Ignalook, and the island of Ratmanoff, or Noonarbook, and proceeds due north, without limitation, into the same Frozen ocean. The same western limit, beginning at the same initial point, proceeds thence in a course nearly southwest through Behring’s straits and Behring’s sea, so as to pass midway between the northwest point of the island of St. Lawrence and the southeast point of Cape Choukotski, to the meridian of one hundred and seventy-two west longitude; thence, from the intersection of that meridian, in a south-westerly direction, so as to pass midway between the island of Attou and the Copper island of the Kormandorski couplet or group in the North Pacific ocean, to the meridian of one hundred and ninety-three degrees west longitude, so as to include in the territory conveyed the whole of the Aleutian islands east of that meridian.

**ARTICLE II.**

In the cession of territory and dominion made by the preceding article are included the right of property in all public lots and squares, vacant lands, and all public buildings, fortifications, barracks, and other edifices which are not private individual property. It is, however, understood and agreed, that the churches which have been built in the ceded territory by the Russian government, shall remain the property of such members of the Greek Oriental Church resident in the territory, as may choose to worship therein. Any government archives, papers, and documents relative to the territory and dominion aforesaid, which may be now existing there, will be left in the possession of the agent of the United States; but an authenticated copy of such of them as may be required, will be, at all times, given by the United States to the Russian government, or to such Russian officers or subjects as they may apply for.

**ARTICLE III.**

The inhabitants of the ceded territory, according to their choice, reserving their natural allegiance, may return to Russia within three years; but if they should prefer to remain in the ceded territory, they, with the exception of uncivilized native tribes, shall be admitted to the enjoyment of all the rights, advantages, and immunities of citizens of the United States, and shall be maintained and protected in the free enjoyment of their liberty, property, and religion. The uncivilized tribes will be subject to such laws and regulations as the United States may, from time to time, adopt in regard to aboriginal tribes of that country.

**ARTICLE IV.**

His Majesty the Emperor of all the Russias shall appoint, with convenient despatch, an agent or agents for the purpose of formally delivering to a similar agent or agents appointed on behalf of the United States, the territory, dominion, property, dependencies and appurtenances which are ceded as above, and for doing any other act which may be necessary in regard thereto. But the cession, with the right of immediate possession, is nevertheless to be deemed complete and absolute on the exchange of ratifications, without waiting for such formal delivery.

**ARTICLE V.**

Immediately after the exchange of the ratifications of this convention, any fortifications or military posts which may be in the ceded territory shall be delivered to the agent of the United States, and any Russian troops which may be in the territory shall be withdrawn as soon as may be reasonably and conveniently practicable.
ARTICLE VI.
In consideration of the cession aforesaid, the United States agree to pay at the treasury in Washington, within ten months after the exchange of the ratifications of this convention, to the diplomatic representative or other agent of his Majesty the Emperor of all the Russias, duly authorized to receive the same, seven million two hundred thousand dollars in gold. The cession of territory and dominion herein made is hereby declared to be free and unencumbered by any reservations, privileges, franchises, grants, or possessions, by any associated companies, whether corporate or incorporate, Russian or any other, or by any parties, except merely private individual property holders; and the cession hereby made, conveys all the rights, franchises, and privileges now belonging to Russia in the said territory or dominion, and appurtenances thereto.

ARTICLE VII.
When this convention shall have been duly ratified by the President of the United States, by and with the advice and consent of the Senate, on the one part, and on the other by his Majesty the Emperor of all the Russias, the ratifications shall be exchanged at Washington within three months from the date hereof, or sooner if possible.

In faith whereof, the respective plenipotentiaries have signed this convention, and thereto affixed the seals of their arms.

Done at Washington, the thirtieth day of March, in the year of our Lord one thousand eight hundred and sixty-seven.

[L.S.] WILLIAM H. SEWARD.
[L.S.] EDOUARD DE STOECKL.

And whereas the said Treaty has been duly ratified on both parts, and the respective ratifications of the same were exchanged at Washington on this twentieth day of June, by William H. Seward, Secretary of State of the United States, and the Privy Counsellor Edward de Stoeckl, the Envoy Extraordinary of His Majesty the Emperor of all the Russias, on the part of their respective governments,

Now, therefore, be it known that I, Andrew Johnson, President of the United States of America, have caused the said Treaty to be made public, to the end that the same and every clause and article thereof may be observed and fulfilled with good faith by the United States and the citizens thereof.

In witness whereof, I have hereunto set my hand, and caused the seal of the United States to be affixed.

Done at the city of Washington, this twentieth day of June in the year of our Lord one thousand eight hundred and sixty-seven, and of the Independence of the United States the ninety-first.

William H Seward, Secretary of State

is hereby authorized and empowered, in his discretion and under such rules
as he may prescribe, to allot not to exceed one hundred and sixty acres of
nonmineral land in the district of Alaska to any Indian or Eskimo of full or
mixed blood who resides in and is a native of said district, and who is the
head of a family, or is twenty-one years of age; and the land so allotted shall
be deemed the homestead of the allottee and his heirs in perpetuity, and
shall be inalienable and nontaxable until otherwise provided by Congress.
Any person qualified for an allotment as aforesaid shall have the prefer-
eence right to secure by allotment the nonmineral land occupied by him not
exceeding one hundred and sixty acres.

Approved, May 17, 1906
AN ACT

To authorize the conveyance of homestead allotments to Indians, Aleuts, or Eskimos in Alaska.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act of May 17, 1906 (34 Stat. 197; 48 U. S. C. 357), is hereby amended—

(a) by inserting after the word “Indian” in the first sentence thereof the following”, Aleut”;

(b) by inserting before the word “nonmineral” in the first sentence thereof the following: “vacant, unappropriated, and unreserved”;

(c) by inserting after the word “Alaska” the first time it appears in the first sentence thereof the following: “, or subject to the provisions of the Act of March 8, 1922 (42 Stat. 415, 48 U.S.C. 376-377), vacant, unappropriated, and unreserved land in Alaska that may be valuable for coal, oil, or gas deposits,”;

(d) by striking the period after the first sentence thereof and adding the following: “: Provided, That any Indian, Aleut, or Eskimo who receives an allotment under this Act, or his heirs, is authorized to convey by deed, with the approval of the Secretary of the Interior, the title to the land so allotted, and such conveyance shall vest in the purchaser a complete title to the land which shall be subject to restrictions against alienation and taxation only if the purchaser is an Indian, Aleut, or Eskimo native of Alaska who the Secretary determines is unable to manage the land without the protection of the United States and the conveyance provides for a continuance of such restrictions.”; and

(e) by adding two new sections as follows:

“SEC. 2. Allotments in national forests may be made under this Act if founded on occupancy of the land prior to the establishment of the particular forest or if the Secretary of Agriculture certifies that the land in an application for an allotment is chiefly valuable for agricultural or grazing purposes.

“SEC. 3. No allotment shall be made to any person under this Act until said person has made proof satisfactory to the Secretary of the Interior of substantially continuous use and occupancy of the land for a period of five years.”

Approved, August 2, 1956.

A Proclamation

Whereas the public lands in the Territory of Alaska, which are hereinafter indicated, are in part covered with timber, and it appears that the public good would be promoted by utilizing said lands as a national forest;

Now, therefore, I, Theodore Roosevelt, President of the United States of America, by virtue of the power in me vested by section 24 of the act of Congress, approved March third, eighteen hundred and ninety-one, entitled, “An act to repeal timber-culture laws, and for other purposes,” do proclaim that there are hereby reserved from settlement, entry, or sale, and set apart as a public reservation, for the use and benefit of the people, all the tracts of land, in the Territory of Alaska, shown as the Chugach National Forest on the diagram forming a part hereof, and further described as follows: All of the public land lying within a line beginning at the southern extremity of Cape Puget, Alaska, on the east coast of Kenai Peninsula; thence in a general northerly direction, following the coast line, to the western extremity of Portage Bay; thence northwesterly to the divide between Turnagain Arm and Portage Bay; thence in a general northerly direction alone the divide between Knik Arm and Port Welles and in a general easterly direction along the main divide of the Chugach Mountains, continuing thence to a point on left bank of Copper River opposite the northern extremity of Cottonwood Island; thence southerly, down left bank of said Copper River, to its southern extremity; thence in a southwesterly direction to the southern extremity of Cape Cleare; thence in a northwesterly direction to the southern extremity of Cape Puget, the place of beginning, and embracing all islands within said described line;

Excepting from the force and effect of this proclamation the several areas contained within boundaries formed by circles described with a radius of a mile, each, from the centers of the following-named towns and settlements, to wit: Eyak, Orca, Tahtetlahk, Ellamar, Valdez, Fort Liscum, Einiklik, Chenaga, Nutchek, and Latouche:

Provided, That this proclamation shall not be so construed as to deprive any person of any valid right possessed under the treaty for the cession or the Russian possessions in North America to the United States, concluded at Washington on the thirtieth day of March, eighteen hundred and sixty-seven, or acquired under any act of Congress relating to the Territory of Alaska;

And further excepting from the force and effect of this proclamation all lands which are at this date embraced in any legal entry or covered by any lawful filing or selection duly of record in the proper United States land office, or upon which any valid settlement has been made pursuant to law, if the statutory period within which to make entry or filing of record has not expired; and also excepting all lands which at this date are embraced within any withdrawal or reservation for any use or purpose with which this reservation for for-
ests uses is inconsistent: Provided, That these exceptions shall not continue to apply to any particular tract of land unless the entryman, settler, or claimant continues to comply with the law under which the entry, filing, or settlement was made, or unless the reservation or withdrawal with which this reservation is inconsistent continues in force; not excepting from the force and effect of this proclamation, however, any part of the national forest hereby established which may have been withdrawn to protect the coal therein, but this proclamation does not vacate any such coal-land withdrawal; and provided that these exceptions shall not apply to any land embraced in any selection, entry, or filing, which may have been permitted to remain of record subject to the creation of a permanent reservation.

Warning is hereby given to all persons not to make settlement upon any of the lands reserved by this proclamation, unless and until they are listed by the Secretary of Agriculture and opened to homestead settlement or entry by the Secretary of the Interior under the act of Congress, approved June eleventh, nineteen hundred and six, entitled, “An Act To provide for the entry of Agricultural lands within forest reserves.”

In Witness Whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Whereas an Executive order dated July second, nineteen hundred and eight, consoli-

were set apart by proclamation dated December twenty-fourth, eighteen hundred and nine-

Provided, That this proclamation shall not be so construed as to deprive any person of any valid right possessed under the treaty for the cession of the Russian professions in North America to the United States, concluded at Washington on the thirtieth day of March, eighteen hundred and sixty-seven, or acquired under any act of Congress relating to the Territory of Alaska.

The withdrawal made by this proclamation shall, as to all lands which are at this date legally appropriated under the public land laws or reserved for any public purpose, be subject to, and shall not interfere with or defeat legal rights under such appropriation, nor prevent the use for such public purpose of lands so reserved, so long as such appropriation is legally maintained, or such reservation remains in force.

Since the withdrawal made by this proclamation for forest purposes and the withdrawal made by proclamation dated December twenty-four, eighteen hundred and ninety-two, for the purpose of establishing fish culture stations and for the use of the United States Commissioner of Fish and Fisheries are consistent, both shall be effective upon the land withdrawn, but the withdrawal for fish culture stations and for the use of the United States Commissioner of Fish and Fisheries shall be the dominant one.

This proclamation shall not prevent the settlement and entry of any lands heretofore opened to settlement and entry under the act of Congress approved June eleventh, nineteen hundred and six, entitled, “An Act to provide for the entry of Agricultural lands within forest reserves.”

And whereas, it appears that the public good would be promoted by adding to the Tongass National Forest certain lands within the Territory of Alaska, which are in part covered with timber;

Now, therefore, I, THEODORE ROOSEVELT, President of the United States of America, by virtue of the power in me vested by the Act of Congress, approved June fourth, eighteen hundred and ninety-seven, entitled, “An Act Making appropriations for sundry civil expenses of the Government for the fiscal year ending June thirtieth, eighteen hundred and ninety-eight, and for other purposes,” do proclaim that the Tongass National Forest is hereby enlarged and that its boundaries are as shown on the two parts of the diagram forming a part hereof, and further described as follows:

All of the public land lying within boundaries described as follows: Beginning at the point where the International Boundary Line between the Territory of Alaska and the Dominion of Canada intersects the left bank of the Skagway River; thence southwesterly down the left bank of the said river to a point five miles above the center of the town of Skagway; thence in a southeasterly and southwesterly direction, at a distance of five miles from the center of said town, to the east shore of Chilkoot Inlet; thence southerly along said shore to Lynn Canal; thence southeasterly through Lynn Canal and Favorite Channel to a point on the shore of Young Bay due east of the head of Hawk Inlet; thence westerly to the head of Hawk Inlet; thence in a general southwesterly, northwesterly and southwesterly direction through Hawk Inlet, Icy Strait, passing between Pleasant Island and Lemesurier Island, through Inian Passage, and Cross Sound to a point due west of Cape Bingham; thence southeasterly to a point sixty miles west of Cape Muzon; thence easterly to Cape Muzon; thence in a general easterly, northerly, northeasterly, and northwesterly direction along the said International Boundary Line to the summit of Elbow Mount, at an elevation of 4,235 feet; thence northwesterly to the summit of the most westerly of Twin Peaks, at an elevation of 7,180 feet; thence northwesterly to the summit of a Peak, having an elevation of 5,821 feet, on the said International Boundary Line; thence in a general northwesterly direction along the said International Boundary Line to the summit of a peak known as Devils Paw, having an elevation of 8,000 feet; thence in a southwesterly direction to the summit of a peak, having an elevation of 5,977 feet, in Mendenhall Glacier; thence northwesterly to the summit of a peak, having an elevation of 6,550 feet, on the said
International Boundary Line; thence in a general northwesterly direction along the said International Boundary Line to the point where it intersects the left bank of the Skagway River, the place of beginning; and embracing all islands within said described boundaries;

Also all of the public land lying within the boundaries described as follows: Beginning at the point where the sixtieth parallel of latitude intersects the International Boundary Line between the Territory of Alaska and the Dominion of Canada; thence due west along the said parallel to the middle of the channel of Yakutat Bay; thence in a southwesterly direction along the middle of the channel of said bay to a point due west of Ocean Cape; thence in a southeasterly direction to a point on the fifty-ninth parallel of latitude opposite the mouth of the Alsek River; thence easterly along said parallel to its intersection with the shore of Dry Bay; thence in a northerly direction along the shore of said bay to the left bank of the most easterly outlet of Alsek River; thence in a general northerly direction along the left bank of said river to a point midway between the mouth of the river and the intersection of the river with the said International Boundary Line; thence in a northerly direction to the foot of Yakutat Glacier; thence in a northerly direction to the summit of Mount Ruhamah on the said International Boundary Line; thence in a northerly direction along the said International Boundary Line to its intersection with the sixtieth parallel of latitude, the place of beginning; and embracing all islands within said described boundaries;

Excepting from the force and effect of this proclamation the several areas contained within boundaries formed by circles described with a radius of five miles, each, from the centers of the following named towns and settlements, to wit: Juneau, Douglas, Treadwell and Sitka; also the several areas contained within boundaries formed by circles described with a radius of one mile, each, from the centers of the following named towns and settlements, to wit: Snettisham, Sumdum, Windham, and Loring; also the areas contained within boundaries formed by circles described with a radius of two miles, each, from the centers of the towns of Petersburg and Wrangell; also Annette and Pennock Islands; also all the northern portion of Gravina Island which lies above a line running from the head of Val-lenan Bay southeasterly to the head of Blank Inlet; also all that portion of Revillagigedo Island lying southwest of a line beginning at a point at the head of Wards Cove; and running thence in a southeasterly direction, at a distance of two miles from the shores of Tongass Narrows to a point on Carroll Inlet; and also all that portion of Kasaan Peninsula, forming a part of Prince of Wales Island, which lies southeast of a line beginning at a point on Kasaan Bay due west of the United States Location Monument Number 5, and running thence, north 44° 42’ east, 6,996 feet (approximately) to the most southwesterly point on the bay known as Lyman Anchorage:

Provided, that this proclamation shall not be so construed as to deprive any person of any valid right possessed under the Treaty for the cession of the Russian possessions in North America to the United States, concluded at Washington on the thirtieth day of March, eighteen hundred and sixty-seven, or acquired under any act of Congress relating to the Territory of Alaska.

The withdrawal made by this proclamation shall, as to all lands which are at this date legally appropriated under the public land laws or reserved for any public purpose, be subject to, and shall not interfere with or defeat legal rights under such appropriation, nor prevent the use for such public purpose of lands so reserved, so long as such appropriation
is legally maintained, or such reservation remains in force.

This proclamation shall not prevent the settlement and entry of any lands heretofore opened to settlement and entry under the Act of Congress approved June eleventh, nineteen hundred and six, entitled, "An Act to provide for the entry of Agricultural lands within forest reserves."

In Witness Whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this 16th day of February, in the year of our Lord one thousand nine hundred and nine, and of the Independence of the United States the one hundred and thirty-third.

Sec. 4. As a compact with the United States said State and its people do agree and declare that they forever disclaim all right and title to any lands or other property not granted or confirmed to the State or its political subdivisions by or under the authority of this Act, the right or title to which is held by the United States or is subject to disposition by the United States, and to any lands or other property (including fishing rights), the right or title to which may be held by any Indians, Eskimos, or Aleuts (hereinafter called natives) or is held by the United States in trust for said natives; that all such lands or other property, belonging to the United States or which may belong to said natives, shall be and remain under the absolute jurisdiction and control of the United States until disposed of under its authority, except to such extent as the Congress has prescribed or may hereafter prescribe, and except when held by individual natives in fee without restrictions on alienation:

Provided, That nothing contained in this Act shall recognize, deny, enlarge, impair, or otherwise affect any claim against the United States, and any such claim shall be governed by the laws of the United States applicable thereto; and nothing in this Act is intended or shall be construed as a finding, interpretation, or construction by the Congress that any law applicable thereto authorizes, establishes, recognizes, or confirms the validity or invalidity of any such claim, and the determination of the applicability or effect of any law to any such claim shall be unaffected by anything in this Act:

And provided further, That no taxes shall be imposed by said State upon any lands or other property now owned or hereafter acquired by the United States or which, as hereinafter set forth, may belong to said natives, except to such extent as the Congress has prescribed or may hereafter prescribe, and except when held by individual natives in fee without restrictions on alienation.
Sec. 5. Such lands shall be selected by the State of Alaska with the approval of the Secretary of Agriculture as to national forest lands and with the approval of the Secretary of the Interior as to other public lands: Provided, That nothing herein contained shall affect any valid existing claim, location, or entry under the laws of the United States, whether for homestead, mineral, right-of-way, or other purpose whatsoever, or shall affect the rights of any such owner, claimant, locator, or entryman to the full use and enjoyment of the land so occupied.

(b) The State of Alaska, in addition to any other grants made in this section, is hereby granted and shall be entitled to select, within twenty-five years after the admission of Alaska into the Union, not to exceed one hundred and two million five hundred and fifty thousand acres from the public lands of the United States in Alaska which are vacant, unappropriated, and unreserved at the time of their selection: Provided, That nothing herein contained shall affect any valid existing claim, location, or entry under the laws of the United States, whether for homestead, mineral, right-of-way, or other purpose whatsoever, or shall affect the rights of any such owner, claimant, locator, or entryman to the full use and enjoyment of the lands so occupied: And provided further, That no selection hereunder shall be made in the area north and west of the line described in section 10 without approval of the President or his designated representative.

(c) Block 32, and the structures and improvements thereon, in the city of Juneau are granted to the State of Alaska for any or all of the following purposes or a combination thereof: A residence for the Governor, a State museum, or park and recreational use.

(d) Block 19, and the structures and improvements thereon, and the interests of the United States in blocks C and 7, and the structures and improvements thereon, in the city of Juneau, are hereby granted to the State of Alaska.

(e) All real and personal property of the United States situated in the Territory of Alaska which is specifically used for the sole purpose of conservation and protection of the fisheries and wildlife of Alaska, under the provisions of the Alaska game law of July 1, 1943 (57 Stat. 301; 48 U. S. C., secs. 192-211), as amended, and under the provisions of the Alaska commercial fisheries laws of June 26, 1906 (34 Stat. 475; 48 U. S. C., secs. 230-259 and 241-242), and June 6, 1924 (43 Stat. 465; 48 U. S. C., secs. 221-228), as supplemented and amended, shall be transferred and conveyed to the State of Alaska by the appropriate Federal agency: Provided, That the administration and management of the fish and wildlife resources of Alaska shall be retained by the Federal Government under existing laws until the
first day of the first calendar year following the expiration of ninety legislative days after the Secretary of the Interior certifies to the Congress that the Alaska State Legislature has made adequate provision for the administration, management, and conservation of said resources in the broad national interest: Provided, That such transfer shall not include lands withdrawn or otherwise set apart as refuges or reservations for the protection of wildlife nor facilities utilized in connection therewith, or in connection with general research activities relating to fisheries or wildlife. Sums of money that are available for apportionment or which the Secretary of the Interior shall have apportioned, as of the date the State of Alaska shall be deemed to be admitted into the Union, for wildlife restoration in the Territory of Alaska, pursuant to section 8 (a) of the Act of September 2, 1937, as amended (16 U. S. C., sec. 669g-1), and for fish restoration and management in the Territory of Alaska, pursuant to section 12 of the Act of August 9, 1950 (16 U. S. C., sec. 777k), shall continue to be available for the period, and under the terms and conditions in effect at the time, the apportionments are made. Commencing with the year during which Alaska is admitted into the Union, the Secretary of the Treasury, at the close of each fiscal year, shall pay to the State of Alaska 70 per centum of the net proceeds, as determined by the Secretary of the Interior, derived during such fiscal year from all sales of sealskins or sea-otter skins made in accordance with the provisions of the Act of February 26, 1944 (58 Stat. 100; 16 U. S. C., secs. 631a-631q), as supplemented and amended. In arriving at the net proceeds, there shall be deducted from the receipts from all sales all costs to the United States in carrying out the provisions of the Act of February 26, 1944, as supplemented and amended, including, but not limited to, the costs of handling and dressing the skins, the costs of making the sales, and all expenses incurred in the administration of the Pribilof Islands. Nothing in this Act shall be construed as affecting the rights of the United States under the provisions of the Act of February 26, 1944, as supplemented and amended, and the Act of June 28, 1937 (50 Stat. 325), as amended (16 U. S. C., sec. 772 et seq.).

(f) Five per centum of the proceeds of sale of public lands lying within said State which shall be sold by the United States subsequent to the admission of said State into the Union, after deducting all the expenses incident to such sales, shall be paid to said State to be used for the support of the public schools within said State.

(g) Except as provided in subsection (a), all lands granted in quantity to and authorized to be selected by the State of Alaska by this Act shall be selected in such manner as the laws of the State may provide, and in conformity with such regulations as the Secretary of the Interior may prescribe. All selections shall be made in reasonably compact tracts, taking into account the situation and potential uses of the lands involved, and each tract selected shall contain at least five thousand seven hundred and sixty acres unless isolated from other tracts open to selection. The authority to make selections shall never be alienated or bargained away, in whole or in part, by the State. Upon the revocation of any order of withdrawal in Alaska, the order of revocation shall provide for a period of not less than ninety days before the date on which it otherwise becomes effective, if subsequent to the admission of Alaska into the Union, during which period the State of Alaska shall have a preferred right of selection, subject to the requirements of this Act, except as against prior existing valid rights or as against equitable claims subject to allowance and confirmation. Such preferred right of selection shall have precedence over the preferred right of application created by section 4 of the Act of September
27, 1944 (58 Stat. 748; 43 U. S. C., sec. 282), as now or hereafter amended, but not over other preference rights now conferred by law. Where any lands desired by the State are unsurveyed at the time of their selection, the Secretary of the Interior shall survey the exterior boundaries of the area requested without any interior subdivision thereof and shall issue a patent for such selected area in terms of the exterior boundary survey; where any lands desired by the State are surveyed at the time of their selection, the boundaries of the area requested shall conform to the public land subdivisions established by the approval of the survey. All lands duly selected by the State of Alaska pursuant to this Act shall be patented to the State by the Secretary of the Interior. Following the selection of lands by the State and the tentative approval of such selection by the Secretary of the Interior or his designee, but prior to the issuance of final patent, the State is hereby authorized to execute conditional leases and to make conditional sales of such selected lands. As used in this subsection, the words "equitable claims subject to allowance and confirmation" include, without limitation, claims of holders of permits issued by the Department of Agriculture on lands eliminated from national forests, whose permits have been terminated only because of such elimination and who own valuable improvements on such lands.

(h) Any lease, permit, license, or contract issued under the Mineral Leasing Act of February 25, 1920 (41 Stat. 437; 30 U. S. C., sec. 181 and following), as amended, or under the Alaska Coal Leasing Act of October 20, 1914 (38 Stat. 741; 30 U. S. C., sec. 492 and following), as amended, shall have the effect of withdrawing the lands subject thereto from selection by the State of Alaska under this Act, unless such lease, permit, license, or contract is in effect on the date of approval of this Act, and unless an application to select such lands is filed with the Secretary of the Interior within a period of five years after the date of the admission of Alaska into the Union. Such selections shall be made only from lands that are otherwise open to selection under this Act, and shall include the entire area that is subject to each lease, permit, license, or contract involved in the selections. Any patent for lands so selected shall vest in the State of Alaska all right, title, and interest of the United States in and to any such lease, permit, license, or contract that remains outstanding on the effective date of the patent, including the right to all rentals, royalties, and other payments accruing after that date under such lease, permit, license, or contract, and including any authority that may have been retained by the United States to modify the terms and conditions of such lease, permit, license, or contract: Provided, That nothing herein contained shall affect the continued validity of any such lease, permit, license, or contract or any rights arising thereunder.

(i) All grants made or confirmed under this Act shall include mineral deposits. The grants of mineral lands to the State of Alaska under subsections (a) and (b) of this section are made upon the express condition that all sales, grants, deeds, or patents for any of the mineral lands so granted shall be subject to and contain a reservation to the State of all of the minerals in the lands so sold, granted, deeded, or patented, together with the right to prospect for, mine, and remove the same. Mineral deposits in such lands shall be subject to lease by the State as the State legislature may direct: Provided, That any lands or minerals hereafter disposed of contrary to the provisions of this section shall be forfeited to the United States by appropriate proceedings instituted by the Attorney General for that purpose in the United States District Court for the District of Alaska.

(j) The schools and colleges provided for in this Act shall forever remain under the exclusive control of the State, or its governmental
subdivisions, and no part of the proceeds arising from the sale or disposal of any lands granted herein for educational purposes shall be used for the support of any sectarian or denominational school, college, or university.

(k) Grants previously made to the Territory of Alaska are hereby confirmed and transferred to the State of Alaska upon its admission. Effective upon the admission of the State of Alaska into the Union, section 1 of the Act of March 4, 1915 (38 Stat. 1214; 48 U. S. C., sec. 353), as amended, and the last sentence of section 35 of the Act of February 25, 1920 (41 Stat. 450; 30 U. S. C., sec. 191), as amended, are repealed and all lands therein reserved under the provisions of section 1 as of the date of this Act shall, upon the admission of said State into the Union, be granted to said State for the purposes for which they were reserved; but such repeal shall not affect any outstanding lease, permit, license, or contract issued under said section 1, as amended, or any rights or powers with respect to such lease, permit, license, or contract, and shall not affect the disposition of the proceeds or income derived prior to such repeal from any lands reserved under said section 1, as amended, or derived thereafter from any disposition of the reserved lands or an interest therein made prior to such repeal.

(1) The grants provided for in this Act shall be in lieu of the grant of land for purposes of internal improvements made to new States by section 8 of the Act of September 4, 1841 (5 Stat. 455), and sections 2378 and 2379 of the Revised Statutes (43 U. S. C., sec. 857), and in lieu of the swampland grant made by the Act of September 28, 1850 (9 Stat. 520), and section 2479 of the Revised Statutes (43 U. S. C., sec. 982), and in lieu of the grant of thirty thousand acres for each Senator and Representative in Congress made by the Act of July 2, 1862, as amended (12 Stat. 503; 7 U. S. C., secs. 301-308), which grants are hereby declared not to extend to the State of Alaska.

(m) The Submerged Lands Act of 1953 (Public Law 31, Eighty-third Congress, first session; 67 Stat. 29) shall be applicable to the State of Alaska and the said State shall have the same rights as do existing States thereunder.

SEC. 7. Upon enactment of this Act, it shall be the duty of the President of the United States, not later than July 3, 1958, to certify such fact to the Governor of Alaska. Thereupon the Governor, on or after July 3, 1958, and not later than August 1, 1958, shall issue his proclamation for the elections, as hereinafter provided, for officers of all elective offices and in the manner provided for by the constitution of the proposed State of Alaska, but the officers so elected shall in any event include two Senators and one Representative in Congress.

SEC. 8. (a) The proclamation of the Governor of Alaska required by section 7 shall provide for holding of a primary election and a general election on dates to be fixed by the Governor of Alaska: Provided, That the general election shall not be held later than December 1, 1958, and at such elections the officers required to be elected as provided in section 7 shall be, and officers for other elective offices provided for in the constitution of the proposed State of Alaska may be, chosen by the people. Such elections shall be held, and the qualifications of voters thereat shall be, as prescribed by the constitution of the proposed State of Alaska for the election of members of the proposed State legislature. The returns thereof shall be made and certified in such manner as the constitution of the proposed State of Alaska may prescribe. The Governor of Alaska shall certify the results of said elections to the President of the United States.

(b) At an election designated by proclamation of the Governor of Alaska, which may be the general election held pursuant to subsection (a) of this section, or a Territorial general election, or a special
election, there shall be submitted to the electors qualified to vote in said election, for adoption or rejection, by separate ballot on each, the following propositions:

"(1) Shall Alaska immediately be admitted into the Union as a State?

"(2) The boundaries of the State of Alaska shall be as prescribed in the Act of Congress approved ________ (date of approval of this Act) and all claims of this State to any areas of land or sea outside the boundaries so prescribed are hereby irrevocably relinquished to the United States.

"(3) All provisions of the Act of Congress approved ________ (date of approval of this Act) reserving rights or powers to the United States, as well as those prescribing the terms or conditions of the grants of lands or other property therein made to the State of Alaska, are consented to fully by said State and its people."

In the event each of the foregoing propositions is adopted at said election by a majority of the legal votes cast on said submission, the proposed constitution of the proposed State of Alaska, ratified by the people at the election held on April 24, 1956, shall be deemed amended accordingly. In the event any one of the foregoing propositions is not adopted at said election by a majority of the legal votes cast on said submission, the provisions of this Act shall thereupon cease to be effective.

The Governor of Alaska is hereby authorized and directed to take such action as may be necessary or appropriate to insure the submission of said propositions to the people. The return of the votes cast on said propositions shall be made by the election officers directly to the Secretary of Alaska, who shall certify the results of the submission to the Governor. The Governor shall certify the results of said submission, as so ascertained, to the President of the United States.

(c) If the President shall find that the propositions set forth in the preceding subsection have been duly adopted by the people of Alaska, the President, upon certification of the returns of the election of the officers required to be elected as provided in section 7 of this Act, shall thereupon issue his proclamation announcing the results of said election as so ascertained. Upon the issuance of said proclamation by the President, the State of Alaska shall be deemed admitted into the Union as provided in section 1 of this Act.

Until the said State is so admitted into the Union, all of the officers of said Territory, including the Delegate in Congress from said Territory, shall continue to discharge the duties of their respective offices. Upon the issuance of said proclamation by the President of the United States and the admission of the State of Alaska into the Union, the officers elected at said election, and qualified under the provisions of the constitution and laws of said State, shall proceed to exercise all the functions pertaining to their offices in or under or by authority of the government of said State, and officers not required to be elected at said initial election shall be selected or continued in office as provided by the constitution and laws of said State. The Governor of said State shall certify the election of the Senators and Representative in the manner required by law, and the said Senators and Representative shall be entitled to be admitted to seats in Congress and to all the rights and privileges of Senators and Representatives of other States in the Congress of the United States.

(d) Upon admission of the State of Alaska into the Union as herein provided, all of the Territorial laws then in force in the Territory of Alaska shall be and continue in full force and effect throughout said State except as modified or changed by this Act, or by the constitution...
of the State, or as thereafter modified or changed by the legislature of the State. All of the laws of the United States shall have the same force and effect within said State as elsewhere within the United States. As used in this paragraph, the term "Territorial laws" includes (in addition to laws enacted by the Territorial Legislature of Alaska) all laws or parts thereof enacted by the Congress the validity of which is dependent solely upon the authority of the Congress to provide for the government of Alaska prior to the admission of the State of Alaska into the Union, and the term "laws of the United States" includes all laws or parts thereof enacted by the Congress that (1) apply to or within Alaska at the time of the admission of the State of Alaska into the Union, (2) are not "Territorial laws" as defined in this paragraph, and (3) are not in conflict with any other provisions of this Act.

Sec. 9. The State of Alaska upon its admission into the Union shall be entitled to one Representative until the taking effect of the next reapportionment, and such Representative shall be in addition to the membership of the House of Representatives as now prescribed by law: Provided, That such temporary increase in the membership shall not operate to either increase or decrease the permanent membership of the House of Representatives as prescribed in the Act of August 8, 1911 (37 Stat. 13) nor shall such temporary increase affect the basis of apportionment established by the Act of November 15, 1941 (55 Stat. 761; 2 U. S. C., sec. 2a), for the Eighty-third Congress and each Congress thereafter.

Sec. 10. (a) The President of the United States is hereby authorized to establish, by Executive order or proclamation, one or more special national defense withdrawals within the exterior boundaries of Alaska, which withdrawal or withdrawals may thereafter be terminated in whole or in part by the President.

(b) Special national defense withdrawals established under subsection (a) of this section shall be confined to those portions of Alaska that are situated to the north or west of the following line: Beginning at the point where the Porcupine River crosses the international boundary between Alaska and Canada; thence along a line parallel to, and five miles from, the right bank of the main channel of the Porcupine River to its confluence with the Yukon River; thence along a line parallel to, and five miles from, the right bank of the main channel of the Yukon River to its most southerly point of intersection with the meridian of longitude 160 degrees west of Greenwich; thence south to the intersection of said meridian with the Kuskokwim River; thence along a line parallel to, and five miles from the right bank of the Kuskokwim River to the mouth of said river; thence along the shoreline of Kuskokwim Bay to its intersection with the meridian of longitude 162 degrees 30 minutes west of Greenwich; thence south to the intersection of said meridian with the parallel of latitude 57 degrees 30 minutes north; thence east to the intersection of said parallel with the meridian of longitude 156 degrees west of Greenwich; thence south to the intersection of said meridian with the parallel of latitude 50 degrees north.

(c) Effective upon the issuance of such Executive order or proclamation, exclusive jurisdiction over all special national defense withdrawals established under this section is hereby reserved to the United States, which shall have sole legislative, judicial, and executive power within such withdrawals, except as provided hereinafter. The exclusive jurisdiction so established shall extend to all lands within the exterior boundaries of each such withdrawal, and shall remain in effect with respect to any particular tract or parcel of land only so long as such tract or parcel remains within the exterior boundaries of such a
withdrawal. The laws of the State of Alaska shall not apply to areas within any special national defense withdrawal established under this section while such areas remain subject to the exclusive jurisdiction hereby authorized: Provided, however, that such exclusive jurisdiction shall not prevent the execution of any process, civil or criminal, of the State of Alaska, upon any person found within said withdrawals: And provided further, That such exclusive jurisdiction shall not prohibit the State of Alaska from enacting and enforcing all laws necessary to establish voting districts, and the qualification and procedures for voting in all elections.

(d) During the continuance in effect of any special national defense withdrawal established under this section, or until the Congress otherwise provides, such exclusive jurisdiction shall be exercised within each such withdrawal in accordance with the following provisions of law:

(1) All laws enacted by the Congress that are of general application to areas under the exclusive jurisdiction of the United States, including, but without limiting the generality of the foregoing, those provisions of title 18, United States Code, that are applicable within the special maritime and territorial jurisdiction of the United States as defined in section 7 of said title, shall apply to all areas within such withdrawals.

(2) In addition, any areas within the withdrawals that are reserved by Act of Congress or by Executive action for a particular military or civilian use of the United States shall be subject to all laws enacted by the Congress that have application to lands withdrawn for that particular use, and any other areas within the withdrawals shall be subject to all laws enacted by the Congress that are of general application to lands withdrawn for defense purposes of the United States.

(3) To the extent consistent with the laws described in paragraphs (1) and (2) of this subsection and with regulations made or other actions taken under their authority, all laws in force within such withdrawals immediately prior to the creation thereof by Executive order or proclamation shall apply within the withdrawals and, for this purpose, are adopted as laws of the United States: Provided, however, That the laws of the State or Territory relating to the organization or powers of municipalities or local political subdivisions, and the laws or ordinances of such municipalities or political subdivisions shall not be adopted as laws of the United States.

(4) All functions vested in the United States commissioners by the laws described in this subsection shall continue to be performed within the withdrawals by such commissioners.

(5) All functions vested in any municipal corporation, school district, or other local political subdivision by the laws described in this subsection shall continue to be performed within the withdrawals by such corporation, district, or other subdivision, and the laws of the State or the laws or ordinances of such municipalities or local political subdivision shall remain in full force and effect notwithstanding any withdrawal made under this section.

(7) The United States District Court for the District of Alaska shall have original jurisdiction, without regard to the sum or value of any matter in controversy, over all civil actions arising within such withdrawals under the laws made applicable thereto by this subsection, as well as over all offenses committed within the withdrawals.
(e) Nothing contained in subsection (d) of this section shall be construed as limiting the exclusive jurisdiction established in the United States by subsection (c) of this section or the authority of the Congress to implement such exclusive jurisdiction by appropriate legislation, or as denying to persons now or hereafter residing within any portion of the areas described in subsection (b) of this section the right to vote at all elections held within the political subdivisions as prescribed by the State of Alaska, where they respectively reside, or as limiting the jurisdiction conferred on the United States District Court for the District of Alaska by any other provision of law, or as continuing in effect laws relating to the Legislature of the Territory of Alaska. Nothing contained in this section shall be construed as limiting any authority otherwise vested in the Congress or the President.

Sec. 11. The provisions of this subsection shall not apply to lands within such special national defense with-

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That this Act may be cited as the "Alaska Native Claims Settlement Act".

DECLARATION OF POLICY

Sec. 2. Congress finds and declares that—

(a) there is an immediate need for a fair and just settlement of all claims by Natives and Native groups of Alaska, based on aboriginal land claims;

(b) the settlement should be accomplished rapidly, with certainty, in conformity with the real economic and social needs of Natives, without litigation, with maximum participation by Natives in decisions affecting their rights and property, without establishing any permanent racially defined institutions, rights, privileges, or obligations, without creating a reservation system or lengthy wardship or trusteeship, and without adding to the categories of property and institutions enjoying special tax privileges or to the legislation establishing special relationships between the United States Government and the State of Alaska;

(c) no provision of this Act shall replace or diminish any right, privilege, or obligation of Natives as citizens of the United States or of Alaska, or relieve, replace, or diminish any obligation of the United States or of the State or Alaska to protect and promote the rights or welfare of Natives as citizens of the United States or of Alaska; the Secretary is authorized and directed, together with other appropriate agencies of the United States Government, to make a study of all Federal programs primarily designed to benefit Native people and to report back to the Congress with his recommendations for the future management and operation of these programs within three years of the date of enactment of this Act;

(d) no provision of this Act shall constitute a precedent for reopening, renegotiating, or legislating upon any past settlement involving land claims or other matters with any Native organizations, or any tribe, band, or identifiable group of American Indians;

(e) no provision of this Act shall effect a change or changes in the petroleum reserve policy reflected in sections 7421 through 7438 of title 10 of the United States Code except as specifically provided in this Act;

(g) no provision of this Act shall be construed to terminate or otherwise curtail the activities of the Economic Development Administration or other Federal agencies conducting loan or loan and grant programs in Alaska. For this purpose only, the terms "Indian reservation" and "trust or restricted Indian-owned land areas" in Public Law 80-136, the Public Works and Economic Development Act of 1965, as amended, shall be interpreted to include lands granted to Natives under this Act as long as such lands remain in the ownership of the Native villages or the Regional Corporations.

(e) The original articles of incorporation and bylaws shall be approved by the Secretary before they are filed, and they shall be submitted for approval within eighteen months after the date of enactment of this Act. The articles of incorporation may not be amended during the Regional Corporation’s first five years without the approval of the Secretary. The Secretary may withhold approval under this section if in his judgment inequities among Native individuals or groups of Native individuals would be created.

(f) The management of the Regional Corporation shall be vested in a board of directors, all of whom, with the exception of the initial board, shall be stockholders over the age of eighteen. The number, terms, and method of election of members of the board of directors shall be fixed in the articles of incorporation or bylaws of the Regional Corporation.

(g) The Regional Corporation shall be authorized to issue such number of shares of common stock, divided into such classes of shares as may be specified in the articles of incorporation to reflect the provisions of this Act, as may be needed to issue one hundred shares of stock to each Native enrolled in the region pursuant to section 5.

(h) (1) Except as otherwise provided in paragraph (2) of this subsection, stock issued pursuant to subsection (g) shall carry a right to vote in elections for the board of directors and on such other questions as properly may be presented to stockholders, shall permit the holder to receive dividends or other distributions from the Regional Corporation, and shall vest in the holder all rights of a stockholder in a business corporation organized under the laws of the State of Alaska, except that for a period of twenty years after the date of enactment of this Act the stock, inchoate rights thereto, and any dividends paid or distributions made with respect thereto may not be sold, pledged, subjected to a lien or judgment execution, assigned in present or future, or otherwise alienated: Provided, That such limitation shall not apply to transfers of stock pursuant to a court decree of separation, divorce or child support.
(2) Upon the death of any stockholder, ownership of such stock shall be transferred in accordance with his last will and testament or under the applicable laws of intestacy, except that (A) during the twenty-year period after the date of enactment of this Act such stock shall carry voting rights only if the holder thereof through inheritance also is a Native, and (B), in the event the deceased stockholder fails to dispose of his stock by will and has no heirs under the applicable laws of intestacy, such stock shall escheat to the Regional Corporation.

(3) On January 1 of the twenty-first year after the year in which this Act is enacted, all stock previously issued shall be deemed to be canceled, and shares of stock of the appropriate class shall be issued without restrictions required by this Act to each stockholder share for share.

(i) Seventy per centum of all revenues received by each Regional Corporation from the timber resources and subsurface estate patented to it pursuant to this Act shall be divided annually by the Regional Corporation among all twelve Regional Corporations organized pursuant to this section according to the number of Natives enrolled in each region pursuant to section 5. The provisions of this subsection shall not apply to the thirteenth Regional Corporation if organized pursuant to subsection (c) hereof.

(j) During the five years following the enactment of this Act, not less than 10% of all corporate funds received by each of the twelve Regional Corporations under section 6 (Alaska Native Fund), and under subsection (i) (revenues from the timber resources and subsurface estate patented to it pursuant to this Act), and all other net income, shall be distributed among the stockholders of the twelve Regional Corporations. Not less than 45% of funds from such sources during the first five-year period, and 50% thereafter, shall be distributed among the Village Corporations in the region and the class of stockholders who are not residents of those villages, as provided in subsection to it. In the case of the thirteenth Regional Corporation, if organized, not less than 50% of all corporate funds received under section 6 shall be distributed to the stockholders.

(k) Funds distributed among the Village Corporations shall be divided among them according to the ratio that the number of shares of stock registered on the books of the Regional Corporation in the names of residents of each village bears to the number of shares of stock registered in the names of residents in all villages.

(l) Funds distributed to a Village Corporation may be withheld until the village has submitted a plan for the use of the money that is satisfactory to the Regional Corporation. The Regional Corporation may require a village plan to provide for joint ventures with other villages, and for joint financing of projects undertaken by the Regional Corporation that will benefit the region generally. In the event of disagreement over the provisions of the plan, the issues in disagreement shall be submitted to arbitration, as shall be provided for in the articles of incorporation of the Regional Corporation.

(m) When funds are distributed among Village Corporations in a region, an amount computed as follows shall be distributed as dividends to the class of stockholders who are not residents of those villages: The amount distributed as dividends shall bear the same ratio to the amount distributed among the Village Corporations that the number of shares of stock registered on the books of the Regional Corporation in the names of nonresidents of villages bears to the number of shares of stock registered in the names of village residents: Provided, That an equitable portion of the amount distributed as dividends may be withheld and combined with Village Corporation funds to finance projects that will benefit the region generally.
(n) The Regional Corporation may undertake on behalf of one or more of the Village Corporations in the region any project authorized and financed by them.

(o) The accounts of the Regional Corporation shall be audited annually in accordance with generally accepted auditing standards by independent certified public accountants or independent licensed public accountants, certified or licensed by a regulatory authority of the State or the United States. The audits shall be conducted at the place or places where the accounts of the Regional Corporation are normally kept. All books, accounts, financial records, reports, files, and other papers, things, or property belonging to or in use by the Regional Corporation and necessary to facilitate the audits shall be available to the person or persons conducting the audits; and full facilities for verifying transactions with the balances or securities held by depositaries, fiscal agent, and custodians shall be afforded to such person or persons. Each audit report or a fair and reasonably detailed summary thereof shall be transmitted to each stockholder, to the Secretary of the Interior and to the Committees on Interior and Insular Affairs of the Senate and the House of Representatives.

(p) In the event of any conflict between the provisions of this section and the laws of the State of Alaska, the provisions of this section shall prevail.

(q) Two or more Regional Corporations may contract with the same business management group for investment services and advice regarding the investment of corporate funds.

### VILLAGE CORPORATIONS

Sec. 8. (a) The Native residents of each Native village entitled to receive lands and benefits under this Act shall organize as a business for profit or nonprofit corporation under the laws of the State before the Native village may receive patent to lands or benefits under this Act, except as otherwise provided.

(b) The initial articles of incorporation for each Village Corporation shall be subject to the approval of the Regional Corporation for the region in which the village is located. Amendments to the articles of incorporation and the annual budgets of the Village Corporations shall, for a period of five years, be subject to review and approval by the Regional Corporation. The Regional Corporation shall assist and advise Native villages in the preparation of articles of incorporation and other documents necessary to meet the requirements of this subsection.

(c) The provisions concerning stock alienation, annual audit, and transfer of stock ownership on death or by court decree provided for Regional Corporations in section 7 shall apply to Village Corporations except that audits need not be transmitted to the Committees on Interior and Insular Affairs of the Senate and the House of Representatives.

### REVENUE SHARING

Sec. 9. (a) The provisions of this section shall apply to all minerals that are subject to disposition under the Mineral Leasing Act of 1920, as amended and supplemented.

(b) With respect to conditional leases and sales of minerals herefore or hereafter made pursuant to section 6(g) of the Alaska Statehood Act, and with respect to mineral leases of the United States that are or may be subsumed by the State under section 6(h) of the Alaska Statehood Act, until such time as the provisions of subsection (c) become operative the State shall pay into the Alaska Native Fund...
from the royalties, rentals, and bonuses hereafter received by the State
(1) a royalty of 2 per centum upon the gross value (as such gross value
is determined for royalty purposes under such leases or sales) of such
minerals produced or removed from such lands, and (2) 2 per centum
of all rentals and bonuses under such leases or sales, excluding bonuses
received by the State at the September 1969 sale of minerals from ten-
tatively approved lands and excluding rentals received pursuant to
such sale before the date of enactment of this Act. Such payment shall
be made within sixty days from the date the revenues are received
by the State.

(c) Each patent hereafter issued to the State under the Alaska
Statehood Act, including a patent of lands heretofore selected and
tentatively approved, shall reserve for the benefit of the Natives, and
for payment into the Alaska Native Fund, (1) a royalty of 2 per
centum upon the gross value (as such gross value is determined for
royalty purposes under any disposition by the State) of the minerals
thereafter produced or removed from such lands, and (2) 2 per centum
of all revenues thereafter derived by the State from rentals and
bonuses from the disposition of such minerals.

(d) All bonuses, rentals, and royalties received by the United States
after the date of enactment of this Act from the disposition by it of
such minerals in public lands in Alaska shall be distributed as provided
in the Alaska Statehood Act, except that prior to calculating the shares
of the State and the United States as set forth in such Act, (1) a roy-
alty of 2 per centum upon the gross value of such minerals produced
(as such gross value is determined for royalty purposes under the sale
or lease), and (2) 2 per centum of all rentals and bonuses shall be
deducted and paid into the Alaska Native Fund. The respective shares
of the State and the United States shall be calculated on the remaining
balance.

(e) The provisions of this section shall be enforceable by the
United States for the benefit of the Natives, and in the event of default
by the State in making the payments required, in addition to any
other remedies provided by law, there shall be deducted annually by
the Secretary of the Treasury from any grant-in-aid or from any other
sums payable to the State under any provision of Federal law an
amount equal to any such underpayment, which amount shall be
deposited in the Fund.

(f) Revenues received by the United States or the State as com-
penstation for estimated drainage of oil or gas shall, for the purposes
of this section, be regarded as revenues from the disposition of oil and
gas. In the event the United States or the State elects to take royalties
in kind, there shall be paid into the Fund on account thereof an amount
equal to the royalties that would have been paid into the Fund under
the provisions of this section had the royalty been taken in cash.

(g) The payments required by this section shall continue only until
$500,000,000 have been paid into the Alaska Native Fund. Thereafter
the provisions of this section shall not apply, and the reservation
required in patents under this section shall be of no further force and
effect.

(h) When computing the final payment into the Fund the respective
shares of the United States and the State with respect to payments
to the Fund required by this section shall be determined pursuant to
this subsection and in the following order:

(1) first, from sources identified under subsections (b) and (c)
hereof; and

(2) then, from sources identified under subsection (d) hereof.

(i) The provisions of this section do not apply to mineral revenues
received from the Outer Continental Shelf.
Sec. 10. (a) Notwithstanding any other provision of law, any civil action to contest the authority of the United States to legislate on the subject matter or the legality of this Act shall be barred unless the complaint is filed within one year of the date of enactment of this Act, and no such action shall be entertained unless it is commenced by a duly authorized official of the State. Exclusive jurisdiction over such action is hereby vested in the United States District Court for the District of Alaska. The purpose of this limitation on suits is to insure that, after the expiration of a reasonable period of time, the right, title, and interest of the United States, the Natives, and the State of Alaska will vest with certainty and finality and may be relied upon by all other persons in their relations with the State, the Natives, and the United States.

(b) In the event that the State initiates litigation or voluntarily becomes a party to litigation to contest the authority of the United States to legislate on the subject matter or the legality of this Act, all rights of land selection granted to the State by the Alaska Statehood Act shall be suspended as to any public lands which are determined by the Secretary to be potentially valuable for mineral development, timber, or other commercial purposes, and no selections shall be made, no tentative approvals shall be granted, and no patents shall be issued for such lands during the pendency of such litigation. In the event of such suspension, the State's right of land selection pursuant to section 6 of the Alaska Statehood Act shall be extended for a period of time equal to the period of time the selection right was suspended.

Withdrawal of Public Lands

Sec. 11. (a) (1) The following public lands are withdrawn, subject to valid existing rights, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and from selection under the Alaska Statehood Act, as amended:

(A) The lands in each township that encloses all or part of any Native village identified pursuant to subsection (b);

(B) The lands in each township that is contiguous to or corners on the township that encloses all or part of such Native village; and

(C) The lands in each township that is contiguous to or corners on a township containing lands withdrawn by paragraph (B) of this subsection.

The following lands are excepted from such withdrawal: lands in the National Park System and lands withdrawn or reserved for national defense purposes other than Naval Petroleum Reserve Numbered 4.

(2) All lands located within the townships described in subsection (a) (1) hereof that have been selected by, or tentatively approved to, but not yet patented to, the State under the Alaska Statehood Act are withdrawn, subject to valid existing rights, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and from the creation of third party interests by the State under the Alaska Statehood Act.

(3) (A) If the Secretary determines that the lands withdrawn by subsections (a) (1) and (2) hereof are insufficient to permit a Village or Regional Corporation to select the acreage it is entitled to select, the Secretary shall withdraw three times the deficiency from the nearest unreserved, vacant and unappropriated public lands. In making this withdrawal the Secretary shall, insofar as possible, withdraw public lands of a character similar to those on which the village is located and
in order of their proximity to the center of the Native village: Provided, That if the Secretary, pursuant to section 17, and 22(e) determines there is a need to expand the boundaries of a National Wildlife Refuge to replace any acreage selected in the Wildlife Refuge System by the Village Corporation the withdrawal under this section shall not include lands in the Refuge.

(B) The Secretary shall make the withdrawal provided for in subsection (3)(A) hereof on the basis of the best available information within sixty days of the date of enactment of this Act, or as soon thereafter as practicable.

(2) Within two and one-half years from the date of enactment of this Act, the Secretary shall review all of the villages listed in subsection (b) (1) hereof, and a village shall not be eligible for land benefits under subsections 14 (a) and (b), and any withdrawal for such village shall expire, if the Secretary determines that—

(A) less than twenty-five Natives were residents of the village on the 1970 census enumeration date as shown by the census or other evidence satisfactory to the Secretary, who shall make findings of fact in each instance; or,

(B) the village is of a modern and urban character, and the majority of the residents are non-Native.

Any Native group made ineligible by this subsection shall be considered under subsection 14 (h).

(3) Native villages not listed in subsection (b) (1) hereof shall be eligible for land and benefits under this Act and lands shall be withdrawn pursuant to this section if the Secretary within two and one-
half years from the date of enactment of this Act, determines that—

(A) twenty-five or more Natives were residents of an established village on the 1970 census enumeration date as shown by the census or other evidence satisfactory to the Secretary, who shall make findings of fact in each instance; and

(B) the village is not of a modern and urban character, and a majority of the residents are Natives.

**NATIVE LAND SELECTIONS**

Sec. 12. (a) (1) During a period of three years from the date of enactment of this Act, the Village Corporation for each Native village identified pursuant to section 11 shall select, in accordance with rules established by the Secretary, all of the township or townships in which any part of the village is located, plus an area that will make the total selection equal to the acreage to which the village is entitled under section 14. The selection shall be made from lands withdrawn by subsection 11(a): Provided, That no Village Corporation may select more than 69,120 acres from lands withdrawn by subsection 11(a) (2), and not more than 69,120 acres from the National Wildlife Refuge System, and not more than 69,120 acres in a National Forest: Provided further, That when a Village Corporation selects the surface estate to lands within the National Wildlife Refuge System or Naval Petroleum Reserve Numbered 4, the Regional Corporation for that region may select the subsurface estate in an equal acreage from other lands withdrawn by subsection 11(a) within the region, if possible.

(2) Selections made under this subsection (a) shall be contiguous and in reasonably compact tracts, except as separated by bodies of water or by lands which are unavailable for selection, and shall be in whole sections and, wherever feasible, in units of not less than 1,280 acres.

(b) The difference between twenty-two million acres and the total acreage selected by Village Corporations pursuant to subsection (a) shall be allocated by the Secretary among the eleven Regional Corporations (which excludes the Regional Corporation for southeastern Alaska) on the basis of the number of Natives enrolled in each region. Each Regional Corporation shall reallocate such acreage among the Native villages within the region on an equitable basis after considering historic use, subsistence needs, and population. The action of the Secretary or the Corporation shall not be subject to judicial review. Each Village Corporation shall select the acreage allocated to it from the lands withdrawn by subsection 11(a).

(c) The difference between thirty-eight million acres and the 22 million acres selected by Village Corporations pursuant to subsections (a) and (b) shall be allocated among the eleven Regional Corporations (which excludes the Regional Corporation for southeastern Alaska) as follows:

(1) The number of acres each Regional Corporation is entitled to receive shall be computed (A) by determining on the basis of available data the percentage of all land in Alaska (excluding the southeastern region) that is within each of the eleven regions, (B) by applying that percentage to thirty-eight million acres reduced by the acreage in the southeastern region that is to be selected pursuant to section 16, and (C) by deducting from the figure so computed the number of acres within that region selected pursuant to subsections (a) and (b).

(2) In the event that the total number of acres selected within a region pursuant to subsections (a) and (b) exceeds the percentage of the reduced thirty-eight million acres allotted to that region pursuant...
to subsection (c) (1) (B), that region shall not be entitled to receive any lands under this subsection (c). For each region so affected the difference between the acreage calculated pursuant to subsection (c) (1) (B) and the acreage selected pursuant to subsections (a) and (b) shall be deducted from the acreage calculated under subsection (c) (1) (C) for the remaining regions which will select lands under this subsection (c). The reductions shall be apportioned among the remaining regions so that each region's share of the total reduction bears the same proportion to the total reduction as the total land area in that region (as calculated pursuant to subsection (c) (1) (A) bears to the total land area in all of the regions whose allotments are to be reduced pursuant to this paragraph.

(3) Before the end of the fourth year after the date of enactment of this Act, each Regional Corporation shall select the acreage allocated to it from the lands within the region withdrawn pursuant to subsection 11(a) (1), and from the lands within the region withdrawn pursuant to subsection 11(a) (3) to the extent lands withdrawn pursuant to subsection 11(a) (1) are not sufficient to satisfy its allocation: Provided, That within the lands withdrawn by subsection 11(a) (1) the Regional Corporation may select only even numbered townships in even numbered ranges, and only odd numbered townships in odd numbered ranges.

(d) To insure that the Village Corporation for the Native village at Dutch Harbor, if found eligible for land grants under this Act, has a full opportunity to select lands within and near the village, no federally owned lands, whether improved or not, shall be disposed of pursuant to the Federal surplus property disposal laws for a period of two years from the date of enactment of this Act. The Village Corporation may select such lands and improvements and receive patent to them pursuant to subsection 14(a) of this Act.

(e) Any dispute over the land selection rights and the boundaries of Village Corporations shall be resolved by a board of arbitrators consisting of one person selected by each of the Village Corporations involved, and an additional one or two persons, whichever is needed to make an odd number of arbitrators, such additional person or persons to be selected by the arbitrators selected by the Village Corporations.

SURVEYS

SEC. 13. (a) The Secretary shall survey the areas selected or designated for conveyance to Village Corporations pursuant to the provisions of this Act. He shall monument only exterior boundaries of the selected or designated areas at angle points and at intervals of approximately two miles on straight lines. No ground survey or monumentation will be required along meanderable water boundaries. He shall survey within the areas selected or designated land occupied as a primary place of residence, as a primary place of business, and for other purposes, and any other land to be patented under this Act.

(b) All withdrawals, selections, and conveyances pursuant to this Act shall be as shown on current plats of survey or protraction diagrams of the Bureau of Land Management, or protraction diagrams of the Bureau of the State where protraction diagrams of the Bureau of Land Management are not available, and shall conform as nearly as practicable to the United States Land Survey System.

CONVEYANCE OF LANDS

SEC. 14. (a) Immediately after selection by a Village Corporation for a Native village listed in section 11 which the Secretary
finds is qualified for land benefits under this Act, the Secretary shall issue to the Village Corporation a patent to the surface estate in the number of acres shown in the following table:

If the village had on the 1970 census enumeration date a Native population of

The lands patented shall be those selected by the Village Corporation pursuant to subsection 12(a). In addition, the Secretary shall issue to the Village Corporation a patent to the surface estate in the lands selected pursuant to subsection 12(b).

(b) Immediately after selection by any Village Corporation for a Native village listed in section 16 which the Secretary finds is qualified for land benefits under this Act, the Secretary shall issue to the Village Corporation a patent to the surface estate to 23,040 acres. The lands patented shall be the lands within the township or townships that enclose the Native village, and any additional lands selected by the Village Corporation from the surrounding townships withdrawn for the Native village by subsection 16(a).

(c) Each patent issued pursuant to subsections (a) and (b) shall be subject to the requirements of this subsection. Upon receipt of a patent or patents:

1. the Village Corporation shall first convey to any Native or non-Native occupant, without consideration, title to the surface estate in the tract occupied as a primary place of residence, or as a primary place of business, or as a subsistence campsite, or as headquarters for reindeer husbandry;

2. the Village Corporation shall then convey to the occupant, either without consideration or upon payment of an amount not in excess of fair market value, determined as of the date of initial occupancy and without regard to any improvements thereon, title to the surface estate in any tract occupied by a nonprofit organization;

3. the Village Corporation shall then convey to any Municipal Corporation in the Native village or to the State in trust for any Municipal Corporation established in the Native village in the future, title to the remaining surface estate of the improved land on which the Native village is located and as much additional land as is necessary for community expansion, and appropriate rights-of-way for public use, and other foreseeable community needs: Provided, That the amount of lands to be transferred to the Municipal Corporation or in trust shall be no less than 1,280 acres;

4. the Village Corporation shall convey to the Federal Government, State or to the appropriate Municipal Corporation, title to the surface estate for existing airport sites, airway beacons, and other navigation aids, together with such additional acreage and/or easements as are necessary to provide related services and to insure safe approaches to airport runways and

5. for a period of ten years after the date of enactment of this Act, the Regional Corporation shall be afforded the opportunity to review and render advice to the Village Corporations on all land sales, leases or other transactions prior to any final commitment.
(d) the Secretary may apply the rule of approximation with respect to the acreage limitations contained in this section.

(e) Immediately after selection by a Regional Corporation, the Secretary shall convey to the Regional Corporation title to the surface and/or the subsurface estates, as is appropriate, in the lands selected.

(f) When the Secretary issues a patent to a Village Corporation for the surface estate in lands pursuant to subsections (a) and (b), he shall issue to the Regional Corporation for the region in which the lands are located a patent to the subsurface estate in such lands, except lands located in the National Wildlife Refuge System and lands withdrawn or reserved for national defense purposes, including Naval Petroleum Reserve Numbered 4, for which in lieu rights are provided for in subsection 12(a)(1): Provided, That the right to explore, develop, or remove minerals from the subsurface estate in the lands within the boundaries of any Native village shall be subject to the consent of the Village Corporation.

Upon issuance of the patent, the patentee shall succeed and become entitled to any and all interests of the State or the United States as lessor, contractor, permitter, or grantor, in any such leases, contracts, permits, rights-of-way, or easements covering the estate patented, and a lease issued under section 6(g) of the Alaska Statehood Act shall be treated for all purposes as though the patent had been issued to the State. The administration of such lease, contract, permit, right-of-way, or easement shall continue to be by the State or the United States, unless the agency responsible for administration waives administration. In the event that the patent does not cover all of the land embraced within any such lease, contract, permit, right-of-way, or easement, the patentee shall only be entitled to the proportionate amount of the revenues reserved under such lease, contract, permit, right-of-way, or easement by the State or the United States which results from multiplying the total of such revenues by a fraction in which the numerator is the acreage of such lease, contract, permit, right-of-way, or easement which is included in the patent and the denominator is the total acreage contained in such lease, contract, permit, right-of-way, or easement.

(h) The Secretary is authorized to withdraw and convey 2 million acres of unreserved and unappropriated public lands located outside the areas withdrawn by sections 11 and 16, and follows:

(b) (1) The Planning Commission shall identify public easements across lands selected by Village Corporations and the Regional Corporations and at periodic points along the courses of major waterways which are reasonably necessary to guarantee international treaty obligations, a full right of public use and access for recreation, hunting, transportation, utilities, docks, and such other public uses as the Planning Commission determines to be important.

(2) In identifying public easements the Planning Commission shall consult with appropriate State and Federal agencies, shall review proposed transportation plans, and shall receive and review statements and recommendations from interested organizations and individuals on the need for and proposed location of public easements: Provided, That any valid existing right recognized by this Act shall continue to have whatever right of access as is now provided for under existing law and this subsection shall not operate in any way to diminish or limit such right of access.

(3) Prior to granting any patent under this Act to the Village Corporation and Regional Corporations, the Secretary shall consult with the State and the Planning Commission and shall reserve such public easements as he determines are necessary.

(c) In the event that the Secretary withdraws a utility and transportation corridor across public lands in Alaska pursuant to his existing authority, the State, the Village Corporations and the Regional Corporations shall not be permitted to select lands from the area withdrawn.

(d) (1) Public Land Order Numbered 4582, 34 Federal Register 1025, as amended, is hereby revoked. For a period of ninety days after the date of enactment of this Act all unreserved public lands in Alaska are hereby withdrawn from all forms of appropriation under the public land laws, including the mining (except locations for metalliferous
minerals) and the mineral leasing laws. During this period of time the Secretary shall review the public lands in Alaska and determine whether any portion of these lands should be withdrawn under authority provided for in existing law to insure that the public interest in these lands is properly protected. Any further withdrawal shall require an affirmative act by the Secretary under his existing authority, and the Secretary is authorized to classify or reclassify any lands so withdrawn and to open such lands to appropriation under the public land laws in accord with his classifications. Withdrawals pursuant to this paragraph shall not affect the authority of the Village Corporations, the Regional Corporations, and the State to make selections and obtain patents within the areas withdrawn pursuant to section 11.

(2) (A) The Secretary, acting under authority provided for in existing law, is directed to withdraw from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and from selection under the Alaska Statehood Act, and from selection by Regional Corporations pursuant to section 11, up to, but not to exceed, eighty million acres of unreserved public lands in the State of Alaska, including previously classified lands, which the Secretary deems are suitable for addition to or creation as units of the National Park, Forest, Wildlife Refuge, and Wild and Scenic Rivers Systems: Provided, That such withdrawals shall not affect the authority of the State and the Regional and Village Corporations to make selections and obtain patents within the areas withdrawn pursuant to section 11.

(B) Lands withdrawn pursuant to paragraph (A) hereof must be withdrawn within nine months of the date of enactment of this Act. All unreserved public lands not withdrawn under paragraph (A) or subsection 17(d) (1) shall be available for selection by the State and for appropriation under the public land laws.

(C) Every six months, for a period of two years from the date of enactment of this Act, the Secretary shall advise the Congress of the location, size and values of lands withdrawn pursuant to paragraph (A) and submit his recommendations with respect to such lands. (D) Areas recommended by the Secretary pursuant to paragraph (C) shall remain withdrawn from any appropriation under the public land laws until such time as the Congress acts on the Secretary’s recommendations, but not to exceed five years from the recommendation dates. The withdrawal of areas not so recommended shall terminate at the end of the two year period.

(E) Notwithstanding any other provision of this subsection, initial identification of lands desired to be selected by the State pursuant to the Alaska Statehood Act and by the Regional Corporations pursuant to section 12 of this Act may be made within any area withdrawn pursuant to this subsection (d), but such lands shall not be tentatively approved or patented so long as the withdrawals of such areas remain in effect: Provided, That selection of lands by Village Corporations pursuant to section 12 of this Act shall not be affected by such withdrawals and such lands selected may be patented and such rights granted as authorized by this Act. In the event Congress enacts legislation setting aside any areas withdrawn under the provisions of this subsection which the Regional Corporations or the State desired to select, then other unreserved public lands shall be made available for alternative selection by the Regional Corporations and the State. Any
time periods established by law for Regional Corporations or State selections are hereby extended to the extent that delays are caused by compliance with the provisions of this subsection (2).

(3) Any lands withdrawn under this section shall be subject to administration by the Secretary under applicable laws and regulations, and his authority to make contracts and to grant leases, permits, rights-of-way, or easements shall not be impaired by the withdrawal.

Further, the Act of May 17, 1906 (34 Stat. 197), as amended, is hereby repealed. Notwithstanding the foregoing provisions of this section, any application for an allotment that is pending before the Department of the Interior on the date of enactment of this Act may, at the option of the Native applicant, be approved and a patent issued in accordance with said 1887, 1910, or 1906 Act, as the case may be, in which event the Native shall not be eligible for a patent under subsection 14(h)(5) of this Act.

If two or more villages are located on such reserve the election must be made by all of the members or stockholders of the Village Corporations concerned. In such event, the Secretary shall convey the land to the Village Corporation or Corporations, subject to valid existing rights as provided in subsection 14(g), and the Village Corporation shall not be eligible for any other land selections under this Act or to any distribution of Regional Corporation funds pursuant to section 7, and the enrolled residents of the Village Corporation shall not be eligible to receive Regional Corporation stock.

(d) The Chief Commissioner or his delegate is authorized to receive, determine, and settle such claims in accordance with the following rules:

1. No claim shall be allowed if the claimant has otherwise been reimbursed.
2. The amount allowed for services shall be based on the nature of the service rendered, the time and labor required, the need for providing the service, whether the service was intended to be a voluntary public service or compensable, the existence of a bona fide attorney-client relationship with an identified client, and the relationship of the service rendered to the enactment of proposed legislation. 4. The amounts allowed for services rendered shall not exceed in the aggregate $2,000,000, of which not more than $100,000 shall be available for the payment of consultants' fees. Claimants may appear before a trial commissioner in person or by attorney, and may produce evidence and examine witnesses. In the discretion of the Chief Commissioner or his designate, hearings may be held in the localities where the claimants reside if convenience so demands.
Subpena power. Any sanction authorized by the rules of practice of the Court of Claims, except contempt, may be imposed on any claimant, witness, or attorney by the trial commissioner, review panel, or Chief Commissioner. None of the rules, regulations, rulings, findings, or conclusions authorized by this section shall be subject to judicial review.

Report to Congress. (9) The findings and conclusions of the trial commissioner shall be submitted by him, together with the record in the case, to the review panel of commissioners for review by it pursuant to such rules as may be provided for the purpose, which shall include provision for submitting the decision of the trial commissioner to the claimant and any party contesting the claim for consideration, exception, and argument before the panel. The panel, by majority vote, shall adopt or modify the findings or the conclusions of the trial commissioner.

Restriction. (10) The Court of Claims is hereby authorized and directed, under such conditions as it may prescribe, to provide the facilities and services of the office of the clerk of the court for the filing, processing, hearing, and dispatch of claims made pursuant to this section and to include within its annual appropriations the costs thereof and other costs of administration, including (but without limitation to the items herein listed) the salaries and traveling expenses of its auditors and the commissioners serving as trial commissioners and panel members, mailing and service of process, necessary physical facilities, equipment, and supplies, and personnel (including secretaries, reporters, auditors, and law clerks).

(2) Any person who receives, and any corporation or association official who pays, on account of such services and expenses, any remuneration in addition to the amount allowed in accordance with this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than $5,000, or imprisoned not more than twelve months, or both.

(g) A claim for actual costs incurred in filing protests, preserving land claims, advancing land claims settlement legislation, and presenting testimony to the Congress on proposed Native land claims may be submitted to the Chief Commissioner of the Court of Claims by any bona fide association of Natives. The claim must be submitted within six months from the date of enactment of this Act, and shall be in such form and contain such information as the Chief Commissioner shall prescribe. The Chief Commissioner shall allow such amounts as he determines are reasonable, but he shall allow no amount for attorney and consultant fees and expenses which shall be compensable solely under subsection (b) through (e). If approved claims under this subsection aggregate more than $600,000, each claim shall be reduced on a pro rata basis. Any person who has made a lawful entry prior to August 31, 1971, for any of the foregoing purposes shall be protected in his right of use and occupancy until all the requirements of law for a patent have been met even though the lands involved have been reserved or withdrawn in accordance with Public Land Order 4582, as amended, or the withdrawal provisions of this Act: Provided, That occupancy must have been maintained in accordance with the appropriate public land law: Provided further, That any person who entered on public lands in violation of Public Land Order 4582, as amended, shall gain no rights.

Exchanges shall be on the basis of equal value, and either party to the exchange may pay or accept cash in order to equalize the value of the properties exchanged.

(g) If a patent is issued to any Village Corporation for land in the National Wildlife Refuge System, the patent shall reserve to the United States the right of first refusal if the land is ever sold by the Village Corporation. Notwithstanding any other provision of this Act, every patent issued by the Secretary pursuant to this Act—which covers lands lying within the boundaries of a National Wildlife Refuge on the date of enactment of this Act shall contain a provision that such lands remain subject to the laws and regulations governing use and development of such Refuge.

(j) In any area of Alaska for which protraction diagrams of the Bureau of Land Management or the State do not exist, or which does not conform to the United States Land Survey System, or which has not been surveyed in a manner adequate to withdraw and grant the lands provided for under this Act, the Secretary shall take such actions as are necessary to accomplish the purposes of this Act, and the deeds granted shall note that upon completion of an adequate survey appropriate adjustments will be made to insure that the beneficiaries of the land grants receive their full entitlement.

1. the sale of any timber from such lands shall, for a period of five years, be subject to the same restrictions relating to the export of timber from the United States as are applicable to national forest lands in Alaska under rules and regulations of the Secretary of Agriculture; and
2. such lands are managed under the principle of sustained yield and under management practices for protection and enhancement of environmental quality no less stringent than such management practices on adjacent national forest lands for a period of twelve years.

(l) Notwithstanding any provision of this Act, no Village or Regional Corporation shall select lands which are within two miles from the boundary, as it exists on the date of enactment of this Act, of any home rule or first class city (excluding boroughs) or which are within six miles from the boundary of Ketchikan.

An Act

To provide, under or by amendment of the Alaska Native Claims Settlement Act, for the late enrollment of certain Natives, the establishment of an escrow account for the proceeds of certain lands, the treatment of certain payments and grants, and the consolidation of existing regional corporations, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the Secretary of the Interior (hereinafter in this Act referred to as the "Secretary") is directed to review those applications submitted within one year from the date of enactment of this Act by applicants who failed to meet the March 30, 1973, deadline for enrollment established by the Secretary pursuant to the Alaska Native Claims Settlement Act (hereinafter in this Act referred to as the "Settlement Act"), and to enroll those Natives under the provisions of that Act who would have been qualified if the March 30, 1973, deadline had been met: Provided, That Natives enrolled under this Act shall be issued stock under the Settlement Act together with a pro rata share of all future distributions under the Settlement Act which shall commence beginning with the next regularly scheduled distribution after the enactment of this Act: Provided further, That land entitlement of any Native village, Native group, Village Corporation, or Regional Corporation, all as defined in such Act, shall not be affected by any enrollment pursuant to this Act, and that no tribe, band, clan, group, village, community, or association not otherwise eligible for land or other benefits as a "Native village", as defined in such Act, shall become eligible for land or other benefits as a Native village because of any enrollment pursuant to this Act: Provided further, That no tribe, band, clan, village, community, or association not otherwise eligible for land or other benefits as a "Native group", as defined in such Act, shall become eligible for land or other benefits as a Native group because of any enrollment pursuant to this Act: And provided further, That any "Native group", as defined in such Act, shall not lose its status as a Native group because of any enrollment pursuant to this Act.

(b) The Secretary is authorized to poll individual Natives properly enrolled to Native villages or Native groups which are not recognized as Village Corporations under section 11 of the Settlement Act and which are included within the boundaries of former reserves of the Village Corporation or Corporations of which elected to acquire title to the surface and subsurface estate of said reserves pursuant to subsection 19(b) of the Settlement Act. The Secretary may allow these individuals the option to enroll to a Village Corporation which elected the surface and subsurface title under section 19(b) or remain enrolled to the Regional Corporation in which the village or group is located on an at-large basis: Provided, That nothing in this subsection shall affect existing entitlement to land of any Regional Corporation pursuant to section 12(b) or 14(h)(8) of the Settlement Act.

(c) In those instances where, on the roll prepared under section 5 of the Settlement Act, there were enrolled as residents of a place on April 1, 1970, a sufficient number of Natives required for a Native...
village or Native group, as the case may be, and it is subsequently and finally determined that such place is not eligible for land benefits under the Act on grounds which include a lack of sufficient number of residents, the Secretary shall, in accordance with the criteria for residence applied in the final determination of eligibility, redetermine the place of residence on April 1, 1970, of each Native enrolled to such place, and the place of residence as so redetermined shall be such Native's place of residence on April 1, 1970, for all purposes under the Settlement Act: Provided, That each Native whose place of residence on April 1, 1970, is changed by reason of this subsection shall be issued stock in the Native corporation or corporations in which such redetermination entitles him to membership and all stock issued to such Native by any Native Corporation in which he is no longer eligible for membership shall be deemed canceled: Provided further, That no redistribution of funds made by any Native Corporation on the basis of prior places of residence shall be affected: Provided further, That land entitlements of any Native village, Native group, Village Corporation, Regional Corporation, or corporations organized by Natives residing in Sitka, Kenai, Juneau, or Kodiak, all as defined in said Act, shall not be affected by any determination of residence made pursuant to this subsection, and no tribe, band, clan, group, village, community, or association not otherwise eligible for land or other benefits as a "Native group" as defined in said Act, shall become eligible for land or other benefits as a Native group because of any redetermination of residence pursuant to this subsection: Provided further, That any distribution of funds from the Alaska Native Fund pursuant to subsection (c) of section 6 of the Settlement Act made by the Secretary or his delegate prior to any redetermination of residency shall not be affected by the provisions of this subsection. Each Native whose place of residence is subject to redetermination as provided in this subsection shall be given notice and an opportunity for hearing in connection with such redetermination as shall appear may gain or lose stockholders by reason of such redetermination of residence.

Sec. 2. (a) From and after the date of enactment of this Act, or January 1, 1976, whichever occurs first, any and all proceeds derived from contracts, leases, permits, rights-of-way, or easements pertaining to lands or resources of lands withdrawn for Native selection pursuant to the Settlement Act shall be deposited in an escrow account which shall be held by the Secretary until lands selected pursuant to that Act have been conveyed to the selecting corporation or individual entitled to receive benefits under such Act. As such withdrawn or formerly reserved lands are conveyed, the Secretary shall pay from such account the proceeds, together with interest which derive from contracts, leases, permits, rights-of-way, or easements, pertaining to such lands or resources of such lands, to the appropriate corporation or individual entitled to receive benefits under the Settlement Act. The proceeds derived from contracts, leases, permits, rights-of-way, or easements, pertaining to lands withdrawn or reserved, but not selected or elected pursuant to such Act, shall, upon the expiration of the selection or election rights of the corporations and individuals for whose benefit such lands were withdrawn or reserved, be paid as would have been required by law were it not for the provisions of this Act.

(b) The Secretary is authorized to deposit in the Treasury of the United States the escrow account proceeds referred to in subsection (a) of this section, and the United States shall pay interest thereon semiannually from the date of deposit to the date of payment with simple interest at the rate determined by the Secretary of the Treasury.
to be the rate payable on short-term obligations of the United States prevailing at the time of payment: Provided, That the Secretary in his discretion may withdraw such proceeds from the United States Treasury and reinvest such proceeds in the manner provided by the first section of the Act of June 24, 1938 (52 U.S.C. 1037): Provided further, That this section shall not be construed to create or terminate any trust relationship between the United States and any corporation or individual entitled to receive benefits under the Settlement Act.

c) Any and all proceeds from public easements reserved pursuant to section 17(b)(3) of the Settlement Act, from or after the date of enactment of this Act, shall be paid to the grantee of such conveyance in accordance with such grantee's proportionate share.

d) To the extent that there is a conflict between the provisions of this section and any other Federal laws applicable to Alaska, the provisions of this section will govern. Any payment made to any corporation or any individual under authority of this section shall not be subject to any prior obligation under section 9(d) or 9(f) of the Settlement Act.

SEC. 3. The Settlement Act is amended by adding at the end thereof the following new section:

"TEMPORARY EXEMPTION FROM CERTAIN SECURITIES LAWS

"Sec. 28. Any corporation organized pursuant to this Act shall be exempt from the provisions of the Investment Company Act of 1940 (54 Stat. 789), the Securities Act of 1933 (48 Stat. 74), and the Securities Exchange Act of 1934 (48 Stat. 881), as amended, through December 31, 1991. Nothing in this section, however, shall be construed to mean that any such corporation shall or shall not, after such date, be subject to the provisions of such Acts. Any such corporation which, but for this section, would be subject to the provisions of the Securities Exchange Act of 1934 shall transmit to its stockholders each year a report containing substantially all the information required to be included in an annual report to stockholders by a corporation which is subject to the provisions of such Act."

Sec. 4. The Settlement Act is further amended by adding at the end thereof the following new section:

"RELATION TO OTHER PROGRAMS

"Sec. 29. (a) The payments and grants authorized under this Act constitute compensation for the extinguishment of claims to land, and shall not be deemed to substitute for any governmental programs otherwise available to the Native people of Alaska as citizens of the United States and the State of Alaska.

"(b) Notwithstanding section 5(a) and any other provision of the Food Stamp Act of 1964 (78 Stat. 703), as amended, in determining the eligibility of any household to participate in the food stamp program, any compensation, remuneration, revenue, or other benefit received by any member of such household under the Settlement Act shall be disregarded."

Sec. 5. For purposes of the first section of the Act of February 12, 1929 (45 Stat. 1164), as amended, and the first section of the Act of June 24, 1938 (52 Stat. 1037), the Alaska Native Fund shall, pending distributions under section 6(c) of the Settlement Act, be considered to consist of funds held in trust by the Government of the United States for the benefit of Indian tribes: Provided, That nothing in this section shall be construed to create or terminate any trust relationship
between the United States and any corporation or individual entitled to receive benefits under the Settlement Act.

Sec. 6. The Settlement Act is further amended by adding a new section 30 to read as follows:

"MERGER OF NATIVE CORPORATIONS"

"Sec. 30. (a) Notwithstanding any provision of this Act, any corporation created pursuant to section 7(d), 8(a), 14(h)(2), or 14(h)(3) within any of the twelve regions of Alaska, as established by section 7(a), may, at any time, merge or consolidate, pursuant to the applicable provisions of the laws of the State of Alaska, with any other of such corporation or corporations created within or for the same region. Any corporations resulting from mergers or consolidations further may merge or consolidate with other such merged or consolidated corporations within the same region or with other of the corporations created in said region pursuant to section 7(d), 8(a), 14(h)(2), or 14(h)(3).

"(b) Such mergers or consolidations shall be on such terms and conditions as are approved by vote of the shareholders of the corporations participating therein, including, where appropriate, terms providing for the issuance of additional shares of Regional Corporation stock to persons already owning such stock, and may take place pursuant to votes of shareholders held either before or after the enactment of this section: Provided, That the rights accorded under Alaska law to dissenting shareholders in a merger or consolidation may not be exercised in any merger or consolidation pursuant to this Act effected prior to December 19, 1991. Upon the effectiveness of any such mergers or consolidations the corporations resulting therefrom and the shareholders thereof shall succeed and be entitled to all the rights, privileges, and benefits of this Act, including but not limited to the receipt of lands and moneys and exemptions from various forms of Federal, State, and local taxation, and shall be subject to all the restrictions and obligations of this Act as are applicable to the corporations and shareholders which and who participated in said mergers or consolidations or as would have been applicable if the mergers or consolidations and transfers of rights and titles thereto had not taken place: Provided, That, where a Village Corporation organized pursuant to section 19(b) of this Act merges or consolidates with the Regional Corporation of the region in which such village is located or with another Village Corporation of that region, no provision of such merger or consolidation shall be construed as increasing or otherwise changing regional enrollments for purposes of distribution of the Alaska Native Fund; land selection eligibility; or revenue sharing pursuant to sections 6(c), 7(m), 12(b), 14(h)(8), and 7(i) of this Act.

"(c) Notwithstanding the provisions of section 7(j) or (m), in any merger or consolidation in which the class of stockholders of a Regional Corporation who are not residents of any of the villages in the region are entitled under Alaska law to vote as a class, the terms of the merger or consolidation may provide for the alteration or elimination of the right of said class to receive dividends pursuant to said section 7(j) or (m). In the event that such dividend right is not expressly altered or eliminated by the terms of the merger or consolidation, such class of stockholders shall continue to receive such dividends pursuant to section 7(j) or (m) as would have been applicable if the merger or consolidation had not taken place and all Village Corporations within the affected region continued to exist separately.
“(d) Notwithstanding any other provision of this section or of any other law, no corporation referred to in this section may merge or consolidate with any other such corporations unless that corporation’s shareholders have approved such merger or consolidation.

“(e) The plan of merger or consolidation shall provide that the right of any affected Village Corporation pursuant to section 14(f) to withhold consent to mineral exploration, development, or removal within the boundaries of the Native village shall be conveyed, as part of the merger or consolidation, to a separate entity composed of the Native residents of such Native village.”

Sec. 7. Section 17(a)(10) of the Settlement Act is amended to read as follows:

“(10) The Planning Commission shall submit, in accordance with this paragraph, comprehensive reports to the President of the United States, the Congress, and the Governor and legislature of the State with respect to its planning and other activities under this Act, together with its recommendations for programs or other actions which it determines should be implemented or taken by the United States and the State. An interim, comprehensive report covering the above matter shall be so submitted on or before May 30, 1976. A final and comprehensive report covering the above matter shall be so submitted on or before May 30, 1979. The Commission shall cease to exist effective June 30, 1979.”

Sec. 8. (a) Notwithstanding the October 6, 1975, order of the United States District Court for the District of Columbia in the case of Alaska Native Association of Oregon et al. against Rogers C. B. Morton et al., Civil Action Numbered 2133-73, and Alaska Federation of Natives International, Inc., et al. against Rogers C. B. Morton, et al., Civil Action Numbered 2141-73 (F. Supp.), changes in enrollment of Natives which are necessitated or permitted by such order shall in no way affect land selection entitlements of any Alaska Regional or Village Corporation nor any Native village or group eligibility.

(b) Stock previously issued by any of the twelve Regional Corporations in Alaska or by Village Corporations to any Native who is enrolled in the thirteenth region pursuant to said order shall, upon said enrollment, be canceled by the issuing corporation without liability to it or the Native whose stock is so canceled: Provided, That, in the event that a Native enrolled in the thirteenth region pursuant to said order shall elect to re-enroll in the appropriate Regional Corporation in Alaska pursuant to the sixth ordering paragraph of that order, stock of such Native may be canceled by the Thirteenth Regional Corporation and stock may be issued to such Native by the appropriate Regional Corporation in Alaska without liability to either corporation or to the Native.

(c) Whenever additional enrollment under the Settlement Act is permitted pursuant to this Act or any other provision of law, any Native enrolling under such authority who is determined not to be a permanent resident of the State of Alaska under criteria established pursuant to the Settlement Act shall, at the time of enrollment, elect whether to be enrolled in the thirteenth region or in the region determined pursuant to the provisions of section 5(b) of such Act and such election shall apply to all dependent members of such Native’s household who are less than eighteen years of age on the date of such election.

(d) No change in the final roll of Natives established by the Secretary pursuant to section 5 of the Settlement Act resulting from any regulation promulgated by the Secretary of the Interior providing for
the disenrollment of Natives shall affect land entitlements of any Regional or Village Corporation or any Native village or group eligibility.

Sec. 9. Section 16 of the Settlement Act is amended by inserting at the end thereof a new subsection (d) to read as follows:

“(d) The lands enclosing and surrounding the village of Klukwan which were withdrawn by subsection (a) of this section are hereby rewithdrawn to the same extent and for the same purposes as provided by said subsection (a) for a period of one year from the date of enactment of this subsection, during which period the Village Corporation for the village of Klukwan shall select an area equal to twenty-three thousand and forty acres in accordance with the provisions of subsection (b) of this section and such Corporation and the shareholders thereof shall otherwise participate fully in the benefits provided by this Act to the same extent as they would have participated had they not elected to acquire title to their former reserve as provided by section 19(b) of this Act: Provided, That nothing in this subsection shall affect the existing entitlement of any Regional Corporation to lands pursuant to section 14(h)(8) of this Act: Provided further, That the foregoing provisions of this subsection shall not become effective unless and until the Village Corporation for the village of Klukwan shall quitclaim to Chilkat Indian Village, organized under the provisions of the Act of June 18, 1934 (48 Stat. 984), as amended by the Act of May 1, 1936 (49 Stat. 1250), all its right, title, and interest in the lands of the reservation defined in and vested by the Act of September 2, 1957 (71 Stat. 596), which lands are hereby conveyed and confirmed to said Chilkat Indian Village in fee simple absolute, free of trust and all restrictions upon alienation, encumbrance, or otherwise: Provided further, That the United States and the Village Corporation for the village of Klukwan shall also quitclaim to said Chilkat Indian Village any right or interest they may have in and to income derived from the reservation lands defined in and vested by the Act of September 2, 1957 (71 Stat. 597), after the date of enactment of this Act and prior to the date of enactment of this subsection.”.

Sec. 10. Section 16(b) of the Settlement Act is amended by adding at the end thereof the following: “Such allocation as the Regional Corporation for the southeastern Alaska region shall receive under section 14(h)(8) shall be selected and conveyed from lands not selected by such Village Corporations that were withdrawn by subsection (a) of this section, except lands on Admiralty Island in the Angoon withdrawal area and, without the consent of the Governor of the State of Alaska or his delegate, lands in the Saxman and Yakutat withdrawal areas.”.

Sec. 11. The boundary between the southeastern and Chugach regions shall be the 141st meridian: Provided, That the Regional Corporation for the Chugach region shall accord to the Natives enrolled to the Village of Yakutat the same rights and privileges to use any lands which may be conveyed to the Regional Corporation in the vicinity of Icy Bay for such purposes as such Natives have traditionally made thereof, including, but not limited to, subsistence hunting, fishing and gathering, as the Regional Corporation accords to its own shareholders, and shall take no unreasonable or arbitrary action relative to such lands for the primary purpose and having the effect, of impairing or curtailing such rights and privileges.

Sec. 12. (a) The purpose of this section is to provide for the settlement of certain claims, and in so doing to consolidate ownership among the United States, the Cook Inlet Region, Incorporated (hereinafter in this section referred to as the “Region”), and the State of Alaska,
within the Cook Inlet area of Alaska in order to facilitate land management and to create land ownership patterns which encourage settlement and development in appropriate areas. The provisions of this section shall take effect at such time as all of the following have taken place:

(1) the State of Alaska has conveyed or irrevocably obligated itself to convey lands to the United States for exchange, hereby authorized, with the Region in accordance with the document referred to in subsection (b);

(2) the Region and all plaintiffs/appellants have withdrawn from Cook Inlet against Kleppe, numbered 75-2232, ninth circuit, and such proceedings have been dismissed with prejudice; and

(3) all Native village selections under section 12 of the Settlement Act of the lands within Lake Clark, Lake Kontrashibuna, and Mulchatna River deficiency withdrawals have been irrevocably withdrawn and waived.

The conveyances described in paragraph (1) of this subsection shall not be subject to the provisions of section 6(i) of the Alaska Statehood Act (72 Stat. 339).

(b) The Secretary shall make the following conveyances to the Region, in accordance with the specific terms, conditions, procedures, covenants, reservations, and other restrictions set forth in the document entitled “Terms and Conditions for Land Consolidation and Management in Cook Inlet Area”, which was submitted to the House Committee on Interior and Insular Affairs on December 10, 1975, the terms of which are hereby ratified as to the duties and obligations of the United States and the Region, as a matter of Federal law:

(1) title to approximately 10,240 acres of land within the Kenai National Moose Range; except that there shall be no conveyance of the bed of Lake Tustamena, or the mineral estate in the waterfront zone described in the document referred to in this subsection;

(2) title to oil and gas and coal in not to exceed 9.5 townships within the Kenai National Moose Range;

(3) title to Federal interests in township 10 south, range 9 west, F.M., and township 20 north, range 9 east, S.M.;

(4) title to township 1 south, range 21 west, S.M.: sections 3 to 10, 15 to 22, 29, and 30; and rights to metalliferous minerals in the following sections in township 1 north, range 21 west, S.M.: sections 13, 14, 15, 22, 23, 24, 25, 26, 27, 28, 32, 33, 34, 35, 36;

(5) title to twenty-nine and sixty-six hundredths townships of land outside the boundaries of Cook Inlet Region: unless pursuant to the document referred to in this subsection a greater or lesser entitlement shall exist, in which case the Secretary shall convey such entitlement;

(6) title to lands selected by the Region from a pool which shall be established by the Secretary and the Administrator of General Services: Provided, That conveyances pursuant to this paragraph shall not be subject to the provisions of section 22(1) of the Settlement Act: Provided further, That conveyances pursuant to this paragraph shall be made in exchange for lands or rights to select lands outside the boundaries of Cook Inlet Region as described in paragraph (5) of this subsection and on the basis of values determined by agreement among the parties, notwithstanding any other provision of law. Effective upon their conveyance, the lands referred to in paragraph (1) of this subsection are excluded from the Kenai National Moose Range, but they shall automatically become part of the range and subject
to the laws and regulations applicable thereto upon title thereafter vesting in the United States. The Secretary is authorized to acquire lands formerly within the range with the concurrence of the Region so long as the Region owns such lands. Section 22(e) of the Settlement Act, concerning refuge replacement, shall apply with respect to lands conveyed pursuant to paragraphs (1) and (2) of this subsection, except that the Secretary may designate for replacement land twice the amount of any land conveyed without restriction to a native corporation.

No lands outside the exterior boundaries of Cook Inlet Region shall be conveyed to the Region, unless, in the following circumstances, the consent of other Native Corporations is obtained:

(i) Where the township to be nominated is located within an area withdrawn as of December 15, 1975, pursuant to section 11(a) (1) of the Settlement Act, the Region shall obtain the consent of the Regional Corporation and Village Corporation affected.

(ii) Where the township to be nominated is located within an area withdrawn pursuant to section 11(a) (3) of the Settlement Act as of December 15, 1975, the Region shall obtain the consent of the Region in which the township is located.

There shall be established a buffer zone outside the withdrawals described in subparagraphs (i) and (ii) which zone shall extend one township from any such section 11(a) (3) withdrawal and one and one-half townships from any section 11(a) (1) withdrawal. Any nomination of a township within such zone shall be subject to the consent of the Region, or of the Village Corporation if adjacent to a section 11(a) (1) withdrawal: Provided, however, That the affected Regional Corporation may designate additional lands to be included by substitution in the buffer zone so long as the buffer zone location is not greater than two townships in width and the total acreage of the buffer zone is not enlarged. The affected Regional Corporation shall designate the enlarged buffer zone, if any, no later than six months following the passage of this Act. Any use or development by the Region of land conveyed under this paragraph shall give due protection to the existing subsistence uses of such lands by the residents of the area; and no easement across Village Corporation lands to lands conveyed under this paragraph shall be established without the consent of the said Village Corporation or Corporations.

(c) The lands and interests conveyed to the Region under the foregoing subsections of this section and the lands provided by the State exchange under subsection (a) (1) of this section, shall be considered and treated as conveyances under the Settlement Act unless otherwise provided, and shall constitute the Region’s full entitlement under sections 12(c) and 14(h) (8) of the Settlement Act. Of such lands, 3.58 townships of oil and gas and coal in the Kenai National Moose Range shall constitute the full surface and subsurface entitlement of the Region under section 14(h) (8). The lands which would comprise the difference in acreage between the lands actually conveyed under and referred to in the foregoing subsections of this section, and any final determination of what the Region’s acreage rights under sections 12(c) and 14(h) (8) of the Settlement Act would have been, if the conveyances set forth in this section to the Region had not been executed, shall be retained by the United States and shall not be available for conveyance to any Regional Corporation or Village Corporation, notwithstanding any provisions of the Settlement Act to the contrary.

(d) (1) The Secretary shall convey to the State of Alaska all right, title, and interest of the United States in and to all of the following lands:
(i) At least 22.8 townships and no more than 27 townships of land from those presently withdrawn under section 17(d)(2) of the Settlement Act in the Lake Iliamna area and within the Nushagak River or Koksetna River drainages near lands heretofore selected by the State, the amount and identities of which shall be determined pursuant to the document referred to in subsection (b); and

(ii) 26 townships of lands in the Talkeetna Mountains, Kamishak Bay, and Tutna Lake areas, the identities of which are set forth in the document referred to in subsection (b).

All lands granted to the State of Alaska pursuant to this subsection shall be regarded for all purposes as if conveyed to the State under and pursuant to section 6 of the Alaska Statehood Act: Provided, however, That this grant of lands shall not constitute a charge against the total acreage to which the State is entitled under section 6(b) of the Alaska Statehood Act.

(2) The Secretary is authorized and directed to convey to the State of Alaska, without consideration, all right, title, and interest of the United States in and to all of that tract generally known as the Campbell tract and more particularly identified in the document referred to in subsection (b) except for one compact unit of land which he determines, after consultation with the State of Alaska, is actually needed by the Bureau of Land Management for its present operations: Provided, That in no event shall the unit of land so excepted exceed 1,000 acres in size. The land authorized to be conveyed pursuant to this paragraph shall be used for public parks and recreational purposes and other compatible public purposes in accordance with the generalized land use plan outlined in the Greater Anchorage Area Borough's Far North Bicentennial Park Master Development Plan of September 1974. Except as provided otherwise in this paragraph, in making the conveyance authorized and required by this paragraph, the Secretary shall utilize the procedures of the Recreation and Public Purposes Act (44 Stat. 741), as amended, and regulations developed pursuant to that Act, and the conveyance of such lands shall also contain a provision that, if the lands cease to be used for the purposes for which they were conveyed; the lands and title thereto shall revert to the United States: Provided, however, That the acreage limitation provided by section 1(b) of that Act, as amended by the Act of June 4, 1954 (68 Stat. 173), shall not apply to this conveyance, nor shall the lands conveyed pursuant to this paragraph be counted against that acreage limitation with respect to the State of Alaska or any subdivision thereof.

(3) The Secretary is authorized and directed to make available for selection by the State, in its discretion, under section 6 of the Alaska Statehood Act, 12.4 townships of land to be selected from lands within the Talkeetna Mountains and Koksetna River areas as described in the document referred to in subsection (b).

(e) The Secretary may, notwithstanding any other provision of law to the contrary, convey title to lands and interests in lands selected by Native corporations within the exterior boundaries of Power Site Classification 443, February 13, 1958, to such corporations, subject to the reservations required by section 24 of the Federal Power Act. "(d) (1) The Secretary is authorized and directed to withdraw seventy thousand acres of public lands, as defined in section 3 of this Act, in order that the Village Corporation for the village of Klukwan may select twenty-three thousand and forty acres of land. Such Corporation and the shareholders thereof shall otherwise participate fully in the benefits provided by this Act to the same extent as they would have participated had they not elected to acquire title to their former reserve as provided by section 19(b) of this Act: Provided, That nothing in this subsection shall affect the existing entitlement of any Regional Corporation to lands pursuant to section 14(h) (8) of this Act: Provided further, That no such lands shall be withdrawn from an area previously withdrawn as a forest reserve without prior consultation with the Secretary of Agriculture: Provided further, That the foregoing provisions of this subsection shall not become effective unless and until the Village Corporation for the village of Klukwan shall quitclaim to Chilkat Indian Village, organized under the provisions of the Act of June 18, 1934 (48 Stat. 984), as amended by the Act of May 1, 1936 (49 Stat. 1250), all its right, title, and interest in the lands of the reservation defined in and vested by the Act of September 2, 1957 (71 Stat. 596), which lands are hereby conveyed and confirmed to said Chilkat Indian Village in fee simple absolute, free of trust and all restrictions upon alienation, encumbrance, or otherwise: Provided further, That the United States and the Village Corporation for the village of Klukwan shall also quitclaim to said Chilkat Indian Village any right or interest they may have in and to income derived from the reservation lands defined in and vested by the Act of September 2, 1957 (71 Stat. 597), after December 18, 1971, and prior to January 2, 1976.

"(2) The lands withdrawn by the Secretary pursuant to paragraph (1) of this subsection shall be located in the southeastern Alaska region and shall be of similar character and comparable value, to the extent possible, to those of the Chilkat Valley surrounding the village of Klukwan. SEC. 4. (a) The Secretary is authorized to convey lands under application for selection by Village Corporations within Cook Inlet Region to the Cook Inlet Region, Incorporated, for reconveyance by the Region to such Village Corporations. Such lands shall be conveyed as partial satisfaction of the statutory entitlement of such Village Corporations from lands withdrawn pursuant to section 11(a) (3) of the Alaska Native Claims Settlement Act (hereinafter, "The Settlement Act"), and with the consent of the Region affected, as provided in section 12 of the Act of January 2, 1976 (89 Stat. 1145, 1150), from lands outside the boundaries of Cook Inlet Region. Sec. 5. (a) The Secretary shall, within sixty days after the effective date of this Act, tender conveyance of the land described in subsection (b), subject to valid existing rights, to Cook Inlet Region, Incorporated. If the conveyance is accepted by the Region, such lands shall be considered 1,687.2 acre-equivalents within the meaning of paragraph I(C) (2) (e) (iii) of the Terms and Conditions as clarified August 31, 1976, and the Secretary's obligations under paragraph I(C) of those Terms and Conditions will be reduced accordingly. TITLE I—PURPOSES, DEFINITIONS, AND MAPS

PURPOSES

16 USC 3101.

Sec. 101. (a) In order to preserve for the benefit, use, education, and inspiration of present and future generations certain lands and waters in the State of Alaska that contain nationally significant natural, scenic, historic, archeological, geological, scientific, wilderness, cultural, recreational, and wildlife values, the units described in the following titles are hereby established.

(b) It is the intent of Congress in this Act to preserve unrivaled scenic and geological values associated with natural landscapes; to provide for the maintenance of sound populations of, and habitat for, wildlife species of inestimable value to the citizens of Alaska and the Nation, including those species dependent on vast relatively undeveloped areas; to preserve in their natural state extensive unaltered arctic tundra, boreal forest, and coastal rainforest ecosystems; to protect the resources related to subsistence needs; to protect and preserve historic and archeological sites, rivers, and lands, and to preserve wilderness resource values and related recreational opportunities including but not limited to hiking, canoeing, fishing, and sport hunting, within large arctic and subarctic wildlands and on
freeflowing rivers; and to maintain opportunities for scientific research and undisturbed ecosystems.

(c) It is further the intent and purpose of this Act consistent with management of fish and wildlife in accordance with recognized scientific principles and the purposes for which each conservation system unit is established, designated, or expanded by or pursuant to this Act, to provide the opportunity for rural residents engaged in a subsistence way of life to continue to do so.

(d) This Act provides sufficient protection for the national interest in the scenic, natural, cultural and environmental values on the public lands in Alaska, and at the same time provides adequate opportunity for satisfaction of the economic and social needs of the State of Alaska and its people; accordingly, the designation and disposition of the public lands in Alaska pursuant to this Act are found to represent a proper balance between the reservation of national conservation system units and those public lands necessary and appropriate for more intensive use and disposition, and thus Congress believes that the need for future legislation designating new conservation system units, new national conservation areas, or new national recreation areas, has been obviated thereby.

(4) In preparing each plan and revisions thereto, the Secretary shall consult with the appropriate State agencies and Native Corporations, and shall hold public hearings in such locations in the State as may be appropriate to insure that residents of local villages and political subdivisions of the State which will be primarily affected by the administration of the refuge concerned have opportunity to present their views with respect to the plan or revisions.

(5) Before adopting a plan for any refuge, the Secretary shall issue public notice of the proposed plan in the Federal Register, make copies of the plan available at each regional office of the United States Fish and Wildlife Service and provide opportunity for public views and comment on the plan.

(a) The term "unperfected mining claim" as used in this section, means a mining claim which is located on lands within the boundaries of the White Mountains National Recreation Area or Steese National Conservation Area established pursuant to this title with respect to which a valid mineral discovery within the meaning of the mining laws of the United States, was not made as of the date of the withdrawal of such area from further appropriation under the mining laws of the United States.

(b) MORATORIUM ON CONTEST PROCEEDINGS.—Any holder of an unperfected mining claim seeking to protect such claim pursuant to this section must have maintained and must continue to maintain such claim in compliance with applicable Federal and State laws, and where applicable, must have obtained and complied with any mining access permit requirements imposed by the Department of the Interior during the 1979 mining season. Prior to September 30, 1982, no unperfected mining claim which has been maintained in accordance with this subsection shall be contested by the United States for failure to have made a valid mineral discovery within the meaning of the mining laws of the United States: Provided, That such claim shall be diligently prosecuted during this moratorium on contest proceedings as a condition for the moratorium. Any mining operation undertaken pursuant to this subsection, including but not limited to exploration, development, and extraction, shall be subject to such reasonable regulations as the Secretary may prescribe to assure that such operations will, to the maximum extent practicable, be consistent with protection of the scenic, scientific, cultural, and other resources of the Steese National Conservation Area or the White Mountains National Recreation Area or any affected conservation system units established or expanded by this Act.
(c) Valid Mineral Discovery.—If the holder of an unperfected mining claim notifies the Secretary by filing an application for a patent that, as a result of mining operations in compliance with the requirements of subsection (b), he has made a valid mineral discovery on such claim within the meaning of the mining laws of the United States, and if the Secretary determines that such claim contains a valid mineral discovery, the holder of such claim shall be entitled to the issuance of a patent only to the minerals in such claim pursuant to the mining laws of the United States. The holder of such a patent shall also be entitled to the use of so much of the surface estate of the lands comprising the claim as may be necessary for mining purposes: Provided, That all mining operations conducted upon a claim after such a valid mineral discovery has been made, shall be in accordance with such reasonable regulations as may be issued by the Secretary pursuant to the authority granted in subsection (b) of this section.

(d) Validity Determination.—If an application for a patent is filed by the holder of an unperfected mining claim pursuant to subsection (c) or if a contest proceeding is initiated by the United States after September 30, 1982, the validity of each claim shall be determined as of the date of the patent application or September 30, 1982, whichever is earlier. The holder of an unperfected mining claim not subject to a patent application filed prior to September 30, 1982, shall submit to the Secretary within one hundred and eighty days after such date all mineral data compiled during the contest proceeding moratorium which would support a valid mineral discovery within the meaning of the mining laws of the United States. Failure to submit such data within the one-hundred-and-eighty-day period shall preclude its consideration in a subsequent determination of the validity of each affected claim. Except as specifically provided for in this section, nothing shall alter the criteria applied under the general mining laws of the United States to adjudicate the validity of unperfected mining claims.

(e) Access to Claims.—Pursuant to the provisions of this section and section 1110 of this Act, reasonable access shall be granted to an unperfected mining claim for purposes of making a valid discovery of mineral until September 30, 1982.

(f) Preference Rights.—The holder of any unperfected mining claim which was, prior to November 16, 1978, located, recorded, and maintained in accordance with applicable Federal and State laws on lands located within the boundaries of the Steese National Conservation Area, or the White Mountains National Recreation Area established by this title, shall be entitled during a two-year period after the date that the Secretary exercises his authority under section 402 or 1312 to open an area containing such claim to mining, (1) to a preference right to rerecord his claim under applicable law and to develop such claim under section 402 or (2) to obtain a lease to remove nonleasable minerals from the claim under section 1312.

**TITLE V—NATIONAL FOREST SYSTEM**

**ADDITIONS TO EXISTING NATIONAL FORESTS**

Sec. 501. (a) The following units of the National Forest System are hereby expanded:

(1) Chugach National Forest by the addition of four areas, Nellie Juan, College Fjord, Copper/Rude River, and Controller Bay, containing approximately one million nine hundred thousand acres of public land, as generally depicted on the map.
entitled "Chugach National Forest additions—proposed", and dated October 1978; and

(2) Tongass National Forest by the addition of three areas, Kates Needle, Juneau Icefield, and Brabazon Range, containing approximately one million four hundred and fifty thousand acres of public lands, as generally depicted on the map entitled "Tongass National Forest additions—proposed", and dated October 1978.

(b) Subject to valid existing rights, lands added to the Tongass and Chugach National Forests by this section shall be administered by the Secretary in accordance with the applicable provisions of this Act and the laws, rules, and regulations applicable to the national forest system: Provided, That the conservation of fish and wildlife and their habitat shall be the primary purpose for the management of the Copper/Rude River addition and the Copper River-Bering River portion of the existing Chugach National Forest, as generally depicted on the map appropriately referenced and dated October 1978: Provided, That the taking of fish and wildlife shall be permitted within zones established by this subsection pursuant to the provisions of this Act and other applicable State and Federal law. Multiple use activities shall be permitted in a manner consistent with the conservation of fish and wildlife and their habitat as set forth in special regulations which shall be promulgated by the Secretary.

MINING AND MINERAL LEASING ON CERTAIN NATIONAL FOREST LANDS

SEC. 502. Subject to valid existing rights, the minerals in public lands within the Copper River addition to the Chugach National Forest, are hereby withdrawn from location, entry, and patent under the United States mining laws. With respect to such areas, the Secretary, under such reasonable regulations as he deems appropriate, may permit the removal of nonleasable minerals from the lands in the manner prescribed by Reorganization Plan Numbered 3 of 1946 and the Act of March 4, 1917 (39 Stat. 1150; 16 U.S.C. 520), and the removal of leasable minerals from such lands in accordance with the mineral leasing laws, if the Secretary finds that such disposition would not have significant adverse effects on the administration of the area. All receipts derived from disposal of nonleasable minerals under this section shall be paid into the same funds or accounts in the Treasury of the United States and shall be distributed in the same manner as provided for receipts from national forests.

MISTY FJORDS AND ADMIRALTY ISLAND NATIONAL MONUMENTS

SEC. 503. (a) There is hereby established within the Tongass National Forest, the Misty Fjords National Monument, containing approximately two million two hundred and eighty-five thousand acres of public lands as generally depicted on a map entitled "Misty Fjords National Monument—Proposed", dated July 1980.

(b) There is hereby established within the Tongass National Forest, the Admiralty Island National Monument, containing approximately nine hundred and twenty-one thousand acres of public lands as generally depicted on a map entitled "Admiralty Island National Monument—Proposed", dated July 1980.

(c) Subject to valid existing rights and except as provided in this section, the National Forest Monuments (hereinafter in this section referred to as the "Monuments") shall be managed by the Secretary of Agriculture as units of the National Forest System to protect...
objects of ecological, cultural, geological, historical, prehistorical, and scientific interest.

(d) Within the Monuments, the Secretary shall not permit the sale of harvesting of timber: Provided. That nothing in this subsection shall prevent the Secretary from taking measures as may be necessary in the control of fire, insects, and disease.

(e) For the purposes of granting rights-of-way to occupy, use or traverse public land within the Monuments pursuant to title XI, the provisions of section 1106(b) of this Act shall apply.

(f)(1) Subject to valid existing rights and the provisions of this Act, the lands within the Monuments are hereby withdrawn from all forms of entry or appropriation or disposal under the public land laws, including location, entry, and patent under United States mining laws, disposition under the mineral leasing laws, and from future selections by the State of Alaska and Native Corporations;

(2)(A) After the date of enactment of this Act, any person who is the holder of any valid mining claim on public lands located within the boundaries of the Monuments, shall be permitted to carry out activities related to the exercise of rights under such claim in accordance with reasonable regulations promulgated by the Secretary to assure that such activities are compatible, to the maximum extent feasible, with the purposes for which the Monuments were established.

(B) For purposes of determining the validity of a mining claim containing a sufficient quantity and quality of mineral as of November 30, 1978, to establish a valuable deposit within the meaning of the mining laws of the United States within the Monuments, the requirements of the mining laws of the United States shall be construed as if access and mill site rights associated with such claim allow the present use of the Monuments' land as such land could have been used on November 30, 1978.

(g) MINING IN THE PARKS ACT.—The Act of September 28, 1976 (Public Law 94–249), shall not apply to the Monuments.

(h)(1) Any special use permit for a surface access road for bulk sampling of the mineral deposit at Quartz Hill in the Tongass National Forest shall be issued in accordance with this subsection.

(2) The Secretary of Agriculture, in consultation with the Secretaries of Commerce and the Interior and the State of Alaska, shall prepare a document which analyzes mine development, concepts prepared by United States Borax and Chemical Corporation on the proposed development of a molybdenum mine in the Quartz Hill area of the Tongass National Forest. The draft of such document shall be completed within six months after the date of enactment of this Act and be made available for public comment. The analysis shall be completed within nine months after the date of enactment and the results made available to the public. This analysis shall include detailed discussions of but not necessarily be limited to—

(A) the concepts which are under consideration for mine development;

(B) the general foreseeable potential environmental impacts of each mine development concept and the studies which are likely to be needed to evaluate and otherwise address those impacts; and

(C) the likely surface access needs and routes for each mine development concept.

(3) The Secretary shall prepare an environmental impact statement (EIS) under the National Environmental Policy Act of 1969 which covers an access road for bulk sampling purposes and the bulk
sampling phase proposed by United States Borax and Chemical Corporation in the Quartz Hill area. A draft of such EIS shall be completed within twelve months after the date of enactment of this Act. This EIS shall incorporate all relevant data and other information included in the EIS previously prepared by the Secretary on access to the Quartz Hill area. Such EIS shall also include but not necessarily be limited to—

(A) an evaluation of alternative surface access routes which may minimize the overall impact on fisheries of both access for bulk sampling and mine development access;

(B) an evaluation of the impacts of the alternatives on fish, wildlife, and their habitats, and measures which may be instituted to avoid or minimize negative impacts and to enhance positive impacts;

(C) an evaluation of the extent to which the alternatives can be used for, and the likelihood of each alternative being used as a mine development road, including the impacts of widening a road, realignments and other design and placement options; and

(D) plans to evaluate the water quality and water quantity, fishery habitat, and other fishery values of the affected area, and to evaluate, to the maximum extent feasible and relevant, the sensitivity to environmental degradation from activities carried out under a plan of operations of the fishery habitat as it affects the various life stages of anadromous fish and other foodfish and their major food chain components.

(4)(A) Within four months after the publication of the final environmental impact statement required in subsection (h)(3), the Secretary shall complete any administrative review of a decision on the proposal covered by the EIS and shall issue to the applicant a special use permit for a surface access road for bulk sampling unless he shall determine that construction or use of such a road would cause an unreasonable risk of significant irreparable damage to the habitats of viable populations of fish management indicator species and the continued productivity of such habitats. If the applicant should seek judicial review of any denial of the permit for a surface access road, the burden of proof on the issue of denying the permit shall be on the Secretary.

(B) The Secretary shall not issue a special use permit until after he has determined that the full field season of work for gathering baseline data during 1981 has ended.

(5) It is the intent of Congress that any judicial review of any administrative action pursuant to this section, including compliance with the National Environmental Policy Act of 1969, shall be expedited to the maximum extent possible. Any proceeding before a Federal court in which an administrative action pursuant to this section, including compliance with the National Environmental Policy Act of 1969, is challenged shall be assigned for hearing and completed at the earliest possible date, and shall be expedited in every way by such court, and such court shall render its final decision relative to any challenge within one hundred and twenty days after the date the response to such challenge is filed unless such court determines that a longer period of time is required to satisfy the requirements of the United States Constitution.

(6) Upon application of the United States Borax and Chemical Corporation or its successors in interest, the Secretary shall permit the use by such applicant of such limited areas within the Misty Fjords National Monument Wilderness as the Secretary determines to be necessary for activities, including but not limited to the
installation, maintenance, and use of navigation aids, docking facilities, and staging and transfer facilities, associated with the development of the mineral deposit at Quartz Hill. Such activities shall not include mineral extraction, milling, or processing. Such activities shall be subject to reasonable regulations issued by the Secretary to protect the values of the monument wilderness.

(7) Within the Misty Fjords National Monument Wilderness the Secretary of Agriculture shall, to the extent he finds necessary, allow salvage, cleanup, or other activity related to the development of the mineral deposit at Quartz Hill, including activities necessary due to emergency conditions.

(8) Designation by section 703 of this Act of the Misty Fjords National Monument Wilderness shall not be deemed to enlarge, diminish, add, or waive any substantive or procedural requirements otherwise applicable to the use of offshore waters adjacent to the Monument Wilderness for activities related to the development of the mineral deposit at Quartz Hill, including, but not limited to, navigation, access, and the disposal of mine tailings produced in connection with such development.

(i) With respect to the mineral deposits at Quartz Hill and Greens Creek in the Tongass National Forest, the holders of valid mining claims under subsection (f)(2)(B) shall be entitled to a lease (and necessary associated permits) on lands under the Secretary's jurisdiction (including lands within any conservation system unit) at fair market value for use for mining or milling purposes in connection with the milling of minerals from such claims situated within the Monuments only if the Secretary determines—

(A) that milling activities necessary to develop such claims cannot be feasibly carried out on such claims or on other land owned by such holder;

(B) that the use of the site to be leased will not cause irreparable harm to the Misty Fjords or the Admiralty Island National Monument; and

(C) that the use of such leased area for such purposes will cause less environmental harm than the use of any other reasonably available location.

With respect to any lease issued under this subsection, the Secretary shall limit the size of the area covered by such lease to an area he determines to be adequate to carry out the milling process for the mineral bearing material on such claims.

(2) A lease under this subsection shall be subject to such reasonable terms and conditions as the Secretary deems necessary.

(3) A lease under this subsection shall terminate—

(A) at such time as the mineral deposit is exhausted; or

(B) upon failure of the lessee to use the leased site for two consecutive years unless such nonuse is waived annually by the Secretary.

(j) SPECIAL USE PERMITS AND FACILITIES.—The Special Use Permit for Thayer Lake Lodge shall be renewed as necessary for the longest of either—

(1) fifteen years after the date of enactment of this Act, or

(2) the lifetime of the permittee, as designated in such permit as of January 1, 1979, or the surviving spouse or child of such permittee, whoever lives longer,

so long as the management of the lodge remains consistent with the purposes of the Admiralty Island National Monument.
UNPERFECTED MINING CLAIMS IN MISTY FJORDS AND ADMIRALTY ISLAND NATIONAL MONUMENTS

SEC. 504. (a) DEFINITIONS.—As used in this section:

1. The term “unperfected claim” means a mining claim:
   (A) which is within the Misty Fjords or Admiralty Island National Monuments;
   (B) with respect to which a valid mineral discovery, within the meaning of the mining laws of the United States, was not made as of November 30, 1978; and
   (C) which was, as of such date, properly located, recorded, and maintained.

2. The term “core claim” means—
   (A) a patented mining claim; or
   (B) an unpatented mining claim which—
      (i) contained a valid mineral discovery within the meaning of the mining laws of the United States as of November 30, 1978, and
      (ii) was, as of such date, properly located, recorded, and maintained.

(b) ENTITLEMENT.—Any holder of an unperfected mining claim who meets the requirements of this section shall be entitled as provided in this section—

1. to receive an exploration permit with respect to such claim, and

2. to receive a patent only to the minerals upon making a valid mineral discovery on such claim within the meaning of the mining laws of the United States.

(c) EXPLORATION PERMITS.—

1. Permits authorizing the exploration of an unperfected mining claim shall be issued by the Secretary under this section upon application under subsection (d) if the Secretary determines that—

   (A) an application for such permit has been submitted within two-hundred-seventy days after the date of the enactment of this Act and such application meets the requirements of subsection (d);
   (B) the unperfected claim is within three-quarters of a mile of the exterior boundary of one or more core claims, and both the unperfected claim and core claim were held by the applicant as of May 1, 1979 (or were acquired by such applicant after such date by inheritance or devise); and
   (C) the core claim and the unperfected claim which is within the area referred to in subsection (B) are properly located, recorded, and maintained, to the extent required by law, as of the date of the Secretary's determination under this subsection.

2. (A) Each exploration permit issued under this section shall terminate on the date five years after the date of the enactment of this Act, or where applicable, the date provided under subparagraph (c)(2)(B).

   (B) For any permit applicant, with respect to which the Secretary fails to meet the eighteen-month deadline under subsection (d) for any reason (including delays caused by administrative or judicial proceedings) beyond the control of the applicant, the exploration permit issued under this section shall terminate at the end of the period (after expiration of the five-years...
referred to in subparagraph (c)(2)(A)) as is equal to the time during which the Secretary failed to meet such deadline.

(3) Any permit under this section shall include such reasonable conditions and stipulations as may be required by the Secretary.

(d) APPLICATIONS FOR EXPLORATION PERMITS.—An application under subsection (b) shall contain—

(1) the applicant's name, address, and telephone number;

(2) the name of the claim, the date of location of the claim, the date of recordation of the claim, and the serial number assigned to such claim under the Federal Land Policy and Management Act of 1976; and

(3) evidence that the requirements of subparagraphs (B) and (C) of subsection (c)(1) are met.

Upon the Secretary's determination that the requirements of subsection (c) are met with respect to any claim, the Secretary shall issue an exploration permit for such claim not later than eighteen months after the date on which he receives the application under this subsection concerning such claim.

(e) VALID MINERAL DISCOVERY.—

(1) If the holder of an unperfected mining claim for which an exploration permit was issued under this section notifies the Secretary before the expiration of such permit, that he has made a valid mineral discovery within the meaning of the mining laws of the United States on such claim, and if it is determined that such claim contains a valid mineral discovery, the holder of such claim shall be entitled to the issuance of a patent only to the minerals in such claim pursuant to the mining laws of the United States, together with a right to use so much of the surface of the lands on such claim as may be necessary for mining and milling purposes, subject to such reasonable regulations as the Secretary may prescribe for general application to mining and milling activities within the National Forest System.

(2) Any unperfected claim for which an exploration permit under this section was issued shall be conclusively presumed to be abandoned and shall be void upon expiration of such permit unless the owner of such claim has notified the Secretary in writing as provided in paragraph (e)(1).

(f) LEASES FOR MILLING PURPOSES.—

(1) The Secretary may issue leases (and necessary associated permits) on lands under the jurisdiction (including lands within any conservation system unit) at fair market value for use for mining or milling purposes in connection with the milling of minerals from any valid mining claim situated within the Misty Fjords or Admiralty Island National Monuments.

(2) A lease may be issued under this subsection if the Secretary determines—

(A) that the use of the site to be leased will not cause irreparable harm to the Monument; and

(B) that the use of such leased area for such purposes will cause less environmental harm than the use of any other reasonably available location.

(3) A lease under this subsection shall be subject to such reasonable terms and conditions as the Secretary deems necessary.

(4) A lease under this subsection shall terminate—

(A) at such time as the mineral deposit is exhausted; or
(B) upon failure of the lessee to use the leased site for two consecutive years unless such nonuse is waived annually by the Secretary.

(g) ACCESS TO MINING CLAIMS.—The holder of an unperfected mining claim with respect to which a valid mineral discovery is made under an exploration permit under this section shall be entitled to the same access rights as the holder of a valid mining claim is entitled to under section 1110. The holder of the unperfected claim with respect to which an exploration permit is in effect under this section shall be entitled to such adequate access, as described in section 1110 as may be necessary to carry out exploration under such permit.

(h) PUBLIC NOTICE.—The Secretary shall provide public notice of the requirements of this section not later than ninety days after the date of the enactment of this Act.

(i) SAVINGS PROVISION.—

1. Nothing in this section shall impair any valid existing right.

2. Nothing in this section diminishes authorities of the Secretary under any other provision of law to regulate mining activities.

3. Nothing in this section shall be construed to affect, in any way, any other provision of Federal law outside the State of Alaska.

(j) This section shall not apply to any unperfected mining claim which is located within one mile of the center line of the Blossom River from its headwaters to its confluence with the Wilson Arm.

FISHERIES ON NATIONAL FOREST LANDS IN ALASKA

Sec. 505. (a) The Secretary of Agriculture shall, in consultation with the Secretaries of Commerce and the Interior, and with the State of Alaska, pursuant to his existing authority to manage surface resources, promulgate such reasonable regulations as he determines necessary after consideration of existing laws and regulations to maintain the habitats, to the maximum extent feasible, of anadromous fish and other foodfish, and to maintain the present and continued productivity of such habitat when such habitats are affected by mining activities on national forest lands in Alaska. The Secretary of Agriculture, in consultation with the State, shall assess the effects on the populations of such fish in determinations made pursuant to this subsection.

(b) Because of the large scale of contemplated mining operations and the proximity of such operations to important fishery resources, with respect to mining operations in the Quartz Hill area of the Tongass National Forest, the regulations of the Secretary shall, pursuant to this subsection, include a requirement that all mining operations involving significant surface disturbance shall be in accordance with an approved plan of operations. Before approving any proposed plan or distinct stages of such plan of operations for any such claims when any fishery habitat or fishery value may be affected, the Secretary shall, in consultation with the Secretaries of Commerce and the Interior and the State of Alaska, determine—

1. that such plan or stages of such plan are based upon and shall include studies or information which he determines are adequate for—

    A. evaluating the water quality and water quantity, fishery habitat, and other fishery values of the affected area; and

Regulations. 

16 USC 539b. 

Assessment.

Approved plan of operations, requirement.
(B) evaluating to the maximum extent feasible and relevant, the sensitivity to environmental degradation from activities carried out under such plan of the fishery habitat as it affects the various life stages of anadromous fish and other foodfish and their major food chain components;

(2) that such plan adequately identifies the risks the operations under such plan or such stages might pose to and the benefits the operations under such plan might provide to—

(A) the natural stability and the present and continued productivity of anadromous fish and other foodfish;

(B) fishery habitat, including but not limited to water quality and water quantity; and

(C) other fishery values;

(3) that such plan includes provisions which he determines are adequate for the purposes of—

(A) preventing significant adverse environmental impacts to the fishery habitat (including but not limited to water quality and water quantity) or other fishery values; and

(B) maintaining present and continued productivity of the habitat of anadromous fish and other foodfish which might be affected by the mining and other activities proposed to be conducted in accordance with such plan or such stages of the plan of operations;

(4) (A) the Secretary shall ensure, to the maximum extent feasible, that the cumulative effects of activities carried out under the operating plan will not interfere with the ability to collect baseline information needed by the Secretary to evaluate the effects of various stages of the operating plan on the fishery habitat and productivity of such habitats;

(B) the Secretary shall review such plan and mining activities on at least an annual basis. With respect to any mining or associated activities, the Secretary, if he determines upon notice and hearing, that the activities are harmful to the continued productivity of anadromous fish, or other foodfish populations or fishery habitat, shall require a modification of the plan to eliminate or mitigate, if necessary, the harmful effects of such activities; and

(5) upon a finding by the Secretary that a mining activity conducted as a part of a mining operation exists which constitutes a threat of irreparable harm to anadromous fish, or other foodfish populations or their habitat, and that immediate correction is required to prevent such harm, he may require such activity to be suspended for not to exceed seven days, provided the activity may be resumed at the end of said seven-day period unless otherwise required by a United States district court.

(c) Nothing in this section shall enlarge or diminish the responsibility and authority of the State of Alaska to manage fish and wildlife or to exercise its other responsibilities under applicable law.

(d) Except as specifically provided in subsection (b)(5), nothing in this section shall enlarge or diminish the responsibilities and authorities of the Secretary of Agriculture to manage the national forests.

(2) To carry out the special loan program established by this section, there are hereby authorized beginning after the fiscal year 1980 to be appropriated $5,000,000 from National Forest Fund receipts, to be deposited in a special fund in the Treasury of the United States to remain available until expended. Repayments of principal and interest and other recoveries on loans authorized by this section shall be credited to this fund and shall remain available until expended in order to carry out the purposes of this section.

(c) Within three years after the date of enactment of this Act, the Secretary shall prepare and transmit to the Senate and House of Representatives a study of opportunities (consistent with the laws and regulations applicable to the management of the National Forest System) to increase timber yields on national forest lands in Alaska.

(d) The provisions of this section shall apply notwithstanding the provisions of section 6(k) of the National Forest Management Act of 1976 (90 Stat. 2949).

REPORTS

Sec. 706. (a) The Secretary is directed to monitor timber supply and demand in southeastern Alaska and report annually thereon to the Committee on Energy and Natural Resources of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives. If, at any time after the date of enactment of this Act, the Secretary finds that the available land base in the Tongass National Forest is inadequate to maintain the timber supply from the Tongass National Forest to dependent industry at the rate of four billion five hundred million foot board measure per decade, he shall include such information in his report.

(b) Within five years from the date of enactment of this Act and every two years thereafter, the Secretary shall review and report to Congress on the status of the Tongass National Forest in southeast-
ern Alaska. This report shall include, but not be limited to, (1) the
timber harvest levels in the forest since the enactment of this Act; (2)
the impact of wilderness designation on the timber, fishing, and
tourism industry in southeast Alaska; (3) measures instituted by the
Forest Service to protect fish and wildlife in the forest; and (4) the
status of the small business set aside program in the Tongass Forest.

(c) The study required by this section shall be conducted in
cooperation and consultation with the State, affected Native Corpora-
tions, the southeast Alaska timber industry, the Southeast Alaska

ADMINISTRATION

Sec. 707. Except as otherwise expressly provided for in this Act,
wilderness designated by this Act shall be administered in accord-
ance with applicable provisions of the Wilderness Act governing
areas designated by that Act as wilderness, except that any reference
in such provisions to the effective date of the Wilderness Act shall be
deemed to be a reference to the effective date of this Act, and any
reference to the Secretary of Agriculture for areas designated in
sections 701 and 702 shall, as applicable, be deemed to be a reference
to the Secretary of the Interior.

RARE II RELEASE

Sec. 708. (a) The Congress finds that—
(1) the Department of Agriculture has completed the second
roadless area review and evaluation program (RARE II); and
(2) the Congress has made its own review and examination of
national forest system roadless areas in Alaska and of the
environmental impacts associated with alternative allocations of
such areas.

(b) On the basis of such review, the Congress hereby determines and
directs that—
(1) without passing on the question of the legal and factual
sufficiency of the RARE II Final Environmental Statement
dated January 1979) with respect to national forest lands in
States other than Alaska, such statement shall not be subject to
judicial review with respect to National Forest System lands in
the State of Alaska;
(2) with respect to the National Forest lands in the State of
Alaska which were reviewed by the Department of Agriculture
in the second roadless area review and evaluation (RARE II),
except those lands remaining in further planning upon enact-
ment of this Act or the area listed in section 704 of this Act, that
review and evaluation shall be deemed for the purposes of the
initial land management plans required for such lands by the
Forest and Rangeland Renewable Resources Planning Act of
1974 as amended by the National Forest Management Act of
1976 to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation
System and the Department of Agriculture shall not be required
to review the wilderness option prior to the revision of the initial
plans and in no case prior to the date established by law for
completion of the initial planning cycle;
(3) areas reviewed in such Final Environmental Statement and
not designated as wilderness or for study by this Act or remain-
ing in further planning upon enactment of this Act need not be
Title VIII—Subsistence Management and Use

Findings

Sec. 801. The Congress finds and declares that—

(1) the continuation of the opportunity for subsistence uses by rural residents of Alaska, including both Natives and non-Natives, on the public lands and by Alaska Natives on Native lands is essential to Native physical, economic, traditional, and cultural existence and to non-Native physical, economic, traditional, and social existence;

(2) the situation in Alaska is unique in that, in most cases, no practical alternative means are available to replace the food supplies and other items gathered from fish and wildlife which supply rural residents dependent on subsistence uses;

(3) continuation of the opportunity for subsistence uses of resources on public and other lands in Alaska is threatened by the increasing population of Alaska, with resultant pressure on subsistence resources, by sudden decline in the populations of some wildlife species which are crucial subsistence resources, by increased accessibility of remote areas containing subsistence resources, and by taking of fish and wildlife in a manner inconsistent with recognized principles of fish and wildlife management;

(4) in order to fulfill the policies and purposes of the Alaska Native Claims Settlement Act and as a matter of equity, it is necessary for the Congress to invoke its constitutional authority over Native affairs and its constitutional authority under the property clause and the commerce clause to protect and provide the opportunity for continued subsistence uses on the public lands by Native and non-Native rural residents; and

(5) the national interest in the proper regulation, protection, and conservation of fish and wildlife on the public lands in Alaska and the continuation of the opportunity for a subsistence way of life by residents of rural Alaska require that an administrative structure be established for the purpose of enabling rural residents who have personal knowledge of local conditions and requirements to have a meaningful role in the management of fish and wildlife and of subsistence uses on the public lands in Alaska.

Policy

Sec. 802. It is hereby declared to be the policy of Congress that—

(1) consistent with sound management principles, and the conservation of healthy populations of fish and wildlife, the utilization of the public lands in Alaska is to cause the least adverse impact possible on rural residents who depend upon subsistence uses of the resources of such lands; consistent with management of fish and wildlife in accordance with recognized
scientific principles and the purposes for each unit established, designated, or expanded by or pursuant to titles II through VII of this Act, the purpose of this title is to provide the opportunity for rural residents engaged in a subsistence way of life to do so;

(2) nonwasteful subsistence uses of fish and wildlife and other renewable resources shall be the priority consumptive uses of all such resources on the public lands of Alaska when it is necessary to restrict taking in order to assure the continued viability of a fish or wildlife population or the continuation of subsistence uses of such population, the taking of such population for nonwasteful subsistence uses shall be given preference on the public lands over other consumptive uses; and

(3) except as otherwise provided by this Act or other Federal laws, Federal land managing agencies, in managing subsistence activities on the public lands and in protecting the continued viability of all wild renewable resources in Alaska, shall cooperate with adjacent landowners and land managers, including Native Corporations, appropriate State and Federal agencies, and other nations.

DEFINITIONS

SEC. 803. As used in this Act, the term "subsistence uses" means the customary and traditional uses by rural Alaska residents of wild, renewable resources for direct personal or family consumption as food, shelter, fuel, clothing, tools, or transportation; for the making and selling of handicraft articles out of nonedible byproducts of fish and wildlife resources taken for personal or family consumption; for barter, or sharing for personal or family consumption; and for customary trade. For the purposes of this section, the term—

(1) "family" means all persons related by blood, marriage, or adoption, or any person living within the household on a permanent basis; and

(2) "barter" means the exchange of fish or wildlife or their parts, taken for subsistence uses—

(A) for other fish or game or their parts; or

(B) for other food or for nonedible items other than money if the exchange is of a limited and noncommercial nature.

PREFERENCE FOR SUBSISTENCE USES

SEC. 804. Except as otherwise provided in this Act and other Federal laws, the taking on public lands of fish and wildlife for nonwasteful subsistence uses shall be accorded priority over the taking on such lands of fish and wildlife for other purposes. Whenever it is necessary to restrict the taking of populations of fish and wildlife on such lands for subsistence uses in order to protect the continued viability of such populations, or to continue such uses, such priority shall be implemented through appropriate limitations based on the application of the following criteria:

(1) customary and direct dependence upon the populations as the mainstay of livelihood;

(2) local residency; and

(3) the availability of alternative resources.
SEC. 805. (a) Except as otherwise provided in subsection (d) of this section, one year after the date of enactment of this Act, the Secretary in consultation with the State shall establish—

(1) at least six Alaska subsistence resource regions which, taken together, include all public lands. The number and boundaries of the regions shall be sufficient to assure that regional differences in subsistence uses are adequately accommodated;

(2) such local advisory committees within each region as he finds necessary at such time as he may determine, after notice and hearing, that the existing State fish and game advisory committees do not adequately perform the functions of the local committee system set forth in paragraph (3)(D)(iv) of this subsection; and

(3) a regional advisory council in each subsistence resource region.

Each regional advisory council shall be composed of residents of the region and shall have the following authority:

(A) the review and evaluation of proposals for regulations, policies, management plans, and other matters relating to subsistence uses of fish and wildlife within the region;

(B) the provision of a forum for the expression of opinions and recommendations by persons interested in any matter related to the subsistence uses of fish and wildlife within the region;

(C) the encouragement of local and regional participation pursuant to the provisions of this title in the decisionmaking process affecting the taking of fish and wildlife on the public lands within the region for subsistence uses;

(D) the preparation of an annual report to the Secretary which shall contain—

(i) an identification of current and anticipated subsistence uses of fish and wildlife populations within the region;

(ii) an evaluation of current and anticipated subsistence needs for fish and wildlife populations within the region;

(iii) a recommended strategy for the management of fish and wildlife populations within the region to accommodate such subsistence uses and needs; and

(iv) recommendations concerning policies, standards, guidelines, and regulations to implement the strategy. The State fish and game advisory committees or such local advisory committees as the Secretary may establish pursuant to paragraph (2) of this subsection may provide advice to, and assist, the regional advisory councils in carrying out the functions set forth in this paragraph.

(b) The Secretary shall assign adequate qualified staff to the regional advisory councils and make timely distribution of all available relevant technical and scientific support data to the regional advisory councils and the State fish and game advisory committees or such local advisory committees as the Secretary may establish pursuant to paragraph (2) of subsection (a).

(c) The Secretary, in performing his monitoring responsibility pursuant to section 806 and in the exercise of his closure and other administrative authority over the public lands, shall consider the report and recommendations of the regional advisory councils concerning the taking of fish and wildlife on the public lands within their respective regions for subsistence uses. The Secretary may choose not to follow any recommendation which he determines is not supported
by substantial evidence, violates recognized principles of fish and wildlife conservation, or would be detrimental to the satisfaction of subsistence needs. If a recommendation is not adopted by the Secretary, he shall set forth the factual basis and the reasons for his decision.

(d) The Secretary shall not implement subsections (a), (b), and (c) of this section if within one year from the date of enactment of this Act, the State enacts and implements laws of general applicability which are consistent with, and which provide for the definition, preference, and participation specified in, sections 803, 804, and 805, such laws, unless and until repealed, shall supersede such sections as such sections govern State responsibility pursuant to this title for the taking of fish and wildlife on the public lands for subsistence uses. Laws establishing a system of local advisory committees and regional advisory councils consistent with section 805 shall provide that the State rulemaking authority shall consider the advice and recommendations of the regional councils concerning the taking of fish and wildlife populations on public lands within their respective regions for subsistence uses. The regional councils may present recommendations, and the evidence upon which such recommendations are based, to the State rulemaking authority during the course of the administrative proceedings of such authority. The State rulemaking authority may choose not to follow any recommendation which it determines is not supported by substantial evidence presented during the course of its administrative proceedings, violates recognized principles of fish and wildlife conservation or would be detrimental to the satisfaction of rural subsistence needs. If a recommendation is not adopted by the State rulemaking authority, such authority shall set forth the factual basis and the reasons for its decision.

(e)(1) The Secretary shall reimburse the State, from funds appropriated to the Department of the Interior for such purposes, for reasonable costs relating to the establishment and operation of the regional advisory councils established by the State in accordance with subsection (d) and the operation of the State fish and game advisory committees so long as such committees are not superseded by the Secretary pursuant to paragraph (2) of subsection (a). Such reimbursement may not exceed 50 per centum of such costs in any fiscal year. Such costs shall be verified in a statement which the Secretary determines to be adequate and accurate. Sums paid under this subsection shall be in addition to any grants, payments, or other sums to which the State is entitled from appropriations to the Department of the Interior.

(2) Total payments to the State under this subsection shall not exceed the sum of $5,000,000 in any one fiscal year. The Secretary shall advise the Congress at least once in every five years as to whether or not the maximum payments specified in this subsection are adequate to ensure the effectiveness of the program established by the State to provide the preference for subsistence uses of fish and wildlife set forth in section 804.

FEDERAL MONITORING

Sec. 806. The Secretary shall monitor the provisions by the State of the subsistence preference set forth in section 804 and shall advise the State and the Committee on Interior and Insular Affairs and on Merchant Marine and Fisheries of the House of Representatives and the Committees on Energy and Natural Resources and Environment and Public Works of the Senate annually and at such other times as...
he deems necessary of his views on the effectiveness of the implementation of this title including the State's provision of such preference, any exercise of his closure or other administrative authority to protect subsistence resources or uses, the views of the State, and any recommendations he may have.

JUDICIAL ENFORCEMENT

Sec. 807. (a) Local residents and other persons and organizations aggrieved by a failure of the State or the Federal Government to provide for the priority for subsistence uses set forth in section 804 (or with respect to the State as set forth in a State law of general applicability if the State has fulfilled the requirements of section 805(d)) may, upon exhaustion of any State or Federal (as appropriate) administrative remedies which may be available, file a civil action in the United States District Court for the District of Alaska to require such actions to be taken as are necessary to provide for the priority. In a civil action filed against the State, the Secretary may be joined as a party to such action. The court may grant preliminary injunctive relief in any civil action if the granting of such relief is appropriate under the facts upon which the action is based. No order granting preliminary relief shall be issued until after an opportunity for hearing. In a civil action filed against the State, the court shall provide relief, other than preliminary relief, by directing the State to submit regulations which satisfy the requirements of section 804; when approved by the court, such regulations shall be incorporated as part of the final judicial order, and such order shall be valid only for such period of time as normally provided by State law for the regulations at issue. Local residents and other persons and organizations who are prevailing parties in an action filed pursuant to this section shall be awarded their costs and attorney's fees.

(b) A civil action filed pursuant to this section shall be assigned for hearing at the earliest possible date, shall take precedence over other matters pending on the docket of the United States district court at that time, and shall be expedited in every way by such court and any appellate court.

(c) This section is the sole Federal judicial remedy created by this title for local residents and other residents who, and organizations which, are aggrieved by a failure of the State to provide for the priority of subsistence uses set forth in section 804.

PARK AND PARK MONUMENT SUBSISTENCE RESOURCE COMMISSIONS

Sec. 808. (a) Within one year from the date of enactment of this Act, the Secretary and the Governor shall each appoint three members to a subsistence resources commission for each national park or park monument within which subsistence uses are permitted by this Act. The regional advisory council established pursuant to section 805 which has jurisdiction within the area in which the park or park monument is located shall appoint three members to the commission each of whom is a member of either the regional advisory council or a local advisory committee within the region and also engages in subsistence uses within the park or park monument. Within eighteen months from the date of enactment of this Act, each commission shall devise and recommend to the Secretary and the Governor a program for subsistence hunting within the park or park monument. Such program shall be prepared using technical information and other pertinent data assembled or produced by necessary field studies or
investigations conducted jointly or separately by the technical and administrative personnel of the State and the Department of the Interior, information submitted by, and after consultation with the appropriate local advisory committees and regional advisory councils, and any testimony received in a public hearing or hearings held by the commission prior to preparation of the plan at a convenient location or locations in the vicinity of the park or park monument. Each year thereafter, the commission, after consultation with the appropriate local committees and regional councils, considering all relevant data and holding one or more additional hearings in the vicinity of the park or park monument, shall make recommendations to the Secretary and the Governor for any changes in the program or its implementation which the commission deems necessary.

(b) The Secretary shall promptly implement the program and recommendations submitted to him by each commission unless he finds in writing that such program or recommendations violates recognized principles of wildlife conservation, threatens the conservation of healthy populations of wildlife in the park or park monument, is contrary to the purposes for which the park or park monument is established, or would be detrimental to the satisfaction of subsistence needs of local residents. Upon notification by the Governor, the Secretary shall take no action on a submission of a commission for sixty days during which period he shall consider any proposed changes in the program or recommendations submitted by the commission which the Governor provides him.

(c) Pending the implementation of a program under subsection (a) of this section, the Secretary shall permit subsistence uses by local residents in accordance with the provisions of this title and other applicable Federal and State law.

COOPERATIVE AGREEMENTS

Sec. 809. The Secretary may enter into cooperative agreements or otherwise cooperate with other Federal agencies, the State, Native Corporations, other appropriate persons and organizations, and, acting through the Secretary of State, other nations to effectuate the purposes and policies of this title.

SUBSISTENCE AND LAND USE DECISIONS

Sec. 810. (a) In determining whether to withdraw, reserve, lease, or otherwise permit the use, occupancy, or disposition of public lands under any provision of law authorizing such actions, the head of the Federal agency having primary jurisdiction over such lands or his designee shall evaluate the effect of such use, occupancy, or disposition on subsistence uses and needs, the availability of other lands for the purposes sought to be achieved, and other alternatives which would reduce or eliminate the use, occupancy, or disposition of public lands needed for subsistence purposes. No such withdrawal, reservation, lease, permit, or other use, occupancy or disposition of such lands which would significantly restrict subsistence uses shall be effected until the head of such Federal agency—

(1) gives notice to the appropriate State agency and the appropriate local committees and regional councils established pursuant to section 805; and

(2) gives notice of, and holds, a hearing in the vicinity of the area involved; and
(3) determines that (A) such a significant restriction of subsistence uses is necessary, consistent with sound management principles for the utilization of the public lands, (B) the proposed activity will involve the minimal amount of public lands necessary to accomplish the purposes of such use, occupancy, or other disposition, and (C) reasonable steps will be taken to minimize adverse impacts upon subsistence uses and resources resulting from such actions.

(b) If the Secretary is required to prepare an environmental impact statement pursuant to section 102(2)(C) of the National Environmental Policy Act, he shall provide the notice and hearing and include the findings required by subsection (a) as part of such environmental impact statement.

(c) Nothing herein shall be construed to prohibit or impair the ability of the State or any Native Corporation to make land selections and receive land conveyances pursuant to the Alaska Statehood Act or the Alaska Native Claims Settlement Act.

(d) After compliance with the procedural requirements of this section and other applicable law, the head of the appropriate Federal agency may manage or dispose of public lands under his primary jurisdiction for any of those uses or purposes authorized by this Act or other law.

ACCESS

SEC. 811. (a) The Secretary shall ensure that rural residents engaged in subsistence uses shall have reasonable access to subsistence resources on the public lands.

(b) Notwithstanding any other provision of this Act or other law, the Secretary shall permit on the public lands appropriate use for subsistence purposes of snowmobiles, motorboats, and other means of surface transportation traditionally employed for such purposes by local residents, subject to reasonable regulation.

RESEARCH

SEC. 812. The Secretary, in cooperation with the State and other appropriate Federal agencies, shall undertake research on fish and wildlife and subsistence uses on the public lands; seek data from, consult with and make use of, the special knowledge of local residents engaged in subsistence uses; and make the results of such research available to the State, the local and regional councils established by the Secretary or State pursuant to section 805, and other appropriate persons and organizations.

PERIODIC REPORTS

SEC. 813. Within four years after the date of enactment of this Act, and within every three-year period thereafter, the Secretary, in consultation with the Secretary of Agriculture, shall prepare and submit a report to the President of the Senate and the Speaker of the House of Representatives on the implementation of this title. The report shall include—

(1) an evaluation of the results of the monitoring undertaken by the Secretary as required by section 806;

(2) the status of fish and wildlife populations on public lands that are subject to subsistence uses;

(3) a description of the nature and extent of subsistence uses and other uses of fish and wildlife on the public lands;
(4) the role of subsistence uses in the economy and culture of rural Alaska;
(5) comments on the Secretary's report by the State, the local advisory councils and regional advisory councils established by the Secretary or the State pursuant to section 805, and other appropriate persons and organizations;
(6) a description of those actions taken, or which may need to be taken in the future, to permit the opportunity for continuation of activities relating to subsistence uses on the public lands; and
(7) such other recommendations the Secretary deems appropriate.
A notice of the report shall be published in the Federal Register and the report shall be made available to the public.

REGULATIONS

SEC. 814. The Secretary shall prescribe such regulations as are necessary and appropriate to carry out his responsibilities under this title.

LIMITATIONS, SAVINGS CLAUSES

SEC. 815. Nothing in this title shall be construed as—
(1) granting any property right in any fish or wildlife or other resource of the public lands or as permitting the level of subsistence uses of fish and wildlife within a conservation system unit to be inconsistent with the conservation of healthy populations, and within a national park or monument to be inconsistent with the conservation of natural and healthy populations, of fish and wildlife. No privilege which may be granted by the State to any individual with respect to subsistence uses may be assigned to any other individual;
(2) permitting any subsistence use of fish and wildlife on any portion of the public lands (whether or not within any conservation system unit) which was permanently closed to such uses on January 1, 1978, or enlarging or diminishing the Secretary's authority to manipulate habitat on any portion of the public lands;
(3) authorizing a restriction on the taking of fish and wildlife for nonsubsistence uses on the public lands (other than national parks and park monuments) unless necessary for the conservation of healthy populations of fish and wildlife, for the reasons set forth in section 816, to continue subsistence uses of such populations, or pursuant to other applicable law; or
Aid in Fish Restoration Act (64 Stat. 430; 16 U.S.C. 777-777K), or any amendments to any one or more of such Acts.

CLOSE TO SUBSISTENCE USES

Sec. 816. (a) All national parks and park monuments in Alaska shall be closed to the taking of wildlife except for subsistence uses to the extent specifically permitted by this Act. Subsistence uses and sport fishing shall be authorized in such areas by the Secretary and carried out in accordance with the requirements of this title and other applicable laws of the United States and the State of Alaska.

(b) Except as specifically provided otherwise by this section, nothing in this title is intended to enlarge or diminish the authority of the Secretary to designate areas where, and establish periods when, no taking of fish and wildlife shall be permitted on the public lands for reasons of public safety, administration, or to assure the continued viability of a particular fish or wildlife population. Notwithstanding any other provision of this Act or other law, the Secretary, after consultation with the State and adequate notice and public hearing, may temporarily close any public lands (including those within any conservation system unit), or any portion thereof, to subsistence uses of a particular fish or wildlife population only if necessary for reasons of public safety, administration, or to assure the continued viability of such population. If the Secretary determines that an emergency situation exists and that extraordinary measures must be taken for public safety or to assure the continued viability of a particular fish or wildlife population, the Secretary may immediately close the public lands, or any portion thereof, to the subsistence uses of such population and shall publish the reasons justifying the closure in the Federal Register. Such emergency closure shall be effective when made, shall not extend for a period exceeding sixty days, and may not subsequently be extended unless the Secretary affirmatively establishes, after notice and public hearing, that such closure should be extended.

TITLE IX—IMPLEMENTATION OF ALASKA NATIVE CLAIMS SETTLEMENT ACT AND ALASKA STATEHOOD ACT

SUBMERGED LANDS STATUTE OF LIMITATION

Sec. 901. (a) Notwithstanding any other provision of law, the ownership by a Native Corporation or Native Group of a parcel of submerged land conveyed to such Corporation or Group pursuant to the Alaska Native Claims Settlement Act or this Act, or a decision by the Secretary of the Interior that the water covering such parcel is not navigable, shall not be subject to judicial determination unless a civil action is filed in the United States District Court within five years after the date of execution of the interim conveyance if the interim conveyance was executed after the date of enactment of this Act, or within seven years after the date of enactment of this Act if the interim conveyance was executed on or before the date of enactment of this Act. If a parcel of submerged land was conveyed by a patent rather than an interim conveyance, the civil action described in the preceding sentence shall be filed within five years after the date of execution of the patent if the patent was executed after the date of enactment of this Act, or within seven years after the date of execution of the patent if the patent was executed on or before the date of enactment of this Act. The civil action described in this
subsection shall be a de novo determination of the ownership of the parcel which is the subject of the action.

(b) No agency or board of the Department of the Interior other than the Bureau of Land Management shall have authority to determine the navigability of water covering a parcel of submerged land selected by a Native Corporation or Native Group pursuant to the Alaska Native Claims Settlement Act unless a determination by the Bureau of Land Management that the water covering a parcel of submerged land is not navigable was validly appealed to such agency or board prior to the date of enactment of this Act. The execution of an interim conveyance or patent (whichever is executed first) by the Bureau of Land Management conveying a parcel of submerged land to a Native Corporation or Native Group shall be the final agency action with respect to a decision by the Secretary of the Interior that the water covering such parcel is not navigable, unless such decision was validly appealed prior to the date of enactment of this Act to an agency or board of the Department of the Interior other than the Bureau of Land Management.

(c) If the court determines that a parcel of submerged land which is the subject of a civil action described in subsection (a) is owned by the Native Corporation or Native Group to which it was conveyed pursuant to the Alaska Native Claims Settlement Act or this Act, each defendant Native Corporation and Native Group shall be awarded a money judgment against the plaintiffs in an amount equal to its costs and attorney’s fees, including costs and attorney’s fees incurred on appeal.

(d) No Native Corporation or Native Group shall be determined to have been conveyed its acreage entitlement under the Alaska Native Claims Settlement Act until—

1. the statutes of limitation set forth in subsection (a) have expired with respect to every parcel of submerged land conveyed to such Corporation or Group; and
2. a final judgment or order not subject to an appeal has been obtained in every civil action filed pursuant to subsection (a).

(e)(1) Whenever a parcel of submerged land to be conveyed to a Native Corporation or Native Group is located outside the boundaries of a conservation system unit such Corporation or Group and the State of Alaska may mutually agree that such parcel may be selected by and conveyed to the State under the provisions of section 6(b) of the Alaska Statehood Act.

2. In any instance in which the State could have selected a parcel of submerged land pursuant to an agreement between the State and a Native Corporation or Native Group pursuant to paragraph (1) if such parcel had not previously been conveyed to such Corporation or Group, such Corporation or Group is authorized to reconvey such parcel to the Secretary, and the Secretary shall accept such reconveyance. If the surface estate and subsurface estate of such parcel are owned by different Native Corporations or Native Groups, every Corporation and Group with an interest in such parcel shall reconvey its entire interest in such parcel to the Secretary.

3. In any agreement made between a Native Corporation or Native Group and the State of Alaska pursuant to paragraph (1), and in any reconveyance executed by a Native Corporation or Native Group pursuant to paragraph (2), each affected Corporation or Group shall disclaim its interest in the parcel which is the subject of the agreement or reconveyance. If such parcel underlies a lake having a surface area of fifty acres or greater or a stream having a width of three chains or greater, the Secretary shall determine the acreage
contained in the parcel. If such parcel underlies a lake having a surface area of less than fifty acres or a stream having a width of less than three chains, the Secretary, the State, and the affected Native Corporation or Native Group shall determine the acreage contained in the parcel by mutual agreement. The affected Native Corporation or Native Group shall receive replacement lands in an amount equal to the acreage of the parcel as determined by the processes set forth in this paragraph.

(4) Upon receipt by the Secretary of an agreement executed pursuant to paragraph (1) or a reconveyance executed pursuant to paragraph (2), the parcel which is the subject of the agreement or reconveyance shall be deemed vacant, unappropriated, and unreserved public land available for selection by the State pursuant to section 6 of the Alaska Statehood Act, and the State is authorized to file a land selection application for such parcel pursuant to section 6(b) of the Alaska Statehood Act. The acreage within such parcel shall be charged against the State's land entitlement. If the water covering a parcel of submerged land selected by or conveyed to the State pursuant to this subsection is later determined (without regard to the statutes of limitation contained in this section) by a court of competent jurisdiction to be navigable and title to such parcel to be vested in the State pursuant to section 6(m) of the Alaska Statehood Act, such selection or conveyance shall not diminish the State's land entitlement under section 6(b) of the Alaska Statehood Act, nor shall such judicial determination of navigability affect the land entitlement of any Native Corporation or Native Group pursuant to the Alaska Native Claims Settlement Act. Land selections made by the State pursuant to this subsection shall not be subject to the size limitations of section 6(g) of the Alaska Statehood Act or this Act. Notwithstanding the survey requirements of section 6(g) of the Alaska Statehood Act and section 13 of the Alaska Native Claims Settlement Act, no ground survey or monumentation shall be required on any parcel selected by and conveyed to the State or excluded from a conveyance to any Native Corporation or Native Group pursuant to this subsection.

(5) Any Native Corporation or Native Group which is entitled to receive conveyance of replacement acreage in lieu of acreage within a parcel of submerged land relinquished or reconveyed pursuant to this subsection shall receive conveyance of such replacement acreage from among existing selections made by such Corporation or Group pursuant to the Alaska Native Claims Settlement Act or this Act. If such selections are insufficient to fulfill the acreage entitlement of such Corporation or Group pursuant to the Alaska Native Claims Settlement Act, the provisions of section 1410 shall apply to such Corporation or Group, but no land within the boundaries of a conservation system unit shall be withdrawn for such Corporation or Group pursuant to section 1410 unless such land was withdrawn under section 11(a) of the Alaska Native Claims Settlement Act. Any replacement acreage conveyed to a Native Corporation or Native Group from lands withdrawn pursuant to section 1410 shall be subject to the provisions of sections 12, 14, 16, 17, and 22 of the Alaska Native Claims Settlement Act.

(f) The procedures and statutes of limitation set forth in this section shall not apply to administrative or judicial determinations of the navigability of water covering a parcel of submerged land other than a parcel conveyed to a Native Corporation or Native Group pursuant to the Alaska Native Claims Settlement Act or this Act.
(g) As used in this section, the terms "navigable" and "navigability" mean navigable for the purpose of determining title to lands beneath navigable waters, as between the United States and the several States, pursuant to the Submerged Lands Act of 1953 (67 Stat. 29), and section 6(m) of the Alaska Statehood Act.

(b) Notwithstanding any other provision of law, any civil action contesting the legality or authority of the United States to legislate on the subject matter of this section shall be barred unless the complaint is filed within one year after the date of enactment of this Act. The purpose of this limitation on suits is to ensure that, after the expiration of a reasonable period of time, the right, title, and interest of Native Corporations and Native Groups in submerged lands conveyed to them under the Alaska Native Claims Settlement Act and this Act will vest with certainty and finality and may be relied upon by such Corporations and Groups and all other persons in their relations among themselves and with the State and the United States.

STATUTE OF LIMITATIONS

Sec. 902. “(d)(1) Real property interests conveyed, pursuant to this Act, to a Native individual, Native Group, Village or Regional Corporation or corporation established pursuant to section 14(h)(3) which are not developed or leased to third parties or which are used solely for the purposes of exploration shall be exempt from State and local real property taxes for a period of twenty years from the vesting of title pursuant to the Alaska National Interest Lands Conservation Act or the date of issuance of an interim conveyance or patent, whichever is earlier, for those interests to such individual, group, or corporation: Provided, That municipal taxes, local real property taxes, or local assessments may be imposed upon any portion of such interest within the jurisdiction of any governmental unit under the laws of the State which is leased or developed for purposes other than exploration for so long as such portion is leased or being developed: Provided further, That easements, rights-of-way, leaseholds, and similar interests in such real property may be taxed in accordance with State or local law. “(2) Any real property interest, not developed or leased to third parties, acquired by a Native individual, Native Group, Village or Regional Corporation, or corporation established pursuant to section 14(h)(3) in exchange for real property interests which are exempt from taxation pursuant to paragraph (1) of this subsection shall be deemed to be a property interest conveyed pursuant to this Act and shall be exempt from taxation as if conveyed pursuant to this Act, when such an exchange is made with the Federal Government, the State government, a municipal government, or another Native Corporation, or, if neither party to the exchange receives a cash value greater than 25 per centum of the value of the land exchanged, a private party. In the event that a Native Corporation simultaneously exchanges two or more tracts of land having different periods of tax exemption pursuant to subsection (d), the periods of tax exemption for the exchanged lands received by such Native Corporation shall be determined (A) by calculating the percentage that the acreage of each tract given up bears to the total acreage given up, and (B) by applying such percentages and the related periods of tax exemption to the acreage received in exchange.”
SEC. 905. (a)(1) Subject to valid existing rights, all Alaska Native allotment applications made pursuant to the Act of May 17, 1906 (34 Stat. 197, as amended) which were pending before the Department of the Interior on or before December 18, 1971, and which describe either land that was unreserved on December 13, 1968, or land within the National Petroleum Reserve—Alaska (then identified as Naval Petroleum Reserve No. 4) are hereby approved on the one hundred and eighthieth day following the effective date of this Act, except where provided otherwise by paragraph (3), (4), (5), or (6) of this subsection, or where the land description of the allotment must be adjusted pursuant to subsection (b) of this section, in which cases approval pursuant to the terms of this subsection shall be effective at the time the adjustment becomes final. The Secretary shall cause allotments approved pursuant to this section to be surveyed and shall issue trust certificates therefor.

(2) All applications approved pursuant to this section shall be subject to the provisions of the Act of March 8, 1922 (43 U.S.C. 270-11).

(3) When on or before the one hundred and eighthieth day following the effective date of this Act the Secretary determines by notice or decision that the land described in an allotment application may be valuable for minerals, excluding oil, gas, or coal, the allotment application shall be adjudicated pursuant to the provisions of the Act of May 17, 1906, as amended, requiring that land allotted under said Act be nonmineral: Provided, That “nonmineral”, as that term is used in such Act, is defined to include land valuable for deposits of sand or gravel.

(4) Where an allotment application describes land within the boundaries of a unit of the National Park System established on or before the one hundred and eighthieth day following the effective date of this Act and the described land was not withdrawn pursuant to section 11(a)(1) of the Alaska Native Claims Settlement Act, or where an allotment application describes land which has been patented or deeded to the State of Alaska or which on or before December 18, 1971, was validly selected by or tentatively approved or confirmed to the State of Alaska pursuant to the Alaska Statehood Act and was not withdrawn pursuant to section 11(a)(1)(A) of the Alaska Native Claims Settlement Act from those lands made available for selection by section 11(a)(2) of the Act by any Native Village certified as eligible pursuant to section 11(b) of such Act, paragraph (1) of this subsection and subsection (d) of this section shall not apply and the application shall be adjudicated pursuant to the requirements of the Act of May 17, 1906, as amended, the Alaska Native Claims Settlement Act, and other applicable law.

(5) Paragraph (1) of this subsection and subsection (d) shall not apply and the Native allotment application shall be adjudicated pursuant to the requirements of the Act of May 17, 1906, as amended, if on or before the one hundred and eighthieth day following the effective date of this Act—

(A) A Native Corporation files a protest with the Secretary stating that the applicant is not entitled to the land described in the allotment application, and said land is withdrawn for selection by the Corporation pursuant to the Alaska Native Claims Settlement Act; or

(B) The State of Alaska files a protest with the Secretary stating that the land described in the allotment application is necessary for access to lands owned by the United States, the
State of Alaska, or a political subdivision of the State of Alaska, to resources located thereon, or to a public body of water regularly employed for transportation purposes, and the protest states with specificity the facts upon which the conclusions concerning access are based and that no reasonable alternatives for access exist; or

(C) A person or entity files a protest with the Secretary stating that the applicant is not entitled to the land described in the allotment application and that said land is the situs of improvements claimed by the person or entity.

(6) Paragraph (1) of this subsection and subsection (d) shall not apply to any application pending before the Department of the Interior on or before December 18, 1971, which was knowingly and voluntarily relinquished by the applicant thereafter.

(b) Where a conflict between two or more allotment applications exists due to overlapping land descriptions, the Secretary shall adjust the descriptions to eliminate conflicts, and in so doing, consistent with other existing rights, if any, may expand or alter the applied-for allotment boundaries or increase or decrease acreage in one or more of the allotment applications to achieve an adjustment which, to the extent practicable, is consistent with prior use of the allotted land and is beneficial to the affected parties: Provided, That the Secretary shall, to the extent feasible, implement an adjustment proposed by the affected parties: Provided further, That the Secretary's decision concerning adjustment of conflicting land descriptions shall be final and unreviewable in all cases in which the reduction, if any, of the affected allottee's claim is less than 30 percent of the acreage contained in the parcel originally described and the adjustment does not exclude from the allotment improvements claimed by the allottee: Provided further, That where an allotment application describes more than one hundred and sixty acres, the Secretary shall at any time prior to or during survey reduce the acreage to one hundred and sixty acres and shall attempt to accomplish said reduction in the manner least detrimental to the applicant.

(c) An allotment applicant may amend the land description contained in his or her application if said description designates land other than that which the applicant intended to claim at the time of application and if the description as amended describes the land originally intended to be claimed. If the allotment application is amended, this section shall operate to approve the application or to require its adjudication, as the case may be, with reference to the amended land description only: Provided, That the Secretary shall notify the State of Alaska and all interested parties, as shown by the records of the Department of the Interior, of the intended correction of the allotment's location, and any such party shall have until the one hundred and eightieth day following the effective date of this Act or sixty days following mailing of the notice, whichever is later, to file with the Department of the Interior a protest as provided in subsection (a)(5) of this section, which protest, if timely, shall be deemed filed within one hundred and eighty days of the effective date of this Act notwithstanding the actual date of filing: Provided further, That the Secretary may require that all allotment applications designating land in a specified area be amended, if at all, prior to a date certain, which date shall be calculated to allow for orderly adoption of a plan of survey for the specified area, and the Secretary shall mail notification of the final date for amendment to each affected allotment applicant, and shall provide such other notice as the Secretary deems appropriate, at least sixty days prior to said date: Provided further,
That no allotment application may be amended for location following adoption of a final plan of survey which includes the location of the allotment as described in the application or its location as desired by amendment.

(d) Where the land described in an allotment application pending before the Department of the Interior on or before December 18, 1971 (or such an application as adjusted or amended pursuant to subsection (b) or (c) of this section), was on that date withdrawn, reserved, or classified for powersite or power-project purposes, notwithstanding such withdrawal, reservation, or classification the described land shall be deemed vacant, unappropriated, and unreserved within the meaning of the Act of May 17, 1906, as amended, and, as such, shall be subject to adjudication or approval pursuant to the terms of this section: Provided, however, That if the described land is included as part of a project licensed under part I of the Federal Power Act of June 10, 1920 (41 Stat. 241, as amended, or is presently utilized for purposes of generating or transmitting electrical power or for any other project authorized by Act of Congress, the foregoing provision shall not apply and the allotment application shall be adjudicated pursuant to the Act of May 17, 1906, as amended: Provided further, That where the allotment applicant commenced use of the land after its withdrawal or classification for powersite purposes, the allotment shall be made subject to the right of reentry provided the United States by section 24 of the Federal Power Act, as amended: Provided further, That any right of reentry reserved in a certificate of allotment pursuant to this section shall expire twenty years after the effective date of this Act if at that time the allotted land is not subject to a license or an application for a license under part I of the Federal Power Act, as amended, or actually utilized or being developed for a purpose authorized by that Act, as amended, or other Act of Congress.

(e) Prior to issuing a certificate for an allotment subject to this section, the Secretary shall identify and adjudicate any record entry or application for title made under an Act other than the Alaska Native Claims Settlement Act, the Alaska Statehood Act, or the Act of May 17, 1906, as amended, which entry or application claims land also described in the allotment application, and shall determine whether such entry or application represents a valid existing right to which the allotment application is subject. Nothing in this section shall be construed to affect rights, if any, acquired by actual use of the described land prior to its withdrawal or classification, or as affecting national forest lands.

STATE SELECTIONS AND CONVEYANCES

Sec. 906. (a) Extension of Selection Period.—(1) In furtherance and confirmation of the State of Alaska’s entitlement to certain national forest and other public lands in Alaska for community development and expansion purposes, section 6(a) of the Alaska Statehood Act is amended by substituting “thirty-five years” for “twenty-five years”.

(2) Extension of Selection Period.—In furtherance and confirmation of the State of Alaska’s entitlement to certain public lands in Alaska, section 6(b) of the Alaska Statehood Act is amended by substituting “thirty-five years” for “twenty-five years”.

(b) School Lands Settlement.—(1) In full and final settlement of and all claims by the State of Alaska arising under the Act of March 4, 1915 (38 Stat. 1214), as confirmed and transferred in section 6(k) of the Alaska Statehood Act, the State is hereby granted seventy-
five thousand acres which it shall be entitled to select until January 4, 1994, from vacant, unappropriated, and unreserved public lands. In exercising the selection rights granted herein, the State shall be deemed to have relinquished all claims to any right, title, or interest to any school lands which failed to vest under the above statutes at the time Alaska became a State (January 3, 1959), including lands unsurveyed on that date or surveyed lands which were within Federal reservations or withdrawals on that date.

(2) Except as provided herein, such selections shall be made in conformance with the provisions for selections under section 6(b) of the Alaska Statehood Act. Selections made under this subsection shall be in units of whole sections as shown on the official survey plats of the Bureau of Land Management, including protraction diagrams, unless part of the section is unavailable or the land is otherwise surveyed, or unless the Secretary waives the whole section requirement.

(3) Lands selected and conveyed to the State under this subsection shall be subject to the provisions of subsections (j) and (k) of section 6 of the Alaska Statehood Act.

(c) Prior Tentative Approvals.—(1) All tentative approvals of State of Alaska land selections pursuant to the Alaska Statehood Act are hereby confirmed, subject only to valid existing rights and Native selection rights under the Alaska Native Claims Settlement Act, and the United States hereby confirms that all right, title, and interest of the United States in and to such lands is deemed to have vested in the State of Alaska as of the date of tentative approval; except that this subsection shall not apply to tentative approvals which, prior to the date of enactment of this Act, have been relinquished by the State, or have been finally revoked by the United States under authority other than authority under section 11(a)(2), 12(a), or 12(b) of the Alaska Native Claims Settlement Act.

(2) Upon approval of a land survey by the Secretary, such lands shall be patented to the State of Alaska.

(3) If the State elects to receive patent to any of the lands which are the subject of this subsection on the basis of protraction surveys in lieu of field surveys, the Secretary shall issue patent to the State on that basis within six months after notice of such election. For townships having such adverse claims of record, patent on the basis of protraction surveys shall be issued as soon as practicable after such election.

(4) Future tentative approvals of State land selections, when issued, shall have the same force and effect as those existing tentative approvals which are confirmed by this subsection and shall be processed for patent by the same administrative procedures as specified in paragraphs (2) and (3) of this subsection.

(d) Prior State Selections.—(1) In furtherance of the State's entitlement to lands under section 6(b) of the Alaska Statehood Act, the United States hereby conveys to the State of Alaska, subject only to valid existing rights and Native selection rights under the Alaska Native Claims Settlement Act, all right, title and interest of the United States in and to all vacant, unappropriated, and unreserved lands, including lands subject to subsection (l) of this section, which are specified in the list entitled "Prior State of Alaska Selections to be Conveyed by Congress", dated July 24, 1978, submitted by the State of Alaska and on file in the Office of the Secretary except those Federal lands which are specified in a list dated October 19, 1979, submitted by the State of Alaska and on file with the Office of the Secretary. If any of those townships listed above contain lands within the bound-
aries of any conservation system unit, national conservation area, national recreation area, new national forest or forest addition, established, designated, or expanded by this Act, then only those lands within such townships which have been previously selected by the State of Alaska shall be conveyed pursuant to this subsection. (2) In furtherance of the State’s entitlement to lands under section 6(a) of the Alaska Statehood Act, the United States hereby conveys to the State of Alaska, subject only to valid existing rights and Native selection rights under the Alaska Native Claims Settlement Act, all right, title and interest of the United States in and to all valid land selections made from the national forests under authority of said section 6(a) which have been approved by the Secretary of Agriculture prior to July 1, 1979. (3) As soon as practicable after the date of enactment of this Act, the Secretary shall issue tentative approvals to such State selections as required by the Alaska Statehood Act and pursuant to subsection (i) of this section. The sequence of issuance of such tentative approvals shall be on the basis of priorities determined by the State. (4) Upon approval of a land survey by the Secretary, such lands shall be patented to the State of Alaska. (5) If the State elects to receive patent to any of the lands which are the subject of this subsection on the basis of protraction surveys in lieu of field surveys, the Secretary shall issue patent to the State on that basis within six months after notice of such election for townships having no adverse claims on the public land records. For townships having such adverse claims of record, patent on the basis of protraction surveys shall be issued as soon as practicable after such election. (6) Future valid State land selections shall be subject only to valid existing rights and Native selection rights under the Alaska Native Claims Settlement Act. (e) Future “Top Filings”.—Subject to valid existing rights and Native selection rights under the Alaska Native Claims Settlement Act, the State, at its option, may file future selection applications and amendments thereto, pursuant to section 6 (a) or (b) of the Alaska Statehood Act or subsection (b) of this section, for lands which are not, on the date of filing of such applications, available within the meaning of section 6 (a) or (b) of the Alaska Statehood Act, other than lands within any conservation system unit or the National Petroleum Reserve—Alaska. Each such selection application, if otherwise valid, shall become an effective selection without further action by the State upon the date the lands included in such application become available within the meaning of subsection (a) or (b) of section 6 regardless of whether such date occurs before or after expiration of the State’s land selection rights. Selection applications heretofore filed by the State may be refilled so as to become subject to the provisions of this subsection; except that no such refilling shall prejudice any claim of validity which may be asserted regarding the original filing of such application. Nothing contained in this subsection shall be construed to prevent the United States from transferring a Federal reservation or appropriation from one Federal agency to another Federal agency for the use and benefit of the Federal Government. (f) Right to Overselect.—(1) The State of Alaska may select lands exceeding by not more than 25 per centum in total area the amount of State entitlement which has not been patented or tentatively approved under each grant or confirmation of lands to the State contained in the Alaska Statehood Act or other law. If its selections
under a particular grant exceed such remaining entitlement, the State shall thereupon list all selections for that grant which have not been tentatively approved in desired priority order of conveyance, in blocks no larger than one township in size; except that the State may alter such priorities prior to receipt of tentative approval. Upon receipt by the State of subsequent tentative approvals, such excess selections shall be reduced by the Secretary pro rata by rejecting the lowest prioritized selection blocks necessary to maintain a maximum excess selection of 25 per centum of the entitlement which has not yet been tentatively approved or patented to the State under each grant.

(2) The State of Alaska may, by written notification to the Secretary, relinquish any selections of land filed under the Alaska Statehood Act or subsection (b) of this section prior to receipt by the State of tentative approval, except that lands conveyed pursuant to subsection (g) of this section may not be relinquished pursuant to this paragraph.

(3) Section 6(g) of the Alaska Statehood Act is amended by adding at the end thereof the following new sentence: “As to all selections made by the State after January 1, 1979, pursuant section 6(b) of this Act, the Secretary of the Interior, in his discretion, may waive the minimum tract selection size where he determines that such a reduced selection size would be in the national interest and would result in a better land ownership pattern.”.

(g) CONVEYANCE OF SPECIFIED LANDS.—In furtherance of the State's entitlement to lands under section 6(b) of the Alaska Statehood Act, the United States hereby conveys to the State of Alaska all right, title, and interest of the United States in and to all vacant, unappropriated, and unreserved lands, including lands subject to subsection (e) of this section but which lie within those townships outside the boundaries of conservation system units, National Conservation Areas, National Recreation Areas, new national forests and forest additions, established, designated, or expanded by this Act, which are specified in the list entitled “State Selection lands May 15, 1978”, dated July 24, 1978, submitted by the State of Alaska and on file in the office of the Secretary of the Interior. The denomination of lands in such list which are not, on the date of enactment of this Act, available lands within the meaning of section 6(b) of the Alaska Statehood Act and this Act shall be treated as a future selection application pursuant to subsection (e) of this section, to the extent such an application could have been filed under such subsection (e).

(h) LIMITATION OF CONVEYANCES OF SPECIFIED LANDS TENTATIVE APPROVALS; SURVEYS.—(1) Lands identified in subsection (g) are conveyed to the State subject to valid existing rights and Native selection rights under the Alaska Native Claims Settlement Act. All right, title, and interest of the United States in and to such lands shall vest in the State of Alaska as of the date of enactment of this Act, subject to those reservations specified in subsection (l) of this section.

(2) As soon as practicable after the date of enactment of this Act, the Secretary shall issue to the State tentative approvals to such lands as required by the Alaska Statehood Act and pursuant to subsection (i) of this section. The sequence of issuance of such tentative approvals shall be on the basis of priorities determined by the State.

(3) Upon approval of a land survey by the Secretary, those lands identified in subsection (g) shall be patented to the State of Alaska.

(4) If the State elects to receive patent to any of the lands which are identified in subsection (g) on the basis of protraction surveys in lieu of...
of field surveys, the Secretary shall issue patent to the State on that basis within six months after notice of such election for townships having no adverse claims on the public land records. For townships having such adverse claims of record, patent on the basis of protraction surveys shall be issued as soon as practicable after such election.

(i) ADJUDICATION.—Nothing contained in this section shall relieve the Secretary of the duty to adjudicate conflicting claims regarding the lands specified in subsection (g) of this section, or otherwise selected under authority of the Alaska Statehood Act, subsection (b) of this section, or other law, prior to the issuance of tentative approval.

(j) CLARIFICATION OF LAND STATUS OUTSIDE UNITS.—As to lands outside the boundaries of a conservation system unit, National Recreation Areas, National Conservation Areas, new national forests and forest additions, the following withdrawals, classifications, or designations shall not, of themselves, remove the lands involved from the status of vacant, unappropriated, and unreserved lands for the purposes of subsection (d) or (g) of this section and future State selections pursuant to the Alaska Statehood Act or subsection (b) of this section:

(1) withdrawals for classification pursuant to section 17(d)(1) of the Alaska Native Claims Settlement Act; except that, in accordance with the Memorandum of Understanding between the United States and the State of Alaska dated September 2, 1972, to the extent that Public Land Orders Numbered 5150, 5151, 5181, 5182, 5184, 5187, 5190, 5194, and 5388 by their terms continue to prohibit State selections of certain lands, such lands shall remain unavailable for future State selection except as provided by subsection (e) of this Act;

(2) withdrawals pursuant to section 11 of the Alaska Native Claims Settlement Act, which are not finally conveyed pursuant to section 12, 14, or 19 of such Act;

(3) classifications pursuant to the Classification and Multiple Use Act (78 Stat. 987);

(4) classifications or designations pursuant to the National Forest Management Act (90 Stat. 2949) as amended; and

(5) classifications, withdrawals exceeding 5,000 acres (except withdrawals exceeding 5,000 acres which the Congress, by concurrent resolution, approves within 180 days of the withdrawal or the effective date of this Act, whichever occurs later), or designations pursuant to the Federal Land Policy and Management Act (90 Stat. 2743).

(k) INTERIM PROVISIONS.—Notwithstanding any other provision of law, on lands selected by, or granted or conveyed to, the State of Alaska under section 6 of the Alaska Statehood Act or this Act, but not yet tentatively approved to the State:

(1) The Secretary is authorized to make contracts and grant leases, licenses, permits, rights-of-way, or easements, and any tentative approval or patent shall be subject to such contract, lease, license, permit, right-of-way, or easement; except that (A) the authority granted the Secretary by this subsection is that authority the Secretary otherwise would have had under existing laws and regulations had the lands not been selected by the State, and (B) the State has concurred prior to such action by the Secretary.

(2) On and after the date of enactment of this Act, 90 per cent of any and all proceeds derived from contracts, leases, licenses, permits, rights-of-way, or easements or from trespasses

48 USC note prec. 21.
originating after the date of selection by the State shall be held by the Secretary until such lands have been tentatively approved to the State. As such lands are tentatively approved, the Secretary shall pay to the State from such account the proceeds allocable to such lands which are derived from contracts, leases, licenses, permits, rights-of-way, easements, or trespasses. The proceeds derived from contracts, leases, licenses, permits, rights-of-way, easements or trespasses and deposited to the account pertaining to lands selected by the State but not tentatively approved due to rejection or relinquishment shall be paid as would have been required by law were it not for the provisions of this Act. In the event that the tentative approval does not cover all of the land embraced within any contract, lease, license, permit, right-of-way, easement, or trespass, the State shall only be entitled to the proportionate amount of the proceeds derived from such contract, lease, license, permit, right-of-way, or easement, which results from multiplying the total of such proceeds by a fraction in which the numerator is the acreage of such contract, lease, license, permit, right-of-way, or easement which is included in the tentative approval and the denominator is the total acreage contained in such contract, lease, license, permit, right-of-way, or easement; in the case of trespass, the State shall be entitled to the proportionate share of the proceeds in relation to the damages occurring on the respective lands.

(3) Nothing in this subsection shall relieve the State or the United States of any obligations under section 9 of the Alaska Native Claims Settlement Act or the fourth sentence of section 6(h) of the Alaska Statehood Act.

(1) EXISTING RIGHTS.—(1) All conveyances to the State under section 6 of the Alaska Statehood Act, this Act, or any other law, shall be subject to valid existing rights, to Native selection rights under the Alaska Native Claims Settlement Act, and to any right-of-way or easement reserved for or appropriated by the United States prior to selection of the underlying lands by the State of Alaska.

(2) Where, prior to a conveyance to the State, a right-of-way or easement has been reserved for or appropriated by the United States or a contract, lease, license, permit, right-of-way, or easement has been issued for the lands, the conveyance shall contain provisions making it subject to the right-of-way or easement reserved or appropriated and to the contract, lease, license, permit, right-of-way, or easement issued or granted, and also subject to the right of the United States, contractee, lessee, licensee, permittee, or grantee to the complete enjoyment of all rights, privileges, and benefits previously granted, issued, reserved, or appropriated. Upon issuance of tentative approval, the State shall succeed and become entitled to any and all interests of the United States as contractor, lessor, licensor, permittee, or grantor, in any such contracts, leases, licenses, permits, rights-of-way, or easements, except those reserved to the United States in the tentative approval.

(3) The administration of rights-of-way or easements reserved to the United States in the tentative approval shall be in the United States, including the right to grant an interest in such right-of-way or easement in whole or in part.

(4) Where the lands tentatively approved do not include all of the land involved with any contract, lease, license, permit, right-of-way, or easement issued or granted, the administration of such contract, lease, license, permit, right-of-way, or easement shall remain in the
United States unless the agency responsible for administration waives such administration.

(5) Nothing in this subsection shall relieve the State or the United States of any obligations under section 9 of the Alaska Native Claims Settlement Act or the fourth sentence of section 6(h) of the Alaska Statehood Act.

(m) Extinction of Certain Time Extensions.—Any extensions of time periods granted to the State pursuant to section 17(d)(2)(E) of the Alaska Native Claims Settlement Act are hereby extinguished, and the time periods specified in subsections (a) and (b) of this section shall hereafter be applicable to State selections.

(n) Effect on Third-Party Rights.—(1) Nothing in this section shall alter the rights or obligations of any party with regard to section 12 of the Act of January 2, 1976 (Public Law 94-204), sections 4 and 5 of the Act of October 4, 1976 (Public Law 94-456), or section 3 of the Act of November 15, 1977 (Public Law 94-178).

(2) Any conveyance of land to or confirmation of prior selections of the State made by this Act or selections allowed under this Act shall be subject to the rights of Cook Inlet Region, Incorporated, to nominate lands outside of its region with such nominations to be superior to any selection made by the State after July 18, 1975, including any lands conveyed to the State pursuant to subsection (g) of this section, and to the duty of the Secretary, with consent of the State, to make certain lands within the Cook Inlet Region available to the Corporation, both in accordance with the provisions of section 12(b) of the Act of January 2, 1976 (Public Law 94-204), as amended.

(3) Nothing in this title shall prejudice a claim of validity or invalidity regarding any third-party interest created by the State of Alaska prior to December 18, 1971, under authority of section 6(g) of the Alaska Statehood Act or otherwise.

(4) Nothing in this Act shall affect any right of the United States or Alaska Natives to seek and receive damages against any party for trespass against, or other interference with, aboriginal interests if any, occurring prior to December 18, 1971.

(o) Status of Lands Within Units.—(1) Notwithstanding any other provision of law, subject to valid existing rights any land withdrawn pursuant to section 17(d)(1) of the Alaska Native Claims Settlement Act and within the boundaries of any conservation system unit, National Recreation Area, National Conservation Area, new national forest or forest addition, shall be added to such unit and administered accordingly unless, before, on, or after the date of the enactment of this Act, such land has been validly selected by and conveyed to a Native Corporation, or unless before the date of enactment of this Act, such land has been validly selected by, and after the date of enactment of this Act is conveyed to the State. At such time as the entitlement of any Native Corporation to land under the Alaska Native Claims Settlement Act is satisfied, any land within a conservation system unit selected by such Native Corporation shall, to the extent that such land is in excess of its entitlement, become part of such unit and administered accordingly: Provided, That nothing in this subsection shall necessarily preclude the future conveyance to the State of those Federal lands which are specified in a list dated October 19, 1979, submitted by the State of Alaska and on file with the Office of the Secretary: Provided further, That nothing in this subsection shall affect any conveyance to the State pursuant to subsections (b), (c), (d), or (g) of this section.

(2) Until conveyed, all Federal lands within the boundaries of a conservation system unit, National Recreation Area, National Con-
servation Area, new national forest or forest addition, shall be administered in accordance with the laws applicable to such unit.

(p) PYK LINE.—The second proviso of section 6(b) of the Alaska Statehood Act regarding Presidential approval of land selection north and west of the line described in section 10 of such Act shall not apply to any conveyance of land to the State pursuant to subsections (c), (d), and (g) of this section but shall apply to future State selections.

ALASKA LAND BANK

SEC. 907. (a) ESTABLISHMENT: AGREEMENTS.—(1) In order to enhance the quantity and quality of Alaska’s renewable resources and to facilitate the coordinated management and protection of Federal, State, and Native and other private lands, there is hereby established the Alaska Land Bank Program. Any private landowner is authorized as provided in this section to enter into a written agreement with the Secretary if his lands adjoin, or his use of such lands would directly affect, Federal land, Federal and State land, or State land if the State is not participating in the program. Any private landowner described in subsection (c)(2) whose lands do not adjoin, or whose use of such lands would not directly affect either Federal or State lands also is entitled to enter into an agreement with the Secretary. Any private landowner whose lands adjoin, or whose use of such lands would directly affect, only State, or State and private lands, is authorized as provided in this section to enter into an agreement with the State of Alaska if the State is participating in the program. If the Secretary is the contracting party with the private landowner, he shall afford the State an opportunity to participate in negotiations and become a party to the agreement. An agreement may include all or part of the lands of any private landowner: Provided, That lands not owned by landowners described in subsection (c)(2) shall not be included in the agreement unless the Secretary, or the State, determines that the purposes of the program will be promoted by their inclusion.

(2) If a private landowner consents to the inclusion in an agreement of the stipulations provided in subsections (b)(1), (b)(2), (b)(4), (b)(5), and (b)(7), and if such owner does not insist on any additional terms which are unacceptable to the Secretary or the State, as appropriate, the owner shall be entitled to enter into an agreement pursuant to this section. If an agreement is not executed within one hundred and twenty days of the date on which a private landowner communicates in writing his consent to the stipulations referred to in the preceding sentence, the appropriate Secretary or State agency head shall execute an agreement. Upon such execution, the private owner shall receive the benefits provided in subsection (c) hereof.

(3) No agreement under this section shall be construed as affecting any land, or any right or interest in land, of any owner not a party to such agreement.

(b) TERMS OF AGREEMENT.—Each agreement referred to in subsection (a) shall have an initial term of ten years, with provisions, if any, for renewal for additional periods of five years. Such agreement shall contain the following terms:

(1) The landowner shall not alienate, transfer, assign, mortgage or pledge the lands subject to the agreement except as provided in section 14(c) of the Alaska Native Claims Settlement Act, or permit development or improvement on such lands except as provided in the agreement. For the purposes of this section only, each agreement entered into with a landowner described in

48 USC note prec. 21.
48 USC note prec. 21.
43 USC 1636.
43 USC 1636.
subsection (c)(2) shall constitute a restriction against alienation imposed by the United States upon the lands subject to the agreement.

(2) Lands subject to the agreement shall be managed by the owner in a manner compatible with the management plan, if any, for the adjoining Federal or State lands, and with the requirements of this subsection. If lands subject to the agreement do not adjoin either Federal or State lands, they shall be managed in a manner compatible with the management plan, if any, of Federal or State lands which would be directly affected by the use of such private lands. If no such plan has been adopted, or if the use of such private lands would not directly affect either Federal or State lands, the owner shall manage such lands in accordance with the provisions in paragraph (1) of this subsection. Except as provided in (3) of this subsection, nothing in this section or the management plan of any Federal or State agency shall be construed to require a private landowner to grant public access on or across his lands.

(3) If the surface landowner so consents, such lands may be made available for local or other recreational use: Provided, That the refusal of a private landowner to permit the uses referred to in this subsection shall not be grounds for the refusal of the Secretary or the State to enter into an agreement with the landowner under this section.

(4) Appropriate Federal and/or State agency heads shall have reasonable access to such privately owned land for purposes relating to the administration of the adjoining Federal or State lands, and to carry out their obligations under the agreement.

(5) Reasonable access to such land by officers of the State shall be permitted for purposes of conserving fish and wildlife.

(6) Those services or other consideration which the appropriate Secretary or the State shall provide to the owner pursuant to subsection (c)(1) shall be set forth.

(7) All or part of the lands subject to the agreement may be withdrawn from the Alaska land bank program not earlier than ninety days after the landowner—

(A) submits written notice thereof to the other parties which are signatory to the agreement; and

(B) pays all Federal, State and local property taxes and assessments which, during the particular term then in effect, would have been incurred except for the agreement, together with interest on such taxes and assessments in an amount to be determined at the highest rate of interest charged with respect to delinquent property taxes by the Federal, State or local taxing authority, if any.

(8) The agreement may contain such additional terms, which are consistent with the provisions of this section, as seem desirable to the parties entering into the agreement: Provided, That the refusal of the landowner to agree to any additional terms shall not be grounds for the refusal of the Secretary or the State to enter into an agreement with the landowner under this section.

(c) BENEFITS TO PRIVATE LANDOWNERS.—So long as the landowner is in compliance with the agreement, he shall, as to lands encompassed by the agreement, be entitled to the benefits set forth below:

(1) In addition to any requirement of applicable law, the appropriate Secretary is authorized to provide technical and other assistance with respect to fire control, trespass control,
resource and land use planning, the management of fish and wildlife, and the protection, maintenance, and enhancement of any special values of the land subject to the agreement, all with or without reimbursement as agreed upon by the parties.

(2) As to Native Corporations and all other persons or groups that have received or will receive lands or interests therein pursuant to the Alaska Native Claims Settlement Act or sections 901 and 902 of this title, immunity from—

(A) adverse possession;

(B) real property taxes and assessments by the United States, the State, or any political subdivision of the State: Provided, That such immunity shall cease if the lands involved are leased or developed, as such terms are used in section 21(d) of the Alaska Native Claims Settlement Act;

(C) judgment in any action at law or equity to recover sums owed or penalties incurred by any Native Corporation or Native Group or any officer, director, or stockholder of any such Corporation or Group. On or before January 31 of each year beginning the fourth year after the date of enactment of this Act, the Secretary shall publish in the Federal Register and in at least three newspapers of general circulation in the State the percentage of conveyed land entitlement which each Native Corporation or Group has elected to include in the Alaska Land Bank Program as of the end of the preceding year.

(3) If the State enacts laws of general applicability which are consistent with this section and which offer any or all of the benefits provided in subsection (c)(2) hereof, as to private landowners who enter into an agreement referred to in subsection (a) to which agreement the State is a party, such laws, unless and until repealed, shall supersede the relevant subparagraph of subsection (c)(2) and shall govern the grant of the benefit so provided: Provided, That the enactment of such State laws shall not be construed as repealing, modifying, or otherwise affecting the applicability of the immunity from Federal real property taxes and assessments provided in subsection (c)(2)(B) or the immunity from judgments in any Federal action at law or equity provided in subsection (c)(2)(C).

(4)(A) Except as provided in subsection (c)(2), nothing in this section shall be construed as affecting the civil or criminal jurisdiction of the State of Alaska.

(B) Privately owned lands included in the Alaska Land Bank Program shall be subject to condemnation for public purposes in accordance with the provisions of this Act and other applicable law.

(d) INTERIM GRANT OF BENEFITS.—Notwithstanding any other provision of this section, unless the landowner decides otherwise, the benefits specified in subsection (c)(2) shall apply to lands conveyed pursuant to the Alaska Native Claims Settlement Act, or sections 901 and 902 of this title for a period of three years from the date of conveyance or the date of enactment of this Act, whichever is later: Provided, That this subsection shall not apply to any lands which on the date of enactment of this Act are the subject of a mortgage, pledge or other encumbrance.

(e) REVENUE-SHARING, FIRE PROTECTION, ETC.—The provisions of section 21(e) of the Alaska Native Claims Settlement Act shall apply to all lands which are subject to an agreement under this section so long as the parties to the agreement are in compliance therewith.
(f) Existing Contracts.—Nothing in this section shall be construed as impairing, or otherwise affecting in any manner, any contract or other obligation which was entered into prior to the enactment of this Act or which (1) applies to any land which is subject to an agreement, and (2) was entered into before the agreement becomes effective.

Protection of Native Lands in Contingency Areas Under Timber Sales

Sec. 908. Section 15 of the Alaska Native Claims Settlement Act is amended by inserting "(a)" after "Sec. 15." and by adding at the end of such section the following new subsection:

"(b) No land conveyed to a Native Corporation pursuant to this Act or by operation of the Alaska National Interest Lands Conservation Act which is within a contingency area designated in a timber sale contract let by the United States shall thereafter be subject to such contract or to entry or timbering by the contractor. Until a Native Corporation has received conveyances to all of the land to which it is entitled to receive under the appropriate section or subsection of this Act, for which the land was withdrawn or selected, no land in such a contingency area that has been withdrawn and selected, or selected, by such Corporation under this Act shall be entered by the timber contractor and no timber shall be cut thereon, except by agreement with such Corporation. For purposes of this subsection, the term 'contingency area' means any area specified in a timber sale contract as an area from which the timber contractor may harvest timber if the volume of timber specified in the contract cannot be obtained from one or more areas definitely designated for timbering in the contract.".

Use of Protraction Diagrams

Sec. 909. With the agreement of the party to whom a patent is to be issued under this title, or the Alaska Native Claims Settlement Act, the Secretary, in his discretion, may base such patent on protraction diagrams in lieu of field surveys. Any person or corporation receiving a patent under this title or the Alaska Native Claims Settlement Act on the basis of a protraction diagram shall receive any gain or bear any loss of acreage due to errors, if any, in such protraction diagram.

National Environmental Policy Act

Sec. 910. The National Environmental Policy Act of 1969 (83 Stat. 852) shall not be construed, in whole or in part, as requiring the preparation or submission of an environmental impact statement for withdrawals, conveyances, regulations, orders, easement determinations, or other actions which lead to the issuance of conveyances to Natives or Native Corporations, pursuant to the Alaska Native Claims Settlement Act, or this Act. Nothing in this section shall be construed as affirming or denying the validity of any withdrawals by the Secretary under section 14(h)(3) of the Alaska Native Claims Settlement Act.

TITLE X—FEDERAL NORTH SLOPE LANDS STUDIES, OIL AND GAS LEASING PROGRAM AND MINERAL ASSESSMENTS

OVERALL STUDY PROGRAM

Sec. 1001. (a) The Secretary shall initiate and carry out a study of all Federal lands (other than submerged lands on the Outer Continental Shelf) in Alaska north of 68 degrees north latitude and east of the western boundary of the National Petroleum Reserve—Alaska, other than lands included in the National Petroleum Reserve—Alaska and in conservation system units established by this Act. (b) The study shall utilize a systematic interdisciplinary approach to—

(1) assess the potential oil and gas resources of these lands and make recommendations concerning future use and management of those resources including an evaluation of alternative transportation routes needed for oil and gas development;
(2) review the wilderness characteristics, and make recommendations for wilderness designation, of these lands; and
(3) study, and make recommendations for protection of, the wildlife resources of these lands.
(c) After completion of the study, the Secretary shall make findings on—

(1) the potential oil and gas resources of these lands;
(2) the impact of oil and gas development on the wildlife resources on these lands, particularly the Arctic and Porcupine caribou herds and the polar bear;
(3) the national need for development of the oil and gas resources of all or any portion of these lands;
(4) the national interest in preservation of the wilderness characteristics of these lands; and
(5) the national interest in protection of the wildlife resources of these lands.

(d) In the course of the study, the Secretary shall consult with the Secretary of Energy and other Federal agencies, the State of Alaska, Native Village and Regional Corporations, the North Slope Borough, the Alaska Land Use Council and the Government of Canada. The Secretary shall provide an opportunity for public review and comment on a draft study and proposed findings prior to their final approval.

(e) The Secretary shall submit the study and his findings to the President and the Congress no later than eight years after the date of enactment of this Act. The Secretary shall submit annual reports to Congress on the progress in carrying out this title.

(f) Nothing in this title shall be construed as impeding, delaying, or otherwise affecting the selection and conveyance of land to the State pursuant to the Alaska Statehood Act, or any other Federal law referred to in section 102(3)(A) of this Act, and to the Natives pursuant to the Alaska Native Claims Settlement Act and this Act.

**ARCTIC NATIONAL WILDLIFE REFUGE COASTAL PLAIN RESOURCE ASSESSMENT**

Sec. 1002. (a) PURPOSE.—The purpose of this section is to provide for a comprehensive and continuing inventory and assessment of the fish and wildlife resources of the coastal plain of the Arctic National Wildlife Refuge; an analysis of the impacts of oil and gas exploration, development, and production, and to authorize exploratory activity within the coastal plain in a manner that avoids significant adverse effects on the fish and wildlife and other resources.

(b) DEFINITIONS.—As used in this section—

(1) The term “coastal plain” means that area identified as such in the map entitled “Arctic National Wildlife Refuge”, dated August 1980.

(2) The term “exploratory activity” means surface geological exploration or seismic exploration, or both, for oil and gas within the coastal plain.

(c) BASELINE STUDY.—The Secretary, in consultation with the Governor of the State, Native Village and Regional Corporations, and the North Slope Borough within the study area and interested persons, shall conduct a continuing study of the fish and wildlife (with special emphasis on caribou, wolves, wolverines, grizzly bears, migratory waterfowl, musk oxen, and polar bears) of the coastal plain and their habitat. In conducting the study, the Secretary shall—

(A) assess the size, range, and distribution of the populations of the fish and wildlife;

(B) determine the extent, location and carrying capacity of the habitats of the fish and wildlife;
(C) assess the impacts of human activities and natural processes on the fish and wildlife and their habitats;

(D) analyze the potential impacts of oil and gas exploration, development, and production on such wildlife and habitats; and

(E) analyze the potential effects of such activities on the culture and lifestyle (including subsistence) of affected Native and other people.

Within eighteen months after the enactment date of this Act, the Secretary shall publish the results of the study as of that date and shall thereafter publish such revisions thereto as are appropriate as new information is obtained.

(d) GUIDELINES.—(1) Within two years after the enactment date of this Act, the Secretary shall by regulation establish initial guidelines governing the carrying out of exploratory activities. The guidelines shall be based upon the results of the study required under subsection (c) and such other information as may be available to the Secretary. The guidelines shall include such prohibitions, restrictions, and conditions on the carrying out of exploratory activities as the Secretary deems necessary or appropriate to ensure that exploratory activities do not significantly adversely affect the fish and wildlife, their habitats, or the environment, including, but not limited to—

(A) a prohibition on the carrying out of exploratory activity during caribou calving and immediate post-calving seasons or during any other period in which human activity may have adverse effects;

(B) temporary or permanent closing of appropriate areas to such activity;

(C) specification of the support facilities, equipment and related manpower that is appropriate in connection with exploratory activity; and

(D) requirements that exploratory activities be coordinated in such a manner as to avoid unnecessary duplication.

(2) The initial guidelines prescribed by the Secretary to implement this subsection shall be accompanied by an environmental impact statement on exploratory activities. The initial guidelines shall thereafter be revised to reflect changes made in the baseline study and other appropriate information made available to the Secretary.

(e) EXPLORATION PLANS.—(1) After the initial guidelines are prescribed under subsection (d), any person including the United States Geological Survey may submit one or more plans for exploratory activity (hereinafter in this section referred to as “exploration plans”) to the Secretary for approval. An exploration plan must set forth such information as the Secretary may require in order to determine whether the plan is consistent with the guidelines, including, but not limited to—

(A) a description and schedule of the exploratory activity proposed to be undertaken;

(B) a description of the equipment, facilities, and related manpower that would be used in carrying out the activity;

(C) the area in which the activity would be undertaken; and

(D) a statement of the anticipated effects that the activity may have on fish and wildlife, their habitats and the environment.

(2) Upon receiving any exploration plan for approval, the Secretary shall promptly publish notice of the application and the text of the plan in the Federal Register and newspapers of general circulation in the State. The Secretary shall determine, within one hundred and twenty days after any plan is submitted for approval, if the plan is consistent with the guidelines established under subsection (d). If the
Secretary determines that the plan is so consistent, he shall approve the plan: except that no plan shall be approved during the two-year period following the date of enactment of this Act. Before making the determination, the Secretary shall hold at least one public hearing in the State for purposes of receiving the comments and views of the public on the plan. The Secretary shall not approve of any plan submitted by the United States Geological Survey unless he determines that (1) no other person has submitted a plan for the area involved which meets established guidelines and (2) the information which would be obtained is needed to make an adequate report under subsection (h). The Secretary, as a condition of approval of any plan under this section—

(A) may require that such modifications be made to the plan as he considers necessary and appropriate to make it consistent with the guidelines;

(B) shall require that all data and information (including processed, analyzed and interpreted information) obtained as a result of carrying out the plan shall be submitted to the Secretary; and

(C) shall make such data and information available to the public except that any processed, analyzed and interpreted data or information shall be held confidential by the Secretary for a period of not less than two years following any lease sale including the area from which the information was obtained.

(f) Modification to Exploration Plans.—If at any time while exploratory activity is being carried out under an exploration plan approved under subsection (e), the Secretary, on the basis of information available to him, determines that continuation of further activities under the plan or permit will significantly adversely affect fish or wildlife, their habitat, or the environment, the Secretary may suspend the carrying out of activities under the plan or permit for such time, make such modifications to the plan or to the terms and conditions of the permit (or both suspend and so modify) as he determines necessary and appropriate.

(g) Civil Penalties.—(1) Any person who is found by the Secretary, after notice and an opportunity for a hearing in accordance with section 554 of title 5, United States Code, to have violated any provision of a plan approved under subsection (e) or any term or condition of a permit issued under subsection (f), or to have committed any act prohibited under subsection (d) shall be liable to the United States for a civil penalty. The amount of the civil penalty shall not exceed $10,000 for each violation. Each day of a continuing violation shall constitute a separate offense. The amount of such civil penalty shall be assessed by the Secretary by written notice. In determining the amount of such penalty, the Secretary shall take into account the nature, circumstances, extent, and gravity of the prohibited act committed, and, with respect to the violator, the history of any prior offenses, his demonstrated good faith in attempting to achieve timely compliance after being cited for the violation, and such other matters as justice may require.

(2) Any person against whom a civil penalty is assessed under paragraph (1) may obtain review thereof in the appropriate district court of the United States by filing a notice of appeal in such court within thirty days from the date of such order and by simultaneously sending a copy of such notice by certified mail to the Secretary. The Secretary shall promptly file in such court a certified copy of the record upon which such violation was found or such penalty imposed, as provided in section 2112 of title 28, United States Code. The
findings and order of the Secretary shall be set aside by such court if they are not found to be supported by substantial evidence, as provided in section 706(2)(E) of title 5, United States Code.

(3) If any person fails to pay an assessment of a civil penalty against him under paragraph (1) after it has become final, or after the appropriate court has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General of the United States, who shall recover the amount assessed in any appropriate district court of the United States. In such action, the validity and appropriateness of the final order imposing the civil penalty shall not be subject to review.

(4) The Secretary may compromise, modify, or remit, with or without conditions, any civil penalty which is subject to imposition or which has been imposed under this subsection unless the matter is pending in court for judicial review or recovery of assessment.

(h) Report to Congress.—Not earlier than five years after the enactment date of this Act and not later than five years and nine months after such date, the Secretary shall prepare and submit to Congress a report containing—

(1) the identification by means other than drilling of exploratory wells of those areas within the coastal plain that have oil and gas production potential and estimate of the volume of the oil and gas concerned;

(2) the description of the fish and wildlife, their habitats, and other resources that are within the areas identified under paragraph (1);

(3) an evaluation of the adverse effects that the carrying out of further exploration for, and the development and production of, oil and gas within such areas will have on the resources referred to in paragraph (2);

(4) a description of how such oil and gas, if produced within such area, may be transported to processing facilities;

(5) an evaluation of how such oil and gas relates to the national need for additional domestic sources of oil and gas; and

(6) the recommendations of the Secretary with respect to whether further exploration for, and the development and production of, oil and gas within the coastal plain should be permitted and, if so, what additional legal authority is necessary to ensure that the adverse effects of such activities on fish and wildlife, their habitats, and other resources are avoided or minimized.

(i) Effect of Other Laws.—Until otherwise provided for in law enacted after the enactment date of this Act, all public lands within the coastal plain are withdrawn from all forms of entry or appropriation under the mining laws, and from operation of the mineral leasing laws, of the United States.

PROHIBITION ON DEVELOPMENT

SEC. 1003. Production of oil and gas from the Arctic National Wildlife Refuge is prohibited and no leasing or other development leading to production of oil and gas from the range shall be undertaken until authorized by an Act of Congress.

WILDERNESS PORTION OF STUDY

SEC. 1004. (a) As part of the study, the Secretary shall review the suitability or nonsuitability for preservation as wilderness of the
Federal lands described in section 1001 and report his findings to the President.

(b) The President shall advise the Senate and the House of Representatives of his recommendations with respect to the designation of the area or any part thereof as wilderness together with a map thereof and a definition of its boundaries.

(c) Subject to valid existing rights and the provisions of section 1002 of this Act, the wilderness study area designated by this section shall, until Congress determines otherwise, be administered by the Secretary so as to maintain presently existing wilderness character and potential for inclusion in the National Wilderness Preservation System. Already established uses may be permitted to continue, subject to such restrictions as the Secretary deems desirable, in the manner and degree in which the same were being conducted on the date of enactment of this Act.

WILDLIFE RESOURCES PORTION OF STUDY

Sec. 1005. The Secretary shall work closely with the State of Alaska and Native Village and Regional Corporations in evaluating the impact of oil and gas exploration, development, production, and transportation and other human activities on the wildlife resources of these lands, including impacts on the Arctic and Porcupine caribou herds, polar bear, muskox, grizzly bear, wolf, wolverine, seabirds, shore birds, and migratory waterfowl. In addition the Secretary shall consult with the appropriate agencies of the Government of Canada in evaluating such impacts particularly with respect to the Porcupine caribou herd.

TRANSPORTATION ALTERNATIVES PORTION OF STUDY

Sec. 1006. In studying oil and gas alternative transportation systems, the Secretary shall consult with the Secretary of Transportation and shall consider—

1. the extent to which environmentally and economically feasible alternative routes could be established;
2. the prospective oil and gas production potential of this area of Alaska for each alternative transportation route; and
3. the environmental and economic costs and other values associated with such alternative routes.

ARCTIC RESEARCH STUDY

Sec. 1007. (a) The Secretary, the Secretary of Defense, and the Secretary of Energy shall initiate and carry out a study of the mission, facilities and administration of the Naval Arctic Research Laboratory (NARL), at Point Barrow, Alaska. The study shall review the historical responsibilities carried out at NARL and their contribution to applied and basic Arctic research. The study shall specifically address and the Secretary shall make recommendations on the need for redirecting the United States Arctic research policy and the role of the NARL facilities in developing and implementing that policy.

(b) The Secretaries shall assess the future use of NARL in—

1. developing relevant scientific information on the Arctic environment and utilizing applied research to (A) deal with the unique problems the Arctic presents in providing public services; and (B) minimize the impact of resource development on the environ-
ment and the culture of the Native people; and (C) promote international cooperation among the Nations which share responsibility for the Arctic environment;

(2) assessing the impact of oil and gas exploration, development, and transportation on the Arctic environment, including impact on fish, marine and land mammals, and migratory waterfowl;

(3) developing advanced design technologies, operational practices, and transportation systems to improve the environmental safety and efficiency of oil and gas exploration and production in the Arctic, including offshore activities;

(4) enlarging the body of knowledge on Arctic ice conditions and developing practical and efficient means of dealing with potential oil spills and other hazards associated with resource development in Alaska’s Arctic; and

(5) developing a comprehensive Arctic policy for the Federal Government that will accommodate the need for development and use of Arctic resources with appropriate recognition and consideration given to the unique nature of the Arctic environment and the needs of its Native residents.

(c) After completion of the study, the Secretaries shall make recommendations on—

(1) changes in the mission and management of NARL necessary to accomplish the research and policy goals addressed in the study;

(2) the appropriate Federal agency or agencies that should have primary responsibility for management of NARL;

(3) changes in the organizational structure of NARL that would allow greater involvement by State and private organizations in the use, management and/or funding of NARL; and

(4) the appropriate level of Federal funding for scientific and technological research on the Arctic environment and its uses.

(d) In the course of the study, the Secretaries shall consult with representatives of the Department of Navy, the National Oceanic and Atmospheric Administration, the National Science Foundation, the Smithsonian Institution, the State of Alaska, local governments, representatives of public and private institutions conducting Arctic research, and Native Village and Regional Corporations in the areas now affected by the activities of NARL. The Secretaries shall provide an opportunity for public review and comment on the draft report and proposed recommendations prior to final approval, and shall include any recommendations of the local community in the final study.

(e) The Secretaries shall submit the study and their recommendations to the Congress no later than one year after the date of enactment of this Act.

(f) Pending submission of the study to the Congress, the President is directed to continue the operation of NARL at the level of funding provided for in fiscal year 1979.
undertaken by the Secretary on those lands where applicable law prohibits such leasing or on those units of the National Wildlife Refuge System where the Secretary determines, after having considered the national interest in producing oil and gas from such lands, that the exploration for and development of oil or gas would be incompatible with the purpose for which such unit was established.

(b)(1)(A) In such areas as the Secretary deems favorable for the discovery of oil or gas, he shall conduct a study, or studies, or collect and analyze information obtained by permittees authorized to conduct studies under this section, of the oil and gas potential of such lands and those environmental characteristics and wildlife resources which would be affected by the exploration for and development of such oil and gas.

(B) The Secretary is authorized to issue permits for study, including geological, geophysical, and other assessment activities, if such activities can be conducted in a manner which is consistent with the purposes for which each affected area is managed under applicable law.

(2) The Secretary shall consult with the Secretary of Energy regarding the national interest involved in exploring for and developing oil and gas from such lands and shall seek the views of the Governor of the State of Alaska, Alaskan local governments, Native Regional and Village Corporations, the Alaska Land Use Council, representatives of the oil and gas industry, conservation groups, and other interested groups and individuals in determining which land should be studied and/or leased for the exploration and development of oil and gas.

(3) The Secretary shall encourage the State to undertake similar studies on lands associated, either through geological or other land values or because of possible transportation needs, with Federal lands. The Secretary shall integrate these studies, to the maximum extent practicable, with studies on Federal lands so that needs for cooperation between the Federal Government and the State of Alaska in managing energy and other natural resources, including fish and wildlife, can be established early in the program.

(4) The Secretary shall report to the Congress by October 1, 1981, and yearly thereafter, on his efforts pursuant to this Act regarding the leasing of, and exploration and development activities on, such lands.

(c) At such time as the studies requested in subsection (b)(4) are completed by the Secretary, or at such time as the Secretary determines that sufficient interest has been indicated in exploring an area for oil or gas, and leasing should be commenced, he shall identify those areas which he determines to be favorable for the discovery of oil or gas (hereinafter referred to as “favorable petroleum geological provinces”). In making such determination, the Secretary shall utilize all information obtained in studies conducted under subsection (b) of this section as well as any other information he may develop or require by regulation to be transmitted.

(d) Pursuant to the Mineral Leasing Act of 1920, as amended, the Secretary is authorized to issue leases, on the Federal lands described in this section, under such terms and conditions as he may, by regulation, prescribe. Areas which are determined by the Secretary to be within favorable petroleum geological provinces shall be leased only by competitive bidding.

(e) At such time as paying quantities of oil or gas are discovered under a noncompetitive lease issued pursuant to the Mineral Leasing Act of 1920, the Secretary shall suspend all further noncompetitive
Exploration plan.

(f) Prior to any exploration activities on a lease issued pursuant to this section, the Secretary shall require the lessee to describe exploration activities in an exploration plan. He shall approve such plan if such activities can be conducted in conformity with such requirements as may be made by the Secretary for the protection and use of the land for the purpose for which it is managed under applicable law.

(g) Subsequent to a discovery of oil or gas in paying quantities, and prior to developing and producing such oil and gas, the Secretary shall require the lessee to describe development and production activities in a development and production plan. He shall approve such plan if such activities may be conducted in conformity with such requirements as may be made by the Secretary for the protection and use of the land for the purpose for which it is managed under applicable law.

(h) The Secretary shall monitor the performance of the lessee and, if he determines that due to significant changes in circumstances regarding that operation, including environmental or economic changes, new requirements are needed, he may require a revised development and production plan.

(i) If the Secretary determines that immediate and irreparable damage will result from continuation in force of a lease, that the threat will not disappear and that the advantages of cancellation outweigh the advantages of continuation in force of a lease, he shall suspend operations for up to five years. If such a threat persists beyond such five-year suspension period, he shall cancel a lease and provide compensation to the lease under such terms as the Secretary establishes, by regulation, to be appropriate.

OIL AND GAS LEASE APPLICATIONS

Sec. 1009. (a) Notwithstanding any other provision of law or regulation, whenever the Secretary receives an application for an oil and gas lease pursuant to the Mineral Leasing Act of 1920 for lands in Alaska within a unit of the National Wildlife Refuge System which are not also part of the National Wilderness Preservation System he shall, in addition to any other requirements of applicable law, follow the procedures set forth in this section.

(b) Any decision to issue or not to issue a lease shall be accompanied by a statement setting forth the reasons for the decision, including the reasons why oil and gas leasing would be compatible or incompatible with the purposes of the refuge.

(c) If the Secretary determines that the requirements of section 102(2)(C) of the National Environmental Policy Act of 1969 do not apply to his decision, the Secretary shall render his decision within six months after receipt of a lease application. If such requirements are applicable to the Secretary’s decision, he shall render his decision within three months after publication of the final environmental impact statement.

ALASKA MINERAL RESOURCE ASSESSMENT PROGRAM

Sec. 1010. (a) MINERAL ASSESSMENTS.—The Secretary shall, to the full extent of his authority, assess the oil, gas, and other mineral
potential on all public lands in the State of Alaska in order to expand the data base with respect to the mineral potential of such lands. The mineral assessment program may include, but shall not be limited to, techniques such as side-looking radar imagery and, on public lands other than such lands within the national park system, core and test drilling for geologic information, notwithstanding any restriction on such drilling under the Wilderness Act. For purposes of this Act, core and test drilling means the extraction by drilling of subsurface geologic samples in order to assess the metalliferous or other mineral values of geologic terrain, but shall not be construed as including exploratory drilling of oil and gas test wells. To the maximum extent practicable, the Secretary shall consult and exchange information with the State of Alaska regarding the responsibilities of the Secretary under this section and similar programs undertaken by the State. In order to carry out mineral assessments authorized under this or any other law, including but not limited to the National Uranium Resource Evaluation program, the Secretary shall allow for access by air for assessment activities permitted in this subsection to all public lands involved in such study. He shall consult with the Secretary of Energy and heads of other Federal agencies carrying out such programs, to determine such reasonable requirements as may be necessary to protect the resources of such area, including fish and wildlife. Such requirements may provide that access will not occur during nesting, calving, spawning or such other times as fish and wildlife in the specific area may be especially vulnerable to such activities. The Secretary is authorized to enter into contracts with public or private entities to carry out all or any portion of the mineral assessment program. This section shall not apply to the lands described in section 1001 of this Act.

(b) Regulations.—Activities carried out in conservation system units under subsection (a) shall be subject to regulations promulgated by the Secretary. Such regulations shall ensure that such activities are carried out in an environmentally sound manner—

(1) which does not result in lasting environmental impacts which appreciably alter the natural character of the units or biological or ecological systems in the units; and

(2) which is compatible with the purposes for which such units are established.

PRESIDENTIAL TRANSMITTAL

Sec. 1011. On or before October 1, 1982, and annually thereafter, the President shall transmit to the Congress all pertinent public information relating to minerals in Alaska gathered by the United States Geological Surveys, Bureau of Mines, and any other Federal agency.

TITLE XI—TRANSPORTATION AND UTILITY SYSTEMS IN AND ACROSS, AND ACCESS INTO, CONSERVATION SYSTEM UNITS

FINDINGS

Sec. 1101. Congress finds that—

(a) Alaska's transportation and utility network is largely undeveloped and the future needs for transportation and utility systems in Alaska would best be identified and provided for through an orderly,
continuous decisionmaking process involving the State and Federal Governments and the public;

(b) the existing authorities to approve or disapprove applications for transportation and utility systems through public lands in Alaska are diverse, dissimilar, and, in some cases, absent; and

(c) to minimize the adverse impacts of siting transportation and utility systems within units established or expanded by this Act and to insure the effectiveness of the decisionmaking process, a single comprehensive statutory authority for the approval or disapproval of applications for such systems must be provided in this Act.

DEFINITIONS

SEC. 1102. For purposes of this title—

(1) The term "applicable law" means any law of general applicability (other than this title) under which any Federal department or agency has jurisdiction to grant any authorization (including but not limited to, any right-of-way, permit, license, lease, or certificate) without which a transportation or utility system cannot, in whole or in part, be established or operated.

(2) The term "applicant" means any public or private person, including, but not limited to, any Federal department or agency.

(3) The term "Federal agency" means any Federal department or agency that has any function or duty under applicable law.

(4)(A) The term "transportation or utility system" means any type of system described in subparagraph (B) if any portion of the route of the system will be within any conservation system unit, national recreation area, or national conservation area in the State (and the system is not one that the department or agency having jurisdiction over the unit or area is establishing incident to its management of the unit or area).

(B) The types of systems to which subparagraph (A) applies are as follows:

(i) Canals, ditches, flumes, laterals, pipes, pipelines, tunnels, and other systems for the transportation of water.

(ii) Pipelines and other systems for the transportation of liquids other than water, including oil, natural gas, synthetic liquid and gaseous fuels, and any refined product produced therefrom.

(iii) Pipelines, slurry and emulsion systems and conveyor belts for the transportation of solid materials.

(iv) Systems for the transmission and distribution of electric energy.

(v) Systems for transmission or reception of radio, television, telephone, telegraph, and other electronic signals, and other means of communication.

(vi) Improved rights-of-way for snow machines, air cushion vehicles, and other all-terrain vehicles.

(vii) Roads, highways, railroads, tunnels, tramways, airports, landing strips, docks, and other systems of general transportation.

Any system described in this subparagraph includes such related structures and facilities (both temporary and permanent) along the route of the system as may be minimally necessary for the construction, operation, and maintenance of the system. Such related structures and facilities shall be described in the application required by section 1104, and shall be approved or disapproved in accordance with the procedures set forth in this title.
PUBLIC LAW 96-487—DEC. 2, 1980 94 STAT. 2459

EFFECT OF TITLE

SEC. 1103. Except as specifically provided for in this title, applicable law shall apply with respect to the authorization and administration of transportation or utility systems.

PROCEDURAL REQUIREMENTS

SEC. 1104. (a) IN GENERAL.—Notwithstanding any provision of applicable law, no action by any Federal agency under applicable law with respect to the approval or disapproval of the authorization, in whole or in part, of any transportation or utility system shall have any force or effect unless the provisions of this section are complied with.

(b)(1) CONSOLIDATED APPLICATIONS.—Within one hundred and eighty days after the date of enactment of this Act, the Secretary, the Secretary of Agriculture, and the Secretary of Transportation, in consultation with the heads of other appropriate Federal agencies, shall jointly prescribe and publish a consolidated application form to be used for applying for the approval of each type of transportation or utility system. Each such application form shall be designed to elicit such information as may be necessary to meet the requirements of this title and the applicable law with respect to the type of system concerned.

(2) For purposes of this section, the heads of all appropriate Federal agencies, including the Secretary of Transportation, shall share decisionmaking responsibility in the case of any transportation or utility system described in section 1102(4)(B) (ii), (iii), or (vii); but with respect to any such system for which he does not have programmatic responsibility, the Secretary of Transportation shall provide to the other Federal agencies concerned such planning and other assistance as may be appropriate.

(c) FILING.—Each applicant for the approval of any transportation or utility system shall file on the same day an application with each appropriate Federal agency. The applicant shall utilize the consolidated form prescribed under subsection (b) for the type of transportation or utility system concerned.

(d) AGENCY NOTICE.—(1) Within sixty days after the receipt of an application filed pursuant to subsection (c), the head of each Federal agency with whom the application was filed shall inform the applicant in writing that, on its face—

(A) the application appears to contain the information required by this title and applicable law insofar as that agency is concerned; or

(B) the application does not contain such information.

(2) Any notice provided under paragraph (1)(B) shall specify what additional information the applicant must provide. If the applicant provides additional information, the head of the Federal agency must inform the applicant in writing, within thirty days after receipt of such information, whether the information is sufficient.

(e) ENVIRONMENTAL IMPACT STATEMENT.—The draft of any environmental impact statement required under the National Environmental Policy Act of 1969 in connection with any application filed under this section shall be completed, within nine months from the date of filing, by the head of the Federal agency assigned lead responsibility for the statement. Any such statement shall be jointly prepared by all Federal agencies with which the application was filed under subsection (c). The final environmental impact statement shall be com-
Publication in completed within one year from the date of such filing. Such nine-month and one-year periods may be extended for good cause by the Federal agency head assigned lead responsibility for the preparation of such statement if he determines that additional time is necessary for such preparation, notifies the applicant in writing of such determination, and publishes notice of such determination, together with the reasons thereof, in the Federal Register. The provisions of section 304 of the Federal Land Policy and Management Act of 1976 shall apply to each environmental impact statement under this subsection in the same manner as such provisions apply to applications relating to the public lands referred to in such section 304. The Federal agency assigned lead responsibility shall, in conjunction with such other Federal agencies before which the application is pending, hold public hearings in the District of Columbia and an appropriate location in the State on each draft joint environmental impact statement and the views expressed therein shall be considered by all Federal agencies concerned before publication of the final joint environmental impact statement.

(f) Other Views.—During both the nine-month period, and the succeeding three-month period plus any extension thereof provided for in subsection (e), the heads of the Federal agencies concerned shall solicit and consider the views of other Federal departments and agencies, the Alaska Land Use Council, the State, affected units of local government in the State, and affected corporations formed pursuant to the Alaska Native Claims Settlement Act, and, after public notice, shall receive and consider statements and recommendations regarding the application submitted by interested individuals and organizations.

(g) Agency Decision.—(1) Within four months after the final environmental impact statement is published in accordance with subsection (e) with respect to any transportation or utility system, each Federal agency shall make a decision to approve or disapprove, in accordance with applicable law, each authorization that applies with respect to the system and that is within the jurisdiction of that agency.

(2) The head of each Federal agency, in making a decision referred to in paragraph (1), shall consider, and make detailed findings supported by substantial evidence, with respect to—

(A) the need for, and economic feasibility of, the transportation or utility system;

(B) alternative routes and modes of access, including a determination with respect to whether there is any economically feasible and prudent alternative to the routing of the system through or within a conservation system unit, national recreation area, or national conservation area and, if not, whether there are alternative routes or modes which would result in fewer or less severe adverse impacts upon the conservation system unit;

(C) the feasibility and impacts of including different transportation or utility systems in the same area;

(D) short- and long-term social, economic, and environmental impacts of national, State, or local significance, including impacts on fish and wildlife and their habitat, and on rural, traditional lifestyles;

(E) the impacts, if any, on the national security interests of the United States, that may result from approval or denial of the application for a transportation or utility system;

(F) any impacts that would affect the purposes for which the Federal unit or area concerned was established;
(G) measures which should be instituted to avoid or minimize negative impacts; and

(H) the short- and long-term public values which may be adversely affected by approval of the transportation or utility system versus the short- and long-term public benefits which may accrue from such approval.

STANDARDS FOR GRANTING CERTAIN AUTHORIZATIONS

SEC. 1105. In any case in which there is no applicable law with respect to a transportation or utility system, the head of the Federal agency concerned shall, within four months after the date of filing of any final Environmental Impact Statement, make recommendations, for purposes of section 1106(b), to grant such authorizations as may be necessary to establish such system, in whole or in part, within the conservation system unit concerned if he determines that—

(1) such system would be compatible with the purposes for which the unit was established; and

(2) there is no economically feasible and prudent alternative route for the system.

AGENCY, PRESIDENTIAL, AND CONGRESSIONAL ACTIONS

SEC. 1106. (a)(1) AGENCY ACTION IN CASES OTHER THAN THOSE INVOLVING SECTION 1105 OR WILDERNESS AREAS.—In the case of any application for the approval of any transportation or utility system to which section 1105 does not apply or that does not occupy, use, or traverse any area within the National Wilderness Preservation System, if, in compliance with section 1104—

(A) each Federal agency concerned decides to approve each authorization within its jurisdiction with respect to that system, then the system shall be deemed to be approved and each such agency shall promptly issue, in accordance with applicable law, such rights-of-way, permits, licenses, leases, certificates, or other authorizations as are necessary with respect to the establishment of the system; or

(B) one or more Federal agencies decide to disapprove any authorization within its jurisdiction with respect to that system, then the system shall be deemed to be disapproved and the applicant for the system may appeal the disapproval to the President.

(2) If an applicant appeals under paragraph (1)(B), the President, within four months after receiving the appeal, shall decide whether to approve or deny the application. The President shall approve the application if he finds, after consideration of the factors set forth in section 1104(g)(2), that such approval would be in the public interest and that (1) such system would be compatible with the purposes for which the unit was established; and (2) there is no economically feasible and prudent alternative route for the system. In making a decision, the President shall consider any environmental impact statement prepared pursuant to section 1104(e), comments of the public and Federal agencies received during the preparation of such statement, and the findings and recommendations, if any, of each Federal agency that rendered a decision with respect to the application. The President's decision to approve or deny the application shall be published in the Federal Register, together with a statement of the reasons for his determination.
Judicial review.

Presidential notification.

Presidential determination and recommendation to Congress.

(3) If the President approves an application under paragraph (2), each Federal agency concerned shall promptly issue, in accordance with applicable law, such rights-of-way, permits, licenses, leases, certificates, or other authorizations as are necessary with respect to the establishment of the system.

(4) If the President denies an application under paragraph (2), the applicant shall be deemed to have exhausted his administrative remedies and may file suit in any appropriate Federal court to challenge such decision.

(b) AGENCY ACTION IN CASES INVOLVING SECTION 1105 OR WILDERNESS AREAS.—(1) In the case of any application for the approval of a transportation or utility system to which section 1105 applies or that proposes to occupy, use, or traverse any area within the National Wilderness Preservation System, each Federal agency concerned shall promptly submit to the President notification whether the agency tentatively approved or disapproved each authorization within its jurisdiction that applies with respect to the system. Such notification shall be accompanied by a statement of the reasons and findings supporting the agency position.

(2) Within four months after receiving all notification referred to in paragraph (1) and after considering such notifications, any environmental impact statement prepared pursuant to section 1104(e), and the comments of the public and Federal agencies received during the preparation of such statement, the President shall decide whether or not the application for the system concerned should be approved. If the President denies an application the applicant shall be deemed to have exhausted his administrative remedies, and may file suit in any appropriate Federal court to challenge such decision. If the President approves the application, he shall submit to Congress his recommendation for approval of the transportation or utility system covered, whereupon the Congress shall consider the application as provided in subsection (c). The President shall include with his recommendation to Congress—

(A) the application which is the subject of his recommendation;
(B) a report setting forth in detail the relevant factual background and the reasons for his findings and recommendation;
(C) the joint environmental impact statement;
(D) a statement of the conditions and stipulations which would govern the use of the system if approved by the Congress.

(c) CONGRESSIONAL APPROVAL.—(1) No application for any transportation or utility system with respect to which the President makes a recommendation for approval under subsection (b) shall be approved unless the Senate and House of Representatives approve a resolution described in paragraph (4) within the first period of one hundred and twenty calendar days of continuous session of the Congress beginning on the date after the date of receipt by the Senate and House of Representatives of such recommendation.

(2) For purposes of this subsection—

(A) continuity of session of the Congress is broken only by an adjournment sine die; and

(B) the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of the one-hundred-and-twenty-day calendar period.

(3) This subsection is enacted by the Congress—

(A) as an exercise of the rulemaking power of each House of the Congress respectively, but applicable only with respect to the procedure to be followed in the House in the case of resolutions
described by paragraph (6) of this subsection; and it supersedes other rules only to the extent that it is inconsistent therewith; and

(B) with full recognition of the constitutional right of either House to change the rules (so far as those relate to the procedure of that House) at any time, in the same manner and to the same extent as in the case of any other rule of such House.

(4) For the purposes of this subsection, the term "resolution" means a joint resolution, the resolving clause of which is as follows: "That the House of Representatives and Senate approve the application for under title XI of the Alaska National Interest Lands Conservation Act submitted by the President to the Congress on __, 19."; the first blank space therein to be filled in with the appropriate transportation or utility system and the second blank therein to be filled with the date on which the President submits the application to the House of Representatives and the Senate.

(5) Except as otherwise provided in this subsection, the provisions of section 8(d) of the Alaska Natural Gas Transportation Act shall apply to the consideration of the resolution.

(6) After an application for a transportation or utility system has been approved under subsection 1106(a), the appropriate Federal agencies shall issue appropriate authorizations in accordance with applicable law. In any case in which an application for a transportation or utility system has been approved pursuant to section 1106(b), the appropriate Federal agencies shall issue appropriate authorizations in accordance with title V of the Federal Lands Policy Management Act or other applicable law. After issuance pursuant to this subsection, the appropriate land managing agency shall administer the right-of-way in accordance with relevant management authorities of the land managing agency and title V of the Federal Lands Policy Management Act.

RIGHTS-OF-WAY TERMS AND CONDITIONS

SEC. 1107. (a) TERMS AND CONDITIONS.—The Secretary, or the Secretary of Agriculture where national forest wilderness is involved, shall include in any right-of-way issued pursuant to an application under this title, terms and conditions which shall include, but not be limited to—

(1) requirements to insure that, to the maximum extent feasible, the right-of-way is used in a manner compatible with the purposes for which the affected conservation system unit, national recreation area, or national conservation area was established or is managed;

(2) requirements for restoration, revegetation, and curtailment of erosion of the surface of the land;

(3) requirements to insure that activities in connection with the right-of-way will not violate applicable air and water quality standards and related facility siting standards established pursuant to law;

(4) requirements, including the minimum necessary width, designed to control or prevent—

(A) damage to the environment (including damage to fish and wildlife habitat),

(B) damage to public or private property, and

(C) hazards to public health and safety;

15 USC 719f.

43 USC 1761.

(6) requirements to employ measures to avoid or minimize adverse environmental, social or economic impacts.

(b) WILD AND SCENIC RIVERS SYSTEM.—Any transportation or utility system approved pursuant to this title which occupies, uses, or traverses any area within the boundaries of a unit of the National Wild and Scenic Rivers System shall be subject to such conditions as may be necessary to assure that the stream flow of, and transportation on, such river are not interfered with or impeded, and that the transportation or utility system is located and constructed in an environmentally sound manner.

(c) PIPELINE RIGHTS-OF-WAYS.—In the case of a pipeline described in section 28(a) of the Mineral Leasing Act of 1920, a right-of-way issued pursuant to this title shall be issued in the same manner as a right-of-way is granted under section 28, and the provisions of subsections (c) through (j), (l) through (q), and (u) through (y) of such section 28 shall apply to rights-of-way issued pursuant to this title.

EXPEDITED JUDICIAL REVIEW

SEC. 1108. (a) It is the intent of Congress that any judicial review of any administrative actions, including compliance with the National Environmental Policy Act of 1969, pursuant to this title shall be expedited to the maximum extent possible.

(b) Any proceeding before a Federal court in which an administrative action, including compliance with the National Environmental Policy Act of 1969, pursuant to this title is challenged shall be assigned for hearing and completed at the earliest possible date, and shall be expedited in every way by such court, and such court shall render its final decision relative to any challenge within one hundred twenty days from the date such challenge is brought unless such court determines that a longer period of time is required to satisfy the requirements of the United States Constitution.

(c) No court shall have jurisdiction to grant any injunctive relief lasting longer than ninety days against any action pursuant to this title except in conjunction with a final judgment entered in a case involving an action pursuant to this title.

VALID EXISTING RIGHTS

SEC. 1109. Nothing in this title shall be construed to adversely affect any valid existing right of access.

SPECIAL ACCESS AND ACCESS TO INHOLDINGS

SEC. 1110. (a) Notwithstanding any other provision of this Act or other law, the Secretary shall permit, on conservation system units, national recreation areas, and national conservation areas, and those public lands designated as wilderness study, the use of snowmachines (during periods of adequate snow cover, or frozen river conditions in the case of wild and scenic rivers), motorboats, airplanes, and nonmotorized surface transportation methods for traditional activities (where such activities are permitted by this Act or other law) and for travel to and from villages and homesites. Such use shall be subject to reasonable regulations by the Secretary to protect the natural and other values of the conservation system units, national recreation
areas, and national conservation areas, and shall not be prohibited unless, after notice and hearing in the vicinity of the affected unit or area, the Secretary finds that such use would be detrimental to the resource values of the unit or area. Nothing in this section shall be construed as prohibiting the use of other methods of transportation for such travel and activities on conservation system lands where such use is permitted by this Act or other law.

(b) Notwithstanding any other provisions of this Act or other law, in any case in which State owned or privately owned land, including subsurface rights of such owners underlying public lands, or a valid mining claim or other valid occupancy is within or is effectively surrounded by one or more conservation system units, national recreation areas, national conservation areas, or those public lands designated as wilderness study, the State or private owner or occupier shall be given by the Secretary such rights as may be necessary to assure adequate and feasible access for economic and other purposes to the concerned land by such State or private owner or occupier and their successors in interest. Such rights shall be subject to reasonable regulations issued by the Secretary to protect the natural and other values of such lands.

TEMPORARY ACCESS

SEC. 1111. (a) IN GENERAL.—Notwithstanding any other provision of this Act or other law the Secretary shall authorize and permit temporary access by the State or a private landowner to or across any conservation system unit, national recreation area, national conservation area, the National Petroleum Reserve—Alaska or those public lands designated as wilderness study or managed to maintain the wilderness character or potential thereof, in order to permit the State or private landowner access to its land for purposes of survey, geophysical, exploratory, or other temporary uses thereof whenever he determines such access will not result in permanent harm to the resources of such unit, area, Reserve or lands.

(b) STIPULATIONS AND CONDITIONS.—In providing temporary access pursuant to subsection (a), the Secretary may include such stipulations and conditions he deems necessary to insure that the private use of public lands is accomplished in a manner that is not inconsistent with the purposes for which the public lands are reserved and which insures that no permanent harm will result to the resources of the unit, area, Reserve or lands.

NORTH SLOPE HAUL ROAD

SEC. 1112. (a) IN GENERAL.—So long as that section of the North Slope Haul Road referred to in subsection (c) is closed to public use, but not including regulated local traffic north of the Yukon River, regulated industrial traffic and regulated high occupancy buses, such regulation to occur under State law, except that the Secretary, after consultation with the Secretary of Transportation, and the Governor of Alaska shall agree on the number of vehicles and seasonality of use, such section shall be free from any and all restrictions contained in title 23, United States Code, as amended or supplemented, or in any regulations thereunder. Prior to executing an agreement pursuant to this subsection, the Secretary and the Governor of Alaska shall consult with the head of any unit of local government which encompasses lands located adjacent to the route of the North Slope Haul Road. The State of Alaska shall have the authority to limit access,

impose restrictions and impose tolls, notwithstanding any provision of Federal law.

(b) RELEASE.—The removal of restrictions shall not be conditioned upon repayment by the State of Alaska to the Treasurer of the United States of any Federal-aid highway funds paid on account of the section of highway described in subsection (c), and the obligation of the State of Alaska to repay these amounts is hereby released so long as the road remains closed as set forth in subsection (a).

(c) APPLICATION OF SECTION.—The provisions of this section shall apply to that section of the North Slope Haul Road, which extends from the southern terminus of the Yukon River Bridge to the northern terminus of the Road at Prudhoe Bay.

STIKINE RIVER REGION

Sec. 1113. Congress finds that there is a need to study the effect of this Act upon the ability of the Government of Canada to obtain access in the Stikine River region of southeast Alaska. Accordingly, within five years from the date of enactment of this Act, the President shall consult with the Government of Canada and shall submit a report to the Congress containing his findings and recommendations concerning the need, if any, to provide for such access. Such report shall include, among other things, an analysis of the need for access and the social, environmental and economic impacts which may result from various forms of access including, but not limited to, a road along the Stikine and Iskut Rivers, or other alternative routes, should such access be permitted.

TITLE XII—FEDERAL-STATE COOPERATION

ALASKA LAND USE COUNCIL

Sec. 1201. (a) ESTABLISHMENT.—There is hereby established the Alaska Land Use Council (hereinafter in this title referred to as the “Council”).

(b) COCHAIRMEN.—The Council shall have Cochairmen. The Federal Cochairman shall be appointed by the President of the United States with the advice and consent of the Senate. The State Cochairman shall be the Governor of Alaska.

(c) MEMBERS.—In addition to the Cochairmen, the Council shall consist of the following members:

(1) the head of the Alaska offices of each of the following Federal agencies: National Park Service, United States Fish and Wildlife Service, United States Forest Service, Bureau of Land Management, Heritage Conservation and Recreation Service, National Oceanic and Atmospheric Administration, and Department of Transportation;

(2) the Commissioners of the Alaska Departments of Natural Resources, Fish and Game, Environmental Conservation, and Transportation; and

(3) two representatives selected by the Alaska Native Regional Corporations (in consultation with their respective Village Corporations) which represent the twelve geographic regions described in section 7(a) of the Alaska Native Claims Settlement Act.

Any vacancy on the Council shall be filled in the same manner in which the original appointment was made.
(d) **STATE DECISION NOT TO PARTICIPATE.**—If the State elects not to participate on the Council or elects to end its participation prior to termination of the Council, the Council shall be composed of the Federal Cochairman, the agencies referred to in subsection (c)(1) and the representatives of the Alaska Native Regional Corporations referred to in subsection (c)(3). The Council, so composed, shall carry out the administrative functions required by this title and shall make recommendations to Federal officials with respect to the matters referred to in subsections (i) and (j). In addition, the Council may make recommendations from time to time to State officials and private landowners concerning such matters.

(e) **COMPENSATION AND EXPENSES.**—

(i) may modify without prior approval of both parties to the plan; and
(ii) may not modify without such prior approval; and
(B) include a description of the procedures which will be used to make modifications to which paragraph (A)(i) applies.

(d) Action by Secretary if State Does Not Participate in Plan.—If—
(1) the Secretary does not receive notification under subsection (c) that the State will participate in the preparation of the plan; or
(2) after the State agrees to so participate, the Governor submits to the Secretary written notification that the State is terminating its participation,
the Secretary shall prepare a plan containing the provisions referred to in subsection (c)(1) (and containing a specification of those elements in the plan which the Secretary may modify without prior approval of Congress), and submit copies of such plan to the Congress, as provided in subsection (e)(2), within three years after the date of the enactment of this Act.

(e) Taking Effect of Plan.—
(1) If within three years after the date of the enactment of this Act, a plan has been prepared under subsection (c) which is agreed to by the Secretary and the Governor, the plan shall take effect with respect to the United States and the State.

8. A plan indicating the relationship between the management of such unit and activities being carried out in, or proposed for, surrounding areas and also indicating cooperative agreements which could and should be entered into for the purpose of improving such management.

LAND ACQUISITION AUTHORITY

SEC. 1302. (a) GENERAL AUTHORITY.—Except as provided in subsections (b) and (c) of this section, the Secretary is authorized, consistent with other applicable law in order to carry out the purposes of this Act, to acquire by purchase, donation, exchange, or otherwise any lands within the boundaries of any conservation system unit other than National Forest Wilderness.

(b) RESTRICTIONS.—Lands located within the boundaries of a conservation system unit which are owned by—

(A) the State or a political subdivision of the State;
(B) a Native Corporation or Native Group which has Natives as a majority of its stockholders;
(C) the actual occupant of a tract, title to the surface estate of which was on, before, or after the date of enactment of this Act conveyed to such occupant pursuant to subsections 14(c)(1) and 14(h)(5) of the Alaska Native Claims Settlement Act, unless the Secretary determines that the tract is no longer occupied for the purpose described in subsections 14(c)(1) or 14(h)(5) for which the tract was conveyed and that activities on the tract are or will be detrimental to the purposes of the unit in which the tract is located; or
(D) a spouse or lineal descendant of the actual occupant of a tract described in subparagraph (C), unless the Secretary determines that activities on the tract are or will be detrimental to the purposes of the unit in which the tract is located—may not be acquired by the Secretary without the consent of the owner.

(c) EXCHANGES.—Lands located within the boundaries of a conservation system unit (other than National Forest Wilderness) which are owned by persons or entities other than those described in subsection (b) of this section shall not be acquired by the Secretary without the consent of the owner unless prior to final judgment on the value of the acquired land, the owner, after being offered appropriate land of similar characteristics and like value (if such land is available from public lands located outside the boundaries of any conservation system unit), chooses not to accept the exchange. In identifying public lands for exchange pursuant to this subsection, the Secretary shall consult with the Alaska Land Use Council.

(d) IMPROVED PROPERTY.—No improved property shall be acquired under subsection (a) without the consent of the owner unless the Secretary first determines that such acquisition is necessary to the fulfillment of the purposes of this Act or to the fulfillment of the purposes for which the concerned conservation system unit was established or expanded.

(e) RETAINED RIGHTS.—The owner of an improved property on the date of its acquisition, as a condition of such acquisition, may retain for himself, his heirs and assigns, a right of use and occupancy of the improved property for noncommercial residential or recreational purposes, as the case may be, for a definite term of not more than twenty-five years, or in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated, the Secretary shall pay to the owner the fair market value of the owner's interest in the property on the date of its acquisition, less the fair market value on that date of the right retained by the owner. A right retained by the owner pursuant to this section shall be subject to termination by the Secretary upon his
determination that such right is being exercised in a manner inconsistent with the purposes of this Act, and it shall terminate by operation of law upon notification by the Secretary to the holder of the right of such determination and tendering to him the amount equal to the fair market value of that portion which remains unexpired.

(f) Definition.—For the purposes of this section, the term “improved property” means—

(1) a detached single family dwelling, the construction of which was begun before January 1, 1980 (hereinafter referred to as the “dwelling”), together with the land on which the dwelling is situated to the extent that such land—

(A) is in the same ownership as the dwelling or is Federal land on which entry was legal and proper, and

(B) is designated by the Secretary to be necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures necessary to the dwelling which are situated on the land so designated, or

(2) property developed for noncommercial recreational uses, together with any structures accessory thereto which were so used on or before January 1, 1980, to the extent that entry onto such property was legal and proper.

In determining when and to what extent a property is to be considered an “improved property”, the Secretary shall take into consideration the manner of use of such buildings and lands prior to January 1, 1980, and shall designate such lands as are reasonably necessary for the continued enjoyment of the property in the same manner and to the same extent as existed before such date.

(g) Consideration of Hardship.—The Secretary shall give prompt and careful consideration to any offer made by the owner of any property within a conservation system unit to sell such property, if such owner notifies the Secretary that the continued ownership is causing, or would result in, undue hardship.

(h) Exchange Authority.—Notwithstanding any other provision of law, in acquiring lands for the purposes of this Act, the Secretary is authorized to exchange lands (including lands within conservation system units and within the National Forest System) or interests therein (including Native selection rights) with the corporations organized by the Native Groups, Village Corporations, Regional Corporations, and the Urban Corporations, and other municipalities and corporations or individuals, the State (acting free of the restrictions of section 6(i) of the Alaska Statehood Act), or any Federal agency. Exchanges shall be on the basis of equal value, and either party to the exchange may pay or accept cash in order to equalize the value of the property exchanged, except that if the parties agree to an exchange and the Secretary determines it is in the public interest, such exchanges may be made for other than equal value.

(i)(1) The Secretary is authorized to acquire by donation or exchange, lands (A) which are contiguous to any conservation system unit established or expanded by this Act, and (B) which are owned or validly selected by the State of Alaska.

(2) Any such lands so acquired shall become a part of such conservation system unit.
SEC. 1303. (a) IMPROVED PROPERTY ON NATIONAL PARK SYSTEM LANDS.—

(1) On public lands within the boundaries of any unit of the National Park System created or enlarged by this Act, cabins or other structures existing prior to December 18, 1973, may be occupied and used by the claimant to these structures pursuant to a renewable, nontransferable permit. Such use and occupancy shall be for terms of five years each: Provided, That the claimant of the structure by application:

(A) Reasonably demonstrates by affidavit, bill of sale or other documentation, proof of possessory interest or right of occupancy in the cabin or structure;

(B) Submits a sketch or photograph of the cabin or structure and a map showing its geographic location;

(C) Agrees to vacate the cabin and to remove all personal property from the cabin or structure upon expiration of the permit; and

(D) Acknowledges in the permit that the applicant has no interest in the real property on which the cabin or structure is located.

(2) On public lands within the boundaries of any unit of the National Park System created or enlarged by this Act, cabins or other structures, the occupancy or use of which commenced between December 18, 1973, and December 1, 1978, may be used and occupied by the claimant of such structure pursuant to a nontransferable, nonrenewable permit. Such use and occupancy shall be for a maximum term of one year: Provided, however, That the claimant, by application:

(A) Reasonably demonstrates by affidavit, bill of sale, or other documentation proof of possessory interest or right of occupancy in the cabin or structure;

(B) Submits a sketch or photograph of the cabin or structure and a map showing its geographic location;

(C) Agrees to vacate the cabin or structure and to remove all personal property from it upon expiration of the permit; and

(D) Acknowledges in the permit that the applicant has no legal interest in the real property on which the cabin or structure is located.

The Secretary may, on a case by case basis, subject to reasonable regulations, extend such permit term beyond one year for such reasons as the Secretary deems equitable and just.

(3) Cabins or other structures not under permit as specified herein shall be used only for official government business: Provided, however, That during emergencies involving the safety of human life or where designated for public use by the Secretary, these cabins may be used by the general public.

(4) The Secretary may issue a permit under such conditions as he may prescribe for the temporary use, occupancy, construction and maintenance of new cabins or other structures if he determines that the use is necessary to reasonably accommodate subsistence uses or is otherwise authorized by law.

(b) IMPROVED PROPERTY ON OTHER UNITS OR AREAS ESTABLISHED OR EXPANDED BY THIS ACT.—The following conditions shall apply regarding the construction, use and occupancy of cabins and related
structures on Federal lands within conservation system units or areas not provided for in subsection (a) of this section:

(1) The construction of new cabins is prohibited except as may be authorized pursuant to a nontransferable, five-year special use permit issued by the Secretary. Such special use permit shall only be issued upon a determination that the proposed use, construction, and maintenance of a cabin is compatible with the purposes for which the unit or area was established and that the use of the cabin is either directly related to the administration of the unit or area or is necessary to provide for a continuation of an ongoing activity or use otherwise allowed within the unit or area where the permit applicant has no reasonable alternative site for constructing a cabin. No special use permit shall be issued to authorize the construction of a cabin for private recreational use.

(2) Traditional and customary uses of existing cabins and related structures on Federal lands within a unit or area may be allowed to continue in accordance with a nontransferable, renewable five-year special use permit issued by the Secretary. Such special use permit shall be issued only upon a determination that the traditional and customary uses are compatible with the purposes for which the unit or area was established. No special use permits shall be issued to authorize the use of an existing cabin constructed for private recreational use.

(3) No special use permit shall be issued under subsections (b) (1) or (2) unless the permit applicant:

(A) In the case of existing cabins or structures, reasonably demonstrates by affidavit, bill of sale or other documentation, proof of possessory interests or right of occupancy in the cabin or structure;

(B) Submits a sketch or photograph of the existing or proposed cabin or structure and a map showing its geographic location;

(C) Agrees to vacate the cabin or structure and remove, within a reasonable time period established by the Secretary, all personal property from it upon nonrenewal or revocation of the permit; and

(D) Acknowledges in the permit application that the applicant has no interest in the real property on which the cabin or structure is located or will be constructed.

(4) The United States shall retain ownership of all new cabins and related structures on Federal lands within a unit or area specified in this subsection, and no proprietary rights or privileges shall be conveyed through the issuance of the special use permit authorized by paragraphs (1) or (2) of this subsection. Cabins or other structures not under permit shall be used only for official Government business: Provided, however, That during emergencies involving the safety of human life or where designated for public use by the unit or area manager, such cabins may be used by the general public.

(c) PERMITS TO BE RENEWED FOR LIFE OF CLAIMANT AND IMMEDIATE FAMILY.—

(1) Whenever issuance of a nontransferable renewable five-year special use permit is authorized by subsections (a) or (b) of this section, said permit shall be renewed every five years until the death of the last immediate family member of the claimant residing in the cabin or structure, or unless the Secretary has revoked the special use permit in accordance with the criteria established in this section.
(2) Notwithstanding any other provision of this section, the Secretary, after notice and hearing, may revoke a permit provided for in this section if he determines, on the basis of substantial evidence in the administrative record as a whole, that the use under the permit is causing or may cause significant detriment to the principal purposes for which the unit was established.

(d) EXISTING CABIN LEASES OR PERMITS.—Nothing in this Act shall preclude the renewal or continuation of valid leases or permits in effect on the date of enactment of this Act for cabins, homesites, or similar structures on Federal lands. Unless the Secretary, or in the case of national forest lands, the Secretary of Agriculture, issues specific findings following notice and an opportunity for the leaseholder or permittee to respond, that renewal or continuation of such valid permit or lease constitutes a direct threat to or a significant impairment to the purposes for which a conservation system unit was established (in the case of a structure located within a conservation system unit) or the public domain or national forest (in case of a structure located outside conservation system units), he shall renew such valid leases or permits upon their expiration in accordance with the provisions of the original lease or permit, subject to such reasonable regulations as he may prescribe. Subject to the provisions of the original lease or permit, nothing in this Act or subsection shall necessarily preclude the appropriate Secretary from transferring such a lease or permit to another person at the election or death of the original permittee or leasee.

ARCHEOLOGICAL AND PALEONTOLOGICAL SITES

Sec. 1304. Notwithstanding any acreage or boundary limitations contained in this Act with respect to the Cape Krusenstern National Monument, the Bering Land Bridge National Preserve, the Yukon-Charley Rivers National Preserve, and the Kobuk Valley National Park, the Secretary may designate Federal lands or he may acquire by purchase with the consent of the owner, donation, or exchange any significant archeological or paleontological site in Alaska located outside of the boundaries of such areas and containing resources which are closely associated with any such area. If any such site is so designated or acquired, it shall be included in and managed as part of such area. Not more than seven thousand five hundred acres of land may be designated or acquired under this section for inclusion in any single area. Before designation or acquisition of any property in excess of one hundred acres under the provisions of this section, the Secretary shall—

(1) submit notice of such proposed designation or acquisition to the appropriate committees of the Congress; and

(2) publish notice of such proposed designation or acquisition in the Federal Register.

COOPERATIVE INFORMATION/EDUCATION CENTERS

Sec. 1305. The Secretary is authorized in consultation with other Federal agencies, to investigate and plan for an information and education center for visitors to Alaska on not to exceed one thousand acres of Federal land at a site adjacent to the Alaska Highway, and to investigate and plan for similar centers in Anchorage and Fairbanks, Alaska. For the purposes of this investigation, the Secretary shall seek participation in the program planning and/or operation of such
centers from appropriate agencies of the State of Alaska, and he is authorized to accept contributions of funds, personnel, and planning and program assistance from such State agencies, other Federal agencies, and Native representatives. The Secretary of Agriculture is authorized to investigate and plan for, in a similar manner, an information and education center for visitors to Alaska in either Juneau, Ketchikan, or Sitka, Alaska. No information center shall be developed pursuant to investigations and plans conducted under authority of this section unless and until such development is specifically authorized by Congress.

**ADMINISTRATIVE SITES AND VISITOR FACILITIES**

Sec. 1306. (a) Establishment.—In conformity with the conservation and management plans prepared for each unit and the purposes of assuring the preservation, protection, and proper management of any conservation system unit, the Secretary may establish sites and visitor facilities—

1. within the unit, if compatible with the purposes for which the unit is established, expanded, or designated by this Act, and the other provisions of this Act, or
2. outside the boundaries of, and in the vicinity of, the unit. To the extent practicable and desirable, the Secretary shall attempt to locate such sites and facilities on Native lands in the vicinity of the unit.

(b) Authorities of Secretary.—For the purpose of establishing administrative sites and visitor facilities under subsection (a)—

1. the Secretary and the head of the Federal agency having primary authority over the administration of any Federal land which the Secretary determines is suitable for use in carrying out such purpose may enter into agreements permitting the Secretary to use such land for such purposes;
2. notwithstanding any other provision of law, the Secretary, under such terms and conditions as he determines are reasonable, may lease or acquire by purchase, donation, exchange, or any other method (except condemnation) real property (other than Federal land), office space, housing, and other necessary facilities which the Secretary determines to be suitable for carrying out such purposes; and
3. the Secretary may construct, operate, and maintain such permanent and temporary buildings and facilities as he deems appropriate on land which is within, or in the vicinity of, any conservation system unit and with respect to which the Secretary has acquired authority under this subsection to use the property for the purpose of establishing an administrative site or visitor facility under subsection (a), except that the Secretary may not begin construction of buildings and facilities on land not owned by the United States until the owner of such land has entered into an agreement with the Secretary, the terms of which assure the continued use of such buildings and facilities in furtherance of the purposes of this Act.

**REVENUE-PRODUCING VISITOR SERVICES**

Sec. 1307. (a) Continuation of Existing Visitor Services.—Notwithstanding any other provision of law, the Secretary, under such terms and conditions as he determines are reasonable, shall permit any persons who, on or before January 1, 1979, were engaged
in adequately providing any type of visitor service within any area established as or added to a conservation system unit to continue providing such type of service and similar types of visitor services within such area if such service or services are consistent with the purposes for which such unit is established or expanded.

(b) **Preference.**—Notwithstanding provisions of law other than those contained in subsection (a), in selecting persons to provide (and in contracting for the provision of) any type of visitor service for any conservation system unit, except sport fishing and hunting guiding activities, the Secretary—

(1) shall give preference to the Native Corporation which the Secretary determines is most directly affected by the establishment or expansion of such unit by or under the provisions of this Act;

(2) shall give preference to persons whom he determines, by rule, are local residents; and

(1) any provision of the civil service laws or regulations thereunder which require minimum periods of formal training or experience,

(2) any such provision which provides an employment preference to any other class of applicant in such selection, and

(3) any numerical limitation on personnel otherwise applicable.

Individuals appointed under this subsection shall not be taken into account in applying any personnel limitation described in paragraph (3).

(b) **Reports.**—The Secretary shall from time to time prepare and submit to the Congress reports indicating the actions taken in carrying out the provisions of subsection (a) of this section together

Reasonable access to and operation and maintenance of facilities for national defense purposes and related air and water navigation aids within or adjacent to such areas shall continue in accordance with the laws and regulations governing such facilities notwithstanding any other provision of this Act. Nothing in the Wilderness Act shall be deemed to prohibit such access, operation and maintenance within wilderness areas designated by this Act.

(b) **NEW FACILITIES.**—The establishment, operation, and maintenance within any conservation system unit of new air and water navigation aids and related facilities, facilities for national defense purposes, and related air and water navigation aids, and facilities for weather, climate, and fisheries research and monitoring shall be permitted but only (1) after consultation with the Secretary or the Secretary of Agriculture, as appropriate, by the head of the Federal department or agency undertaking such establishment, operation, or maintenance, and (2) in accordance with such terms and conditions as may be mutually agreed in order to minimize the adverse effects of such activities within such unit.

**SCENIC HIGHWAY STUDY**

Sec. 1311. (a) **WITHDRAWAL.**—Subject to valid existing rights, all public lands within an area, the centerline of which is the centerline of the Parks Highway from the entrance to Denali National Park to the Talkeetna junction which is one hundred and thirty-six miles south of Cantwell, the Denali Highway between Cantwell and Paxson, the Richardson Highway and Edgerton Highway between Paxson and Chitina, and the existing road between Chitina and McCarthy (as those highways and road are depicted on the official maps of the department of transportation of the State of Alaska) and the boundaries of which are parallel to the centerline and one mile distant therefrom on either side, are hereby withdrawn from all
forms of entry or appropriation under the mining laws and from operation of the mineral leasing laws of the United States. Nothing in this section shall be construed to preclude minor road realignment, minor road improvement, or the extraction of gravel for such purposes from lands withdrawn or affected by the study mandated herein.

(b) Study.—During the three-year period beginning on the date of enactment of this Act, the Secretary shall study the desirability of establishing a Denali Scenic Highway to consist of all or part of the lands described in subsection (a) of this section. In conducting the studies, the Secretary, through a study team which includes representatives of the Secretary of Transportation, the National Park Service, the Bureau of Land Management, the State, and of each Regional Corporation within whose area of operation the lands described in subsection (a) are located, shall consider the scenic and recreational values of the lands withdrawn under this section, the importance of providing protection to those values, the desirability of providing a symbolic and actual physical connection between the national parks in south central Alaska, and the desirability of enhancing the experience of persons traveling between those parks by motor vehicles. Members of the study team who are not Federal employees shall receive from the Secretary per diem (in lieu of expenses) and travel allowances at the rates provided for employees of the Bureau of Indian Affairs in Alaska in grade GS-15.

(c) Cooperation Notice: Hearings.—In conducting the studies required by this section, the Secretary shall cooperate with the State and shall consult with each Village Corporation within whose area of operation lands described in this section are located and to the maximum extent practicable with the owner of any lands adjoining the lands described in subsection (a) concerning the desirability of establishing a Denali Scenic Highway. The Secretary, through the National Park Service, shall also give such public notice of the study as he deems appropriate, including at least publication in a newspaper or newspapers having general circulation in the area or areas of the lands described in subsection (a), and shall hold a public hearing or hearings at one or more locations convenient to the areas affected.

(d) Report.—Within three years after the date of enactment of this Act, the Secretary shall report to the President the results of the studies carried out pursuant to this section together with his recommendation as to whether the scenic highway studied should be established and, if his recommendation is to establish the scenic highway, the lands described in subsection (a) which should be included therein. Such report shall include the views and recommendations of all members of the study team. The President shall advise the President of the Senate and the Speaker of the House of Representatives of his recommendations and those of the Governor of Alaska with respect to creation of the scenic highways, together with maps thereof, a definition of boundaries thereof, an estimate of costs, recommendations on administration, and proposed legislation to create such a scenic highway, if creation of one is recommended.

(e) Period of Withdrawal.—The lands withdrawn under subsection (a) of this section shall remain withdrawn until such time as the Congress acts on the President's recommendation, but not to exceed two years after the recommendation is transmitted to the Congress.
ADMINISTRATION OF THE WHITE MOUNTAINS NATIONAL RECREATION AREA

Sec. 1312. (a) The White Mountains National Recreation Area established by this Act shall be administered by the Secretary in order to provide for public outdoor recreation use and enjoyment and for the conservation of the scenic, scientific, historic, fish and wildlife, and other values contributing to public enjoyment of such area. Except as otherwise provided in this Act, the Secretary shall administer the recreation area in a manner which in his judgment will best provide for (1) public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, fish and wildlife, and other values contributing to public enjoyment; and (3) such management, utilization, and disposal of natural resources and the continuation of such existing uses and developments as will promote, or are compatible with, or do not significantly impair public recreation and conservation of the scenic, scientific, historic, fish and wildlife, or other values contributing to public enjoyment. In administering the recreation area, the Secretary may utilize such statutory authorities available to him for the conservation and management of natural resources as he deems appropriate for recreation and preservation purposes and for resource development compatible therewith.

(b) The lands within the recreation area, subject to valid existing rights, are hereby withdrawn from State selection under the Alaska Statehood Act or other law, and from location, entry, and patent under the United States mining laws. The Secretary under such reasonable regulations as he deems appropriate, may permit the removal of the nonleasable minerals from lands or interests in lands within the recreation area in the manner described by section 10 of the Act of August 4, 1939, as amended (43 U.S.C. 3871), and he may permit the removal of leasable minerals from lands or interests in lands within the recreation areas in accordance with the mineral leasing laws, if he finds that such disposition would not have significant adverse effects on the administration of the recreation areas.

(c) All receipts derived from permits and leases issued on lands or interest in lands within the recreation area under the mineral leasing laws shall be disposed of as provided in such laws; and receipts from the disposition of nonleasable minerals within the recreation area shall be disposed of in the same manner as moneys received from the sale of public lands.

ADMINISTRATION OF NATIONAL PRESERVES

Sec. 1313. A National Preserve in Alaska shall be administered and managed as a unit of the National Park System in the same manner as a national park except as otherwise provided in this Act and except that the taking of fish and wildlife for sport purposes and subsistence uses, and trapping shall be allowed in a national preserve under applicable State and Federal law and regulation. Consistent with the provisions of section 816, within national preserves the Secretary may designate zones where and periods when no hunting, fishing, trapping, or entry may be permitted for reasons of public safety, administration, floral and faunal protection, or public use and enjoyment. Except in emergencies, any regulations prescribing such restrictions relating to hunting, fishing, or trapping shall be put into effect only after consultation with the appropriate State agency having responsibility over hunting, fishing, and trapping activities.
16 USC 3202.

SEC. 1314. (a) Nothing in this Act is intended to enlarge or diminish the responsibility and authority of the State of Alaska for management of fish and wildlife on the public lands except as may be provided in title VIII of this Act, or to amend the Alaska constitution.

(b) Except as specifically provided otherwise by this Act, nothing in this Act is intended to enlarge or diminish the responsibility and authority of the Secretary over the management of the public lands.

(c) The taking of fish and wildlife in all conservation system units, and in national conservation areas, national recreation areas, and national forests, shall be carried out in accordance with the provisions of this Act and other applicable State and Federal law. Those areas designated as national parks or national park system monuments in the State shall be closed to the taking of fish and wildlife, except that—

(1) notwithstanding any other provision of this Act, the Secretary shall administer those units of the National Park System, and those additions to existing units, established by this Act and which permit subsistence uses, to provide an opportunity for the continuance of such uses by local rural residents; and

(2) fishing shall be permitted by the Secretary in accordance with the provisions of this Act and other applicable State and Federal law.

WILDERNESS MANAGEMENT

16 USC 3203.

SEC. 1315. (a) APPLICATION ONLY TO ALASKA.—The provisions of this section are enacted in recognition of the unique conditions in Alaska. Nothing in this section shall be construed to expand, diminish, or modify the provisions of the Wilderness Act or the application or interpretation of such provisions with respect to lands outside of Alaska.

(b) AQUACULTURE.—In accordance with the goal of restoring and maintaining fish production in the State of Alaska to optimum sustained yield levels and in a manner which adequately assures protection, preservation, enhancement, and rehabilitation of the wilderness resource, the Secretary of Agriculture may permit fishery research, management, enhancement, and rehabilitation activities within national forest wilderness and national forest wilderness study areas designated by this Act. Subject to reasonable regulations, permanent improvements and facilities such as fishways, fish weirs, fish ladders, fish hatcheries, spawning channels, stream clearance, egg planting, and other accepted means of maintaining, enhancing, and rehabilitating fish stocks may be permitted by the Secretary to achieve this objective. Any fish hatchery, fishpass or other aquaculture facility authorized for any such area shall be constructed, managed, and operated in a manner that minimizes adverse impacts on the wilderness character of the area. Developments for any such activities shall involve those facilities essential to these operations and shall be constructed in such rustic manner as to blend into the natural character of the area. Reasonable access solely for the purposes of this subsection, including temporary use of motorized equipment, shall be permitted in furtherance of research, management, rehabilitation and enhancement activities subject to reasonable regulations as the Secretary deems desirable to maintain the wilderness character, water quality, and fish and wildlife values of the area.
(c) Existing Cabins.—Previously existing public use cabins within wilderness designated by this Act, may be permitted to continue and may be maintained or replaced subject to such restrictions as the Secretary deems necessary to preserve the wilderness character of the area.

(d) New Cabins.—Within wilderness areas designated by this Act, the Secretary or the Secretary of Agriculture as appropriate, is authorized to construct and maintain a limited number of new public use cabins and shelters if such cabins and shelters are necessary for the protection of the public health and safety. All such cabins or shelters shall be constructed of materials which blend and are compatible with the immediate and surrounding wilderness landscape. The Secretary or the Secretary of Agriculture, as appropriate, shall notify the House Committee on Interior and Insular Affairs and the Senate Committee on Energy and Natural Resources of his intention to remove an existing or construct a new public use cabin or shelter.

(e) Timber Contracts.—The Secretary of Agriculture is hereby directed to modify any existing national forest timber sale contracts applying to lands designated by this Act as wilderness by substituting, to the extent practicable, timber on the other national forest lands approximately equal in volume, species, grade, and accessibility for timber or relevant lands within such units.

(f) Beach Log Salvage.—Within National Forest wilderness and national forest monuments designated by this Act, the Secretary of Agriculture may permit or otherwise regulate the recovery and salvage of logs from coastlines.

ALLOWED USES

Sec. 1316. (a) On all public lands where the taking of fish and wildlife is permitted in accordance with the provisions of this Act or other applicable State and Federal law the Secretary shall permit, subject to reasonable regulation to insure compatibility, the continuance of existing uses, and the future establishment, and use, of temporary campsites, tent platforms, shelters, and other temporary facilities and equipment directly and necessarily related to such activities. Such facilities and equipment shall be constructed, used, and maintained in a manner consistent with the protection of the area in which they are located. All new facilities shall be constructed of materials which blend with, and are compatible with, the immediately surrounding landscape. Upon termination of such activities and uses (but not upon regular or seasonal cessation), such structures or facilities shall, upon written request, be removed from the area by the permittee.

(b) Notwithstanding the foregoing provisions, the Secretary may determine, after adequate notice, that the establishment and use of such new facilities or equipment would constitute a significant expansion of existing facilities or uses which would be detrimental to the purposes for which the affected conservation system unit was established, including the wilderness character of any wilderness area within such unit, and may thereupon deny such proposed use or establishment.

GENERAL WILDERNESS REVIEW PROVISION

Sec. 1317. (a) Within five years from the date of enactment of this Act, the Secretary shall, in accordance with the provisions of section 16 USC 3205.

(b) The Secretary shall conduct his review, and the President shall advise the United States Senate and House of Representatives of his recommendations, in accordance with the provisions of sections 3 (c) and (d) of the Wilderness Act. The President shall advise the Congress of his recommendations with respect to such areas within seven years from the date of enactment of this Act.

(c) Nothing in this section shall be construed as affecting the administration of any unit of the National Park System or unit of National Wildlife Refuge System in accordance with this Act or other applicable provisions of law unless and until Congress provides otherwise by taking action on any Presidential recommendation made pursuant to subsection (b) of this section.

However, in carrying out his duties under section 201 and section 202 of such Act and other applicable laws, the Secretary may identify areas in Alaska which he determines are suitable as wilderness and may, from time to time, make recommendations to the Congress for inclusion of any such areas in the National Wilderness Preservation System, pursuant to the provisions of the Wilderness Act. In the absence of congressional action relating to any such recommendation of the Secretary, the Bureau of Land Management shall manage all such areas which are within its jurisdiction in accordance with the applicable land use plans and applicable provisions of law.

Notwithstanding any provision to the contrary contained in any other law, the Federal lands within the aforesaid boundaries established by this Act shall not be deemed available for selection, appropriation, or disposition except as expressly provided by this Act.

(b) This section shall become effective upon the relinquishment by the State of Alaska of selections made on November 14, 1978, pursuant to the Alaska Statehood Act which are located within the boundaries of conservation system units, national conservation areas, national recreation areas, and forest additions, established, designated, or expanded by this Act.

"(A)(i) a portion of available public lands of a section is separated from other available public lands in the same section by lands unavailable for selection or by a meanderable body of water;

"(ii) such waiver will not result in small isolated parcels of available public land remaining after conveyance of selected lands to Native Corporations; and

"(iii) such waiver would result in a better land ownership pattern or improved land or resource management opportunity; or

"(B) the remaining available public lands in the section have been selected and will be conveyed to another Native Corporation under this Act."

SEC. 1403. Section 12(c) of the Alaska Native Claims Settlement Act (43 U.S.C. 1611(c)) is amended by adding a new paragraph (4) to read as follows:

The Secretary is authorized, as necessary, to withdraw up to two times the acreage entitlement of the in lieu surface estate from vacant, unappropriated, and unreserved public lands from which the Regional Corporation may select such in lieu surface estate except that the Secretary may withdraw public lands which had been previously withdrawn pursuant to subsection 17(d)(1).

**RECONVEYANCE TO MUNICIPAL CORPORATIONS**

Sec. 1405. Section 14(c)(3) of the Alaska Native Claims Settlement Act is amended by striking out the semicolon at the end and inserting in lieu thereof the following new language: “unless the Village Corporation and the Municipal Corporation or the State in trust can agree in writing on an amount which is less than one thousand two hundred and eighty acres: Provided further, That any net revenues derived from the sale of surface resources harvested or extracted from lands reconveyed pursuant to this subsection shall be paid to the Village Corporation by the Municipal Corporation or the State in trust: Provided, however, That the word “sale”, as used in the preceding sentence, shall not include the utilization of surface resources for governmental purposes by the Municipal Corporation or the State in trust, nor shall it include the issuance of free use permits or other authorization for such purposes;”.

**CONVEYANCE OF PARTIAL ESTATES**

Sec. 1406. (a) Section 14(h)(1) of the Alaska Native Claims Settlement Act (43 U.S.C. 1613(h)(1)) is amended by replacing the existing paragraph with the following paragraph to read as follows:

"(10) Notwithstanding the provisions of subsection 22(h), the Secretary, upon determining that specific lands are available for withdrawal and possible conveyance under this subsection, may withdraw such lands for selection by and conveyance to an appropriate applicant and such withdrawal shall remain until revoked by the Secretary.

"(11) For purposes set forth in subsections (h)(1), (2), (3), (5), and (6), the term Wildlife Refuges refers to Wildlife Refuges as the boundaries of those refuges exist on the date of enactment of this Act.”.

(e) Any Regional Corporation which asserts a claim with the Secretary to the subsurface estate of lands selectable under section 14(h) of the Alaska Native Claims Settlement Act which are in a Wildlife Refuge shall not be entitled to any in lieu surface or subsurface estate provided by subsections 12(c)(4) and 14(h)(9) of such Act. Any such claim must be asserted within one hundred and eighty days after the date of enactment of this Act. Failure to assert such claim within the one-hundred-and-eighty-day period shall constitute a waiver of any right to such subsurface estate in a Wildlife Refuge as the boundaries of the refuge existed on the date of enactment of the Alaska Native Claims Settlement Act.

Sec. 1407. Section 21 of the Alaska Native Claims Settlement Act is amended by adding a new subsection at the end thereof, as follows: "(j) A real property interest distributed prior to December 18, 1991, by a Village Corporation to a shareholder of such Corporation pursuant to a program to provide homesites to its shareholders, shall be deemed conveyed and received pursuant to this Act: Provided, That the land received is restricted by covenant for a period not less than ten years to single-family (including traditional extended family customs) residential occupancy, and by such other covenants and retained interests as the Village Corporation deems appropriate: Provided further, That the land conveyed does not exceed one and one-half acres: Provided further, That the shareholder receiving the homesite, if the shareholder subdivides the land received, shall pay all Federal, State, and local taxes which would have been incurred but for this subsection, together with simple interest at six percent per annum calculated from the date of receipt of the land to be paid to the appropriate taxing authority.

**INTERIM CONVEYANCES AND UNDERSELECTIONS**

Sec. 1410. Section 22(j) of the Alaska Native Claims Settlement Act is amended to read as follows:

"(j)(1) Where lands to be conveyed to a Native, Native Corporation, or Native group pursuant to this Act as amended and supplemented have not been surveyed, the same may be conveyed by the issuance of an 'interim conveyance' to the party entitled to the lands. Subject to valid existing rights and such conditions and reservations authorized by law as are imposed, the force and effect of such an interim conveyance shall be to convey to and vest in the recipient exactly the same right, title, and interest in and to the lands as the recipient would have received had he been issued a patent by the United States. Upon survey of lands covered by an interim conveyance a patent thereto shall be issued to the recipient. The boundaries of the lands as defined and conveyed by the interim conveyance shall not be altered but may then be redescribed, if need be, in reference to the plat of survey. The Secretary shall make appropriate adjustments to insure that the recipient receives his full entitlement. Where the term 'patent,' or a derivative thereof, is used in this Act, unless the context precludes such construction, it shall be deemed to include 'interim conveyance,' and the conveyances of land to Natives and Native Corporations provided for this Act shall be as fully effectuated by the issuance of interim conveyances as by the issuance of patents.

"(2) Where lands selected and conveyed, or to be conveyed to a Village Corporation are insufficient to fulfill the Corporation's entitlement under subsection 12(b), 14(a), 16(b), or 16(d), the Secretary is authorized to withdraw twice the amount of unfulfilled entitlement and provide the Village Corporation ninety days from receipt of notice from the Secretary to select from the lands withdrawn the land it desires to fulfill its entitlement. In making the withdrawal, the Secretary shall first withdraw public lands that were formerly
withdrawn for selection by the concerned Village Corporation by or pursuant to subsection 11(a)(1), 11(a)(3), 16(a), or 16(d). Should such lands no longer be available, the Secretary may withdraw public lands that are vacant, unreserved, and unappropriated, except that the Secretary may withdraw public lands which had been previously withdrawn pursuant to subsection 17(d)(1). Any subsequent selection by the Village Corporation shall be in the manner provided in this Act for such original selections.”.

ESCROW ACCOUNT

Sec. 1411. (a) Subsection (a) of section 2 of Public Law 94–204 (89 Stat. 1146) is amended to read as follows:

“Sec. 2. (a)(1) During the period of the appropriate withdrawal for selection pursuant to the Settlement Act, any and all proceeds derived from contracts, leases, licenses, permits, rights-of-way, or easements, or from trespass occurring after the date of withdrawal of the lands for selection, pertaining to lands or resources of lands withdrawn for Native selection pursuant to the Settlement Act shall be deposited in an escrow account which shall be held by the Secretary until lands selected pursuant to that Act have been conveyed to the selecting Corporation or individual entitled to receive benefits under such Act.

“(2) Such proceeds which were received, if any, subsequent to the date of withdrawal of the land for selection, but were not deposited in the escrow account shall be identified by the Secretary within two years of the date of conveyance or this Act, whichever is later, and shall be paid, together with interest payable on the proceeds from the date of receipt by the United States to the date of payment to the appropriate Corporation or individual to which the land was conveyed by the United States: Provided, That interest shall be paid on the basis of a semiannual computation from the date of receipt of the proceeds by the United States to the date of payment with simple interest at the rate prevailing at the time of payment: Provided further, That any rights of a Corporation or individual under this section to such proceeds shall be limited to proceeds actually received by the United States plus interest: And provided further, That moneys for such payments have been appropriated as provided in subsection (e) of this section.

“(3) Such proceeds which have been deposited in the escrow account shall be paid, together with interest accrued by the Secretary to the appropriate Corporation or individual upon conveyance of the particular withdrawn lands. In the event that a conveyance does not cover all of the land embraced within any contract, lease, license, permit, right-of-way, easement, or trespass, the Corporation or individual shall only be entitled to the proportionate amount of the proceeds, including interest accrued, derived from such contract, lease, license, permit, right-of-way, or easement, which results from multiplying the total of such proceeds, including interest accrued, by a fraction in which the numerator is the acreage of such contract, lease, license, permit, right-of-way, or easement which is included in the conveyance and the denominator is the total acreage contained in such contract, lease, license, permit, right-of-way, or easement; in the case of trespass, the conveyee shall be entitled to the proportionate share of the proceeds, including a proportionate share of interest accrued, in relation to the damages occurring on the respective lands during the period the lands were withdrawn for selection.
“(4) Such proceeds which have been deposited in the escrow account pertaining to lands withdrawn but not selected pursuant to such Act, or selected but not conveyed due to rejection or relinquishment of the selection, shall be paid, together with interest accrued, as would have been required by law were it not for the provisions of this Act.

“(5) Lands withdrawn under this subsection include all Federal lands identified under appendices A, B-1 and B–2 of the document referred to in section 12 of the Act of January 2, 1976 (Public Law 94–204) for Cook Inlet Region, Incorporated, and are deemed withdrawn as of the date established in subsection (a) of section 2 of the Act of January 2, 1976.”.

(b) Section 2 of Public Law 94–204 (89 Stat. 1146) is amended by adding a new subsection to read as follows:

“(e) There is authorized to be appropriated such sums as are necessary to carry out the purposes of this section.”.

Sec. 1412. Except as specifically provided in this Act, (i) the provisions of the Alaska Native Claims Settlement Act are fully applicable to this Act, and (ii) nothing in this Act shall be construed to alter or amend any of such provisions.

PART B—OTHER RELATED PROVISIONS

SUPPLEMENTAL APPROPRIATION FOR NATIVE GROUPS

Sec. 1413. The Secretary shall pay by grant to each of the Native Group Corporations established pursuant to section 14(h)(2) of the Alaska Native Claims Settlement Act and finally certified as a Native Group, an amount not more than $100,000 or less than $50,000 adjusted according to population of each Group. Funds authorized under this section may be used only for planning, development, and other purposes for which the Native Group Corporations are organized under the Settlement Act.

FISCAL YEAR ADJUSTMENT ACT

Sec. 1414. (a) Moneys appropriated for deposit in the Alaska Native Fund for the fiscal year following the enactment of this Act, shall, for the purposes of section 5 of Public Law 94–204 only, be deposited into the Alaska Native Fund on the first day of the fiscal year for which the moneys are appropriated, and shall be distributed at the end of the first quarter of the fiscal year in accordance with section 6(c) of the Alaska Native Claims Settlement Act notwithstanding any other provision of law.

(b) For the fiscal year in which this Act is enacted, the money appropriated shall be deposited within 10 days of enactment, unless it has already been deposited in accordance with existing law, and shall be distributed no later than the end of the quarter following the quarter in which the money is deposited: Provided, That if the money is already deposited at the time of enactment of this Act, it must be distributed at the end of the quarter in which this Act is enacted.

(c) Notwithstanding section 38 of the Fiscal Year Adjustment Act or any other provisions of law, interest earned from the investment of appropriations made pursuant to the Act of July 31, 1976 (Public Law 94–373; 90 Stat. 1051), and deposited in the Alaska Native Fund on or
after October 1, 1976, shall be deposited in the Alaska Native Fund within thirty days after enactment of this Act and shall be distributed as required by section 6(c) of the Alaska Native Claims Settlement Act.

RELINQUISHMENT OF SELECTIONS PARTLY WITHIN CONSERVATION UNITS

Sec. 1415. Whenever a valid State or Native selection is partly in and partly out of the boundary of a conservation system unit, notwithstanding any other provision of law to the contrary, the State or any Native Corporation may relinquish its rights in any portion of any validly selected Federal land, including land underneath waters, which lies within the boundary of the conservation system unit. Upon relinquishment, the Federal land (including land underneath waters) so relinquished within the boundary of the conservation system unit shall become, and be administered as, a part of the conservation system unit. The total land entitlement of the State or Native Corporation shall not be affected by such relinquishment. In lieu of the lands and waters relinquished by the State, the State may select pursuant to the Alaska Statehood Act as amended by this Act, an equal acreage of other lands available for such purpose. The Native Corporation may retain an equal acreage from overselection lands on which selection applications were otherwise properly and timely filed. A relinquishment pursuant to this section shall not invalidate an otherwise valid State or Native Corporation land selection outside the boundaries of the conservation system unit, on the grounds that, after such relinquishment, the remaining portion of the land selection no longer meets applicable requirements of size, compactness, or contiguity, or that the portion of the selection retained immediately outside the conservation system unit does not follow section lines along the boundary of the conservation system unit. The validity of the selection outside such boundary shall not be adversely affected by the relinquishment.

BRISTOL BAY GROUP CORPORATION LANDS

Sec. 1416. (a) Congress finds that the individual Natives enrolled to Port Alsworth are enrolled at-large in the Bristol Bay Native Corporation. The roll prepared by the Secretary shall be determinative of this fact and such enrollment shall be final.

(b) The individual Natives enrolled to Port Alsworth have formed a group corporation which shall hereafter be referred to as Tanalian Incorporated. The benefits bestowed by this section upon these Natives shall accrue to such group corporation, regardless of its name.

(c) If Tanalian Incorporated is certified as a group under the Alaska Native Claims Settlement Act, Tanalian Incorporated shall be entitled to make selections in accordance with subsection (d) hereof.

(d)(1) Tanalian Incorporated if certified shall be entitled to make selections of the surface estate of public lands as that term is described in section 3(e) of the Alaska Native Claims Settlement Act from the following described lands, except it may not select any land of Power Site Reserve 485 (the Kontrashibuna Power Site), land acquired by the United States after January 1, 1979, or land subject to a valid existing right, in the amount agreed to by Bristol Native Corporation (not to exceed 320 acres per person or 2,240 acres, whichever is less) and charged against Bristol Bay Native Corpora-
tion's rights to select under section 14(h) as provided for in 43 CFR 2653.1(b):

Seward Meridian

Township 1 north, Range 29 west, sections 3, 4, 5, 8, 9, 10, 16, 17, 18, 19, 20, and 21.

(2) If Tanalian Incorporated is certified as a group, the Secretary shall give written notice within sixty days of such certification to Bristol Bay Native Corporation.

(3) If such notice is given, Bristol Bay Native Corporation shall, within sixty days thereafter, give written notice to the Secretary and Tanalian Incorporated as to the amount of acreage Tanalian Incorporated may select.

(4) Within one hundred and eighty days after receipt of such notice, Tanalian Incorporated may select, pursuant to section 14(h)(2) of the Ante, P. 2494. Alaska Native Claims Settlement Act, the lands withdrawn pursuant to subsection (d)(1).

(5) Within one hundred and eighty days after Tanalian Incorporated makes selections in accordance with subsection (d)(1) hereof, Bristol Bay Native Corporation may select subject to any valid existing right an amount of subsurface estate from public lands as defined in the Alaska Native Claims Settlement Act previously withdrawn under sections 11(a)(1) or 11(a)(3) of the Alaska Native Claims Settlement Act within its boundaries equal to the surface estate entitlement of Tanalian Incorporated. Bristol Bay Native Corporation will forego in lieu subsurface selections in that portion of the Nondalton withdrawal area which falls within the Lake Clark Preserve. Selections made by Bristol Bay Native Corporation shall have priority over any selections made by the State after December 18, 1975. Such subsurface selections shall be in a single contiguous and reasonably compact tract and the exterior boundaries of such selections shall be in conformity with the public lands survey system.

(e) If there is any conflict between selections made by Tanalian Incorporated pursuant to this section and valid Cook Inlet Region, Incorporated or Cook Inlet Region Village selections, the selections of Cook Inlet Region, Incorporated or the Cook Inlet Region Village shall prevail.

(f) The Secretary shall convey to Tanalian Incorporated and to Bristol Bay Native Corporation the surface and subsurface estate, respectively, of the acreage selected by the corporation pursuant to this section.

(g) Nothing contained in this section, or done pursuant to authorizations made by this section, shall alter or affect the acreage entitlements of Cook Inlet Region, Incorporated, or Bristol Bay Native Corporation pursuant to section 12(c) of the Alaska Native Claims Settlement Act nor the boundaries of Cook Inlet Region, Incorporated or Bristol Bay Native Corporation, respectively.

PRIBILOF ISLANDS ACQUISITION AUTHORITY

Sec. 1417. (a) Congress finds and declares that—

(1) certain cliff areas on Saint Paul Island and Saint George Island of the Pribilof Islands group in the Bering Sea and the entirety of Otter Island, and Walrus Island, are used by numerous species of migratory birds, several of them unique, as rookeries;

(2) these areas are of singularly high value for such birds;
(3) these cliff areas, from the line of mean high tide to and
including the bluff and areas inland from them, and the entirety
of Otter Island, and Walrus Island, aggregating approximately
eight thousand acres, properly ought to be made and be managed
as a part or parts of the Alaska Maritime National Wildlife
Refuge free of any claims of Native Corporation ownership; and
(4) this can best be accomplished through purchase by the
United States.

(b) The Secretary is authorized and directed to acquire the lands
described in subsection (a)(3) of this section on the terms of and
conditions set forth in the Agreement known as the "Pribilof Terms
and Conditions", between Tanadgusix, Incorporated, Tanaq, Incorpo-
rated, the Aleut Corporation, and the Department of the Interior,
incorporated as an Attachment of the letter of the Director, Fish and
Wildlife Service, Department of the Interior, dated August 4, 1980,
file reference FWS 1366, addressed to the Aleut, Tanadgusix, and
Tanaq Corporations. The "Pribilof Terms and Conditions", as refer-
cenced in this subsection, are hereby ratified as to the duties and
obligations of the United States and its agencies, Tanadgusix, Incor-
porated, Tanaq, Incorporated, and the Aleut Corporation; Provided,
That the "Pribilof Terms and Conditions" may be modified or
amended, upon the written agreement of all parties thereto and
appropriate notification in writing to the appropriate committees of
the Congress, without further action by the Congress. Upon acquisi-
tion by the United States, the lands described in such subsection (a)(3)
shall be incorporated within, and made a subunit of, the Alaska
Maritime National Wildlife Refuge and administered accordingly.

(c) There are hereby authorized to be appropriated for the purposes
of this section, out of any money in the Treasury not otherwise
appropriated, for the acquisition of such lands, not to exceed
$7,500,000, to remain available until expended, and without regard to
fiscal year limitation.

(d) The land or money exchanged under this section shall be
deemed to be property exchanged within the meaning of section 21(c)
of the Alaska Native Claims Settlement Act.

Settlement Act, from the lands withdrawn pursuant to subsection (a). In addition, on or prior to such date, Cook Inlet Region, Incorporated, if it receives the written consent of NANA Regional Corporation, Incorporated, and of the State of Alaska, may select from such lands, such selections to be credited against the Secretary's obligation under paragraph 17(c)(1) of the document entitled, "Terms and Conditions for Land Consolidation and Management in the Cook Inlet Area as Clarified August 31, 1976", and any such selections conveyed shall be conveyed in partial satisfaction of the entitlement of Cook Inlet Region, Incorporated, under section 12 of Public Law 94–204, as amended.

(B) have boundaries which follow section lines, except where such boundary is the border of a meanderable body of water, with no segment of an exterior line less than two miles in length (except where shorter segments are necessary (1) to follow section lines where township lines are offset along standard parallels caused by the convergence of meridians, (2) to conform to section lines where a section is less than standard size, or (3) to avoid crossing the boundary lines of conservation system units created by this Act, or of lands which are unavailable for selection).

(f) Nothing in this section shall be construed as granting or denying to any Regional Corporation, including NANA Regional Corporation, Incorporated, or Cook Inlet Region, Incorporated, the right to select land pursuant to section 14(h)(8) of the Alaska Native Claims Settlement Act outside the areas withdrawn by sections 11 and 16 of such Act.

(2) Unless a waiver of any such requirement is obtained from the Secretary, the lands selected by Doyon pursuant to subsection (b)(1) shall consist of tracts which: (a) contain not less than eight sections or five thousand one hundred and twenty acres, whichever is smaller, except for the last tract required to complete Doyon's land entitlement; and (b) have boundaries which follow section lines, except where such boundary is the border of a navigable body of water, with no segment of an exterior line less than two miles in length (except where shorter segments are necessary to follow section lines where township lines are offset along standard parallels caused by the convergence of meridians, to conform to section lines where a section is less than standard size, or to avoid crossing the boundary lines of conservation system units created by this Act, or of lands which are unavailable for selection). Selections under subsection (b)(1), subsection (c), and section 1420 shall not be subject to or charged against the maximum acreage limitations set forth in paragraph 3B(2)(a) and (b) of the Stipulation and Agreement entered into by Doyon and the Secretary in Doyon, Limited against Morton, civil action numbered 1586-73, in the United States District Court for the District of Columbia.
The lands selected by Doyon, Limited, and conveyed by the Secretary pursuant to subsection (b) hereof shall be treated as if such lands had been withdrawn pursuant to section 11(a)(3) of the Alaska Native Claims Settlement Act and had been selected by Doyon pursuant to section 12(c) of that Act. A failure by Doyon, Limited, to select its total land entitlement under subsection (b)(1) shall not affect Doyon's total land entitlement under sections 12(c) and 14(h)(8) of such Act.

Beginning on the date of enactment of this Act, the lands described in subsection (b)(1) hereof shall be withdrawn from all forms of appropriation under the public land laws as if such lands had been withdrawn pursuant to section 11(a)(3) of the Alaska Native Claims Settlement Act. The Secretary is authorized to terminate such withdrawal with respect to lands not selected by Doyon, Limited, either one year after the Secretary's acreage determination pursuant to subsection (a)(3) hereof or, with respect to the lands subject to such release, upon the giving of notice by Doyon to the Secretary that the corporation is releasing its selection rights under this paragraph to all or part of the withdrawn lands, whichever first occurs. Such withdrawal shall not prevent reasonable surface studies or mineral exploration, including core drilling, by Doyon or its assigns on the lands withdrawn, subject to such rules and regulations as the Secretary may prescribe: Provided, That the issuance of regulations under this subparagraph, or any permits thereunder, shall not be subject to any requirement for preparation or submission of an environmental impact statement contained in the National Environmental Policy Act of 1969.

During the withdrawal period specified in subsection (b)(4) hereof, the lands so withdrawn shall also be available for selection by Doyon, Limited, subject to the requirements of subsection (b)(2), in whole or partial satisfaction of its land entitlement under section 14(h)(8) of the Alaska Native Claims Settlement Act, and the period of withdrawal shall be extended with respect to any lands so selected until the date of conveyance pursuant to section 14(e) of such Act. The Secretary shall issue a decision to convey title to the lands selected by Doyon pursuant to this subparagraph, subject to valid existing rights, within one hundred and eighty days after each selection.

At any time after enactment of this Act, but no later than six months after termination of the withdrawal provided in subsection (b)(4) hereof, any or all of the land entitlement of Doyon, Limited, under section 14(h)(8) of the Alaska Native Claims Settlement Act may be satisfied by Doyon's identification of the appropriate acreage within lands withdrawn pursuant to section 11(a)(3) of the Alaska Native Claims Settlement Act, which were selected by Doyon on or before December 18, 1975, under section 12(c) of such Act, and have not been relinquished. Upon identification by Doyon, Limited, under this paragraph, such acreage shall no longer be deemed a section 12(c) selection, shall be charged against Doyon's section 14(h)(8) land entitlement and shall be conveyed by the Secretary to Doyon in accordance with the provisions of the Alaska Native Claims Settlement Act.

In the event Doyon, Limited, effects a relinquishment under subsection (a) hereof, and the provisions of this paragraph thus become operative, the corporation shall not thereafter make selections under section 14(h)(8) of the Alaska Native Claims Settlement Act on lands which were (a) withdrawn pursuant to section 11(a), but not selected under section 12(c) of such Act and (b) lie within a conservation system unit created or expanded pursuant to this Act:
Provided, That all Doyon's other selection rights under section 14(h)(8) shall not be affected.

(d)(1) In recognition of the potential need of Doyon, Limited, for access in a southerly direction from its landholdings in the watersheds of the Kandik and Nation Rivers across the Yukon River, the Secretary shall review applications submitted by Doyon, Limited, for one or more rights-of-way which, in order to provide such access, would pass through public lands within the Yukon-Charley National Preserve.

(2) The Secretary shall approve an application reviewed under paragraph (1) of this subsection, and shall grant the right-of-way requested in such application, if he determines that there exists no economically feasible or otherwise reasonably available alternative route.

(3) Each right-of-way granted under this subsection shall be subject to such reasonable regulations issued by the Secretary as are necessary to minimize the adverse impact of such right-of-way upon any conservation system unit.

(4) No rights-of-way shall be granted under this subsection which would cross the Charley River or which would involve any lands within the watershed of the Charley River.

HODZANA RIVER STUDY AREA

SEC. 1420. (a) Subject to the provisions of section 1419 (b) and (c) of this Act, the following described lands, during the period of withdrawal specified in section 1419(b)(4), shall be set aside and managed as a study area by the United States Fish and Wildlife Service in cooperation with Doyon, Limited:

Beginning at elevation point 2970 which lies within the northeast one-quarter of section 10, township 21 north, range 9 west Fairbanks meridian;

thence westerly following the crest of the ridgeline of which elevation point 2970 is a part through sections 10, 9, 8, 7, and 6 of township 21 north, range 9 west Fairbanks meridian to the true point of beginning which is the intersection of the crest of the ridgeline of which elevation point 2970 is a part with the township line which separates section 6, township 21 north, range 9 west Fairbanks meridian, and section 1, township 21 north, range 10 west Fairbanks meridian;

thence from the true point of beginning; westerly following the crest of the ridgeline of which elevation point 2970 is a part through sections 1, 2, 3, 4, 9, 8, 5, 7, and 6 of township 21 north, range 10 west Fairbanks meridian, and through sections 1, 2, and 3 of township 21 north, range 11 west Fairbanks meridian to the intersection of the crest of the aforementioned ridgeline with the crest of the ridgeline which is the watershed boundary between the Hodzana River and west flowing tributaries of the South Fork of the Koyukuk River;

thence southerly and westerly along the crest of this watershed boundary through sections 3, 10, 15, 16, 17, 20, 21, 29, 32, and 31 of township 21 north, range 11 west Fairbanks meridian, section 36 of township 21 north, range 12 west Fairbanks meridian, sections 1, 2, 11, 12, 13, 14, 23, 24, 25, 26, 36, 34, and 35 of township 20 north, range 12 west Fairbanks meridian, and to the northeast one-quarter of section 3, township 19 north, range 12 west Fairbanks meridian where the crest of the watershed of the Hodzana River turns in an easterly direction and becomes, first
the divide between the watersheds of the Hodzana and Kanuti Rivers and then the divide between the Hodzana and Dall Rivers; thence easterly along the crest of this watershed to the peak of Dall Mountain which lies within the southeast one-quarter of section 1, township 19 north, range 11 west Fairbanks meridian; thence northeasterly along the crest of Dall Mountain to the intersection of the crest of Dall Mountain with the line between township 20 north, range 9 west Fairbanks meridian and township 20 north, range 10 west Fairbanks meridian which intersection lies approximately on elevation point 3491, the highest point of Dall Mountain on the eastern line of section 36 township 20 north, range 10 west Fairbanks meridian; thence north along the township line between townships 20 and 21 north, ranges 9 and 10 west Fairbanks meridian to the true point of beginning at the intersection of the crest of the heretofore described west trending ridgeline and this township line, which point lies between section 6 township 21 north, range 9 west Fairbanks meridian and section 1 township 21 north, range 10 west Fairbanks meridian.

This description is based upon United States Geological Survey Quadrangle Beaver, Alaska, 1956 with minor revisions 1972, on which land lines represent unsurveyed and unmarked locations predetermined by the Bureau of Land Management folios F-2, F-3, F-6, and F-7 Fairbanks meridian, and United States Geological Survey Quadrangle Bettles, Alaska, 1956 with minor revisions 1973, on which land lines represent unsurveyed and unmarked locations predetermined by the Bureau of Land Management folios F-3, F-4, F-5, and F-6. The use of these quadrangles and the protracted land lines thereon is for purposes of convenience in describing the lands within the Hodzana River Study Area. The actual area is to be within the above-described basin, and should any discrepancy appear upon the ground determination of the location of the watershed boundary, the watershed boundary shall control, not the land lines protracted upon the aforementioned United States Geological Survey Quadrangles.

(b) During the study period herein provided, Doyon, Limited, may, under such reasonable rules and regulations as the Secretary finds necessary to protect the water quality and quantity of the Hodzana River, conduct such investigations within the study area, including core drilling, which will not materially disturb the land surface, as are required to determine the extent of mineralization therein. During the study period, the Fish and Wildlife Service is authorized to undertake such studies of the Hodzana River and its environs as are required to determine the measures to undertake and the regulations necessary to protect and maintain the water quality and quantity of the Hodzana River should lands in its watershed be selected by Doyon, Limited and the minerals therein be developed. Upon agreement with Doyon, Limited, the Secretary is authorized to extend the study period up to an additional two years; if so, the duration of the withdrawal from appropriation for the lands described in subsection (1) hereof and the time during which Doyon, Limited may select such lands or identify such lands for conveyance shall be extended for a like period.

(c) The right of Doyon, Limited to land conveyances within the study area shall be limited to twenty-three thousand and forty acres. Any selections or land identifications by the corporation within the study area also shall be subject to the provisions of subsection 1419(b)(2) of this Act, unless the results of the study indicate, and
Doyon and the Secretary agree, that some or all of such requirements should be waived.

(d) In the event Doyon receives conveyance in the study area, the corporation shall have those rights of access to the lands involved as are reasonably necessary for the economic operation of such mineral developments. Upon final termination of mining activity, Doyon shall restore any access roads as may be agreed upon by Doyon and the Secretary.

(e) The National Environmental Policy Act of 1969 shall not be construed, in whole or in part, as requiring the preparation or submission of an environmental impact statement before the issuance of regulations under this paragraph, or any permit relating to mineral development, the conduct of any investigation in the study area, the conveyance of interests therein to Doyon or the grant of any easement or right-of-way to the lands involved. The Secretary, however, is authorized to promulgate such regulations as may reasonably be necessary to protect the water quality and quantity, and to prevent substantial adverse environmental degradation, of the Hodzana River. Any such regulations shall be coordinated with, and shall not be more stringent than, the applicable requirements under the Federal Water Pollution Control Act.

EKLUTNA VILLAGE CORPORATION LANDS

SEC. 1425. EKLUTNA-STATE AGREEMENTS AND NEGOTIATIONS.—(a) The purpose of this section is to provide for the settlement of certain claims and litigation, and in so doing to consolidate ownership among the United States, the State of Alaska, the Municipality of Anchorage, Eklutna, Incorporated, and Cook Inlet Region, Incorporated, thereby facilitating land management, a fair implementation of the Alaska Native Claims Settlement Act, the protection of State public park lands and resources, and appropriate development patterns in and about Anchorage, Alaska.

(b) The Secretary shall accept relinquishments and make conveyances of selections in accordance with the specific terms, conditions, covenants, reservations, and other restrictions set forth in any agreement respecting the lands described in subparagraph (1) below, executed by the State of Alaska, by the Municipality of Anchorage, and by Eklutna, Incorporated, and hereafter submitted to the Senate Committee on Energy and Natural Resources and the House Committee on Interior and Insular Affairs and filed with the Secretary, the execution and implementation of which agreement are hereby authorized as to those duties and obligations of the United States, the State of Alaska, the Municipality of Anchorage, and Eklutna, Incorporated, which arise under Federal law: Provided, however, That any conveyance under such agreement of lands to Eklutna, Incorporated, shall be only of the surface estate, with a subsequent conveyance to Cook Inlet Region, Incorporated, of the subsurface estate except as otherwise provided in subsection (b).

(1) The following lands located within the townships described in sections 11(a) (1) and (2) of the Alaska Native Claims Settlement Act with respect to the Native Village of Eklutna are withdrawn, subject to valid existing rights, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and including Public Law 94-204, except section 12 thereof, and from selection under the Alaska Statehood Act, or any statutes authorizing selections by the State of Alaska: (A) lands withdrawn or reserved for national defense purposes; and (B) lands determined by the Secretary under section 3(e)(1) of the Alaska Native Claims Settlement Act not to be public lands for purposes of the Alaska Native Claims Settlement Act. This withdrawal and the agreement shall not affect the administrative jurisdiction of the Department of Defense or any other holding agency over the lands withdrawn, but all forms of disposition other than in accordance with this section and the agreement are prohibited: Provided, That the foregoing to the contrary notwithstanding, lands placed prior to July 15, 1979, in the pool contemplated by part I.C.(2) of the document entitled "Terms and Conditions for Land Consolidation and Management in the Cook Inlet Area as clarified 8-13-76", but only to the extent authorized by that document under section 12 of Public Law 94-204 as amended heretofore and in accordance with the procedures and with the consents and approvals required by laws, regulations and Executive orders in effect on such date of placement, may be selected by Cook Inlet Region, Incorporated, free of the effects of the agreement pursuant to this section; if the lands placed in that pool are not thereafter selected in accordance with part I.C(2) of that document any agreement pursuant to this section shall govern: Provided further, That neither the revocation of certain withdrawals of lands made by subsection (b) effective upon the filing of the agreement, nor the expiration of the withdrawal made by subsection (b) in the event no agreement is

Agreements, submittal to congressional committees.
reached, shall be deemed an action causing those lands affected thereby to be subject to disposition under such section 12. The withdrawal made by this subsection (b) will expire March 15, 1982, if an executed agreement described in this section is not filed by the parties thereto on or before that date with the Secretary in the Alaska State Office of the Bureau of Land Management; but if an agreement is so executed, rights under the agreement shall vest as of the effective date of this Act, and this withdrawal shall become permanent, except as otherwise provided in the agreement. The agreement shall not impose upon the United States obligations or outlays of funds, except as reasonable in the ordinary course of business, or impose any procedural requirements or require the reassignment of personnel; and any of its provisions to the extent to the contrary shall be void as against the Secretary.

(2) Upon termination or revocation of any national defense withdrawal or reservation or of any other withdrawal in effect December 18, 1971, respecting lands described in subsection (b)(1), or upon declaration of their excess status in whole or in part, whichever first occurs, but not before, and from time to time, the lands excessed or as to which the withdrawal is terminated or revoked shall be conveyed to Eklutna, Incorporated, as to the surface estate and Cook Inlet Region, Incorporated as to the subsurface estate, or to the State of Alaska (for reconveyance by the State of Alaska in whole or in part to the Municipality of Anchorage), as may be provided in the agreement described in this subsection: Provided, however, That such conveyance shall not be made of lands in the pool established under part I.C.(2) of the document entitled "Terms and Conditions for Land Consolidation and Management in the Cook Inlet Area as clarified 8-31-76" under section 12 of Public Law 94-204 as amended heretofore, unless and until removed from that pool in accordance with such part I.C.(2). This section and the agreement shall preempt the procedures of the Federal Property Act (40 U.S.C. 471, et seq., and of 41 CFR 101-47.000 et seq.), (other than as to fixtures and personalty) and the preference right for State selection of section 6(g) of the Alaska Statehood Act. The conveyances to Eklutna, Incorporated, of lands withdrawn by this subsection called for by the agreement shall not be subject to section 1613(c) of title 43, United States Code. This section shall revoke PLO 5187 as it pertains to any lands withdrawn by this subsection and any power project withdrawals other than Power Project 350 as to such lands, effective upon the date of filing of the agreement. Lands conveyed to the State of Alaska, the surface estate of lands conveyed to Eklutna, Incorporated, and the subsurface estate conveyed to Cook Inlet Region, Incorporated, pursuant to this section and the agreement, shall be charged against their respective entitlements under sections 12 and 14 of the Settlement Act and be considered conveyed and received pursuant to the Settlement Act, and section 6 of the Alaska Statehood Act or section 906(c) of this Act.

(c) If an agreement to the following effect executed by the State of Alaska and Eklutna, Incorporated, is hereafter filed with the Secretary in the Alaska State Office of the Bureau of Land Management on or before April 2, 1982, the public lands as defined in the Settlement Act, located within township 17 north, range 3 east, Seward Meridian, Alaska, shall be deemed to have been withdrawn pursuant to section 11(a) of the Settlement Act as of December 18, 1971, and, selections heretofore made by Eklutna, Incorporated, with respect to lands therein shall be processed by the Secretary as though said selections had been made within a township heretofore validly withdrawn pursuant to section 11(a). If no such agreement is filed,
this subsection shall not be held to affect the validity or invalidity of such selections. Whether or not any agreement is filed, this subsection shall not be held to affect the validity or invalidity of any third party interest heretofore created by the State of Alaska.

(d) Notwithstanding other provisions of this Act, the State and Eklutna, Incorporated, are each authorized to relinquish, in whole or in part, pursuant to either or both of the agreements contemplated by subsections (b) and (c), any one or more land selections affecting lands to be conveyed under the agreement to the other whether or not such selections have been previously approved or tentatively approved. The lands affected by the State selections so relinquished shall be deemed public lands as of December 18, 1971, as that term is defined in the Settlement Act.

(e) Eklutna, Incorporated, and the Secretary shall stipulate to dismiss cause number A–78–24 Civil in the United States District Court for the District of Alaska, when the Secretary tenders to Eklutna, Incorporated, a conveyance of all lands in township 17 north, range 3 east, Seward Meridian, which are to be conveyed to Eklutna, Incorporated, under the agreement referred to in subsection (c).

(f) Eklutna, Incorporated, and the Secretary shall stipulate to dismiss cause number A–78–192 Civil in the United States District Court for the District of Alaska except as to the lands affected thereby which under the agreement referred to in subsection (b) are to remain in litigation in that cause, if any, when the Secretary tenders to Eklutna, Incorporated, a conveyance of all those lands which under the agreement the State agrees are to be conveyed to Eklutna, Incorporated, from among those selected at one time by the State under the authority of the Mental Health Enabling Act of 1956 (70 Stat. 709).

(g) The Secretary shall convey to Eklutna, Incorporated, its entitlement without regard to the acreage or interests which may ultimately be conveyed to Eklutna, Incorporated, under the agreement from within lands withdrawn by subsection (b). The agreement shall, however, require Eklutna, Incorporated, to subject to section 907 of this Act one or more compact tracts of lands of at least equal acreage to that ultimately to be conveyed to Eklutna, Incorporated, under the agreement from those withdrawn by subsection (b). The agreement shall require Eklutna, Incorporated, to reconvey to the State lands from those subject to section 907 in an amount provided by the agreement, upon the occasion of each receipt of lands by Eklutna, Incorporated, from among those withdrawn by subsection (b). Lands received by the State in such a reconveyance from Eklutna, Incorporated, shall be charged, to the extent of the acreage received by Eklutna, Incorporated, in the relevant conveyance to it, against the State's entitlement under section 6 of the Alaska Statehood Act, or section 906(c) of this Act, as the State may elect. If thereby the State receives more than its entitlements under the Act elected, it shall reconvey to the United States a compact tract of unencumbered State lands of equal acreage contiguous to lands belonging to the United States. Eklutna, Incorporated, shall also subject to section 907 of this Act, once an agreement under subsection (c) exists and thereafter from time to time, one or more compact tracts which equals the acreage amount by which Eklutna, Incorporated's entitlement would be over satisfied considering the acreage already conveyed to Eklutna, Incorporated; to the extent such a risk of over entitlement abates the lands may be withdrawn from the Land Bank.
(h) In the event that Eklutna, Incorporated, receives a conveyance from the United States of the surface estate in lands withdrawn by subsection (b) pursuant to the agreement authorized in that subsection, and if a conveyance from Eklutna, Incorporated, of the surface estate in land to the State from those subject to section 907 of this Act is thereby occasioned, a conveyance of the subsurface estate in the lands conveyed to Eklutna, Incorporated, shall be withheld until the Secretary ascertains to whom the subsurface estate is to be conveyed under this subsection. The entity owning the subsurface estate in those reconveyed lands shall retain that interest, unless it in the agreement or separately consents to convey the same to the State. If the event such entity so consents to convey the subsurface to the State, the Secretary shall convey the subsurface estate in the lands conveyed to Eklutna, Incorporated, to that entity; if such entity does not so consent, the subsurface estate in the lands conveyed to Eklutna, Incorporated, shall be conveyed to the State.

(3) All public lands on the Alaska Peninsula withdrawn pursuant to section 11(a)(3) of the Alaska Native Claims Settlement Act for Koniag Village Corporations and for Koniag, Incorporated and all lands conveyed to such corporations subject to reconveyance to the United States upon enactment of this section; are hereby withdrawn, subject to valid existing rights and Native selection rights under that Act as modified by this Act, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and from selection under the Alaska Statehood Act and shall remain so withdrawn subject to the provisions of section 1203 of this Act. Following the filing with the Secretary of the Interior of (A) all resolutions pursuant to subparagraph (4) of this subsection, (B) the joint venture agreement referred to in subsection (c) of this section, (C) releases by such of the Koniag Village Corporations referred to in subsection (e)(2) of this section as file releases as provided in subsection (e)(1) of this section, and (D) all reconveyances of lands and interests in lands to the United States required by agreements with the Secretary of the Interior upon enactment of this section; and upon the conveyances by the Secretary of the Interior of all public lands on Afognak Island to be conveyed as provided in subsection (c) of this section, all Native selection rights in and to public lands on the Alaska Peninsula withdrawn under section 11(a)(3) of the Alaska Native Claims Settlement Act for Koniag Village Corporations and for Koniag, Incorporated, shall, except as provided in subsection (g) of this section, be extinguished and all claims thereto arising under this Act or the Alaska Native Claims Settlement Act shall be barred, and such public lands (except as provided in subsection (g) of this section) shall be included within the Alaska Peninsula National Wildlife Refuge and administered accordingly.

(4) As a condition precedent to the conveyances provided for by subparagraph (1) of this subsection, Koniag, Incorporated, each Koniag Deficiency Village Corporation and each Koniag 12(b) Village
Corporation shall file with the Secretary of the Interior resolutions duly adopted by their respective boards of directors accepting the conveyances provided for in this subsection as being in full satisfaction of their respective entitlements to conveyances of Koniag 14(h)(8) lands on the Alaska Peninsula, of deficiency village acreage on the Alaska Peninsula and of 12(b) acreage on the Alaska Peninsula, and Koniag, Incorporated, shall further file with the Secretary of the Interior a resolution duly adopted by its board of directors accepting the provisions of subsection (1) of this section.

(5) The lands on Afognak Island required to be conveyed pursuant to paragraph (1) of this subsection shall remain open and available to sport hunting and fishing and other recreational uses by the public under applicable law (but without liability on the part of Koniag, Incorporated or any Koniag Village Corporation, except for willful acts, to any user by reason of such use), subject only to such reasonable restrictions which may be imposed by Koniag, Incorporated and the affected Koniag Village Corporations for the purposes of limiting or prohibiting such public uses in the immediate vicinity of logging or other commercial operations which may be undertaken by the corporations upon the affected lands. Such restrictions shall comprise only those restrictions necessary to insure public safety and to minimize conflicts between recreational and commercial uses. Koniag, Incorporated and the affected Koniag Village Corporations shall permit access to the lands on Afognak Island conveyed to them by employees of the State for purposes of managing fish and wildlife and by other State officers and employees, and employees of political subdivisions of the State, for the purposes of carrying out this subsection.

(6) To further accomplish the purposes of paragraph (5), Koniag, Incorporated and the Koniag Villages are authorized to enter into cooperative agreements regarding lands on Afognak Island with the Secretary of the Interior, the State of Alaska, and those political subdivisions of the State which desire to participate and which have jurisdiction over the portions of Afognak Island affected. Each such agreement shall—

(A) permit the Secretary of the Interior reasonable access to such land to carry out the obligations of the Secretary under the agreement;

(B) set forth those services which any other party agrees to provide, which services may include technical and other assistance with respect to fire control, trespass control, law enforcement, resource and land use planning, the conserving of fish and wildlife, and the protection, maintenance, and enhancement of any special values of the land subject to the agreement;

(C) set forth such additional terms and conditions as the parties may agree to as being necessary and appropriate to carry out the terms of the agreement; and

(D) specify the effective period of the agreement.

(c) The Secretary of the Interior shall convey the surface estate on Afognak Island to be conveyed under subsection (b)(1) of this section to a joint venture providing for the development of the surface estate on Afognak Island to be conveyed under this subsection, consisting of the Koniag Deficiency Village Corporations, the Koniag 12(b) Village Corporations and Koniag, Incorporated (or wholly owned subsidiaries thereof), in which (1) the share of the Koniag Deficiency Village Corporations as a class in the costs and revenues of such joint venture is determined on the basis of a fraction, the numerator of which is the deficiency village acreage on the Alaska Peninsula and the denomi-
ator is the sum of the deficiency village acreage on the Alaska Peninsula plus the 12(b) acreage on the Alaska Peninsula plus the Koniag 14(h) acreage on the Alaska Peninsula, which fraction shall be multiplied by the number of acres on Afognak Island to be conveyed by reason of subparagraph (b)(1) of this subsection; (2) the share of the Koniag 12(b) Village Corporations as a class is determined on the basis of a fraction, the numerator of which is the 12(b) acreage on the Alaska Peninsula and the denominator of which is the denominator referred to in (1) above, which fraction shall be multiplied by the number of acres on Afognak Island referred to (1) above; and (3) the share of Koniag, Incorporated is determined on the basis of a fraction, the numerator of which is the Koniag 14(h) acreage on the Alaska Peninsula and the denominator of which is the denominator referred to in (1) above which fraction shall be multiplied by the number of acres on Afognak Island to in (1) above. In such joint venture, each Koniag Deficiency Village Corporation shall participate in the share of the Koniag Deficiency Village Corporations as a class in the ratio that the entitlement of each to deficiency village acreage on the Alaska Peninsula bears to the total deficiency village acreage on the Alaska Peninsula and each Koniag 12(b) Village Corporation shall participate in the share of the Koniag 12(b) Village Corporations as a class in the ratio that the number of Natives enrolled under the Alaska Native Claims Settlement Act to the village that corporation represents bears to the number of Natives enrolled to all villages represented by Koniag 12(b) Village Corporations. The conveyance shall be made as soon as practicable after there has been filed with the Secretary of the Interior a duly executed joint venture agreement with provisions for sharing of and entitlements in costs and revenues of such venture as provided in this subsection. The conveyance shall not indicate the respective interests of each of the corporations in the surface estate conveyed but such interests shall be as provided in this subsection which shall be incorporated by reference into the conveyance. The subsurface estate in the foregoing lands shall be conveyed simultaneously to Koniag, Incorporated. Neither the joint venture, and Koniag Village Corporation having an interest in the joint venture or the lands conveyed thereto, nor Koniag, Incorporated shall take or permit any action which may be inimical to bear denning activities on the Tonki Cape Peninsula.

(d) In the event the Ouzinkie Native Corporation and Koniag, Incorporated, within ninety days after the effective date of this Act, enter into an agreement to convey to the Kodiak Island Borough their respective rights, titles, and interests in and to the surface and subsurface estate respectively in the following described land:

Section 36, south half.

The agreement between Kodiak Island Borough, Ouzinkie Native Corporation and Koniag, Incorporated may contain the provisions agreed to by the parties including, but not limited, to easements across the lands to be conveyed to the Kodiak Island Borough.

(e)(1) Each village listed in paragraph (2) of this subsection which, through the Koniag Village Corporation listed alongside it, files with the Secretary of the Interior, within sixty days from the effective date of this Act, a release duly authorized by its board of directors releasing, in consideration of the benefits provided for in this section, the United States, its officers, employees, and agents from all claims of the village and the Village Corporations to lands and interests therein arising under the Alaska Native Claims Settlement Act or compensation in any form therefor (except as provided in paragraph (3) of this subsection) shall be deemed an eligible village under the Alaska Native Claims Settlement Act. This section shall be inoperative as to any such village which does not file such a release but shall be operative as to each of such villages which files such a release.

(2) The villages and Koniag Village Corporations referred to in the foregoing paragraph are:

surface estate of the one square mile of land excluded from the Kodiak Island National Wildlife Refuge by Public Land Order Numbered 1634 on account of the village it represents. The Secretary of the Interior shall by reason of conveyance of surface estate to a Village Corporation under this paragraph (3) convey to Koniag, Incorporated the subsurface estate in such lands.

(B) Upon conveyance of each Koniag Village Corporation of that land described in subparagraph (A), such Village Corporation shall comply with the requirements of subsection (f) of this section, except that it shall be required to convey twenty acres to the State in trust for any Municipal Corporation established in the Native village in the future for community expansion and appropriate rights of way for public use, and other foreseeable community needs.

(4) There shall vest in the Native Village Corporation representing each village that files a release as provided for in subsection (e)(1) of this section the right to all revenues received by Koniag, Incorporated from the Alaska Native Fund which would have been distributed to it by Koniag, Incorporated under subsections (j) and (k) of section 7 of the Alaska Native Claims Settlement Act (subject to subsection (l) of section 7 of that Act) had such village been determined to be eligible at the time of such distributions, less amounts heretofore paid by Koniag, Incorporated under subsection (m) of section 7 of that Act to stockholders of such corporations as members of the class of at-large stockholders of Koniag, Incorporated. Each corporation representing a village that files a release as provided for in subsection (e)(1) of this section shall hereafter be entitled to share pro rata with all other Koniag Village Corporations in distributions of funds to Village Corporations made by Koniag, Incorporated out of funds hereafter received by Koniag, Incorporated from the Alaska Native Fund or from any other source and shall be eligible for all other rights and privileges to which Alaska Native Village Corporations are entitled under any applicable laws, except as limited by this subsection. Nothing in this paragraph shall prohibit Koniag, Incorporated from withholding out of funds otherwise due a Village Corporation that files a release as provided for in subsection (e)(1) of this section, such sums as may be required to reimburse Koniag, Incorporated for an equitable portion of expenses incurred by Koniag, Incorporated in connection with or arising out of the defense of or assertion of the eligibility of the village represented by such corporation for benefits under the Alaska Native Claims Settlement Act, including costs incident to land selection therefor.

(f) All conveyances made by reason of this section shall be subject to the terms and conditions of the Alaska Native Claims Settlement Act as if such conveyances (including patents) had been made or issued pursuant to that Act.

(g) Nothing in this section shall be deemed to affect (1) section 15 of the Act of January 2, 1976 (Public Law 94–204) as amended by section 911 of this Act; (2) the right, subject to subsection (l) of this section, of Koniag, Incorporated to in lieu subsurface estate on the Alaska Peninsula under sections 12(a)(1) and 14(f) of the Alaska Native Claims Settlement Act, less the acreage of such in lieu subsurface estate conveyed to Koniag, Incorporated under the provisions of law referred to in subdivision (1) of this subsection; or (3) the right under the Alaska Native Claims Settlement Act of Koniag, Incorporated, subject to subsection (l) of this section, to subsurface estate in and to the following described land:

(h) All public lands on Afognak Island, other than those lands referred to in subsections (b)(2)(A) and (B) of this section are hereby withdrawn, subject to valid existing rights, from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, and from selection under the Alaska Statehood Act as amended, and shall remain so withdrawn until and unless conveyed pursuant to this Act. Any such lands not conveyed under this section except those lands described in subsection (b)(2)(D) may be opened by the Secretary of the Interior to the extent he deems appropriate.

(i) As additional consideration for the relinquishment by Koniag Village Corporations of rights to surface estate on the Alaska Peninsula and by Koniag, Incorporated of rights to surface and subsurface estate thereon as provided in subsection (b)(4) of this section, Koniag, Incorporated shall, solely for purpose of prospecting for, extraction and removal of subsurface resources retained by it under subsection (l) of this section on the Alaska Peninsula, have the same rights of access and use of surface estate, after consultation with the surface owner, as are now provided for in 50 CFR 29.32.

(j) The acreage to be allocated to Koniag, Incorporated under section 12(b) of the Alaska Native Claims Settlement Act shall be determined as though each village listed in subparagraph (e)(2) of this section had selected 69,120 acres under section 12(a) of the Alaska Native Claims Settlement Act. (k) Koniag, Incorporated's interest in the timber resources of the joint venture referred to in subsection (c) of this section, determined as therein provided, shall for purposes of section 7(i) of the Alaska Native Claims Settlement Act be deemed to be Koniag's timber resources. Koniag, Incorporated shall be entitled to deduct from its share of proceeds therefrom any and all expenses of the kind and nature which Regional Corporations are entitled to deduct from revenues from timber resources prior to the distributions required by said section 7(i).

(l) In conveying subsurface estate to Koniag, Incorporated on the Alaska Peninsula, whether under subsection (g)(3) of this section or as in lieu subsurface estate as provided in sections 12(a)(1) and 14(f) of the Alaska Native Claims Settlement Act, the Secretary of the Interior shall retain all minerals other than oil and gas and sand and gravel used in connection with prospecting for, extracting, storing or removing oil and gas: Provided, That removal of oil and gas and sand and gravel shall, after consultation with the surface owner, be accomplished as now provided in 50 CFR section 29.32. Koniag, Incorporated may in its discretion enter into agreements with the owner of the surface estate in such lands for the conveyance of the subsurface estate to the surface owner without compensation, but this provision shall not be construed to require such conveyances without Koniag, Incorporated's agreement.

(m) All public lands, including submerged lands, adjacent to and seaward of Afognak Island from the line of mean high tide to the exterior boundary of the former "Afognak Forest and Fish Culture Reserve", part of the existing Chugach National Forest, as reserved by proclamation dated December 24, 1892, and as shown on the diagram forming a part of the proclamation dated February 23, 1909, are hereby included within the Alaska Maritime National Wildlife Refuge and the lands described in subdivision (D) of subsection (b)(2) of this section are hereby included within the Kodiak National Wildlife Refuge: Provided, That notwithstanding the inclusion of Delphin and Discover Islands in the Alaska Maritime National Wildlife Refuge, the joint venture provided for in subsection (c) of this section shall be entitled to and there shall be conveyed to the joint venture in the conveyance provided for in subsection (c) hereof, the right to timber resources on such islands: Provided, That management and harvest of such timber resources shall be only in accordance with management plans jointly developed by the joint venture and the Secretary of the Interior.

(o) Nothing in this section shall abrogate any existing Forest Service timber contract on Afognak Island or revoke existing cabin leases or term special use permits on Afognak Island.

CHUGACH VILLAGE CORPORATION LANDS

Sec. 1428. (a) Notwithstanding the restrictions applicable to the Village Corporation selections under section 12(b) of the Alaska Native Claims Settlement Act imposed by section 12(a) of the Settlement Act, including but not limited to the sixty-nine thousand one hundred and twenty-acre conveyance limitation placed on land
selected by Village Corporations within the National Forest, National Wildlife Refuge System, or State selected lands, the Secretary shall convey under section 14(a) of the Alaska Native Claims Settlement Act from lands previously selected from lands withdrawn pursuant to section 11 of such Act in the Chugach National Forest by the Village Corporations created by the enrolled residents of the villages of Chenega, Eyak, and Tatitlek, those additional entitlement acreages which are reallocated to these corporations under section 12(b) of such Settlement Act by the Regional Corporation for the Chugach region.

(b) Within ninety days after the enactment of this act, the three Village Corporations referred to in subsection (a) of this section shall file with the Secretary a list of those lands selected by each of them under section 12(b) from lands withdrawn pursuant to section 11 of the Settlement Act from within the Chugach National Forest, in the order of priority in which they wish to receive conveyance to such lands: Provided, however, That the village of Chenega shall not be able to receive conveyance to lands selected pursuant to section 12(b) of the Settlement Act on the mainland in the area of Icy Bay and Whale Bay, as depicted on the map entitled “Areas not available for Chenega 12(b) conveyance”, dated April 1979: Provided further, That the village of Eyak shall not be able to receive conveyance to lands selected pursuant to section 12(b) of the Settlement Act in the area east of Mountain Slough and in the area more than a thousand feet south of the centerline of the Copper River Highway as depicted on the map entitled “Areas not available for Eyak 12(b) conveyance”, dated April 1979.

(c) The Board of Directors of Chugach Natives, Incorporated, shall, within ninety days after the enactment of this Act, file with the Secretary a resolution indicating the number of acres allocated to each of these Village Corporations under the Regional Corporation's existing sixty-four thousand four hundred-acre 12(b) allocation, and the basis on which future 12(b) allocations made by the Secretary, if any, are to be reallocated among the Village Corporations in the Chugach region.

(d) The Secretary shall process the lands for conveyance in the priority listed, and subject to the requirements of the settlement act for selection, tract size, compactness, and contiguity, convey to the corporations such acreage to which they are entitled: Provided, however, That applicants for selection filed by the State of Alaska under section 6(a) of the Alaska Statehood Act, as amended, shall take precedence over such Chugach Village Corporation 12(b) selections within the Chugach National Forest, except in the area of Windy and Cedar Bays on Hawkins Islands, where applications for State selections in township 15 south, ranges 4 and 5 west of the Copper River Meridian, shall be subordinated to 12(b) selections filed by the Eyak Corporation; and except further in the area of Boswell Bay on Hinchenbrook Island, where State applications for selection in township 17 south, range 5 west of the Copper River meridian, except for those in sections 10 and 15 of said township, shall be subordinated to 12(b) selections filed by the Eyak Corporation. State applications for selection of any of the above-described lands which are not subordinated to Chugach village selections shall be adjudicated and approved or disapproved pursuant to section 6(a) of the Alaska Statehood Act: Provided, however, That any disapproval of such State selections shall not vest any selection right in any Chugach Village Corporation.
(e) Should the corporations fail to timely file the information required by subsections (b) and (c) of this section or if the priority listing submitted under subsection (b) does not meet the tract size, compactness, or contiguity requirements of the Settlement Act, the Secretary may provide the corporations thirty days from the date of notice to file the information to make the necessary corrections.

(f) If any Chugach Village Corporation voluntarily relinquishes any selection of lands within the boundaries of a conservation system unit, such lands shall be added to such unit and administered accordingly.

CHUGACH REGIONAL CORPORATION LANDS

Sec. 1429. (a) Subject to valid existing rights, within one hundred and eighty days after the enactment of this Act, Chugach Natives, Incorporated, shall be entitled to select public lands not reserved for purposes other than National Forests from within the Chugach Region under section 14(h)(8) of the Alaska Native Claims Settlement Act from within the boundaries of the Chugach National Forest. Chugach Natives, Incorporated, shall make no selection of lands within the areas identified on the maps entitled “Western Prince William Sound Areas Not Available for Chugach 14(h)(8) Selection” and “Copper River Delta Area Not Available for Chugach 14(h)(8) selection”, both dated April 1979.

(b) The Secretary shall receive and adjudicate such selections as though they were timely filed pursuant to section 14(h)(8) of the Alaska Native Claims Settlement Act, as though such lands were available for selection under such provision.

(c) The Secretary shall convey such lands selected pursuant to this authorization which otherwise comply with the applicable statutes and regulations: Provided, however, That the corporation shall make no selection of lands, which overlap selection applications filed by the State of Alaska under section 6(a) of the Alaska Statehood Act as amended, on or before September 1, 1978, and that any disapproval of such selection applications shall not vest any selection right in Chugach Natives, Incorporated.

(d) If Chugach Natives, Incorporated, elects to select any or all of its lands to which it is entitled under section 14(h)(8) of the Settlement Act from lands within the Chugach National Forest made available pursuant to this authority, the following lands within the Carbon Mountain regional deficiency area shall be adjudicated as though they were timely filed by Chugach Natives, Incorporated, under section 12(c) of the Settlement Act, notwithstanding any prior relinquishment of 12(c) selections and subsequent selection of these lands by Chugach Natives, Incorporated, under section 14(h)(8) of the Settlement Act:

- Township 16 south, range 9 east, sections 7 through 10, 16 through 31;
- Township 19 south, range 9 east, sections 1 through 36;
- Township 20 south, range 9 east, sections 1 through 36; and Township 20 south, range 10 east, sections 5 through 8, 17 through 20, 29 through 32.

(e) If legislation is enacted or a proposal implemented pursuant to section 1430 of this Act, selections by the Chugach Natives, Incorporated, under this section shall also be subject to the provisions of such legislation or proposal.

(f) The Secretary shall process the lands for conveyance under this section subject to the requirements of the Settlement Act for selection, tract size, and compactness. These selections shall also be
subject to any requirements regarding contiguity which are agreed to as a result of the study established by section 1430.

CHUGACH REGION STUDY

SEC. 1430. (a) PARTICIPANTS; PURPOSES.—The Secretary of the Interior, the Secretary of Agriculture, and the Alaska Land Use Council, in conjunction with Chugach Natives, Incorporated, and the State of Alaska, if the State chooses to participate, are directed to study the land ownership and use patterns in the Chugach region. The objectives of the study are: to identify lands, pursuant to guidelines contained in section 1302(h) of this Act, and in section 22(f) of the Settlement Act, as amended, which can be made available for conveyance to Chugach Natives, Incorporated; for the purpose of consolidation of land ownership patterns in the Chugach region; to improve the boundaries of and identify new conservation system units; to obtain a fair and just land settlement for the Chugach people; and realization of the intent, purpose and promise of the Alaska Native Claims Settlement Act by the Chugach Natives, Incorporated. The study participants are directed to identify in-region and out-of-region lands, including lands within the Chugach National Forest and State lands but excluding lands in private ownership, which can be made available to Chugach Natives, Incorporated, in satisfaction of its regional land entitlement pursuant to section 12(c) of the Alaska Native Claims Settlement Act, to consider monetary payment in lieu of land and to consider all other options which the participants in the study consider to be appropriate to achieve the objectives set forth above.

(b) LANDS.—Lands identified to meet the study objectives outlined in subsection (a) shall be, to the maximum extent possible, lands of like kind and character to those traditionally used and occupied by the Chugach people and shall be, to the maximum extent possible, coastal accessible, and economically viable. The inclusion of lands within the areas designated as conservation system units or for wilderness study by this Act within the Chugach region shall not preclude the identification of those lands to meet the study objectives outlined in subsection (a).

(c) PROCEDURE.—The study participants shall hold at least three public hearings, at least one of which shall be in Anchorage and at least two of which shall be in the Chugach region. In conducting the study, the study participants shall seek review and comment from the public, including the residents of the Chugach region, and all meetings of the study participants shall be open to the public.

(d) REPORT.—The study shall be completed and the President shall report to the Congress within one year of the date of enactment of this Act. He shall also transmit with the report any legislation necessary to implement the study recommendations.

(e) DEADLINE.—If legislation is necessary to implement the recommendations of the study submitted by the President, then any selection deadlines for Chugach Natives, Incorporated, under section 12(c) of the Alaska Native Claims Settlement Act or section 14(h)(8) of such Act pursuant to section 1429 of this Act will be extended for one year following the date of enactment of the legislation enacted to implement the recommendations of the study submitted by the President.

(f)(1) LAND STATUS DURING STUDY.—Until Congress takes final action on any legislation transmitted by the President which is necessary to implement the study or until the recommendations of
the study are implemented, whichever occurs first, all State selections filed after July 21, 1979 pursuant to section 6 of the Alaska Statehood Act or title 9 of this Act within the Chugach region shall be considered timely filed but shall not be adjudicated or conveyed except as provided in this section: Provided, That nothing in this section shall impede or be interpreted so as to restrict the adjudication and conveyance of State selections filed before September 1, 1978: State selections filed after July 21, 1979 within the Chugach region shall be subordinate to the results of the study as implemented or to legislation enacted to implement the study as to the land as affected and any such selection which is in conflict with the results of the study as implemented shall thereupon be denied.

(2) Except for lands within the areas designated as conservation system units or for wilderness study by this Act, the Secretary of the Interior is hereby authorized to withdraw, subject to valid existing rights, any Federal lands identified for possible selection and conveyance or exchange to Chugach in the proposed study report submitted by the President. The Secretary shall specify all forms of appropriation or disposal, if any, prohibited on such lands in such withdrawals, including but not limited to selections by the State of Alaska, appropriations under the mining laws; leasing under the mineral leasing laws or appropriations under any other public land laws. The consent of the head of any agency administering the land in the area to be withdrawn shall not be necessary prior to such withdrawal. Such withdrawal shall remain in force and effect for one year following the date of enactment of the legislation authorizing implementation of the recommendations in the study report signed by the President unless the Secretary shall earlier determine that the lands of any part thereof included in the withdrawal no longer need the protection of the withdrawal. If lands are selected by Chugach Natives, Incorporated, the withdrawals of the selected lands shall remain in force and effect until the selection is conveyed or finally rejected. The withdrawal and any modification, amendment or reversion thereof shall be published in the Federal Register and shall be effective on the date of publication in the Federal Register.

(3) Prior to conveyance, any lands selected by Chugach Natives, Incorporated pursuant to the study or legislation implementing the study, shall be subject to administration by the Secretary of the Interior or by the Secretary of Agriculture in the case of national forest lands under applicable laws and regulations, and their authority to make contracts and to grant leases, permits, rights-of-way, or easements shall not be impaired by the withdrawal: Provided, however, That the Secretary shall not make any contract or grant any lease, permit, right-of-way or easement without prior consultation with Chugach Natives, Incorporated. Any lands irrevocably selected by Chugach Natives, Incorporated, shall not be subject to any contract, lease, permit, right-of-way or easement without prior consultation with Chugach Natives, Incorporated. Any lands irrevocably selected by Chugach Natives, Incorporated, shall not be subject to any contract, lease, permit, right-of-way or easement without prior consultation with Chugach Natives, Incorporated. Any lands irrevocably selected by Chugach Natives, Incorporated, shall not be subject to any contract, lease, permit, right-of-way or easement without prior consultation with Chugach Natives, Incorporated. However, the Secretary shall not be prohibited, if otherwise authorized, from issuing permits without prior consultation with Chugach Natives, Incorporated, or without the consent of Chugach Natives, Incorporated, on lands irrevocably selected by Chugach Natives, Incorporated, to the Prince William Sound Fisheries Management Council for aquaculture sites identified to the Secretary by the Prince William Sound Fisheries Management Council and Chugach Natives, Incorporated, within thirty days after the enactment of this Act.

(4) Lands withdrawn pursuant to this section shall not be construed to be “lands held for the benefit of Indians, Aleuts, and Eskimos”
pursuant to section 103(e)(2) of Public Law 94-579 (43 U.S.C. 1702 (1976)).

(5) All lands withdrawn under this subsection shall be subject to section 2 of Public Law 94-204 (43 U.S.C. 1613).

surface estate, all of the right, title, and interest of the United States
in and to such subsurface estate.

(c) DOCUMENTS.—As soon as possible after the date of enactment of
this Act, the Secretary shall issue to each Native Corporation
referred to in subsection (b) interim conveyances or patents to the
estate or estates conveyed to such Corporation by such subsection, but
title shall be deemed to have passed on the date of the filing of a
document of election described in subsection (a), notwithstanding any
delay in the issuance of the interim conveyances or patents.

(d) RECONVEYANCES; DISPUTES.—A Village Corporation’s obligation
to reconvey lands under section 14(c) of the Alaska Native Claims
Settlement Act shall arise only upon receipt of an interim convey-

reserve in the patent those easements, pursuant to section 17(b)(3) of
the Alaska Native Claims Settlement Act, which are described in
section 17(b)(1) of such Act on lands conveyed by this section, but the
Secretary shall not reserve a greater number of easements or more

(b) **Other Areas.**—If not later than two years after the date of enactment of this Act, Sealaska notifies the Secretary and the Secretary of the Interior of Sealaska's desire to make an exchange, the Secretary of the Interior shall convey to Sealaska the subsurface estate in lands conveyed to Haida Corporation pursuant to this Act in exchange for the subsurface estate in the Haida Exchange Lands conveyed to the United States by Haida Corporation pursuant to section 3(a).

(c) **Deadline.**—Sealaska shall have two years from the date of enactment of this Act within which to accept the offer made by subsection (a) by providing to the Secretary a properly executed and certified corporate resolution binding upon Sealaska with respect to the relinquishment and conveyance of all Sealaska's interest in Goat Island and South Pass Islands, in the cooperative information and education branch site, and in such other lands of the Haida Exchange Lands as Haida Corporation relinquishes and conveys pursuant to section 3(c). At the Secretary's discretion, the Secretary may require that any such resolution be accompanied by an opinion of counsel to Haida Corporation and Sealaska stating that the resolutions comport with all requirements of Federal and State law and the rules and bylaws of the corporations.

SEC. 5. **CONTINGENCY AND MANAGEMENT.**

(a) **Contingency.**—In the event that Haida Corporation does not make a timely acceptance of the offers made by section 3, any acceptance by Sealaska shall be ineffective and the United States shall not be bound to acquire any of Sealaska's interests in Goat Island, or South Pass Islands or Haida Exchange Lands.

(b) **Management.**—If they are acquired by the United States pursuant to this Act, Goat Island and South Pass Islands shall be included within the Tongass National Forest, and shall be managed in accordance with laws applicable to the National Forest System and other applicable law. Subject to valid existing rights, Goat Island and South Pass Islands are hereby withdrawn from State selection under the Alaska Statehood Act and from native selection under the Alaska Native Claims Settlement Act. The provisions of the National Forest System.
section 1307(b) of the Alaska National Interest Lands Conservation Act shall apply to Goat Island and South Pass Islands notwithstanding the fact that such areas are not conservation system units.

SEC. 6. STATUS OF OFFERS AND CONDITIONS OF CONVEYANCE.

(a) SEVERABILITY.—The offers made in separate sections of this Act to Haida Corporation and to Sealaska respectively are separate, and acceptance of an offer made in one such section does not bind a corporation to accept any offer made in any other section.

(b) TERMS AND CONDITIONS.—Subject to valid existing rights and any other interests in land protected under Federal law as of the date of interim conveyance of the relevant lands to Haida Corporation pursuant to the Alaska Native Claims Settlement Act where such conveyance accrued prior to the date of enactment of this Act, the conveyance of all lands and interests therein conveyed to the United States from Haida Corporation pursuant to this Act shall be free and clear of the claims of all creditors. No encumbrances on such lands and interests therein created after such interim conveyance which are not subject to the jurisdiction of a United States court as of the date of Haida Corporation's relinquishment and conveyance of lands to the United States pursuant to this Act shall be effective unless such encumbrances are acceptable to the Secretary. The Secretary shall require Sealaska to provide such title as is acceptable to the Secretary with regard to all lands conveyed to the United States by Sealaska.

SEC. 7. STATUS OF LANDS CONVEYED.

(a) To CORPORATIONS.—All lands conveyed to Haida Corporation or Sealaska pursuant to this Act shall be considered as lands conveyed pursuant to the Alaska Native Claims Settlement Act. For purposes of section 21(c) of such Act, receipt by Haida Corporation or Sealaska of lands or other things of value pursuant to this Act shall constitute receipt of an interest in land.

(b) To UNITED STATES.—All lands conveyed to the United States pursuant to this Act shall be included in the Tongass National Forest and shall be subject to the laws, rules and regulations applicable thereto. Lands and interests therein conveyed to the United States pursuant to this Act shall not be subject to any levy, foreclosure, or any other action which would encumber or divest the United States of any right, title, or interest in such lands. No action may be brought by any party in any United States district court pursuant to title 28, United States Code, section 2409a, to quiet title to such lands.

SEC. 8. WITHDRAWALS AND INTERIM MANAGEMENT.

(a) WITHDRAWALS.—Subject to valid existing rights, all lands identified in this Act as available for conveyance to Haida Corporation or Sealaska are withdrawn from all forms of location, entry, and selection under the mining and public land laws of the United States, from leasing under the mineral and geothermal leasing laws, and against issuance of preliminary permits and licenses pursuant to the Federal Power Act. This withdrawal shall expire eighteen months after the date of enactment of this Act.

(b) INTERIM MANAGEMENT.—Subject to valid existing rights, during acceptance periods provided in this Act, the Secretary and the Secretary of the Interior shall manage the lands available for conveyance under sections 3 and 4 of this Act so as to maintain their...
existing character and resources until conveyed. In the event that Haider Corporation or Sealaska does not maintain the character of the lands proposed for conveyance to the United States pursuant to section 3 or section 4, respectively, pending conveyance of such lands, the United States shall not be obliged to acquire any such lands from a corporation which has not so maintained the character of such lands.

(c) SAVINGS PROVISIONS.—Nothing in this Act shall be deemed as a cloud of title of lands or interests therein owned on the date of enactment of this Act by Haider Corporation or Sealaska. Nothing in this Act shall be construed in any way as affecting the existing ownership or as limiting the use of lands owned by the respective Corporations on the date of enactment of this Act. Nothing in this Act shall be construed to limit the authority of the Secretary to effect any conveyance of lands or interests therein authorized under this Act shall be deemed a major Federal action for purposes of the National Environmental Policy Act of 1969, nor shall any determination pursuant to section 810 of the Alaska National Interest Lands Conservation Act be required prior to implementation of any provision of this Act.

SEC. 9. FUNDING.

There are authorized to be appropriated from the Land and Water Conservation Fund up to $11,000,000 to fund payments to Haider Corporation under section 3.

SEC. 10. FUTURE SELECTIONS.

(a) WITHDRAWALS.—(1) On and after the effective date of this section, the Secretary of the Interior, after consultation with the Secretary, the Governor of Alaska, the Haider Corporation, and Sealaska is authorized and directed to withdraw from all forms of entry and appropriation under the public land laws, including the mining, mineral leasing, and geothermal leasing laws, Federal lands in Alaska outside any conservation system unit for selection by Haider Corporation pursuant to this section. The Secretary shall not concur in any withdrawal which would impair the Secretary's ability to manage the Tongass National Forest in accordance with applicable requirements of law.

(2) Withdrawals pursuant to this subsection shall be in an aggregate amount equal to twice the acreage of Haider Corporation's selection rights.

(3) Lands withdrawn pursuant to this subsection shall be, to the maximum extent possible, lands accessible from the coast which are of like kind and character to those traditionally used and occupied by the shareholders of Haider Corporation and shall be, to the maximum extent possible, capable of utilization for economic return to Haider Corporation. No lands within the National Forest System shall be withdrawn under this subsection without the concurrence of the Secretary.

(b) SELECTIONS.—For one year after the completion of withdrawals pursuant to subsection (a) of this section, Haider Corporation shall be entitled but not required to select for conveyance to such corporation from lands withdrawn pursuant to subsection (a) lands not to exceed an amount equal in acreage to Haider Corporation selection rights which as of the date of selection had not been relinquished or

disposed of by Haida Corporation. Haida Corporation shall notify the Secretary of the Interior which, if any, of the lands so withdrawn Haida Corporation wishes to select and which such selection rights Haida Corporation intends to relinquish in return for its selections. After their selection, the surface estate in lands selected by Haida Corporation pursuant to this subsection shall be conveyed to Haida Corporation and the subsurface estate in such lands shall be conveyed to Sealaska in partial fulfillment of such corporations' entitlements under the Alaska Native Claims Settlement Act and pursuant to the provisions of that Act.

(c) Duration.—All withdrawals made pursuant to subsection (a) and all withdrawals in aid of Haida Corporation selections made pursuant to the Alaska Native Claims Settlement Act prior to the date of enactment of this Act of land not selected by Haida Corporation shall terminate two years after the last withdrawal is made pursuant to subsection (a).

(d) Effective date.—This section shall take effect on January 1, 1995.

(b) Purposes.—The purposes of the Center authorized by subsection (a) shall be—

(1) to collect and disseminate to visitors to and residents of Alaska information about the natural, recreational, cultural, historical, archeological, multiple use, and other resources and values of Alaska, with special emphasis on the Tongass National Forest and Southeast Alaska and its people;

(2) to publicly display temporary and permanent exhibits illustrating and interpreting these resources and values;

(3) to foster educational programs relating to the heritage resources of Alaska including those pertaining to Alaska Native peoples with particular emphasis on the Haida, Tsimshian, and Tlingit peoples of Southeast Alaska.

(c) Design.—Design of the center in subsection (a) shall be developed in consultation with other appropriate Federal agencies, the Alaska Division of Tourism and other appropriate agencies of the State of Alaska, the local government of the city in which such center is to be located, and southeast Alaska Native organizations.

Public Law 100-241
100th Congress

An Act

To amend the Alaska Native Claims Settlement Act to provide Alaska Natives with certain options for the continued ownership of lands and corporate shares received pursuant to the Act, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) this Act may be cited as the "Alaska Native Claims Settlement Act Amendments of 1987".

(b) Unless otherwise expressly provided, whenever in this Act an amendment is expressed in terms of an amendment to a section or subsection, the reference shall be considered to be made to a section or subsection of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 and following).

CONGRESSIONAL FINDINGS AND DECLARATION OF POLICY

Sec. 2. The Congress finds and declares that—

(1) the Alaska Native Claims Settlement Act was enacted in 1971 to achieve a fair and just settlement of all aboriginal land and hunting and fishing claims by Natives and Native groups of Alaska with maximum participation by Natives in decisions affecting their rights and property;

(2) the settlement enabled Natives to participate in the subsequent expansion of Alaska's economy, encouraged efforts to address serious health and welfare problems in Native villages, and sparked a resurgence of interest in the cultural heritage of the Native peoples of Alaska;

(3) despite these achievements and Congress's desire that the settlement be accomplished rapidly without litigation and in conformity with the real economic and social needs of Natives, the complexity of the land conveyance process and frequent and costly litigation have delayed implementation of the settlement and diminished its value;

(4) Natives have differing opinions as to whether the Native Corporation, as originally structured by the Alaska Native Claims Settlement Act, is well adapted to the reality of life in Native villages and to the continuation of traditional Native cultural values;

(5) to ensure the continued success of the settlement and to guarantee Natives continued participation in decisions affecting their rights and property, the Alaska Native Claims Settlement Act must be amended to enable the shareholders of each Native Corporation to structure the further implementation of the settlement in light of their particular circumstances and needs;

(6) among other things, the shareholders of each Native Corporation must be permitted to decide—

(A) when restrictions on alienation of stock issued as part of the settlement should be terminated, and
(B) whether Natives born after December 18, 1971, should participate in the settlement;

(7) by granting the shareholders of each Native Corporation options to structure the further implementation of the settlement, Congress is not expressing an opinion on the manner in which such shareholders choose to balance individual rights and communal rights;

(8) no provision of this Act shall—

(A) unless specifically provided, constitute a repeal or modification, implied or otherwise, of any provision of the Alaska Native Claims Settlement Act; or

(B) confer on, or deny to, any Native organization any degree of sovereign governmental authority over lands (including management, or regulation of the taking, of fish and wildlife) or persons in Alaska; and

(9) the Alaska Native Claims Settlement Act and this Act are Indian legislation enacted by Congress pursuant to its plenary authority under the Constitution of the United States to regulate Indian affairs.

ISSUANCE OF STOCK

SEC. 4. Subsection (g) of section 7 (43 U.S.C. 1606(g)) is amended to read as follows:
"(g)(1) SETTLEMENT COMMON STOCK.—(A) The Regional Corporation shall be authorized to issue such number of shares of Settlement Common Stock (divided into such classes as may be specified in the articles of incorporation to reflect the provisions of this Act) as may be needed to issue one hundred shares of stock to each Native enrolled in the region pursuant to section 5.
"(B)(i) A Regional Corporation may amend its articles of incorporation to authorize the issuance of additional shares of Settlement Common Stock to—
"(I) Natives born after December 18, 1971,
"(II) Natives who were eligible for enrollment pursuant to section 5 but were not so enrolled, or
"(III) Natives who have attained the age of 65, for no consideration or for such consideration and upon such terms and conditions as may be specified in such amendment or in a resolution approved by the board of directors pursuant to authority expressly vested in the board by the amendment. The amendment to the articles of incorporation may specify which class of Settlement Common Stock shall be issued to the various groups of Natives.
"(ii) Not more than one hundred shares of Settlement Common Stock shall be issued to any one individual pursuant to clause (i).
"(iii) The amendment authorized by clause (i) may provide that Settlement Common Stock issued to a Native pursuant to such amendment (or stock issued in exchange for such Settlement Common Stock pursuant to subsection (h)(3) or section 37(d)) shall be deemed canceled upon the death of such Native. No compensation for this cancellation shall be paid to the estate of the deceased Native or to any person holding the stock.
"(iv) Settlement Common Stock issued pursuant to clause (i) shall not carry rights to share in distributions made to shareholders pursuant to subsections (j) and (m) unless, prior to the issuance of such stock, a majority of the class of existing holders of Settlement Common Stock carrying such rights separately approve the granting of such rights. The articles of incorporation of the Regional Corporation shall be deemed to be amended to authorize such class vote.
"(C)(i) A Regional Corporation may amend its articles of incorporation to authorize the issuance of additional shares of Settlement Common Stock as a dividend or other distribution (without regard to surplus of the corporation under the laws of the State) upon each outstanding share of Settlement Common Stock issued pursuant to subparagraphs (A) and (B).
"(ii) The amendment authorized by clause (i) may provide that shares of Settlement Common Stock issued as a dividend or other
distribution shall constitute a separate class of stock with greater per share voting power than Settlement Common Stock issued pursuant to subparagraphs (A) and (B).

"(2) OTHER FORMS OF STOCK.—(A) A Regional Corporation may amend its articles of incorporation to authorize the issuance of shares of stock other than Settlement Common Stock in accordance with the provisions of this paragraph. Such amendment may provide that—

"(i) preemptive rights of shareholders under the laws of the State shall not apply to the issuance of such shares, or

"(ii) issuance of such shares shall permanently preclude the corporation from—

"(I) conveying assets to a Settlement Trust, or

"(II) issuing shares of stock without adequate consideration as required under the laws of the State.

"(B) The amendment authorized by subparagraph (A) may provide that the stock to be issued shall be one or more of the following—

"(I) dividend rights,

"(III) liquidation preferences;

"(ii) made subject to one or more of—

"(C) The amendment authorized by subparagraph (A) shall provide that the additional shares of stock shall be issued—

"(i) as a dividend or other distribution (without regard to surplus of the corporation under the laws of the State) upon all outstanding shares of stock of any class or series, or

"(ii) for such consideration as may be permitted by law (except that this requirement may be waived with respect to issuance of stock to the individuals or entities described in subparagraph (B)(iii)).

"(D) During any period in which alienability restrictions are in effect, no stock whose issuance is authorized by subparagraph (A) shall be—

"(i) issued to, or for the benefit of, a group of individuals composed only or principally of employees, officers, and directors of the corporation; or

"(ii) issued more than thirteen months after the date on which the vote of the shareholders on the amendment authorizing the issuance of such stock occurred if, as a result of the
issuance, the outstanding shares of Settlement Common Stock will represent less than a majority of the total voting power of the corporation for the purpose of electing directors.

"(3) Disclosure Requirements.—(A) An amendment to the articles of incorporation of a Regional Corporation authorized by paragraph (2) shall specify—

"(i) the maximum number of shares of any class or series of stock that may be issued, and

"(ii) the maximum number of votes that may be held by such shares.

"(B)(i) If the board of directors of a Regional Corporation intends to propose an amendment pursuant to paragraph (2) which would authorize the issuance of classes or series of stock that, singly or in combination, could cause the outstanding shares of Settlement Common Stock to represent less than a majority of the total voting power of the corporation for the purposes of electing directors, the shareholders of such corporation shall be expressly so informed.

"(ii) Such information shall be transmitted to the shareholders in a separate disclosure statement or in another informational document in writing or in recorded sound form both in English and any Native language used by a shareholder of such corporation. Such statement or informational document shall be transmitted to the shareholders at least sixty days prior to the date on which such proposal is to be submitted for a vote.

"(iii) If not later than thirty days after issuance of such disclosure statement or informational document the board of directors receives a prepared concise statement setting forth arguments in opposition to the proposed amendment together with a request for distribution thereof signed by the holders of at least 10 per centum of the outstanding shares of Settlement Common Stock, the board shall either distribute such statement to the shareholders or provide to the requesting shareholders a list of all shareholder's names and addresses so that the requesting shareholders may distribute such statement.

"(4) Savings.—(A)(i) No shares of stock issued pursuant to paragraphs (1)(C) and (2) shall carry rights to share in distributions made to shareholders pursuant to subsections (j) and (m). No shares of stock issued pursuant to paragraph (1)(B) shall carry such rights unless authorized pursuant to paragraph (1)(B)(iv).

"(ii) Notwithstanding the issuance of additional shares of stock pursuant to paragraphs (1)(B), (1)(C), or (2), a Regional Corporation shall apply the ratio last computed pursuant to subsection (m) prior to the date of the enactment of the Alaska Native Claims Settlement Act Amendments of 1987 for purposes of distributing funds pursuant to subsections (j) and (m).

"(B) The issuance of additional shares of stock pursuant to paragraphs (1)(B), (1)(C), or (2) shall not affect the division and distribution of revenues pursuant to subsection (i).

"(C) No provision of this Act shall limit the right of a Regional Corporation to take an action authorized by the laws of the State unless such action is inconsistent with the provisions of this Act.”.

SEC. 5. Subsection (h) of section 7 (43 U.S.C. 1606(h)) is amended to read as follows:
"(h)(1) RIGHTS AND RESTRICTIONS.—(A) Except as otherwise expressly provided in this Act, Settlement Common Stock of a Regional Corporation shall—

(iii) as an inter vivos gift from a holder to his or her child, grandchild, great-grandchild, niece, or nephew.

"(2) INHERITANCE OF SETTLEMENT COMMON STOCK.—(A) Upon the death of a holder of Settlement Common Stock, ownership of such stock (unless canceled in accordance with subsection (g)(1)(B)(iii)) shall be transferred in accordance with the lawful will of such holder or pursuant to applicable laws of intestate succession. If the holder fails to dispose of his or her stock by will and has no heirs under applicable laws of intestate succession, the stock shall escheat to the issuing Regional Corporation and be canceled.

"(B) The issuing Regional Corporation shall have the right to purchase at fair value Settlement Common Stock transferred pursuant to applicable laws of intestate succession to a person not a Native or a descendant of a Native after the date of the enactment of the Alaska Native Claims Settlement Act Amendments of 1987 if—

(i) the corporation—

(1) amends its articles of incorporation to authorize such purchases, and

(II) gives the person receiving such stock written notice of its intent to purchase within ninety days after the date that the corporation either determines the decedent’s heirs in accordance with the laws of the State or receives notice that such heirs have been determined, whichever later occurs; and

“(ii) transferred by any means prior to the date of the enactment of the Alaska Native Claims Settlement Act Amendments of 1987, to a person not a Native or a descendant of a Native shall not carry voting rights. If at a later date such stock is lawfully transferred to a Native or a descendant of a Native, voting rights shall be automatically restored.

“(3) Replacement Common Stock.—(A) On the date on which alienability restrictions terminate in accordance with the provisions of section 37, all Settlement Common Stock previously issued by a Regional Corporation shall be deemed canceled, and shares of Replacement Common Stock of the appropriate class shall be issued to each shareholder, share for share, subject only to subparagraph (B) and to such restrictions consistent with this Act as may be provided by the articles of incorporation of the corporation or in agreements between the corporation and individual shareholders.

“(B)(i) Replacement Common Stock issued in exchange for Settlement Common Stock issued subject to the restriction authorized by subsection (g)(1)(B)(iii) shall bear a legend indicating that the stock will eventually be canceled in accordance with the requirements of that subsection.

“(ii) Prior to the termination of alienability restrictions, the board of directors of the corporation shall approve a resolution to provide that each share of Settlement Common Stock carrying the right to share in distributions made to shareholders pursuant to subsections (j) and (m) shall be exchanged either for—

“(I) a share of Replacement Common Stock that carries such right, or

“(II) a share of Replacement Common Stock that does not carry such right together with a separate, non-voting security that represents only such right.

“(iii) Replacement Common Stock issued in exchange for a class of Settlement Common Stock carrying greater per share voting power than Settlement Common Stock issued pursuant to subsections (g)(1)(A) and (g)(1)(B) shall carry such voting power and be subject to such other terms as may be provided in the amendment to the articles of incorporation authorizing the issuance of such class of Settlement Common Stock.

“(C) The articles of incorporation of the Regional Corporation shall be deemed amended to authorize the issuance of Replacement Common Stock and the security described in subparagraph (B)(ii)(II).

right to purchase, on reasonable terms, the Replacement
Common Stock of the shareholder prior to the sale or transfer of
such stock (other than a transfer by will or intestate succession)
to any other party, including a transfer in satisfaction of a lien,
 writ of attachment, judgment execution, pledge, or other
encumbrance; and
“(iii) any other term, restriction, limitation, or provision
authorized by the laws of the State.
“(E) Replacement Common Stock shall not be subjected to a lien
or judgment execution based upon any asserted or unasserted legal
obligation of the original recipient arising prior to the issuance of
such stock.”.

"(C) If the board of directors determines, for quorum purposes or otherwise, that a previously-noticed meeting must be postponed or adjourned, it may, by giving notice to the shareholders, set a new date for such meeting not more than forty-five days later than the original date without sending the shareholders a new written notice (or a new summary of changes to be effected). If the new date is more than forty-five days later than the original date, however, a new written notice (and a new summary of changes to be effected if such a summary was originally sent pursuant to subparagraph (A)), shall be sent or delivered to shareholders not less than thirty days nor more than forty-five days prior to the new date.

"(c) SHAREHOLDER PETITIONS.—(1)(A) With respect to an amendment authorized by section 7(g)(1)(B) or section 37(b) or an amendment authorizing the issuance of stock subject to the restrictions provided by section 7(g)(2)(B)(iii), the holders of shares representing at least 25 per centum of the total voting power of a Native Corporation may petition the board of directors to submit such amendment to a vote of the shareholders in accordance with the provisions of this section.

"(B) The requirements of the laws of the State relating to the solicitation of proxies shall govern solicitation of signatures for a petition described in subparagraph (A) except that the requirements of Federal law shall govern the solicitation of signatures for a petition that is to be submitted to a Native Corporation which at the time of such submission has issued a class of equity securities registered pursuant to the Securities Exchange Act of 1934. If a petition meets the applicable solicitation requirements and—

"(i) the board agrees with such petition, the board shall submit the amendment and either the proponents’ statement or its own statement in support of the amendment to the shareholders for a vote, or

"(ii) the board disagrees with the petition for any reason, the board shall submit the amendment and the proponents’ statement to the shareholders for a vote and may, at its discretion, submit an opposing statement or an alternative amendment.

"(2) Paragraph (1) shall not apply to a Native Corporation that on or before the date one year after the date of enactment of the Alaska
Native Claims Settlement Act Amendments of 1987 elects application of section 37(d) in lieu of section 37(b). Until December 18, 1991, paragraph (1) shall not apply to a Native Corporation that elects application of section 37(c) in lieu of section 37(b). Insofar as they are not inconsistent with this section, the laws of the State shall govern any shareholder right of petition for Native Corporations.

"(d) Voting Standards.—(1) An amendment or resolution described in subsection (a) shall be considered to be approved by the shareholders of a Native Corporation if it receives the affirmative vote of shares representing—

(A) a majority of the total voting power of the corporation, or

(B) a level of the total voting power of the corporation greater than a majority (but not greater than two-thirds of the total voting power of the corporation) if the corporation establishes such a level by an amendment to its articles of incorporation.

(2) A Native Corporation in amending its articles of incorporation pursuant to section 7(g)(2) to authorize the issuance of a new class or series of stock may provide that a majority (or more than a majority) of the shares of such class or series must vote in favor of an amendment or resolution described in subsection (a) (other than an amendment authorized by section 37) in order for such amendment or resolution to be approved.

"(e) Voting Power.—For the purposes of this section, the determination of total voting power of a Native Corporation shall include all outstanding shares of stock that carry voting rights except shares that are not permitted to vote on the amendment or resolution in question because of restrictions in the articles of incorporation of the corporation.".

DURATION OF ALIENABILITY RESTRICTIONS

Sec. 8. The Alaska Native Claims Settlement Act is further amended by adding the following new section after section 36:

"DURATION OF ALIENABILITY RESTRICTIONS

"Sec. 37. (a) General Rule.—Alienability restrictions shall continue until terminated in accordance with the procedures established by this section. No such termination shall take effect until after December 18, 1991.

"(b) Opt-Out Procedure.—(1)(A) A Native Corporation may amend its articles of incorporation to terminate alienability restrictions in accordance with this subsection. Only one amendment to terminate alienability restrictions shall be considered and voted on prior to December 18, 1991. Rejection of the amendment shall not preclude consideration prior to December 18, 1991, of subsequent amendments to terminate alienability restrictions.

"(B) If an amendment to terminate alienability restrictions is considered, voted on, and rejected prior to December 18, 1991, then subsequent amendments to terminate alienability restrictions after December 18, 1991, shall be considered and voted on—

(i) in the case of an amendment submitted by the board of directors of the corporation on its own motion, not earlier than five years after the rejection of the most recently rejected amendment to terminate restrictions; or
“(ii) in the case of an amendment submitted by the board of directors of the corporation pursuant to a shareholder petition, not earlier than two years after the rejection of the most recently rejected amendment to terminate restrictions.

“(C) If no amendment to terminate alienability restrictions is considered and voted on prior to December 18, 1991, then amendments to terminate alienability restrictions after December 18, 1991, shall be considered and voted on—

“(i) in the case of an amendment submitted by the board of directors of the corporation on its own motion, not more than once every five years; or

“(ii) in the case of an amendment submitted by the board of directors of the corporation pursuant to a shareholder petition, not more than once every two years.

“(2) An amendment authorized by paragraph (1) shall specify the time of termination, either by establishing a date certain or by describing the specific event upon which alienability restrictions shall terminate.

“(3) Dissenters rights may be granted by the corporation in connection with the rejection of an amendment to terminate alienability restrictions in accordance with section 38. Once dissenters rights have been so granted, they shall not be granted again in connection with subsequent amendments to terminate alienability restrictions.

“(c) Recapitalization Procedure.—(1)(A) On or prior to December 18, 1991, a Native Corporation may amend its articles of incorporation to implement a recapitalization plan in accordance with this subsection. Rejection of an amendment or amendments to implement a recapitalization plan shall not preclude consideration prior to December 18, 1991, of a subsequent amendment or amendments to implement such a plan. Subsequent amendment or amendments shall be considered and voted on not earlier than one year after the date on which the most recent previous recapitalization plan was rejected. No recapitalization plan shall provide for the termination of alienability restrictions prior to December 18, 1991.

“(B) An amendment or amendments submitted pursuant to subparagraph (A) (and any subsequent amendment submitted pursuant to subparagraph (C)) may provide for the maintenance or extension of alienability restrictions for—

“(i) an indefinite period of time;

“(ii) a specified period of time not to exceed fifty years; or

“(iii) a period of time that shall end upon the occurrence of a specified event.

“(C) If an amendment or amendments approved pursuant to subparagraph (A) or this subparagraph maintains or extends alienability restrictions for a specified period of time, termination of the restrictions at the close of such period may be postponed if a further amendment to the articles of incorporation of the corporation is approved to extend the restrictions. There shall be no limit on the number of such amendments that can be approved. Such amendments shall not be effective to extend the restrictions unless approved prior to the expiration of the period of maintenance or extension then in force.

“(D) The board of directors may ask the shareholders to approve en bloc pursuant to a single vote a series of amendments (including an amendment to authorize the issuance of stock pursuant to section
7(g)) to implement a recapitalization plan that includes a provision maintaining alienability restrictions.

"(2)(A) If an amendment to the articles of incorporation of a Native Corporation maintaining or extending alienability restrictions for a specified period of time is approved pursuant to paragraph (1), the restrictions shall automatically terminate at the end of such period unless the restrictions are extended in accordance with the provisions of paragraph (1)(C).

"(B)(i) A Native Corporation that approves an amendment to its articles of incorporation pursuant to paragraph (1)(B) to maintain or extend alienability restrictions for an indefinite period may later amend its articles to terminate such restrictions. Such amendment shall specify the time of termination, either by establishing a date certain or by describing the specific event upon which the restrictions shall terminate.

(ii) Rejection of an amendment described in clause (i) by the shareholders shall not preclude consideration of subsequent amendments to terminate alienability restrictions.

"(3) If a recapitalization plan approved pursuant to paragraph (1) distributes voting alienable common stock to each holder of shares of Settlement Common Stock (issued pursuant to section 7(g)(1)(A)) that carries aggregate dividend and liquidation rights equivalent to those carried by such shares of Settlement Common Stock (except for rights to distributions made pursuant to sections 7(f) and 7(m)) upon completion of the recapitalization plan, then such holder shall have no right under section 38 and any other provision of law to further compensation from the corporation with respect to action taken pursuant to this subsection.

"(d) Opt-In Procedure.—(1) Subsection (b) shall not apply to a Native Corporation whose board of directors approves, no later than one year after the date of the enactment of the Alaska Native Claims Settlement Act Amendments of 1987, a resolution electing the application of this subsection.

"(B) This subsection shall not apply to Village Corporations, Urban Corporations, and Group Corporations located outside of the Bristol Bay and Aleut regions.

"(2)(A) Alienability restrictions imposed on Settlement Common Stock issued by a Native Corporation electing application of this subsection shall terminate on December 18, 1991, unless extended in accordance with the provisions of this subsection.

"(B) The board of directors of a Native Corporation electing application of this subsection shall, at least once prior to January 1, 1991, approve, and submit to a vote of the shareholders, an amendment to the articles of incorporation of the corporation to extend alienability restrictions. If the amendment is not approved by the shareholders, the board of directors may submit another such amendment to the shareholders once or more a year until December 18, 1991.

"(C) An amendment submitted pursuant to subparagraph (B) and any amendment submitted pursuant to subparagraph (D) may provide for an extension of alienability restrictions for—

(i) an indefinite period of time, or

(ii) a specified period of time of not less than one year and not more than fifty years.

"(D) If an amendment approved by the shareholders of a Native Corporation pursuant to subparagraph (B) or this subparagraph extends alienability restrictions for a specified period of time, termi-
nation of the restrictions at the close of such period may be post-
poned if a further amendment to the articles of incorporation of the
 corporation is approved to extend the restrictions. There shall be no
limit on the number of such amendments that can be approved.
Such amendments shall not be effective to extend the restrictions
unless approved prior to the expiration of the period of extension
then in force.

"(3)(A) If an amendment to the articles of incorporation of a
Native Corporation extending alienability restrictions for a specified
period of time is approved pursuant to paragraph (2), the restrictions
shall automatically terminate at the end of such period unless the
restrictions are extended in accordance with the provisions of para-
graph (2)(D).

"(B) If the board of directors of a Native Corporation electing
application of this subsection does not submit for a shareholder vote
an amendment to the articles of incorporation of the corporation in
accordance with paragraph (2)(B), or if the amendment submitted
does not comply with paragraph (2)(C), alienability restrictions shall
not terminate and shall instead remain in effect until such time as a
court of competent jurisdiction, upon petition of one or more share-
holders of the corporation, orders that a shareholder vote be taken
on an amendment which complies with paragraph (2)(C) and such
vote is conducted. Following the vote, the status of alienability
restrictions shall be determined in accordance with the other provi-
sions of this subsection and the amendment, if approved.

"(4)(A) A Native Corporation that approves an amendment to its
articles of incorporation pursuant to paragraph (2) to extend
alienability restrictions for an indefinite period of time may later
amend its articles of incorporation to terminate the restrictions.
Such amendment shall specify the time of termination, either by
establishing a date certain or by describing the specific event upon
which the restrictions shall terminate.

"(B) The rejection of an amendment described in subparagraph (A)
by the shareholders shall not preclude consideration of subsequent
amendments to terminate alienability restrictions.

"(5)(A) If a Native Corporation amends its articles of incorporation
pursuant to paragraph (2) to extend alienability restrictions, a
shareholder who—

"(i) voted against such amendment, and

"(ii) desires to relinquish his or her Settlement Common Stock
in exchange for the stock or payment authorized by the board of
directors pursuant to subparagraph (B),

shall notify the Corporation within ninety days of the date of the
vote of the shareholders on the amendment of his or her desire.

"(B) Within one hundred and twenty days after the date of the
vote described in subparagraph (A), the board of directors shall
approve a resolution to provide that each shareholder who has
notified the corporation pursuant to subparagraph (A) shall receive
either—

"(i) alienable common stock in exchange for his or her Settle-
ment Common Stock pursuant to paragraph (6), or

"(ii) an opportunity to request payment for his or her Settle-
ment Common Stock pursuant to section 38(a)(1)(B).

"(C) This paragraph shall apply only to the first extension of
alienability restrictions approved by the shareholders. No dissenters
rights of any sort shall be permitted in connection with subsequent
extensions of such restrictions.
"(6)(A) If the board of directors of a Native Corporation approves a resolution providing for the issuance of alienable common stock pursuant to paragraph (5)(B), then on December 18, 1991, or sixty days after the approval of the resolution, whichever later occurs, the Settlement Common Stock of each shareholder who has notified the corporation pursuant to paragraph (5)(A) shall be deemed canceled, and shares of alienable common stock of the appropriate class shall be issued to such shareholder, share for share, subject only to subparagraph (B) and to such restrictions consistent with this Act as may be provided by the articles of incorporation of the corporation or in agreements between the corporation and individual shareholders.

"(B)(i) Alienable common stock issued in exchange for Settlement Common Stock issued subject to the restriction authorized by section 7(7)(B)(ii) shall bear a legend indicating that the stock will eventually be canceled in accordance with the requirements of that section.

"(ii) Alienable common stock issued in exchange for a class of Settlement Common Stock carrying greater per share voting power than Settlement Common Stock issued pursuant to subsections (g)(1)(A) and (g)(1)(B) shall carry such voting power and be subject to such other terms as may be provided in the amendment to the articles of incorporation authorizing the issuance of such class of Settlement Common Stock.

"(iii) In the resolution authorized by paragraph (5)(B), the board of directors shall provide that each share of Settlement Common Stock carrying the right to share in distributions made to shareholders pursuant to subsections (j) and (m) of section 7 shall be exchanged either for—

"(I) a share of alienable common stock carrying such right, or
"(II) a share of alienable common stock that does not carry such right together with a separate, non-voting security that represents only such right.

"(iv) In the resolution authorized by paragraph (5)(B), the board of directors may impose upon the alienable common stock to be issued in exchange for Settlement Common Stock one or more of the following—

"(I) a restriction granting the corporation, or the corporation and members of the shareholder's immediate family who are Natives or descendants of Natives the first right to purchase, on reasonable terms, the alienable common stock of the shareholder prior to the sale or transfer of such stock (other than a transfer by will or intestate succession) to any other party, including a transfer in satisfaction of a lien, writ of attachment, judgment execution, pledge, or other encumbrance; or
"(II) any other term, restriction, limitation, or other provision permitted under the laws of the State.

"(C) The articles of incorporation of the Native Corporation shall be deemed amended to implement the provisions of the resolution authorized by paragraph (5)(B).

"(D) Alienable common stock issued pursuant to this subparagraph shall not be subjected to a lien or judgment execution based upon any asserted or unasserted legal obligation of the original recipient arising prior to the issuance of such stock.

"(7)(A) No share of alienable common stock issued pursuant to paragraph (6) shall carry voting rights if it is owned, legally or beneficially, by a person not a Native or a descendant of a Native.
"(B)(i) A purchaser or other transferee of shares of alienable common stock shall, as a condition of the obligation of the issuing Native Corporation to transfer such shares on the books of the corporation, deliver to the corporation or transfer agent, as the case may be, a statement on a form prescribed by the corporation identifying the number of such shares to be transferred to such transferee and certifying—

"(I) that such transferee is or is not a Native or a descendant of a Native;

"(II) that such transferee, if not a Native or a descendant of a Native, understands that shares of such alienable common stock shall not carry voting rights so long as such shares are held by the transferee or any subsequent transferee not a Native or a descendant of a Native;

"(III) that such transferee, if a purchaser, understands that such acquisition may be subject to section 13(d) of the Securities Exchange Act of 1934, as amended, and the regulations of the Securities and Exchange Commission promulgated thereunder; and

"(IV) whether such transferee will be the sole beneficial owner of such shares (if not, the transferee must certify as to the identities of all beneficial owners of such shares and whether such owners are Natives or descendants of Natives).

"(ii) The statement required by clause (i) shall be prima facie evidence of the matters certified therein and may be relied upon by the corporation in effecting a transfer on its books.

"(iii) For purposes of this subparagraph, a beneficial owner of a security includes any person (including a corporation, partnership, trust, association, or other entity) who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares—

"(I) voting power, which includes the power to vote, or to direct the voting of, such security; or

"(II) investment power, which includes the power to dispose of, or to direct the disposition of, such security.

"(iv) Any person who, directly or indirectly, creates or uses a trust, proxy, power of attorney, pooling arrangement, or any other contract, arrangement, or device with the purpose or effect of divesting such person of beneficial ownership of a security or preventing the vesting of such beneficial ownership as part of a plan or scheme to evade the requirements imposed by this section or section 13(d) of the Securities Exchange Act of 1934, as amended, shall be deemed for purposes of such sections to be the beneficial owner of such security.

"(C) The statement required by subparagraph (B) shall be verified by the transferee before a notary public or other official authorized to administer oaths in accordance with the laws of the jurisdiction of the transferee or in which the transfer is made.”.

DISSENTERS RIGHTS

Sec. 9. The Alaska Native Claims Settlement Act is further amended by adding the following new section after section 37:
"DISSENTERS RIGHTS

"SEC. 38. (a) COVERAGE.—(1) Notwithstanding the laws of the State, if the shareholders of a Native Corporation—

"(A) fail to approve an amendment authorized by section 37(b) to terminate alienability restrictions, a shareholder who voted for the amendment may demand payment from the corporation for all of his or her shares of Settlement Common Stock; or

"(B) approve an amendment authorized by section 37(d) to continue alienability restrictions without issuing alienable common stock pursuant to section 37(d)(6), a shareholder who voted against the amendment may demand payment from the corporation for all of his or her shares of Settlement Common Stock.

"(2)(A) A demand for payment made pursuant to paragraph (1)(A) shall be honored only if at the same time as the vote giving rise to the demand, the shareholders of the corporation approved a resolution providing for the purchase of Settlement Common Stock from dissenting shareholders.

"(B) A demand for payment made pursuant to paragraph (1)(B) shall be honored.

"(b) RELATIONSHIP TO STATE PROCEDURE.—(1) Except as otherwise provided in this section, the laws of the State governing the right of a dissenting shareholder to demand and receive payment for his or her shares shall apply to demands for payment honored pursuant to subsection (a)(2).

"(2) The board of directors of a Native Corporation may approve a resolution to provide a dissenting shareholder periods of time longer than those provided under the laws of the State to take actions required to demand and receive payment for his or her shares.

"(c) VALUATION OF STOCK.—(1) Prior to a vote described in subsection (a)(1), the board of directors of a Native Corporation may approve a resolution to provide that one or more of the following conditions will apply in the event a demand for payment is honored pursuant to subsection (a)(2)—

"(A) the Settlement Common Stock shall be valued as restricted stock; and

"(B) the value of—

"(i) any land conveyed to the corporation pursuant to section 14(h)(1) or any other land used as a cemetery; and

"(ii) the surface estate of any land that is both—

"(I) exempt from real estate taxation pursuant to section 907(d)(1)(A) of the Alaska National Interest Lands Conservation Act, and

"(II) used by the shareholders of the corporation for subsistence uses (as defined in section 803 of the Alaska National Interest Lands Conservation Act); or

"(iii) any land or interest in land which the board of directors believes to be only of speculative value;

shall be excluded by the shareholder making the demand for payment, the corporation purchasing the Settlement Common Stock of the shareholder, and any court determining the fair value of the shares of Settlement Common Stock to be purchased.

"(2) No person shall have a claim against a Native Corporation or its board of directors based upon the failure of the board to approve a resolution authorized by this subsection.
“(d) FORM OF PAYMENT.—(1) Prior to a vote described in subsection (a)(1), the board of directors of a Native Corporation may approve a resolution to provide that in the event a demand for payment is honored pursuant to subsection (a)(2) payments to each dissenting shareholder shall be made by the corporation through the issuance of a negotiable note in the principal amount of the payment due, which shall be secured by—

“(A) a payment bond issued by an insurance company or financial institution;

“(B) the deposit in escrow of securities or property having a fair market value equal to at least 125 per centum of the face value of the note; or

“(C) a lien upon real property interests of the corporation valued at 125 percent or more of the face amount of the note, except that no such lien shall be applicable to—

“(I) land conveyed to the corporation pursuant to section 14(h)(1), or any other land used as a cemetery;

“(II) the percentage interest in the corporation’s timber resources and subsurface estate that exceeds its percentage interest in revenues from such property under section 7(i); or

“(III) the surface estate of land that is both—

“(I) exempt from real estate taxation pursuant to section 907(d)(1)(A) of the Alaska National Interest Lands Conservation Act; and

“(II) used by the shareholders of the corporation for subsistence uses (as defined in section 803 of the Alaska National Interest Lands Conservation Act),

unless the Board of Directors of the corporation acts so as to make such lien applicable to such surface estate.

“(2) A note issued pursuant to paragraph (1) shall provide that—

“(A) interest shall be paid semi-annually, beginning as of the date on which the vote described in subsection (a)(1) occurred, at the rate applicable on such date to obligations of the United States having a maturity date of one year, and

“(B) the principal amount and accrued interest on such note shall be payable to the holder at a time specified by the corporation but in no event later than the date that is five years after the date of the vote described in subsection (a)(1).

“(e) DIVIDEND ADJUSTMENT.—(1) The cash payment made pursuant to subsection (a) or the principal amount of a note issued pursuant to subsection (d) to a dissenting shareholder shall be reduced by the amount of dividends paid to such shareholder with respect to his or her Settlement Common Stock after the date of the vote described in subsection (a)(1).

“(2) Upon receipt of a cash payment pursuant to subsection (a) or a note pursuant to subsection (d), a dissenting shareholder shall no longer have an interest in the shares of Settlement Common Stock or in the Native Corporation.”.

SETTLEMENT TRUST OPTION

Sec. 10. The Alaska Native Claims Settlement Act is further amended by adding the following new section:
"SECTION 39. CONVEYANCE OF CORPORATE ASSETS.—(1)(A) A Native Corporation may convey assets (including stock or beneficial interests therein) to a Settlement Trust in accordance with the laws of the State (except to the extent that such laws are inconsistent with this section and section 36).

(B) The approval of the shareholders of the corporation in the form of a resolution shall be required to convey all or substantially all of the assets of the corporation to a Settlement Trust. A conveyance in violation of this clause shall be void ab initio and shall not be given effect by any court.

(2) No subsurface estate in land shall be conveyed to a Settlement Trust. A conveyance of title to, or any other interest in, subsurface estate in violation of this subparagraph shall be void ab initio and shall not be given effect by any court.

(3) Conveyances made pursuant to this subsection—

(A) shall be subject to applicable laws respecting fraudulent conveyance and creditors rights; and

(B) shall give rise to dissenters rights to the extent provided under the laws of the State only if the rights of beneficiaries in the Settlement Trust receiving a conveyance are inalienable.

(4) The provisions of this subsection shall not prohibit a Native Corporation from engaging in any conveyance, reorganization, or transaction not otherwise prohibited under the laws of the State or the United States.

(b) AUTHORITY AND LIMITATIONS OF A SETTLEMENT TRUST.—(1) The purpose of a Settlement Trust shall be to promote the health, education, and welfare of its beneficiaries and preserve the heritage and culture of Natives. A Settlement Trust shall not—

(A) operate as a business;

(B) alienate land or any interest in land received from the settlor Native Corporation (except if the recipient of the land is the settlor corporation); or

(C) discriminate in favor of a group of individuals composed only or principally of employees, officers, or directors of the settlor Native Corporation.

An alienation of land or an interest in land in violation of this paragraph shall be void ab initio and shall not be given effect by any court.

(2) A Native Corporation that has established a Settlement Trust shall have exclusive authority to—

(A) appoint the trustees of the trust, and

(B) remove the trustees of the trust for cause.

Only a natural person shall be appointed a trustee of a Settlement Trust. An appointment or removal of a trustee in violation of this paragraph shall be void ab initio and shall not be given effect by any court.

(3) A Native Corporation that has established a Settlement Trust may expand the class of beneficiaries to include holders of Settlement Common Stock issued after the establishment of the trust without compensation to the original beneficiaries.

(4) A Settlement Trust shall not be held to violate any laws against perpetuities.

(c) SAVINGS.—(1) The provisions of this Act shall continue to apply to any land or interest in land received from the Federal Government pursuant to this Act and later conveyed to a Settle-
ment Trust as if the land or interest in land were still held by the Native Corporation that conveyed the land or interest in land.

“(2) No timber resources subject to section 7(i) conveyed to a Settlement Trust shall be sold, exchanged, or otherwise conveyed except as necessary to—

“(A) dispose of diseased or dying timber or to prevent the spread of disease or insect infestation;

“(B) prevent or suppress fire; or

“(C) ensure public safety.

The revenue, if any, from such timber harvests shall be subject to section 7(i) as if such conveyance had not occurred.

“(3) The conveyance of assets (including stock or beneficial interests) pursuant to subsection (a) shall not affect the applicability or enforcement (including specific performance) of a valid contract, judgment, lien, or other obligation (including an obligation arising under section 7(i)) to which such assets, stock, or beneficial interests were subject immediately prior to such conveyance.

“(4) A claim based upon paragraph (1), (2), or (3) shall be enforceable against the transferee Settlement Trust holding the land, interest in land, or other assets (including stock or beneficial interests) in question to the same extent as such claim would have been enforceable against the transferor Native Corporation, and valid obligations arising under section 7(i) as well as claims with respect to a conveyance in violation of a valid contract, judgment, lien, or other obligation shall also be enforceable against the transferor corporation.

“(5) Except as provided in paragraphs (1), (2), (3), and (4), once a Native Corporation has made, pursuant to subsection (a), a conveyance to a Settlement Trust that does not—

“(A) render it—

“(i) unable to satisfy claims based upon paragraph (1), (2), or (3); or

“(ii) insolvent; or

“(B) occur when the Native Corporation is insolvent; the assets so conveyed to the Settlement Trust shall not be subject to attachment, distraint, or sale on execution of judgment or other process or order of any court, except with respect to the lawful debts or obligations of the Settlement Trust.

“(6) No transferee Settlement Trust shall make a distribution or conveyance of assets (including cash, stock, or beneficial interests) that would render it unable to satisfy a claim made pursuant to paragraph (1), (2), or (3). A distribution or conveyance made in violation of this paragraph shall be void ab initio and shall not be given effect by any court.

“(7) Except where otherwise expressly provided, no provision of this section shall be construed to require shareholder approval of an action where shareholder approval would not be required under the laws of the State.”.

ALASKA LAND BANK

Sec. 11. Section 907 of the Alaska National Interest Lands Conservation Act (43 U.S.C. 1636) is amended—

(1) by striking out “subsection (c)(2)” throughout the section and inserting in lieu thereof “subsection (d)(1)”;

(2) in the proviso of subsection (a), by striking out “lands not owned by landowners described in subsection (c)(2) shall not” and inserting in lieu thereof “no lands shall”;

PUBLIC LAW 100–241—FEB. 3, 1988
(3) by amending subsections (c), (d), and (e) to read as follows:

"(c) BENEFITS TO PRIVATE LANDOWNERS.—(1) In addition to any requirement of applicable law, the appropriate Secretary is authorized to provide technical and other assistance with respect to fire control, trespass control, resource and land use planning, and the protection, maintenance, and enhancement of any special values of the land subject to the agreement, all with or without reimbursement as agreed upon by the parties, so long as the landowner is in compliance with the agreement.

"(2) The provision of section 21(e) of the Alaska Native Claims Settlement Act shall apply to all lands which are subject to an agreement made pursuant to this section so long as the parties to the agreement are in compliance therewith.

"(d) AUTOMATIC PROTECTIONS FOR LANDS CONVEYED PURSUANT TO THE ALASKA NATIVE CLAIMS SETTLEMENT ACT.—(1)(A) Notwithstanding any other provision of law or doctrine of equity, all land and interests in land in Alaska conveyed by the Federal Government pursuant to the Alaska Native Claims Settlement Act to a Native individual or Native Corporation or subsequently reconveyed by a Native Corporation pursuant to section 39 of that Act to a Settlement Trust shall be exempt, so long as such land and interests are not developed or leased or sold to third parties from—

"(i) adverse possession and similar claims based upon estoppel;

"(ii) real property taxes by any governmental entity;

"(iii) judgments resulting from a claim based upon or arising under—

"(I) title 11 of the United States Code or any successor statute,

"(II) other insolvency or moratorium laws, or

"(III) other laws generally affecting creditors' rights;

"(iv) judgments in any action at law or in equity to recover sums owed or penalties incurred by a Native Corporation or Settlement Trust or any employee, officer, director, or shareholder of such corporation or trust, unless this exemption is contractually waived prior to the commencement of such action; and

"(v) involuntary distributions or conveyances related to the involuntary dissolution of a Native Corporation or Settlement Trust.

"(B) Except as otherwise provided specifically provided, the exemptions described in subparagraph (A) shall apply to any claim or judgment existing on or arising after the date of the enactment of the Alaska Native Claims Settlement Act Amendments of 1987.

"(2) DEFINITIONS.—(A) For purposes of this subsection, the term—

"(i) 'Developed' means a purposeful modification of land, or an interest in land, from its original state that effectuates a condition of gainful and productive present use without further substantial modification. Surveying, construction of roads, providing utilities, or other similar actions, which are normally considered to be component parts of the development process but do not create the condition described in the preceding sentence, shall not constitute a developed state within the meaning of this clause. In order to terminate the exemptions listed in paragraph (1), land, or an interest in land, must be developed for purposes other than exploration, and the exemp-
tions will be terminated only with respect to the smallest practicable tract actually used in the developed state;

“(ii) 'Exploration' means the examination and investigation of undeveloped land to determine the existence of subsurface nonrenewable resources; and

“(iii) 'Leased' means subjected to a grant of primary possession entered into for a gainful purpose with a determinable fee remaining in the hands of the grantor. With respect to a lease that conveys rights of exploration and development, the exemptions listed in paragraph (1) shall continue with respect to that portion of the leased tract that is used solely for the purposes of exploration.

“(B) For purposes of this subsection—

“(i) land shall not be considered developed solely as a result of—

“(I) the construction, installation, or placement upon such land of any structure, fixture, device, or other improvement intended to enable, assist, or otherwise further subsistence uses or other customary or traditional uses of such land, or

“(II) the receipt of fees related to hunting, fishing, and guiding activities conducted on such land;

“(ii) land upon which timber resources are being harvested shall be considered developed only during the period of such harvest and only to the extent that such land is integrally related to the timber harvesting operation; and

(3) The Secretary is not required to determine the navigability of a lake, river, or stream which because of its size or width is required to be meandered or to compute the acreage of the land beneath such lake, river, or stream or to describe such land in any conveyance document.

(4) Nothing in this subsection shall be construed to require ground survey or monumentation of meanderlines.

(b)(1) Whenever, either before or after the date of enactment of this section, the Secretary conveys land to a Native, a Native Corporation, or the State pursuant to the Alaska Native Claims Settlement Act, the Alaska Statehood Act, or this Act which abuts or surrounds a meanderable lake, river, or stream, all right, title, and interest of the United States, if any, in the land under such lake, river, or stream lying between the uplands and the median line or midpoint, as the case may be, shall vest in and shall not be charged against the acreage entitlement of such Native or Native Corporation or the State. "(2) No agency or board of the Department of the Interior other than the Bureau of Land Management shall have authority to determine the navigability of a lake, river, or stream within an area selected by a Native or Native Corporation pursuant to the Alaska Native Claims Settlement Act or this Act unless a determination by the Bureau of Land Management that such lake, river, or stream, is or is not navigable, was validly appealed to such agency or board on or before December 2, 1980.

"(3) If title to land conveyed to a Native Corporation pursuant to the Alaska Native Claims Settlement Act or this Act which underlies a lake, river, or stream is challenged in a court of competent jurisdiction and such court determines that such land is owned by the Native Corporation, the Native Corporation shall be awarded a money judgment against the plaintiffs in an amount equal to its costs and attorney's fees, including costs and attorney's fees incurred on appeal.

"(d) For the purposes of this section, the terms 'navigable' and 'navigability' means navigable for the purpose of determining title to lands beneath navigable waters, as between the United States and the several States pursuant to the Submerged Lands Act and section 6(m) of the Alaska Statehood Act.")

**TITLE III—MODIFICATION OF LONG-TERM TIMBER SALE CONTRACTS IN SOUTHEAST ALASKA**

**SEC. 301. CONTRACT MODIFICATIONS.**

(a) **Definitions.**—As used in this section, the term “Secretary” means the Secretary of Agriculture. The term “TLMP” means the Tongass National Forest Land Management Plan, completed March, 1979, and amended Winter 1985–1986. The term “contracts” means the long-term timber sale contracts numbered 12–11–010–1545 and A10fs–1042 between the United States and the Alaska Pulp Corporation, and between the United States and the Ketchikan Pulp Company, respectively.

(b) **Finding.**—The Congress hereby finds and declares that it is in the national interest to modify the contracts in order to assure that valuable public resources in the Tongass National Forest are protected and wisely managed. Modification of the long-term timber sale contracts will enhance the balanced use of resources on the forest and promote fair competition within the southeast Alaska timber industry.

(c) **Unilateral Changes.**—The contracts are hereby modified to:

(1) assure that all timber sale planning, management requirements and environmental assessment procedures regarding the contracts are consistent with procedures for independent national forest timber sales, pursuant to the National Forest Management Act of 1976 (Public Law 94–588), the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and other applicable laws;

(2) eliminate the practice of harvesting a disproportionate amount of old-growth timber by limiting the volume harvested over the rotation in volume classes 6 and 7, as defined in TLMP and supporting documents, so that the proportion of volume harvested in these classes within a contiguous management area does not exceed the proportion of volume currently represented by these classes within the management area;
(3) assure that all timber offered under each contract be substantially harvested within three years or the Secretary shall withhold further offerings pursuant to such contract, unless harvesting has been delayed by third-party litigation;

(4) assure that the Secretary determines the location and size of sale units and the timing of timber harvests;

(5) allow rejection of timber offered under the contracts. Upon rejection of any timber offered, the Secretary may re-offer such timber to any qualified bidder under independent national forest timber sales. If the rejected timber is subsequently sold within 12 months, that amount of timber shall be subtracted from the volume remaining under the appropriate contract;

(6) assure that utility logs offered under the contracts shall be counted against contract volume requirements. As used in this paragraph, the term "utility log" means the same as it does in the official Log Scaling and Grading Rules, Northwest Log Rules Advisory Group, January 1, 1982;

(7) assure that purchaser road credits are provided under the contracts in a manner consistent with independent national forest timber sale procedures;

(8) assure that the price of timber offered under the contracts shall be adjusted to be comparable with that of independent national forest timber sales, with stumpage rates and profitability criteria comparable to those of independent purchasers in competitive sales; and

(9) assure that timber offered under the contracts meets economic criteria consistent with that of independent national forest timber sales.

(d) Certification to Congress.—Notwithstanding any other provision of law, the Secretary is directed to make the necessary revisions to the text of the contracts to reflect the modifications to such contracts made by subsection (c) of this section. The Secretary shall promptly, and in no event later than ninety days after the date of enactment of this Act, transmit the text of the modified contracts to the Congress together with a certification that these revisions are in compliance with the modifications made by subsection (c). Until such time as the Secretary transmits the text of the modified contracts to the Congress, but no later than ninety days after the date of enactment of this Act, the Secretary is authorized to conduct timber sale operations on the Tongass National Forest in accordance with the provisions of the contracts as they existed on the day before the date of enactment of this Act. At such time as the Secretary transmits the modified contracts to Congress, or ninety days after the date of enactment of this Act, whichever is sooner, the Secretary shall conduct timber sale operations on the Tongass National Forest only in accordance with the provisions of the modified contracts.

(e) Study.—Within one year after the date of enactment of this Act, the Secretary shall transmit a study to the Committee on Energy and Natural Resources in the Senate and to the Committee on Interior and Insular Affairs in the House of Representatives which includes the following:

(1) an assessment of whether the Secretary can meet the provisions of the National Forest Management Act of 1976 (Public Law 94–588), the Multiple-Use Sustained Yield Act of 1960 (16 U.S.C. 528 et seq.) and other laws applicable to the management of the national forests while providing the volume of timber required by the modified contracts. In conjunction
with such assessment, the Secretary shall also provide such recommendations as the Secretary deems appropriate regarding reductions in the volume of timber required by the modified contracts, and

(2) an analysis of the potential impacts of eliminating the two contract areas provided for in the modified contracts, including, but not limited to, an assessment of the following factors:
(A) the effect on supply and demand, and price of timber within Southeast Alaska;
(B) effects on the availability of timber to purchasers of independent timber sales;
(C) effects on the availability of timber to be owners of the modified contracts; and
(D) effects on fish and wildlife and other non-commodity resources within the Tongass National Forest.

(f) The Secretary shall take such other actions in management of the Tongass National Forest as may be necessary to meet the provisions of subsection (c).

(g) GAO AUDIT.—The Comptroller General of the United States shall, on a continuing basis, audit the actions taken by the Secretary to revise the text of the contracts pursuant to the modifications made pursuant to subsection (c). Within thirty days after the Secretary’s transmittal of the contracts and certification to the Energy and Natural Resources in the Senate and to the Committee on Interior and Insular Affairs in the House of Representatives, and in no event later than one hundred and twenty days after the date of enactment of this Act, the Comptroller General shall submit a report to such Committees describing the revisions made by the Secretary to the contracts and stating whether, in the opinion of the Comptroller General, the revised contracts are in compliance with the requirements of this section.

primary place of residence shall be charged to the share of the Ahtna Regional
Corporation under 45 CFR 2653;

SEC. 6. CALISTA NATIVE CORPORATION LAND EXCHANGE.

(a) CONGRESSIONAL FINDINGS.—Congress finds and declares that—

(1) the land exchange authorized by section 8126 of Public Law 102–172 should be implemented without further delay;

(2) the Calista Corporation, the Native Regional Corporation organized under the authority of the Alaska Native Claims Settlement Act for the Yupik Eskimos of Southwestern Alaska, which includes the majority of the Yukon Delta National Wildlife Refuge—

(A) has responsibilities provided for by the Alaska Native Claims Settlement Act to help address social, cultural, economic, health, subsistence, and related issues within the region and among its villages, including the viability of the villages themselves, many of which are remote and isolated; and

(B) has been unable to fully carry out such responsibilities;

(3) the implementation of the exchange referenced in this subsection is essential to helping Calista utilize its assets to carry out those responsibilities and to realize the benefits of the Alaska Native Claims Settlement Act;

(4) the parties to the exchange have been unable to reach agreement on the valuation of the lands and interests in lands to be conveyed to the United States under section 8126 of Public Law 102–172; and

(5) in light of the foregoing, it is appropriate and necessary in this unique situation that Congress authorize and direct the implementation of this exchange as set forth in this section in furtherance of the purposes and underlying goals of the Alaska Native Claims Settlement Act and the Alaska National Interest Lands Conservation Act.

(b) LAND EXCHANGE IMPLEMENTATION.—Section 8126 of Public Law 102–172 (106 Stat. 1206) is amended to read as follows:

“Sec. 8126. (a)(1) In exchange for lands, partial estates, and land selection rights identified in the document entitled 'The Calista Conveyance and Relinquishment Document', dated October 28, 1991, as amended September 22, 1998 (hereinafter referred to as 'CCRD'), the United States will establish a property account for the Calista Corporation, a corporation organized under the laws of the State of Alaska, in the amount identified in the CCRD, and in accordance with the provisions of this Act.
“(2) The CCRD contains the land descriptions of the lands and interests in lands to be conveyed, the selections to be relinquished, the charges to entitlement, the quantity and class of entitlement to be transferred to the United States, the terms of the Kuskokwim Corporation Conservation Easement, and the amount that is authorized for the property account.

“(3) The covenants, terms, and conditions to be used in any transfers to the United States described in the CCRD shall be binding on the United States and the participating Native corporations and shall be a matter of Federal law.

“(b)(1) The aggregate values of such lands and interests in lands, together with compensation for the considerations set forth in congressional findings concerning the Calista Region and its villages, shall be the sum provided in section IX of the CCRD. The amounts credited to the property account described in this subsection shall not be subject to adjustment for minor changes in acreage resulting from preparation or correction of the land descriptions in the CCRD or the exclusion of any small tracts of land as a result of hazardous material surveys. The Secretary of the Interior shall maintain an accounting of the lands and interests in lands remaining to be conveyed or relinquished by Calista Corporation and the participating village corporations pursuant to this section. The Secretary of the Treasury on October 1, 1998, shall establish a property account on behalf of Calista Corporation.

“(2) The account shall be credited and available for use as provided in paragraph (4), according to the following schedule of percentages of the amount in section IX of the CCRD:

(A) On October 1, 1999, and on October 1 of each year thereafter through October 1, 2005, the amount equal to 12.69 percent.

(B) On October 1, 2007, the amount equal to 11.17 percent.

“(3)(A) Unless otherwise authorized by law, the aggregate amount of all credits to the account, pursuant to the schedule set forth in paragraph (2), shall be equal to the amount in section IX of the CCRD.

(B) All amounts credited to the account shall be from amounts in the Treasury not otherwise appropriated and shall be available for expenditure without further appropriation and without fiscal year limitation.

“(4) The property account may not be used until all conveyances, relinquishments of selections, and adjustments to entitlements described in the CCRD have been made to and accepted by the United States. The Secretary of the Interior shall notify the Secretary of the Treasury when all requirements of the preceding sentence have been met. Immediately thereafter the Secretary of the Treasury shall comply with his duties under this paragraph including the computations of the amount in the account, the amount that may be expended in any particular Federal fiscal year, and the balance of the account after any transaction. The property account may be used in the same manner as any other property account held by any other Alaska Native Corporation.

“(5) Notwithstanding any other provision of law, Calista Corporation on its own behalf or on behalf of the village corporations identified in the CCRD, may assign any or all of the account upon written notification to the Secretary of the Treasury and the Secretary of the Interior.
“(6) The Secretary of the Treasury shall notify the Secretary of the Interior and Calista whenever there is a reduction in the property account, the purpose for such reduction and the remaining balance in the account. The Alaska State Office of the Bureau of Land Management shall be the official repository of such notices.

“(7) For the purpose of the determination of the applicability of section 7(i) of the Alaska Native Claims Settlement Act (43 U.S.C. 1606(i)) to revenues generated pursuant to that section, such revenues shall be calculated in accordance with section IX of the CCRD.

“(8) The United States shall not be liable for the redistribution of benefits by the Calista Corporation to the participating Alaska Native village corporations pursuant to this section.

“(9) These transactions are not based on appraised property values and therefore shall not be used as a precedent for establishing property values.

“(10) Prior to the issuance of any conveyance documents or relinquishments and acceptance, the Secretary of the Interior and the participating Native corporations may, by mutual agreement, modify the legal descriptions included in the CCRD to correct clerical errors.

“(11) Property located in the State of Alaska that is purchased by use of the property account shall be considered and treated as conveyances of land selections under the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

“(12) The conveyance of lands, partial estates, and land selection rights and relinquishment or adjustments to entitlement made by the Alaska Native Corporations pursuant to this section and the use of the property account in the Treasury shall be treated as the receipt of land or any interest therein or cash in order to equalize the values of properties exchanged pursuant to section 22(f) of the Alaska Native Claims Settlement Act (43 U.S.C. 1621(f)) as provided in the first sentence in section 21(c) of that Act (43 U.S.C. 1620(c)).

“(13) With respect to the content of the CCRD, the Secretary of the Interior, the Calista Regional Corporation, and the participating village corporations agree upon the lands, interests in lands, relinquishments and adjustments to entitlement described therein that may be offered to the United States pursuant to this section. These parties also agree with the amounts to be made available in the property account once all conveyances and relinquishments are completed, and the parties agree with the needs set forth in the congressional findings in section 6(a) of the ANCSA Land Bank Protection Act of 1998. The parties do not necessarily agree on the hortatory statements, descriptions, and attributions of resource values which are included in the CCRD as drafted by Calista. But such disagreements will not affect the implementation of this section.

“(14) Descriptions of resource values provided for surface lands which are not offered in the exchange and will remain privately owned by village corporations form no part of the consideration for the exchange.

(2) by adding at the end the following: “The provisions of this section shall apply to Haida Corporation and the Haida Traditional Use Sites, which shall be treated as a Regional Corporation for the purposes of this paragraph, except that any revenues remitted to Haida Corporation under this section shall not be subject to distribution pursuant to section 7(i) of this Act.”.

“(A) that is open and pending on the date of enactment of this paragraph;

“(C) if any protest which is filed by the State of Alaska pursuant to paragraph (5)(B) with respect to the application is withdrawn or dismissed either before, on, or after the date of the enactment of this paragraph.

“(2) A written concurrence shall—

“(A) include a finding that the land description proposed by the Secretary is acceptable; and
(B) attest that the Native Corporation or the State has not—
   (i) granted any third party rights or taken any other action that would affect the ability of the United States to convey full title under the Act of May 17, 1906 (34 Stat. 197, chapter 2469); and
   (ii) stored or allowed the deposit of hazardous waste on the land.
(3) On receipt of an acceptable written concurrence, the Secretary, shall—

(b) CERTIFICATE OF ALLOTMENT.—If the United States determines that the allotment application is valid or would have been approved under section 905 of the Alaska National Interests Lands Conservation Act (42 U.S.C. 1634) had the land described in the allotment application been in Federal ownership on December 2, 1980, and obtains title evidence acceptable under the Department of Justice title standards, the United States shall accept the deed from the Native Corporation and issue a certificate of allotment to the allotment applicant.
(c) PROBATE NOT REQUIRED.—If the Native Corporation reconveys the entire interest of the Native Corporation in the allotment claim of a deceased applicant, the United States may accept the deed and issue the certificate of allotment without waiting for a determination of heirs or the approval of a will.

“(B) the revised land description describes land selected by or conveyed by interim conveyance or patent to a Native Corporation of approximately equal acreage in substitution for the land described in the original application;

“(C) the Director of the Bureau of Land Management has not adopted a final plan of survey for the final entitlement of the Native Corporation or its successor in interest; and

“(D) the Native Corporation that selected the land or its successor in interest provides a corporate resolution authorizing reconveyance or relinquishment to the United States of the land, or interest in land, described in the revised application.

“(2) The land description in an allotment application may not be revised under this section unless the Secretary has determined—

“(A) that the allotment application is valid or would have been approved under section 905 of the Alaska National Interest Lands Conservation Act (43 U.S.C. 1634) had the land in the allotment application been in Federal ownership on December 2, 1980;

“(B) in consultation with the administering agency, that the proposed revision would not create an isolated inholding within a conservation system unit (as defined in section 102 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3102)); and

“(C) that the proposed revision will facilitate completion of a land transfer in the State.

“(3)(A) On obtaining title evidence acceptable under Department of Justice title standards and acceptance of a reconveyance or relinquishment from a Native Corporation under paragraph (1), the Secretary shall issue a Native allotment certificate to the applicant for the land reconveyed or relinquished by the Native Corporation.

“(B) Any allotment revised under this section shall, when allotted, be made subject to any easement, trail, right-of-way, or any third-party interest (other than a fee interest) in existence on the revised allotment land on the date of revision.”

“(A) may seek voluntary reconveyance of any land described in the application that is reinstated or reconstructed after the date of enactment of this subsection; but

“(B) shall not file an action in any court to recover title from a current landowner.

“(2) A certificate of allotment that is issued for any allotment application for which a request for reinstatement or reconstruction is received or accepted after the date of enactment of this subsection shall be made subject to any Federal appropriation, trail, right-of-way, easement, or existing third party interest of record, including third party interests created by the State, without regard to the date on which the Native allotment applicant initiated use and occupancy.”.

2005 Consolidated Appropriations (PL 108-447)

NOTES to 25 U.S.C. § 450: Effective statutory text

"The Director of the Office of Management and Budget and all Federal agencies shall hereafter consult with Alaska Native corporations on the same basis as Indian tribes under Executive Order No. 13175."

Executive Order 13175 (November 6, 2000)
Consultation and Coordination With Indian Tribal Governments

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to establish regular and meaningful consultation and collaboration with tribal officials in the development of Federal policies that have tribal implications, to strengthen the United States government-to-government relationships with Indian tribes, and to reduce the imposition of unfunded mandates upon Indian tribes;
it is hereby ordered as follows:
Section 1. Definitions. For purposes of this order:

(a) “Policies that have tribal implications” refers to regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

(b) “Indian tribe” means an Indian or Alaska Native tribe, band, nation, pueblo, village, or community that the Secretary of the Interior acknowledges to exist as an Indian tribe pursuant to the Federally Recognized Indian Tribe List Act of 1994, 25 U.S.C. 479a.

(c) “Agency” means any authority of the United States that is an “agency” under 44 U.S.C. 3502(1), other than those considered to be independent regulatory agencies, as defined in 44 U.S.C. 3502(5).

(d) “Tribal officials” means elected or duly appointed officials of Indian tribal governments or authorized intertribal organizations.
Sec. 2. **Fundamental Principles.** In formulating or implementing policies that have tribal implications, agencies shall be guided by the following fundamental principles:

(a) The United States has a unique legal relationship with Indian tribal governments as set forth in the Constitution of the United States, treaties, statutes, Executive Orders, and court decisions. Since the formation of the Union, the United States has recognized Indian tribes as domestic dependent nations under its protection. The Federal Government has enacted numerous statutes and promulgated numerous regulations that establish and define a trust relationship with Indian tribes.

(b) Our Nation, under the law of the United States, in accordance with treaties, statutes, Executive Orders, and judicial decisions, has recognized the right of Indian tribes to self-government. As domestic dependent nations, Indian tribes exercise inherent sovereign powers over their members and territory. The United States continues to work with Indian tribes on a government-to-government basis to address issues concerning Indian tribal self-government, tribal trust resources, and Indian tribal treaty and other rights.

(c) The United States recognizes the right of Indian tribes to self-government and supports tribal sovereignty and self-determination.

Sec. 3. **Policymaking Criteria.** In addition to adhering to the fundamental principles set forth in section 2, agencies shall adhere, to the extent permitted by law, to the following criteria when formulating and implementing policies that have tribal implications:

(a) Agencies shall respect Indian tribal self-government and sovereignty, honor tribal treaty and other rights, and strive to meet the responsibilities that arise from the unique legal relationship between the Federal Government and Indian tribal governments.

(b) With respect to Federal statutes and regulations administered by Indian tribal governments, the Federal Government shall grant Indian tribal governments the maximum administrative discretion possible.

(c) When undertaking to formulate and implement policies that have tribal implications, agencies shall:

(1) encourage Indian tribes to develop their own policies to achieve program objectives;
(2) where possible, defer to Indian tribes to establish standards; and
(3) in determining whether to establish Federal standards, consult with tribal officials as to the need for Federal standards and any alternatives that would limit the scope of Federal standards or otherwise preserve the prerogatives and authority of Indian tribes.

Sec. 4. **Special Requirements for Legislative Proposals.** Agencies shall not submit to the Congress legislation that would be inconsistent with the policymaking criteria in Section 3.
Sec. 5. Consultation. (a) Each agency shall have an accountable process to ensure meaningful and timely input by tribal officials in the development of regulatory policies that have tribal implications. Within 30 days after the effective date of this order, the head of each agency shall designate an official with principal responsibility for the agency’s implementation of this order. Within 60 days of the effective date of this order, the designated official shall submit to the Office of Management and Budget (OMB) a description of the agency’s consultation process.

(b) To the extent practicable and permitted by law, no agency shall promulgate any regulation that has tribal implications, that imposes substantial direct compliance costs on Indian tribal governments, and that is not required by statute, unless:
(1) funds necessary to pay the direct costs incurred by the Indian tribal government or the tribe in complying with the regulation are provided by the Federal Government; or
(2) the agency, prior to the formal promulgation of the regulation,
   (A) consulted with tribal officials early in the process of developing the proposed regulation;
   (B) in a separately identified portion of the preamble to the regulation as it is to be issued in the Federal Register, provides to the Director of OMB a tribal summary impact statement, which consists of a description of the extent of the agency’s prior consultation with tribal officials, a summary of the nature of their concerns and the agency’s position supporting the need to issue the regulation, and a statement of the extent to which the concerns of tribal officials have been met; and
   (C) makes available to the Director of OMB any written communications submitted to the agency by tribal officials.

(c) To the extent practicable and permitted by law, no agency shall promulgate any regulation that has tribal implications and that preempts tribal law unless the agency, prior to the normal promulgation of the regulation,
   (1) consulted with tribal officials early in the process of developing the proposed regulation;
   (2) in a separately identified portion of the preamble to the regulation as it is to be issued in the Federal Register, provides to the Director of OMB a tribal summary impact statement, which consists of a description of the extent of the agency’s prior consultation with tribal officials, a summary of the nature of their concerns and the agency’s position supporting the need to issue the regulation, and a statement of the extent to which the concerns of tribal officials have been met; and
   (3) makes available to the Director of OMB any written communications submitted to the agency by tribal officials.

(d) On issues relating to tribal self-government, tribal trust resources, or Indian tribal treaty and other rights, each agency should explore and, where appropriate, use consensual mechanisms for developing regulations, including negotiated rulemaking.

Sec. 6. Increasing Flexibility for Indian Tribal Waivers. (a) Agencies shall review the processes under which Indian tribes apply for waivers of statutory and regulatory requirements and take
appropriate steps to streamline those processes. (b) Each agency shall, to the extent practicable and permitted by law, consider any application by an Indian tribe for a waiver of statutory or regulatory requirements in connection with any program administered by the agency with a general view toward increasing opportunities for utilizing flexible policy approaches at the Indian tribal level in cases in which the proposed waiver is consistent with the applicable Federal policy objectives and is otherwise appropriate. (c) Each agency shall, to the extent practicable and permitted by law, render a decision upon a complete application for a waiver within 120 days of receipt of such application by the agency, or as otherwise provided by law or regulation. If the application for waiver is not granted, the agency shall provide the applicant with timely written notice of the decision and the reasons therefor. (d) This section applies only to statutory or regulatory requirements that are discretionary and subject to waiver by the agency.

Sec. 7. Accountability. (a) In transmitting any draft final regulation that has tribal implications to OMB pursuant to Executive Order 12866 of September 30, 1993, each agency shall include a certification from the official designated to ensure compliance with this order stating that the requirements of this order have been met in a meaningful and timely manner. (b) In transmitting proposed legislation that has tribal implications to OMB, each agency shall include a certification from the official designated to ensure compliance with this order that all relevant requirements of this order have been met. (c) Within 180 days after the effective date of this order the Director of OMB and the Assistant to the President for Intergovernmental Affairs shall confer with tribal officials to ensure that this order is being properly and effectively implemented.

Sec. 8. Independent Agencies. Independent regulatory agencies are encouraged to comply with the provisions of this order.

Sec. 9. General Provisions. (a) This order shall supplement but not supersede the requirements contained in Executive Order 12866 (Regulatory Planning and Review), Executive Order 12988 (Civil Justice Reform), OMB Circular A–19, and the Executive Memorandum of April 29, 1994, on Government-to-Government Relations with Native American Tribal Governments. (b) This order shall complement the consultation and waiver provisions in sections 6 and 7 of Executive Order 13132 (Federalism). (c) Executive Order 13084 (Consultation and Coordination with Indian Tribal Governments) is revoked at the time this order takes effect. (d) This order shall be effective 60 days after the date of this order.

Sec. 10. Judicial Review. This order is intended only to improve the internal management of the executive branch, and is not intended to create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law by a party against the United States, its agencies, or any person.
