Re: Dr. Alvan R. Feinstein

Dear Bill:

I enclose a letter dated June 3 from
Dave Hardy and its attachment.

It would appear to me this is a project
which should be supported under the Special
Projects Program of CTR in the event Dr. Feinstein
does not obtain the necessary funds from the Public
Health Service, but I would like your comments. I
know you will be away, but in your absence perhaps
Jim Mold can give me his independent evaluation
so that we may go ahead.

Sincerely,

Frederick P. Haas
