Arthur J. Stevens

In my letter regarding support to Harvard for Dr. G. Seltzer I mentioned the possibility that support would have to be \$55,000 rather than \$50,000. I have just been told that support will be required at the higher level. This will advise you, therefore, that this particular project will have to be funded for \$55,000 rather than \$50,000.

This will also confirm that approval for the Sterling project has been received from Brown & Williamson, Lorillard, Philip Morris and R. J. Reynolds. Cy Hetsko is to advise with regard to American's position during the week of May 27.

There is no need for any action on this letter unless you have some question or comment.

Sincerely,

William W. Shinn

WWS/rf
