Gentlemen:

A suggested agenda for our Committee of Counsel meeting on May 18, at The Tobacco Institute, is attached.

The number of items to be discussed, and the importance and time constraints relating to aspects of the first item, require that we begin promptly at 9:30 a.m., and be prepared to remain until our business is completed.

I would appreciate if the General's Counsel would please telephone me as soon as possible to discuss some matters on which I would suggest there is need for advance preparation.

Regards,

*[Signature]*  
Arthur J. Stevens
