Re: Dr. Seltzer

Dear Bill:

I now have approval for our participation in the support of Dr. Seltzer for the next fiscal year at the aggregate rate of \$50,000. My assumption is that all other major tobacco manufacturers have agreed to do the same.

With respect to UCLA, I must advise, for reasons which I stated at the meeting some time ago at the Tobacco Institute, Liggett & Myers does not see fit to participate.

Sincerely,

Frederick P. Haas
