Dear Dr. Bates:

At the request of Fred Haas, I am sending you herewith a progress report dated October 10, 1969, describing the work of R. J. Hickey, Ph.D. This work has been supported in part by a Special Project Grant from the Council for Tobacco Research - U.S.A. and we are presently seeking approval for a one-year extension of that grant in the amount of \$30,000.00.

My assistant, Mrs. Doris Gallup, has prepared the enclosed memorandum which may serve as a guide to certain relevant portions of the report. I believe you will find the entire document of interest.

Sincerely yours,

Alexander Holtzman
