I met yesterday with Governor Meyner on routine matters affecting my client. He informed me that Mr. Helfrich is unavailable to act as Deputy on any terms. He also stated that Mr. Hoffman would soon be leaving to return to the practice of law, probably with the Office of Attorney General of New Jersey. He invites further suggestions of persons who might be available. I said I would advise each of you.

Perhaps Helfrich might have some ideas.

Addendum: Governor Meyner also showed me a letter from Senator Magnuson requesting him to appear as a witness at the Senate Hearings on March 30.
