Dear Joe:

As a result of our recent meeting with Doctors Shingleton and Rundles, I have received the enclosed project outline from Dr. Shingleton. I am sending it to you for any views which you and your company might have with reference to finding support for it.

At the same time, I am not circulating it generally throughout the industry but sending it first to you and Bill Shinn for comments.

With all good wishes, I am

Sincerely yours,

Horace R. Kornegay
