TO: LEGAL COUNSEL

We are enclosing herewith pages from CANCER NEWS, July 1954, Vol. 8, No. 3. This is published by the American Cancer Society and covers their report to their general mailing list on the Hammond material.

In the event that Dr. Hammond is ever called as a plaintiff witness, it might be important to use this report in cross-examination.

This should be added to Volume I - Complete Articles.

Very truly yours,

Grant Clarke
