

September 15, 1954

Gentlemen:

We are enclosing herewith a table entitled, "Primary Lung Cancer Cases by Smoking Habits, Information Available as of September 1, 1954". This is material not included in the original article, (The Relationship Between Human Smoking Habits and Death Rates, JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION, Volume 155, No. 15, p. 1316-1328, August 7, 1954), but is supplemental material. This table has been provided to us as confidential information by Dr. Hammond and for that reason may not be publicized before January, 1955. Will you please insert this in Volume I immediately following the above mentioned article.

We are also enclosing the following pages for insertion in your binders:

Volume II	1946 d
Volume III	1948 f 1948 g
Volume IV	1952 q 1952 r 1952 s 1954 z7
