

February 16, 1955

TO LEGAL COUNSEL:

We are attaching hereto the following listed pages for insertion in the binders previously supplied to you:

Volume I ✓

A letter to the editor written by Dr. J. Yerushalmy, Professor of Biostatistics, the University of California, Berkeley, taken from the American Journal of Public Health, P. 688, May, 1954.

Volume III ✓

1950 n

Volume IV ✓

1954 z36
1954 z37
1954 z38

Volume V ✓

The following should be placed under the heading, "Animal Experiments":

"Primary lung tumors in mice following the cutaneous application of coal tar", by Murphy, J. and Sturn, E.

"Cancer of the skin and increase in incidence of primary tumours of lung in mice exposed to dust obtained from tarred roads", by J. Argyll Campbell.

"The Effects of Road Dust "Freed" from tar products upon the Incidence of Primary Lung Tumours of Mice", by J. Argyll Campbell.

"Carcinogenic agents present in the atmosphere and incidence of primary lung tumors in mice", by J. Argyll Campbell.

✓ We are also attaching a revised list of the attorneys who are directly interested in the material we are assembling in connection with the mortality and incidence of lung cancer and its potential associations with tobacco. Will you please check the attached listing and advise us if there are any incomplete or misspelled addresses or incorrect telephone numbers.
