This is to advise that I received a call last week from Dr. Charles Kensler of Arthur D. Little and Company, advising me that by utilizing the work of the Framingham Group together with the data collected by Lombard in Massachusetts, he is proceeding to complete his analysis, previously authorized by you under Part I. of his prior work. He expects to have this work completed within the next four to six weeks, and by that time also expects to have a paper prepared which will be of substantial use to us. Dr. Kensler advised that the expected additional cost above that previously submitted will be approximately \$15,000.00.

Sincerely,

David R. Hardy
