Dear Bill:

I am enclosing herewith K. E. Dorschu's letter to me of January 23, 1978, together with The Franklin Institute's proposal regarding tobacco "glycoprotein". Dr. Robert A. Lloyd of Reynolds, who was present at the meeting on December 20, 1977 referred to in the letter, has reviewed this proposal and believes that The Franklin Institute has the capability of doing the job and that the cost is not unreasonable. Dr. Russell Stedman, who will be a consultant on this project, is basically in agreement with Dr. Lloyd's view.

I have sent off today a copy of this proposal to Dr. Gardner, asking that he get back to me as early as possible with his comments. I will keep you advised.

*C. H. w/ Dr.  
Gardner*

Sincerely,

Timothy M. Finnegan
