SPECIAL BIBLIOGRAPHY SERIES
No. 9

OCTOBER 1959
In July 1957, the Academy Library published Special Bibliography Series No. 2, about the United States Air Force Academy, covering the period April 1954 through December 1956.

This bibliography includes materials on the same subject for the period January 1957 through June 1959. Pertinent data from Air Force directives have been compiled, but no attempt has been made to include the various staff and administrative publications of the Air Force Academy, or of the Cadet Wing. Also excluded are references to the numerous newspaper articles of the four daily newspapers in the Colorado Springs-Denver area.

With the exception of the five items listed at the beginning, this bibliography is arranged by subject without regard to category of the source. The following order has been used, where appropriate, for listing the references:

a. Air Force Directives (AF index dated 2 Jan 59)

b. Books and Pamphlets

c. Government Documents

d. Newspaper and Periodical Articles
